Attn: Mr. Dainis Kleinbergs

Dear Sir,

We recently received a letter from you instructing us to submit a work plan for the placement of a discovery/monitoring well on our facility.

By copy of this letter and per our telephone conversation of April 27, 1988, I am requesting an extension of time from April 29, 1988 to May 23, 1988 for submission of this work plan.

The reason we are requesting this extension is because the addressee of your letter, Mr. Robert Maki, was out of town when your letter was received and did not return until April 25, 1988. Without the extension, we will not have time to properly prepare a plan.

Thank-you for your consideration in this matter.

Sincerely,

Jim Rison
