City of Industry, California 91744

Subject: Due Diligence Phase I Environmental Site Assessment
And Document Review
Dooley Property
15000 Nelson Avenue
City of Industry, California

Dear Mr. Radecki:

In accordance with our proposal dated November 9, 2006, Ninyo & Moore has performed a Due Diligence Phase I Environmental Site Assessment (ESA) and Document Review for the above-referenced property (site). The attached report presents our methodology, findings, opinions, and conclusions regarding the environmental conditions at the site.

We appreciate the opportunity to be of service to you on this project. Should you have any questions, please contact the undersigned at your convenience.

Sincerely,
NINYO & MOORE

Krista A. Brodersen, R.E.A.
Project Environmental Scientist

Paul A. Roberts, P.G., R.E.A. I/II
Senior Environmental Geologist

EXECUTIVE SUMMARY

Ninyo & Moore was retained by Richards Watson & Gershon on behalf of their client, Industry Urban-Development Agency, to perform a Due Diligence Phase I Environmental Site Assessment (ESA) and Document Review for the Dooley Property located at 15000 Nelson Avenue in the City of Industry, Los Angeles County, California (site). The Industry Urban-Development Agency is considering purchasing the site and razing the on-site buildings for future redevelopment. The Phase I ESA was completed as part of the real estate due diligence activities. Historical research, document review, and site assessment activities were conducted between November 9, 2006 and December 12, 2006.

In summary, the following items were noted:

- The site was historically part of a larger property that included the property immediately southeast of the site (referred to herein as the larger property). The larger property was used as a diary from at least 1928 through approximately 1961, although the site appeared on historical aerial photographs to have been used for agricultural purposes during this time. During this time, a small farmhouse was noted in the northeastern corner of the site. In 1961, the larger property was developed as a lumberyard that included several buildings on the site and adjacent parcel; including the current on-site buildings referred to herein as the office building, possibly the miscellaneous storage building, and the central shop building. The existing rear storage building apparently was constructed in later years, sometime between 1977 and 1990. The lumberyard operated until 1988, when the site was separated from the adjacent property. From 1989 to approximately 2004, the site was occupied by tractor trailer repair and service companies. From 2004 to the date of this report, the site has been occupied by Vascor. Vascor uses the site to add accessories to new tractor trailer trucks; which includes welding and assembly only.

- No environmental concerns were noted at the site during the time the property was used for agricultural purposes or by the lumberyard. During the time the site was used by the tractor trailer service and repair companies, operations included truck maintenance, truck body painting activities, and truck fueling and washing. Previous Phase I ESAs completed at the site during these activities reported a paint booth, a truck washing area with at least one and possibly up to four clarifiers and a floor drain, and a possible 3,500-gallon fuel underground storage tank (UST). These reports also indicated poor housekeeping practices. These features were located in and around the central shop building. During our assessment, the former truck washing area, floor drain, and one clarifier was noted. The floor drain and clarifier had been filled with concrete. No USTs were noted at the site. No information in agency files was noted that would indicate that any of these features were investigated by collecting and analyzing soil samples.

- Based on the age of the on-site buildings (pre-1980), suspect asbestos-containing materials (ACMs) and lead-based paint (LBP) are likely present. No damaged or friable materials that would need immediate mitigation were noted at the site, and no peeling paint was observed. Many light ballasts and other potentially hazardous building materials were observed at the site. These features appeared in good condition and would not need immediate mitigation.

- The site is located within the San Gabriel Valley Groundwater Basin. Portions of the San Gabriel Valley Groundwater Basin have been listed on the National Priority List (NPL), or Superfund Site. The site is located within the Puente Valley Operable Unit of the San Gabriel Valley Groundwater Basin. Portions of the Puente Valley Operable Unit are contaminated with VOCs, namely the chlorinated solvents trichloroethene (TCE) and tetrachloroethylene (PCE), which were historically used by the commercial and industrial facilities located in this area. Based on our review, surrounding facilities have been named as Potentially Responsible Parties (PRPs), and therefore, it is likely that groundwater beneath the site has been impacted with chlorinated solvents. Although there has been no indication in regulatory files that chlorinated solvents have been used at the site, site activities such as truck washing may have utilized cleaning solvents. It has been our experience that degreasing activities associated with truck washing operation typically use petroleum-based solvents. However, chlorinated solvents are sometimes used. Based on this information, it is unknown whether the site has contributed to the regional groundwater issue.

- The Brough Industries, Inc. facility, located approximately 200 feet southeast of and upgradient from the site, was listed as an active CERCLIS facility with a high priority status. Ninyo & Moore has requested file information regarding this off-site facility with the EPA. To-date, no information has been received.

- Other than the regional groundwater issue and close by CERCLIS facility in the site vicinity, no other potential off-site sources of environmental concern were identified in the immediate site vicinity.

Ninyo & Moore has performed a Due Diligence Phase I ESA and Document Review, in conformance with the scope and limitations of the American Society for Testing and Materials (ASTM) E 1527-05 and All Appropriate Inquiries (AAI), for the Dooley Property located at 15000 Nelson Avenue in the City of Industry, Los Angeles County, California. Any limitations or exceptions encountered during completion of this report are stated in Section 1.4 of the report. No evidence or indication of Recognized Environmental Conditions (RECs) or conditions indicative of releases and threatened releases of hazardous substances on, at, in, or to the subject property have been revealed, with the exception of the former clarifier(s), floor drain, and former truck washing

area. Although not considered an REC by ASTM Standards, suspect ACMs, LBP, and other possible hazardous building materials may be present on site.

Ninyo & Moore recommends the following:

- A subsurface investigation should be completed in the vicinity of the former clarifier, floor drain, and truck washing area to assess whether these features may have impacted the site.
- A geophysical survey should be conducted in the vicinity of the central shop building to assess whether USTs and additional clarifiers, or possible former excavations associated with these features, are present. If geophysical anomalies are detected, a subsurface investigation should be preformed to assess to features and whether these features have impacted the site.
- Prior to demolition of the on-site buildings, Ninyo & Moore recommends that a Hazardous Building Materials Survey and Hazardous Materials Abatement Workplan be completed/prepared and that the hazardous building materials discovered at the site be removed in accordance with the Hazardous Materials Abatement Workplan. If the buildings are to be occupied by tenants, the tenants should be notified of the possible presence of ACMs in accordance with current regulatory guidelines.
- The EPA file regarding the off-site CERCLIS facility should be obtained and reviewed. Additional investigations may be warranted if this facility is assessed to have potentially impacted the site.

1. INTRODUCTION

Richards Watson & Gershon, on behalf of their client, Industry Urban-Development Agency, authorized Ninyo & Moore to perform a Due Diligence Phase I Environmental Site Assessment (ESA) and Document Review for the Dooley Property located at 15000 Nelson Avenue in the City of Industry, Los Angeles County, California ("site;" Figure 1). The work was conducted in general accordance with the proposal dated November 9, 2006, between Richards Watson & Gershon and Ninyo & Moore. The Industry Urban-Development Agency is considering purchasing the site and razing the on-site buildings for future redevelopment. The Phase I ESA was completed as part of the real estate due diligence activities. The following sections identify the purpose, the involved parties, the scope of work, and the limitations and exceptions associated with the Phase I ESA.

1.1. Purpose

In accordance with the American Society for Testing and Materials (ASTM) E 1527-05 Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process (ASTM Standard E 1527-05), the objective of the ESA is to identify, to the extent feasible pursuant to ASTM Standard E 1527-05, recognized environmental conditions (RECs), which are defined by ASTM as "the presence or likely presence of any hazardous substance or petroleum products on a property under conditions that indicate an existing release, a past release, or a material threat of a release of any hazardous substances or petroleum products into structures on the property or into the ground, ground water, or surface water of the property."

The U.S. Environmental Protection Agency (EPA) has stated that ASTM Standard E 1527-05 is consistent with the Standards and Practices for All Appropriate Inquires (AAI), Final Rule (40 CFR, Part 312) and is compliant with the statutory criteria for all appropriate inquires. All appropriate inquires, as defined in the AAI Final Rule must be conducted by persons seeking the landowner liability protections under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) prior to acquiring a property or

seeking or receiving federal brownfields grants under the authorities of CERCLA. The purpose of AAI, as defined in the AAI Final Rule, is to identify releases and threatened releases of hazardous substances which cause or threaten to cause the incurrence of response costs.

1.2. Involved Parties

Mr. Paul Roberts and Ms. Krista Brodersen of Ninyo & Moore conducted the site reconnaissance, agency file reviews, interviews, and/or regulatory inquiries. Mr. Paul Roberts of Ninyo & Moore performed project oversight and quality review.

1.3. Scope of Work

Ninyo & Moore's scope of work for this Phase I ESA included the following:

- Review of readily available maps and reports pertaining to the site, as provided by the client.
- Performance of a site reconnaissance to visually identify areas of possibly contaminated surficial soil or surface water, improperly stored hazardous materials, possible sources of polychlorinated biphenyls (PCBs), and possible risks of contamination from activities at the site and adjacent properties.
- Review of readily available local regulatory agency files for the site.
- Review of available regulatory agency databases for the site and for properties located within a specified radius of the site. The purpose of this review was to evaluate the possible environmental impact to the site. These databases list locations of known hazardous waste sites, landfills, leaking underground storage tanks (LUSTs), permitted facilities that utilize underground storage tanks (USTs), and facilities that use, store, or dispose of hazardous materials.
- Review of readily available historical documents, including aerial photographs (site and vicinity), historical fire insurance rate maps (site and available adjacent properties), building department records (site only), and city directories (site and available adjacent properties), as necessary.
- Review of previous environmental reports provided by the client.

- Preparation of this Phase I ESA and Document Review report documenting findings and providing opinions and conclusions regarding possible environmental impacts at the site.

1.4. Limitations and Exceptions

The environmental services described in this report have been conducted in general accordance with current regulatory guidelines and the standard of care exercised by environmental consultants performing similar work in the project area. No limitations or exceptions were encountered during this assessment, except for the following:

- Ninyo & Moore requested a regulatory file review from the EPA regarding a close by CERCLIS site. To-date, no information has been obtained.

With the exception of those items stated above, it is our professional judgment that no significant data gaps were encountered. No warranty, expressed or implied, is made regarding the professional opinions presented in this report. Please note that this study did not include an evaluation of geotechnical conditions or potential geologic hazards. In addition, it should be noted that this Phase I ESA does not include analysis of the following: asbestos-containing materials, methane gas, radon, lead-based paint, lead in drinking water, wetlands, regulatory compliance, cultural and historic resources, industrial hygiene, health and safety, ecological resources, endangered species, indoor air quality, and high voltage power lines.

This document is intended to be used only in its entirety. No portion of the document, by itself, is designed to completely represent any aspect of the project described herein. Ninyo & Moore should be contacted if the reader requires any additional information or has questions regarding the content, interpretations presented, or completeness of this document.

Our findings, opinions, and conclusions are based on an analysis of the observed site conditions and the referenced literature. It should be understood that the conditions of a site can change with time as a result of natural processes or the activities of man at the subject site or nearby sites. In addition, changes to the applicable laws, regulations, codes, and standards of practice may occur due to government action or the broadening of knowledge. The findings

of this report may, therefore, be invalidated over time, in part or in whole, by changes over which Ninyo & Moore has no control. Ninyo & Moore cannot warrant or guarantee that not finding indicators of any particular hazardous material means that this particular hazardous material or any other hazardous materials do not exist on the site. Additional research, including invasive testing, can reduce the uncertainty, but no techniques now commonly employed can eliminate the uncertainty altogether.

1.5. User Reliance

This report, and the information, data, and the conclusions contained herein regarding the environmental condition of the site may be relied upon by the Industry Urban-Development Agency, the City of Industry (the "City") and their successors, and their respective program managers, attorneys, consultants, and appraisers of the site, as well as the designed developer of the site, and may be submitted and relied upon by: 1) the Regional Water Quality Control Board, Los Angeles Region (RWQCB), 2) the EPA, 3) the County of Los Angeles, 4) the City, 5) the Department of Toxic Substances Control (DTSC), and 6) other state, federal, and local governmental agencies and entities, as part of their evaluation of the risk associated with the development or use of the site, and for the purpose of assessing the environmental condition of the site, issuing permits, licenses, and other authorizations to develop the site, and determining whether further environmental review or study is necessary, and that the Industry Urban-Development Agency, the City and Richards Watson & Gershon, and, ultimately, the designed developer of the site can conduct construction and related activities on and develop the site.

2. GENERAL SITE CHARACTERISTICS

The following sections describe the location and the current uses of the site. The uses of adjacent properties are also described.

2.1. Location and Legal Description

The site is located on the south side of Nelson Avenue, adjacent to the east side of Puente Creek in the City of Industry, Los Angeles County, California (Figure 2). The site has been assigned the Los Angeles Tax Assessors Parcel Number (APNs) 8208-011-028. A copy of the Tax Assessors map is included in Appendix A.

The current address for the site is 15000 Nelson Avenue. During our assessment, it was discovered that the adjacent parcel to the southeast was formerly a part of the site (referred to herein as the larger property). Subsequently, three additional historical addresses were discovered, making regulatory agency file requests and reviews prolonged. Possible historical addresses for the larger property included 15002, 15006, and 15010 Nelson Avenue. This adjacent property currently has addresses of 15010 Nelson Avenue. As presented herein, regulatory agency file requests were made using all possible historical and current addresses.

In general, the site is bounded by the Puente Creek to the north and northwest; Nelson Avenue to the north-northeast; Union Pacific railroad tracks to the south-southwest; and the Scully trucking facility and American Brass and Iron (ABI) foundry to the east and southeast (Figure 2). The site boundary information was obtained during a site reconnaissance by Ninyo & Moore and information provided by Richards Watson & Gershon.

2.2. Current Title Information

Ninyo & Moore was provided a Preliminary Title report for the site. Based on our review, the property owner is The Dooley Family Irrevocable Trust.

2.3. Adjacent Properties

In general, the site vicinity is occupied by commercial, manufacturing, and retail businesses as well as a residential area (Figure 2). Commercial and retail businesses are located south and southwest of the site beyond the railroad tracks (including a restaurant and car dealership). Manufacturing and commercial businesses are located south and southeast of the site and include Scully Transportation and ABI Foundry. ABI apparently uses the adjacent prop-

erty for storage purposes only. Beyond Puente Creek are several commercial businesses. North of Nelson Avenue is a residential area. No 55-gallon drums, aboveground storage tanks (ASTs), or possible hazardous materials or wastes were noted being stored by these off-site facilities along the property line with the site, with the exception of Scully Transportation. A fuel dispenser was noted on the northern portion of the property occupied by Scully Transportation (Figure 2). Groundwater monitoring wells or other remedial equipment was not observed on the facility.

2.4. Site Description and Current Site Uses/Operations

The following paragraphs present a description of the structures present at the site, the tenants currently occupying the site, if any, the activities being conducted on-site, the heating and cooling systems utilized in the site building, the sewage disposal system, and the potable water provider for the site.

2.4.1. Site Description

The site is an irregular-shaped parcel that comprises approximately 6.18-acres (Figure 2). The site contains four buildings (office building, miscellaneous storage building, central shop building, and rear storage building) totaling approximately 40,000 square feet in area.

The office building is in the northeastern portion of the site and a small portion of this building extends off-site onto the adjacent parcel to the southeast (15010 Nelson Avenue). The two portions of this building are separated by a firewall. The portion of the office building located on the site is approximately 3,225 square feet. The office building was constructed on a concrete pad with wood frame construction, wood exterior walls, and composition roof.

The miscellaneous storage building is in the northeastern portion of the site. The miscellaneous storage building is approximately 1,200 square feet. The miscellaneous storage

building was constructed on a concrete pad with wood frame construction, hardboard exterior walls, and tar-and-gravel roof.

Two metal storage buildings were in the northeastern portion of the site. The metal storage buildings were empty and were previously unused by Vascor.

The central shop building is in the central portion of the site and is approximately 17,840 square feet. The central shop building was constructed on a concrete pad with wood frame construction, corrugated metal exterior walls, and corrugated metal roof. This building contains a small shop office, storage room, and warehouse area.

The rear storage building is in the southeastern portion of the site and is approximately 17,760 square feet. The rear storage building was constructed on a concrete pad with wood frame construction, wood exterior walls, and corrugated metal roof. This building contains approximately 5,000 square feet of office space (including a mezzanine level) and a warehouse area. The remaining portions of the site are asphalt paved parking lot.

2.4.2. Occupants

At the time of the site reconnaissance, the site was occupied by Vascor. Vascor uses the site to add accessories to new tractor trailer trucks.

2.4.3. Heating and Cooling Systems

Heating and cooling systems are fueled by natural gas and electricity. Natural gas is provided by The Southern California Gas Company, and electricity is provided by Southern California Edison Company (SCE).

2.4.4. Sewage Disposal/Septic Systems

The site buildings are connected to septic systems. According to Mr. Dave Strohman of Vascor, he was unsure of the number or locations of septic systems at the site. The sewer pipes beneath the office building had broken and they were in the process of repairing the pipes and attempting to locate the septic system.

2.4.5. Potable Water

Potable water is provided to the site by the Suburban Water Company.

3. SITE RECONNAISSANCE

On December 1, 2006, Ms. Krista Brodersen of Ninyo & Moore conducted a site reconnaissance. The reconnaissance involved a walking tour of the site and visual observations of adjoining properties. Ninyo & Moore was accompanied by Mr. Dave Strohman, operations manager for Vascor. Selected photographs taken during the site reconnaissance are included in Appendix B.

3.1. Site Uses

During the site reconnaissance, the site was occupied by Vascor. Vascor uses the site to add accessories to new tractor trailer trucks. These activities include welding and assembly of truck parts. No painting or maintenance is currently being conducted at the site.

The office building was utilized but the metal storage trailers and the miscellaneous storage building were empty and unused. The rear storage building was used to store truck parts. The office portion of this building was not used. The central shop building was used for adding accessories (bumpers, mirrors, shock absorbers, etc.) to new tractor trailer trucks. No repair or service of the vehicles occurs on site.

3.2. Physical Limitations

Physical limitations were not encountered during the site reconnaissance.

3.3. Use and Storage of Hazardous Substances and Petroleum Products

Evidence of on-site chemical storage was not observed during our site reconnaissance, other than 5-gallon cans of gasoline. Several 5-gallon containers of gasoline were observed on the central shop building floor. The containers are reportedly filled off-site on an as-needed basis. Mr. Strohman indicated there was not more than a total of 55-gallons of gasoline stored containers at the site at a time.

3.4. Storage and Disposal of Hazardous Wastes

No storage or disposal of hazardous wastes was noted at the site.

3.5. Unidentified Substance Containers

No unidentified substance containers were observed at site during the site reconnaissance.

3.6. Aboveground and Underground Storage Tanks

No ASTs or evidence of USTs were noted at the site.

3.7. Evidence of Releases

Evidence of chemical releases on site (i.e., odors, stressed vegetation, stains, leaks, pools of liquids, and spills) was not observed during the site reconnaissance.

3.8. Polychlorinated Biphenyls (PCBs)

Electrical transformers can be a source of polychlorinated biphenyl (PCB) containing oils. One pad-mounted transformer was observed immediately south of the central shop building. The transformer was labeled as being owned by SCE. No leaks or stains indicating a release were noted on the pavement beneath the transformer. Based on this information, this feature would not be considered an environmental concern to the site.

3.9. Suspect Asbestos-Containing Materials (ACMs) and Lead-Based Paints (LBP)

Based on the age of the on-site buildings (pre-1980), asbestos-containing materials (ACMs) and lead-based paint (LBP) are likely present. These materials appeared in good condition and no immediate mitigation would be warranted.

3.10. Other Hazardous Building Materials and Mold

Other hazardous building materials and/or evidence of mold were not observed within the site buildings during the site reconnaissance.

3.11. Wastewater Systems

Wastewater systems, such as sumps, pits, and floor drains were not observed on the site at the time of the site reconnaissance. A clarifier and floor drain that had been filled with concrete was observed on the southwestern corner of the central shop building. A bermed area, also located in this area, was suspected to be formerly used as the truck washing area. As presented herein, a former tenant used the site to wash tracker trailer trucks.

3.12. Storm Water Systems

No storm water systems were noted at the site.

3.13. Wells

Wells, such as water supply wells and groundwater monitoring wells, were not observed at the site.

3.14. Other On-Site or Off-Site Potential Environmental Issues

No other potential on- or off-site environmental concerns were noted at the site or in the site vicinity.

4. HISTORICAL LAND USE

Ninyo & Moore conducted a historical record search for both the site and surrounding areas. This included a review of one or more of the following sources that were found to be both reasonably ascertainable and useful for the purposes of this Phase I ESA: historical aerial photographs, historical fire insurance maps, historical city directories, building permits and plans, topographic maps, property tax records, zoning/land use records, or review of prior environmental assessment reports regarding the site.

4.1. Summary of Historical Land Use of the Property

The site was historically part of a larger property that included the property immediately southeast of the site (referred to herein as the larger property). The larger property was used as a diary from at least 1928 through approximately 1961, although the site appeared on historical aerial photographs to have been used for agricultural purposes during this time. During this time, a small farmhouse was noted in the northeastern corner of the site. In 1961, the larger property was developed as a lumberyard that included several buildings on the site and adjacent parcel; including the current on-site buildings referred to herein as the office building, possibly the miscellaneous storage building, and the central shop building. The existing rear storage building apparently was constructed in later years, sometime between 1977 and 1990. The lumberyard operated until 1988, when the site was separated from the adjacent property. From 1989 to approximately 2004, the site was occupied by tractor trailer repair and service companies. From 2004 to the date of this report, the site has been occupied by Vascor. Vascor uses the site to add accessories to new tractor trailer trucks; which includes welding and assembly only.

4.2. Summary of Historical Land Use of Adjoining Properties

The site vicinity has been used for agricultural purposes, vacant land, or as a dairy from at least 1928 through the late 1960s. An increase in commercially property use was noted in the 1970s.

4.3. Historical Aerial Photographs

Historical aerial photographs for selected years 1928, 1938, 1952, 1968, 1977, 1990, 1994, and 2002 were obtained from Environmental Data Resources, Inc. (EDR), of Milford, Connecticut. The following presents a summary of our review.

1928, 1938, and 1952 – The site and site vicinity were shown to be used for agricultural purposes. A small farmhouse was noted in the northeastern portion of the site along Nelson Avenue. Valley Boulevard and the Union Pacific railroad tracks were shown to the south and

southwest of the site. The unlined Puente Creek was shown bordering the site to the north and northwest. The site vicinity was mainly used for agricultural purposes.

1968 and 1977 – The site appeared to be developed with a lumberyard and was occupied by several buildings; including the office building, possibly the miscellaneous storage building and the central shop building. The lumberyard appeared to also occupy the adjacent parcel to the southeast (15010 Nelson Avenue). Two small buildings were also noted in the southern portion of the site. Piles of lumber were throughout the site. To the south and southeast of the site were a parking lot and several small buildings. North and northwest of the site was the Puente Creek, which had been lined with concrete. Beyond the creek was a dairy. Nelson Avenue was north and northeast of the site, beyond which was a residential area.

1990, 1994, and 2002 – The site and site vicinity appeared similar to that noted during our site reconnaissance.

4.4. Building Permits

Ninyo & Moore reviewed building permits for the site at the Los Angeles County Building Department, which has jurisdiction to issue building permits for properties in the City of Industry. Many miscellaneous building permits were reviewed for the site. Some of the important information obtained from the permits included the following:

- **July 1951** – A permit was issued for a new garage at 15010 Nelson Avenue. The permit noted a dairy was established at the address prior to 1936.
- **March 1961** – A permit was issued to Bodo Land Company at 15000 and 15010 Nelson Avenue to install a 6-foot by 15-foot gasoline UST. The tank location was shown on a hand drawn sketch approximately 50 feet southeast of the office building. This location would have placed to tank on the adjacent property.
- **November 1961** – A permit was approved for the construction of a 2,160 square foot building at 15010 Nelson Avenue to be used for "lumber mill sheds, lumber storage, and wood working."
- **November 1961**– A permit was approved for the 15000 and 15010 Nelson Avenue addresses to convert a vacant home into a "mill office" by Dooley Lumber.

- **November 1985** – A permit was issued to Dooley Lumber at the 15000 Nelson Avenue to install a diesel UST. A map was not included with the permit. A note on the permit indicated it expired in May 1986.

- **June 1988** – A permit was issued to the 15000 Nelson Avenue address to remove "small frame house bldg #4."

- **December 1988** – A permit was issued to the 15000 Nelson Avenue address to install a 1,040 square foot "pre-fab spray booth" in an existing warehouse.

- **1988** – Permits were issued to 15000 Nelson Avenue address to remove a storage shed and a milling shed.

- Permits dating from the 1980s indicated the site was occupied by tractor trailer sales.

4.5. Fire Insurance Rate Maps

Ninyo & Moore requested fire insurance rate maps for the site and surrounding properties from EDR. According to EDR, no coverage in the site area was available.

4.6. City Directories

Ninyo & Moore reviewed select historical city directories for the years 1959 through 2005 at the Haines Criss-Cross Directory in Fullerton, California, from Sherman Library in Corona del Mar, California, and from EDR. A range of addresses along Nelson Avenue that would include the site and adjacent properties were searched.

Note:
Site addresses in bold and italics.
XXXX – indicates address was not included in the city directory.
Not Listed – indicates the address was included in the directory, but no occupant was listed.
Not Available – information was not readily available.

The site addresses along Nelson Avenue were not listed in the selected city directories reviewed until 1961, when the Dooley Lumber Company and other businesses were noted. The historic site address of 15002 Nelson Avenue appeared to have been no longer used in the late 1980s. The historic site address of 15006 Nelson Avenue appeared to have been assigned to the adjacent property in the 1970s. The historic address of 15010 Nelson Avenue did not have any listing in the city directories reviewed.

4.7. Oil and Gas Maps

According to the Regional Wildcat Map W1-5, supplied by the State of California, Department of Conservation, Division of Oil, Gas, and Geothermal Resources (DOGGR), there are

no active or abandoned oil or natural gas wells on or within 1 mile of the site. The site does not lie within an active oil field.

4.8. Land Title Records

Historical land title records were not provided for review.

4.9. Historical Topographic Maps

Historical topographic maps for the subject and surrounding area were requested and provided by EDR and included maps dated 1912, 1924, 1927, 1946, 1953, 1966, 1972, and 1981. The site appeared to be unoccupied in the earlier maps. In the 1966 and 1972 maps, four buildings were shown in the northern portion of the site and three building were in the southern portion of the site. The 1981 map was similar to the 1972 map with the addition of the central shop building.

4.10. Property Tax Records

Ninyo & Moore was provided a preliminary title report for the site from Richards Watson & Gershon. Based on our review, no environmental concerns were noted.

4.11. Zoning/Land Use Records

According to the City of Industry Planning Department, the site is currently zoned as an industrial zone with commercial overlay.

4.12. Interviews

The following sections summarize the interviews conducted during this assessment.

4.12.1. Interview with Owner

No interviews were conducted with the site owner.

4.12.2. Interview with Site Manager

Ninyo & Moore interviewed Ms. Dave Strohman, operations manager for Vascor. According to Mr. Strohman, Vascor has occupied the site for approximately 2 years. Mr. Strohman indicated that with the exception of 5-gallon containers of gasoline at the site, there was no hazardous material storage or generation at the site. To the best of his knowledge, no USTs or ASTs have been used at the site.

4.12.3. Interviews with Occupant

As noted above in Section 4.12.2, representatives of the occupants of the site were interviewed.

4.12.4. Interviews with Local Government Officials

Some representatives with local government agencies were interviewed. Results of these interviews are presented throughout the report.

4.12.5. Interviews with Others

No other interviews were conducted during this Phase I ESA.

4.13. Previous Reports and Documents

Richards Watson & Gershon provided Ninyo & Moore with a number of environmental reports for the site and the following is a summary of these documents.

4.13.1. Environmental Site Investigation and Preliminary Remedial Action report, Edna Incorporated at 15010 East Nelson Street, Industry, California, dated July 20, 1988 by Western Environmental Services, Inc. (WES).

WES completed UST removal and sampling at the Edna facility. This facility, at 15010 East Nelson Street, was formerly part of the lumberyard that operated at the site. At the time of this report (1988), this facility was no longer a part of the site. A 5,000-gallon diesel UST, a 4,000-gallon diesel UST, a 3,500-gallon diesel UST, a 2,000-gallon waste

oil UST, and a dispenser island were removed from this off-site facility in April 1988. A map was included that showed the former location of the USTs. After the removal, soil samples were collected and analyzed for total petroleum hydrocarbons (TPH) from beneath the USTs and dispenser island. Elevated concentrations of TPH were found in soils beneath two of the diesel USTs and the dispenser island. Based on these analytical results, three soil borings were advanced in the vicinity of the highest TPH concentrations to a depth of 45 feet bgs to define the extent of impact. Elevated concentrations of TPH were not reported and WES concluded the hydrocarbon contamination was limited to vicinity of the UST and dispenser excavations. Approximately 75 cubic yards of soil from the vicinity of the UST and dispenser island were excavated spread out on asphalt at the facility to aerate. The report concluded that the UST excavation should be backfilled and the impacted soils aerating on the property should be managed following the designated protocol.

4.13.2. Groundwater Discovery Well Installation and Sampling, 15006 Nelson Avenue, City of Industry, California, March 20, 1989 by WES.

WES completed a well installation at the facility in 1989. At the time of this report (1989), this facility was no longer a part of the site. According to the background section of the WES report, the impacted soil that was aerating at the facility as part of the previous UST investigation had been removed from the facility and disposed. One 4-inch groundwater monitoring well was installed at the facility in the approximately location of three of the former USTs to a depth of approximately 85 feet bgs. Groundwater was encountered at approximately 65 feet bgs. The groundwater monitoring well was developed and sampled for TPH and volatile organic compounds (VOCs). The analysis of the soil samples collected during the installation indicated low concentrations of VOCs and no detectable TPH. The groundwater sample reportedly contained low concentrations of TPH and VOCs.

4.13.3. First Quarter 1993 Groundwater Sampling and Monitoring at 15006 Nelson Avenue, City of Industry, California, dated June 30, 1993 by AeroVironment, Inc. (AeroVironment)

AeroVironment purged and sampled the off-site groundwater monitoring well at this facility in April 1993. The groundwater sample was analyzed for TPH as diesel (TPHd) and VOCs. The report concluded that TPHd and VOCs were not found in the groundwater sample above the analytical reporting limits.

4.13.4. Second Quarter 1993 Groundwater Sampling and Monitoring at 15006 Nelson Avenue, City of Industry, California, dated July 30, 1993 by AeroVironment.

AeroVironment purged and sampled the groundwater monitoring well at the facility in June 1993. The groundwater sample was analyzed for TPHd and VOCs. The report concluded that TPHd and VOCs were not found in the groundwater sample above the analytical reporting limits.

4.13.5. Third Quarter 1993 Groundwater Sampling and Monitoring at 15006 Nelson Avenue, City of Industry, California, dated October 14, 1993 by AeroVironment.

AeroVironment purged and sampled the groundwater monitoring well at the facility in September 1993. The groundwater sample was analyzed for TPHd and VOCs. TPHd and VOCs were not found in the groundwater sample above the analytical reporting limits. A request was subsequently made to the Regional Water Quality Control Board, Los Angeles Region (RWQCB) to abandon the well.

4.13.6. Preliminary Historical Review and Site Reconnaissance of Assessor's Parcel No. 8208011028, City of Industry, County of Los Angeles, California, dated May 31, 1994 by GeoScience Analytical, Inc. (GSA).

GSA completed a historical review and site reconnaissance in 1994. At the time of the report, the site was occupied by two large buildings in the center and rear of the site and

two small buildings in the northeast corner of the site. The large building in the center of the site was reportedly used to rebuild, repair, and wash truck trailers. The rear building reportedly contained offices, warehouse, and a spray booth. The two small buildings were reportedly used for storage. The remaining areas of the site were covered with asphalt. The site was reportedly occupied by Great Dane Trailers.

Records were reportedly not found for the site (15000 Nelson Avenue) from the RWQCB, California Department of Health Services, Los Angeles County Agricultural Commission, Los Angeles County Department of Health Services, California Division of Oil and Gas, and the Los Angeles County Department of Public Works. The County of Los Angeles Fire Department had a list of hazardous materials stored on the site that included argon, propane, mineral spirits solvent, paint, oxygen, liquid carbon dioxide.

Historical aerial photographs were reviewed and the report indicated no evidence of potential hazardous materials, waste storage, use or disposal was found.

Four clarifiers were reportedly at the site. The clarifiers contained solids and "washed of oils." The clarifiers were reportedly pumped out regularly by an outside vendor and disposed of off-site. However, evidence has not been found by Ninyo & Moore that indicated more than one clarifier was present on the site. Chemical storage at the site was reportedly confined to a storage trailer (location was not identified). Staining or degraded asphalt was not noted beneath the trailer. Additionally, a pile of used brake pads was observed near the central building.

The report concluded that even though there was no evidence of radon or asbestos at the site, radon measurements could be made in the first floor of the offices and asbestos sampling of the site buildings and used brake pads could be conducted. Additionally, the report indicates there was a potential for off-site subsurface contamination and the RWQCB should be contacted for updates.

4.13.7. Letter to RWQCB from the County of Los Angeles Department of Public Works regarding 15006 Nelson Avenue, Industry, California, dated July 28, 1994.

The County of Los Angeles Department of Public Works (LADPW) recommended closure for the off-site property to the RWQCB regarding the four USTs that were removed in 1988. The letter included a Case Closure Summary for the facility which indicated the TPH in soil at the facility had reduced from 5,400 parts per million (ppm) to 421 ppm. Additionally, benzene in groundwater had reduced from 0.0065 ppm to no detectable concentrations.

4.13.8. UST Case Closure Letter, 15006 Nelson Avenue, Industry, California, dated September 15, 1994 by the LADPW.

The LADPW issued a letter indicating the investigation at the facility was complete and no further action was required.

4.13.9. Well Abandonment Report for: 15006 Nelson Street, City of Industry, California, dated September 22, 1995 by Enviropro, Inc. (Enviropro).

Enviropro abandoned the groundwater monitoring well at the facility on August 1995. The top 5 feet of well casing was drilled out and the remaining hole was pressure grouted with bentonite grout.

4.13.10. Environmental Exit Inspection, Great Dane Trailers, Inc., 15000 East Nelson Avenue, City of Industry, California, dated July 29, 1998 by Versar, Inc. (Versar).

Versar documented the environmental conditions of the site at the time Great Dane Trailers ceased to occupy the site and updated a Phase I ESA conducted at the site in 1996 by Clayton Environmental Consultants (Clayton). The report indicated the site was a lumber yard that was constructed in approximately 1961. Great Dane Trailers reportedly occupied the site from 1988 to July 1998. As part of vacating the site, Great Dane was removing hazardous materials, hazardous wastes, hazardous material storage

trailers, demolition of spray paint booth, and filling the clarifier and floor drain with cement. The following hazardous materials were reported in the Clayton 1996 Phase I ESA: batteries, paint, waste gear oil, waste solvent, solvent, welding gases, gear oil, hydraulic oil, and spray paint. There was no documentation by Clayton as to whether the "solvents" described in their report were chlorinated-based. During Versar's site reconnaissance, there were no hazardous materials on the site. Minor oil stains were observed "throughout the perimeter paved areas, as well as in the area of the two air compressors located next to the truck wash area." A clarifier was reportedly connected to a floor drain in the truck washing area on the northwestern side of the central shop building. The clarifier was reportedly cleaned, capped, and was scheduled to be filled with concrete. The contents of the clarifier were reportedly sampled, prior to removal. However, the report does not indicate soil sampling was conducted in the vicinity of the clarifier.

An approximately 3,500-gallon gasoline UST was reportedly installed approximately 30-feet east of the service building in 1960. The UST was reportedly not used by Great Dane Trailers, but was however, reportedly still on the site. The Clayton 1996 Phase I ESA recommended soil sampling in the vicinity of the UST but the 1998 Versar report indicated evidence was not found that this work had been completed.

The report concluded the following: hazardous materials and wastes had been properly removed from the site; a floor drain and associated clarifier had been cleaned and filled with concrete; three water softener ASTs had been removed; a spray paint booth had been removed; a 1,000-gallon propane AST and two air compressors were to remain on the site; a 3,500-gallon UST installed in 1960 that was unused by Great Dane Trailers was on the site; and suspect ACMs on the site appeared in good condition.

4.13.11. Phase I Environmental Site Assessment, Located at 15000 East Nelson Avenue, City of Industry, California, by Centec Engineering (Centec) dated January 19, 2004

Centec completed a Phase I ESA for the site in 2004. Based on the results of the Phase I ESA, Centec concluded that the site and adjacent parcel to the southeast were occupied by a dairy or feed lot from sometime prior to 1936 to 1960. The site and adjacent parcel to the southeast was developed with a lumberyard in 1960. The southeastern portion of the site (adjacent property addressed as 15006 and 15010 Nelson Avenue) was sold in 1988. Great Dane Trucking, a truck and trailer repair station, reportedly occupied the site from 1988 to 1993. However, the Preliminary Historical Review and Site Reconnaissance dated May 31, 1994 by GSA indicated Great Dane Trailers occupied the site in 1994. Additionally, the Environmental Exit Inspection dated July 29, 1998 by Versar indicated Great Dane Trucking exited at the site in 1998. From 1993 to the date of the report, the site was reportedly occupied by Pacific Motor Trucking (PMT).

PMT used the site to repair truck and car-carriers trailers. The office building, miscellaneous storage building, and rear storage building were used as designated. The central shop building was used to perform repairs and hazardous materials were stored in the east and west sides of the building. Hazardous materials stored included oil, antifreeze, grease, and paints. The west side of the building was a former truck wash, but the drain and associated clarifier had been filled with concrete. Housekeeping at the facility was noted as a "high priority." Centec did not explain what was meant by "high priority," but Ninyo & Moore assumes that these means that housekeeping practices were poor.

Centec reviewed Versar's 1998 Phase I ESA that indicated an approximately 3,500-gallon gasoline UST was reportedly installed east of the service building in 1960. Based on their review, Centec indicated the UST may have been installed on the adjacent parcel to the southeast of the site, which was formerly a part of the site. Additionally, Centec noted a permit was issued for the 15010 Nelson Avenue address to remove four USTs, which included a 3,500-gallon UST. Centec concluded the UST was most likely

installed and removed from the adjacent facility, but because of the ambiguity, efforts to locate the UST would be in order. Centec concluded there was a low risk of environmental impairment with the site. A recommendation was made to locate the 3,500-gallon UST.

5. PHYSICAL SETTING

The following sections include discussions of topographic, geologic, and hydrogeologic conditions in the vicinity of the site based upon our document review and our visual reconnaissance of the site and adjacent areas.

5.1. Site Topography

The site is generally flat with a gentle slope to the north to northwest. Based on the review of the United States Geological Survey (USGS) 7.5 Minute Series, Baldwin Park, California, Topographic Quadrangle Map, dated 1966 and photorevised in 1981, the site has an approximate elevation of 310 feet above mean sea level (MSL).

5.2. Geology

The site is located in the west-end of the Puente Valley, an east-west trending valley, bounded to the south by the Puente Hills and to the north by the San Jose Hills. The site is located at the base of the northern foothills of the Puente Hills.

The area is underlain by alluvial deposits of Quaternary age. The source area of these deposits is the local hills to the south and north. The deposits consist of clay to boulder size materials with sand and silt sizes predominating. The thickness of the alluvial deposits overlying bedrock is approximately 1,000 feet.

5.3. Site Hydrology

The following sections discuss the site hydrology in terms of both surface waters and groundwater.

5.3.1. Surface Waters

No natural surface water bodies, including ponds, streams, or other bodies of water, are present. The San Jose Creek is adjacent north and northwest of the site, and traverses in a northeast to southwest direction.

5.3.2. Groundwater

Based on the Groundwater Discovery Well Installation and Sampling report for the adjacent parcel by WES in 1989, groundwater in the monitoring well installed at that time encountered groundwater at approximately 65 feet bgs. Because only one well had been installed on this off-site property, the direction of groundwater flow could not be calculated. Based on our experience at properties within close proximity to the site (approximately 0.5-mile south of the site), groundwater is expected to flow in a west to northwest direction.

The site is located within the San Gabriel Valley Groundwater Basin. Portions of the San Gabriel Valley Groundwater Basin have been listed on the National Priority List (NPL), or Superfund Site. The site is located within the Puente Valley Operable Unit of the San Gabriel Valley Groundwater Basin. Portions of the Puente Valley Operable Unit are contaminated with VOCs, namely the chlorinated solvents trichloroethene (TCE) and tetrachloroethylene (PCE), which were historically used by the commercial and industrial facilities located in this area. Based on our review, surrounding facilities have been named as Potentially Responsible Parties (PRPs), and therefore, it is likely that groundwater beneath the site has been impacted with chlorinated solvents.

6. ENVIRONMENTAL DATABASE SEARCH

A computerized environmental information database search was performed by EDR on November 10, 2006. The EDR search included federal, state, and local databases. A summary of the environmental databases searched, their corresponding search radii, and number of noted sites of environmental concern is presented in Appendix D. In addition, a description of the assumptions and approach to the database search is provided in Appendix D. The review was conducted to

evaluate whether the site or properties within the vicinity of the site have been reported as having experienced significant unauthorized releases of hazardous substances or other events with potentially adverse environmental effects.

The database search identified surrounding properties of potential environmental concern on various databases. In addition, eleven unmapped properties were identified in the vicinity of the subject site. One of the facilities is adjacent east to the site and is discussed in Section 6.6. Based on the addresses provided for these facilities, the types of databases on which these properties are listed, and their distance from the site, there is a low likelihood that the environmental integrity of the site has been adversely affected by these off-site sources.

The following paragraphs describe the databases that contain noted properties of environmental concern and include a discussion of the regulatory status of the facilities and potential environmental impact to the subject site.

6.1. National Priorities List (NPL): Distance Searched – 1 mile

The NPL is the EPA's database of uncontrolled or abandoned hazardous waste properties identified for priority remedial actions under the Superfund program. This database includes proposed NPL listings.

The site is located within the San Gabriel Valley Groundwater Basin. Portions of the San Gabriel Valley Groundwater Basin have been listed on the NPL, or Superfund Site. The site is located within the Puente Valley Operable Unit of the San Gabriel Valley Groundwater Basin. Portions of the Puente Valley Operable Unit are contaminated with VOCs, namely the chlorinated solvents TCE and PCE, which were historically used by the commercial and industrial facilities located in this area. Based on our review, the site is not named as a potential responsible party (PRP), although, many properties in the surrounding site vicinity have been named, and therefore, it is likely that groundwater beneath the site has been impacted with chlorinated solvents.

6.2. Federal Proposed National Priorities List (NPL): Distance Searched – 1 mile

This database contains Proposed NPL properties under the Superfund program.

Neither the site nor properties located within a 1-mile radius from the site were listed on this database.

6.3. Federal Delisted National Priorities List (NPL): Distance Searched – 1 mile

This database contains delisted NPL properties under the Superfund program. The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete properties from the NPL. In accordance with 40 Code of Federal Regulations (CFR) 300.425. (e), properties may be deleted from the NPL where no further response is appropriate.

Neither the site nor properties located within a 1-mile radius from the site were listed on this database.

6.4. Federal NPL Recovery List: Distance Searched – Site

This list identifies properties that have liens filed against real property by the EPA in order to recover remediation action expenditures.

The site was not listed on this database.

6.5. Federal Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS) List: Distance Searched – 0.5 mile

The CERCLIS database contains properties which are either proposed or on the NPL and properties which are in the screening and assessment phase for possible inclusion on the NPL. This database also includes properties listed as No Further Remedial Action Planned (NFRAP).

The site was not listed. Brough Industries, Inc., located approximately 200 feet southeast of and potentially upgradient from the site was listed as on the CERCLIS database. The discovery for the facility was dated 1992 and a preliminary assessment was reportedly completed in 1993. Based on the preliminary assessment, the regulatory status was indicated as high priority. Further information was not provided. Ninyo & Moore has requested a regulatory file review at the EPA. To-date, no information has been obtained.

6.6. Federal Corrective Action Report (CORRACTS): Distance Searched – 1 mile

The EPA maintains this database of Resource Conservation and Recovery Act (RCRA) facilities that are undergoing corrective action. A corrective action order is issued when there has been a release of hazardous waste or constituents into the environment from a RCRA facility.

Neither the site nor properties located within a 1-mile radius from the site were listed on this database.

6.7. Federal Resource Conservation and Recovery Act (RCRA) Treatment, Storage, and Disposal (TSD) Facilities List: Distance Searched – 0.5 mile

The RCRA TSD database is a compilation by the EPA of facilities that report generation, storage, transportation, treatment, or disposal of hazardous waste.

Neither the site nor properties located within a 0.5-mile radius from the site were listed on this database.

6.8. Federal RCRA Generators List: Distance Searched – Site and Adjoining Properties

This list identifies sites that generate hazardous waste as defined by RCRA. Inclusion on these lists is for permitting purposes and is not indicative of a release.

A former tenant at the site was listed on this database as "The Truck Wash," a small quantity generator with no violations. Adjacent facilities included Scully Transportation at 15006 Nelson Avenue, located immediately southeast of the site, who was listed as a small quantity generator with no violations.

6.9. Federal Emergency Response Notification System (ERNS) – Site

The ERNS database contains information on reported releases of oil and hazardous substances.

The site was not listed on this database.

6.10. Federal Institutional Control/Engineering Control Registries: Distance Searched – 0.5 Mile

These lists identify properties with engineering and/or institutional controls. Engineering controls include various forms of caps, building foundations, liners, and treatment methods to create pathway elimination for regulated substances to enter environmental media or effect human health. Institutional controls include administrative measures, such as groundwater use restrictions, construction restrictions, property use restrictions, and post remediation care requirements intended to prevent exposure to contaminants remaining on the site. Deed restrictions are generally required as part of the institutional controls.

Neither the site nor properties located within a 0.5-mile radius from the site were listed on this database.

6.11. Federal Brownfield List: Distance Searched – 0.5 mile

The EPA Brownfield database, entitled Targeted Brownfield's Assessments (TBA), lists properties for which the EPA is providing funding and/or technical support for environmental assessments and investigations. The objective of the TBA is to promote cleanup and redevelopment of undesirable properties with environmental issues.

Neither the site nor properties located within a 0.5-mile radius from the site were listed on this database.

6.12. Federal Toxic Release Inventory Database (TRIS): Distance Searched – Site

The Community Right to Know Act (SARA Title III) required the EPA to establish this inventory of toxic chemical emissions from certain facilities.

The site was not listed on this database.

6.13. State Calsites Database (Calsites) or State-Equivalent CERCLIS: Distance Searched – 1 mile

The Calsites database, also known as the State-equivalent CERCLIS, is maintained by the Cal-EPA, DTSC. This database contains information on both known and potentially contaminated properties. Two-thirds of these properties have been classified, based on available information, as needing NFA by the DTSC. The remaining properties are in various stages of review and remediation to determine if a problem exists. These properties are presented by EDR on the Historical Cal-Sites database and the Envirostor databases.

Neither the site nor properties located within a 0.5-mile radius from the site were listed on this database.

6.14. State Solid Waste Landfill Sites (SWLF): Distance Searched – 0.5 mile

The SWLF database consists of open and closed solid waste disposal facilities and transfer stations. The data comes from the Integrated Waste Management Board's Solid Waste Information System (SWIS) and the State Water Resources Control Board's (SWRCB) Waste Management Unit Database (WMUD) database.

The site is not located on this database. One facility is listed within a 0.5-mile radius from the site was listed. The Department of Public Works at 14959 East Proctor Avenue, approximately 0.5-mile southwest of and crossgradient to the site, was listed as an "active,

limited volume transfer station that accepts "construction/demolition, mixed municipal" waste. Based on the distance and direction from the site, and type of facility, this facility would not be considered an environmental concern to the site.

6.15. State Index of Properties with Hazardous Waste – CORTESE List: Distance Searched – 0.5 mile

The CORTESE database is provided by Cal-EPA and is a state index that identifies potential and confirmed hazardous waste sites throughout California.

The site was not listed on this database. Eighteen facilities within a 0.5-mile radius from the site were listed. Seventeen of the listings were previously discussed in Section 6.16 and the other (designated as WIP-Benchmark Technology) is located approximately 0.45-mile south of and crossgradient from the site. Based on the distance, direction, and/or regulatory status of these facilities, these facilities would not be considered an environmental concern to the site.

6.16. State Leaking Underground Storage Tank (LUST) Lists: Distance Searched – 0.5 mile

The EDR database of LUST information system is obtained from by the SWRCB and the RWQCB. Ninyo & Moore also reviewed the SWRCB GeoTracker website.

The site was not listed on this database. Eighteen off-site facilities within a 0.5-mile radius of the site were listed on the LUST database. As previously discussed, one facility was located immediately southeast of the site (Edna Inc. at 15006 Nelson Avenue). As previously discussed, the USTs at this facility were removed and a no further action (NFA) letter was provided by the lead regulatory agency. Another close by facility, designated Techalloy Company, located approximately 200 feet southeast of and potentially upgradient from the site was listed. This facility was listed as a "closed case" with regulatory agencies.

Fourteen facilities were listed as closed cases. The last two facilities were located between 0.25- and 0.50-mile from the site in a downgradient and crossgradient direction. Based on the distance, direction, and/or regulatory status, these facilities would not be considered an environmental concern to the site.

6.17. State Underground Storage Tank (UST) and Aboveground Storage Tank (AST) Registration List: Distance Searched – Site and Adjoining Properties

UST and AST databases are provided by the SWRCB. Inclusion on these lists is for permitting purposes and is not indicative of a release.

Neither the site nor adjoining properties were listed on this database.

6.18. State Voluntary Cleanup Programs (VCPs): Distance Searched – 0.5 mile

The State VCP database lists low threat level properties with either confirmed or unconfirmed releases. Project proponents have requested that the DTSC oversee investigation and/or cleanup activities and have agreed to provide coverage for DTSC's costs.

Neither the site nor properties located within a 0.5-mile radius from the site were listed on this database.

6.19. Indian Reservations: Distance Searched – 1.0 mile

This list depicts Indian administered lands of the United States that have an area equal to or greater than 640 acres. No Indian Reservations were listed within a 1.0-mile radius from the site.

6.20. Tribal-Equivalent NPL: Distance Searched – 1.0 mile

Because no Indian Reservations were located within 1.0-mile from the site, no tribal-equivalent NPL properties are suspected to be located within the search radius.

6.21. Tribal-Equivalent CERCLIS: Distance Searched – 1 mile

Because no Indian Reservations were located within 1.0-mile from the site, no tribal-equivalent CERCLIS properties are suspected to be located within the search radius.

6.22. Tribal Landfill and/or Solid Waste Disposal Sites: Distance Searched – 1 mile

Because no Indian Reservations were located within 1.0-mile from the site, no tribal land-fills and/or solid water disposal sites are suspected to be located within the search radius.

6.23. Tribal Leaking Underground Storage Tank (LUST) List: Distance Searched – 1 mile

Because no Indian Reservations were located within 1.0 -mile from the site, no tribal-equivalent LUST cases are suspected to be located within the search radius.

6.24. Tribal Underground Storage Tank (UST) and Aboveground Storage Tank (AST) Registration List: Distance Searched – Site and Adjoining Properties

Because no Indian Reservations were located within 1.0-mile from the site, no registered USTs or ASTs are suspected to be located on the site or adjacent properties.

6.25. Tribal Institutional Control/Engineering Control Registries: Distance Searched – Site

Because no Indian Reservations were located within 1.0-mile from the site, no tribal institutional control or engineering control registries are suspected to be located at the site.

6.26. Tribal Voluntary Cleanup Programs (VCPs): Distance Searched – 1 mile

Because no Indian Reservations were located within 1.0-mile from the site, no tribal-equivalent VCP cases are suspected to be located within the search radius.

6.27. Tribal Brownfield List: Distance Searched - 1 mile

Because no Indian Reservations were located within 1.0-mile from the site, no tribal-equivalent Brownfield cases are suspected to be located within the search radius.

6.28. Other Non-ASTM Database: Distance Searched – Site

Additional databases are readily available, but are not required by ASTM or AAI. The site was not listed on these databases.

6.28.1. Hazardous Waste Information System (HAZNET)

The information presented in the HAZNET database is obtained from copies of hazardous waste manifests received by the DTSC. The HAZNET database reports names of facilities that have generated hazardous waste manifests.

According to EDR, the former site occupant known as "The Truck Wash" was listed on the HAZNET database. Waste disposed was listed as recycled "waste oil and mixed oil" and "unspecified solvent mixture waste." A date was not provided in the listing. Another former occupant, Pacific Motor Trucking Company, was also listed on the HAZNET database. Wastes disposed by Pacific Motor Trucking Company included recycled "other organic solids," "aqueous solution with less than 10% total organic residues," and "organic liquids with metals." A date was not provided in the listing.

6.28.2. Facility Index System Identification Program Summary Report (FINDS)

The FINDS database contains information obtained from other regulatory databases. The FINDS database is maintained by EPA.

The former occupant known as "The Truck Wash" was listed on the FINDS database. The FINDS listing for the site listed the National Emissions Inventory and RCRA Info databases, but no further information was provided.

6.28.3. California Waste Discharge System (CA WDS)

The CA WDS database is maintained by the SWRCB and lists facilities that discharge liquids under the Waste Discharge Requirements.

The former tenant known as Pacific Motor Trucking Company was listed as an "active" facility that treats or disposes of liquid or semisolid wastes.

6.28.4. California Hazardous Materials Incident Reporting Systems (CHMIRS)

The CHMIRS database contains information on reported hazardous material incidents (accidental releases or spills).

The listing indicated diesel was released from a truck into the storm drain in November 1997.

7. ENVIRONMENTAL RECORDS REVIEW

Based on the site reconnaissance, historical research, and environmental database review, information regarding the site was requested from local government agencies. Ninyo & Moore's inquiry included the historical and current site addresses. A summary of information obtained from the agencies contacted is presented below.

7.1. Los Angeles Department of Public Works (LADPW)

The LADPW is the lead agency for permitted USTs, LUST cases, and industrial wastewater discharge. According to the LADPW, files do not exist for the addresses of 15000, 15002, and 15006 Nelson Avenue. The 15010 Nelson Avenue address had files at the LADPW. All but one document included in the file was also provided by Richards Watson & Gershon. These documents are discussed in Section 4.11. The remaining document is summarized below.

Fourth Quarter 1992 Groundwater Sampling and Monitoring at 15006 Nelson Avenue, City of Industry, California, dated December 23, 1992 by AeroVironment. AeroVironment purged

and sampled the groundwater monitoring well at this off-site facility in November 1992. The groundwater sample was analyzed for TPH and VOCs. The report concluded that TPH and VOCs were not found in the groundwater sample above the analytical reporting limits.

7.2. South Coast Air Quality Management District (SCAQMD)

A request was submitted to the SCAQMD for information pertaining to the site. According to the SCAQMD, files were available for 15000 Nelson Avenue. No files were available for the remaining site addresses.

A Facility Equipment List Report was on file for "The Truck Wash" that had no listings under equipment. The report indicated the last inspection at the site was in 1991. A Facility Equipment List Report was on file for "LA Great Dane" that listed a "spray paint booth and solvent" that was permitted in 1988. The permit was listed as inactive.

7.3. Regional Water Quality Control Board, Los Angeles Region (RWQCB)

Ninyo & Moore requested information regarding the site from the RWQCB Spills, Leaks, Investigation and Cleanup (SLIC), LUST, and WIP divisions. No files were available at the LUST, SLIC, and WIP divisions regarding the site.

7.4. Department of Toxic Substances Control (DTSC)

Ninyo & Moore requested file information from the DTSC. According to the DTSC, no records are available for the site.

7.5. Los Angeles County Sanitation District (LACSD)

Ninyo & Moore requested file information regarding the site from the LACSD. No files exist for the site at the LACSD.

7.6. Los Angeles County Department of Health Services (DOHS)

Ninyo & Moore requested file information regarding the site from the DOHS. According to DOHS no records are available for the site.

8. FINDINGS, OPINIONS, AND CONCLUSIONS

Based upon the results of this Phase I ESA, the following findings, opinions, and conclusions are provided.

8.1. Findings and Opinions

The following presents a summary of findings and opinions associated with the Phase I ESA performed for the subject site, including known or suspect RECs, historical RECs, and de minimus environmental conditions (i.e., conditions that generally do not present a material risk of harm to public health or the environment).

- The site was historically part of a larger property that included the property immediately southeast of the site (referred to herein as the larger property). The larger property was used as a diary from at least 1928 through approximately 1961, although the site appeared on historical aerial photographs to have been used for agricultural purposes during this time. During this time, a small farmhouse was noted in the northeastern corner of the site. In 1961, the larger property was developed as a lumberyard that included several buildings on the site and adjacent parcel; including the current on-site buildings referred to herein as the office building, possibly the miscellaneous storage building, and the central shop building. The existing rear storage building apparently was constructed in later years, sometime between 1977 and 1990. The lumberyard operated until 1988, when the site was separated from the adjacent property. From 1989 to approximately 2004, the site was occupied by tractor trailer repair and service companies. From 2004 to the date of this report, the site has been occupied by Vascor. Vascor uses the site to add accessories to new tractor trailer trucks; which includes welding and assembly only.

- No environmental concerns were noted at the site during the time the property was used for agricultural purposes or by the lumberyard. During the time the site was used by the tractor trailer service and repair companies, operations included truck maintenance, truck body painting activities, and truck fueling and washing. Previous Phase I ESAs completed at the site during these activities reported a paint booth, a truck washing area with at least one and possibly up to four clarifiers and a floor drain, and a possible 3,500-gallon fuel UST. These reports also indicated poor housekeeping practices. These

features were located in and around the central shop building. During our assessment, the former truck washing area, floor drain, and one clarifier was noted. The floor drain and clarifier had been filled with concrete. No USTs were noted at the site. No information in agency files were noted that would indicate that any of these features were investigated by collecting and analyzing soil samples.

- Based on the age of the on-site buildings (pre-1980), suspect ACMs and LBP are likely present. No damaged or friable materials that would need immediate mitigation were noted at the site, and no peeling paint was observed. Many light ballasts and other potentially hazardous building materials were observed at the site. These features appeared in good condition and would not need immediate mitigation.

- The site is located within the San Gabriel Valley Groundwater Basin. Portions of the San Gabriel Valley Groundwater Basin have been listed on the NPL, or Superfund Site. The site is located within the Puente Valley Operable Unit of the San Gabriel Valley Groundwater Basin. Portions of the Puente Valley Operable Unit are contaminated with VOCs, namely the chlorinated solvents TCE and PCE, which were historically used by the commercial and industrial facilities located in this area. Based on our review, surrounding facilities have been named as PRPs, and therefore, it is likely that groundwater beneath the site has been impacted with chlorinated solvents. Although there has been no indication in regulatory files that chlorinated solvents have been used at the site, site activities such as truck washing may have utilized cleaning solvents. It has been our experience that degreasing activities associated with truck washing operation typically use petroleum-based solvents. However, chlorinated solvents are sometimes used. Based on this information, it is unknown whether the site has contributed to the regional groundwater issue.

- The Brough Industries, Inc. facility, located approximately 200 feet southeast of and upgradient from the site, was listed as an active CERCLIS facility with a high priority status. Ninyo & Moore has requested file information regarding this off-site facility with the EPA. To-date, no information has been received.

- Other than the regional groundwater issue and close by CERCLIS facility in the site vicinity, no other potential off-site sources of environmental concern were identified in the immediate site vicinity.

8.2. Conclusions

Ninyo & Moore has performed a Due Diligence Phase I ESA and Document Review, in conformance with the scope and limitations of the ASTM E 1527-05 and AAI, for the Dooley Property located at 15000 Nelson Avenue in the City of Industry, Los Angeles County, California. Any limitations or exceptions encountered during completion of this report are stated

in Section 1.4 of the report. No evidence or indication of Recognized Environmental Conditions (RECs) or conditions indicative of releases and threatened releases of hazardous substances on, at, in, or to the subject property have been revealed, with the exception of the former clarifier(s), floor drain, and former truck washing area. Although not considered an REC by ASTM Standards, suspect ACMs, LBP, and other possible hazardous building materials may be present on site.

9. RECOMMENDATIONS

Ninyo & Moore recommends the following:

- A subsurface investigation should be completed in the vicinity of the former clarifier, floor drain, and truck washing area to assess whether these features may have impacted the site.
- A geophysical survey should be conducted in the vicinity of the central shop building to assess whether USTs and additional clarifiers, or possible former excavations associated with these features, are present. If geophysical anomalies are detected, a subsurface investigation should be preformed to assess to features and whether these features have impacted the site.
- Prior to demolition of the on-site buildings, Ninyo & Moore recommends that a Hazardous Building Materials Survey and Hazardous Materials Abatement Workplan be completed/prepared and that the hazardous building materials discovered at the site be removed in accordance with the Hazardous Materials Abatement Workplan. If the buildings are to be occupied by tenants, the tenants should be notified of the possible presence of ACMs in accordance with current regulatory guidelines.
- The EPA file regarding the off-site CERCLIS facility should be obtained and reviewed. Additional investigations may be warranted if this facility is assessed to have potentially impacted the site.

11. QUALIFICATIONS STATEMENT AND SIGNATURE OF ENVIRONMENTAL PROFESSIONAL

Mr. Paul Roberts states that the Phase I ESA was performed under his direct supervision, and that he has reviewed and approved the report, and the methods and procedures employed in the development of the report conform to the minimum industry standards. Mr. Roberts certifies that Ninyo & Moore project personnel and subcontractors are properly licensed and/or certified to do the work described herein.

Pursuant to Paragraph 12.13 of the ASTM Standard E1527-05, we hereby declare as follows:

> To the best of our professional knowledge and belief, we meet the definition of *Environmental professional* as defined in §312.10 of 40 CFR 312 and we have the specific qualifications based on education, training, and experience to assess a *property* of the nature, history, and setting of the subject *property*. We have developed and performed the all appropriate inquiries in conformance with the standards and practices set forth in 40 CFR Part 312.

Paul A. Roberts, P.G., R.E.A. I/II
Senior Environmental Geologist

EDR Aerial Photo Decade Package

Environmental Data Resources, Inc. (EDR) Aerial Photo Decade Package is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDRs professional researchers provide digitally reproduced historical aerial photographs, and when available, provide one photo per decade.

When delivered electronically by EDR, the aerial photo images included with this report are for ONE TIME USE ONLY. Further reproduction of these aerial photo images is prohibited without permission from EDR. For more information contact your EDR Account Executive.

Thank you for your business.
Please contact EDR at 1-800-352-0050
with any questions or comments.

Mr. Philip Chandler
California Regional Water Quality Control Board
Los Angeles Region
101 Centre Plaza Drive
Monterey Park, CA 91754-2156

RE: Third Quarter 1993 groundwater sampling and monitoring at 15006 Nelson Avenue, City of Industry, California

Dear Mr. Chandler:

Enclosed are the results for the September 1993 groundwater monitoring and sampling at 15006 Nelson Avenue in the City of Industry, California. This is the fourth of four quarterly monitoring and sampling rounds and is part of a year-long program evaluating whether petroleum hydrocarbons discharged from a diesel underground storage tank (removed 1988) have impacted groundwater at the site. The evaluation is being conducted under the direction of the California Regional Water Quality Control Board (CRWQCB), Los Angeles Region. This letter report includes our field observations, a description of the monitoring and sampling procedures, a summary of the laboratory analytical results, and our conclusions.

On 24 September 1993, AeroVironment obtained field measurements of groundwater and collected a groundwater sample for laboratory analysis from Monitoring Well MW-1. Before purging began, a sounding device was used to measure the depth to groundwater and total depth of the well from a notch on the north side of the wellhead. The depth to groundwater was measured at 63.02 feet, and the total well depth was measured at 80.80 feet. No odor, film, or sheen was noted on the well sounding tape or probe after measurement, nor was any odor noted from downhole when the well first was opened.

Well purging began with a check for floating product using a clear bailer. No floating product, sheen, or odor was noted. Purging continued thereafter with a 1.5-inch diameter polyvinyl chloride hand bailer. The purge water was emptied into a 55-gallon drum for storage pending disposal by Northern Trust Bank of California. Approximately 35 gallons (just over 3 well volumes) were purged from the well over a 4.5-hour period. At no time did drawdown exceed 20 percent of the height of the water column. Purging was halted after 35 gallons so that the well

222 East Huntington Drive • Monrovia, California 91016 • U.S.A.
Telephone 818/357-9983 • Telex 467 121, AEROVIR-C1 • FAX 818/359-9628

could have time to attain the required 90 percent recovery before the facility closed for the afternoon.

The table below is a record of parameters measured in the field during the well purge. These parameters include the drawdown (in feet), conductivity (in microsiemens per centimeter, or µS/cm), temperature (in degrees Fahrenheit, or ^{o}F), and pH (in pH units).

Gallons Purged	Drawdown (feet)	Conductivity (µS/cm)	Temperature (^{o}F)	pH (units)	Comments
0	0.00	1269	67.0	7.89	
1	0.46	1199	67.2	7.68	
2	0.96	1223	67.9	7.21

35	1.69	1527*	70.9	7.03	Suspended fines, clearing

* Instrument readings fluctuating, presumably due to suspended material

The well recharged at an average rate of 4.2 feet per hour. After the well had recharged to its original level, the groundwater sample was collected with a disposable bailer. A bottom-emptying device was used to decant the groundwater sample into four 40-milliliter glass vials (two vials each for volatile aromatics and turbidity analyses) and one 1-liter amber glass bottle (for total petroleum hydrocarbons (TPH) analysis). Each of the glass vials had a Teflon-lined septum fitted into its screw cap. Hydrochloric acid was added as a preservative to the vials intended for volatile aromatics analysis. Each container was carefully filled until

a meniscus formed at its mouth. The container then was capped, inverted, and tapped to check for air bubbles. No bubbles were noted in any of the filled containers. A label that included a unique sample identification number and the date and time of sample collection was attached to each sample container. Immediately after being labeled, the sample was placed in a chilled ice chest. Before leaving the site, AeroVironment personnel placed the well cap and flush-mounted cover back on the well.

With the exception of the disposable bailer, all equipment that came into contact with the groundwater was first scrubbed in a solution of Alconox, double rinsed with tap water, and given a final rinse with distilled water. The disposable bailer was kept clean by leaving it in its factory packaging until immediately before use.

The chilled sample was transported under standard chain-of-custody protocols to TBD Environmental Laboratories, a state-certified laboratory, for analysis. The sample was analyzed for volatile aromatic compounds by United States Environmental Protection Agency (USEPA) Method 602, for TPH by USEPA Method 8015 (modified for diesel), and for turbidity by USEPA Method 180.1. No volatile aromatics or TPH were detected at concentrations above the analytical reporting limits (1 microgram per liter (µg/L) for volatile aromatics and 0.1 milligram per liter (mg/L) for TPH). The turbidity level was found to be 130 nephelometric turbidity units (NTU) when measured immediately after the sample was agitated. As the 130 NTU turbidity level exceeds the 50 NTU maximum you have requested in past, the results of this sampling round should be considered a low estimate.

This sampling round represents the conclusion of one year of quarterly monitoring at the Nelson Avenue site. A summary of the anaytical results from the four sampling rounds:

		Analytical Results		
Sample Number	Date Sampled	Turbidity (NTU)	Volatile Aromatics (µg/L)	TPH as Diesel (mg/L)
7620	11/9/92	24	<1	<1
6900	4/7/93	77	<1	<1
5774	6/30/93	70	<1	<1
5769	9/24/93	130	<1	<0.1

No volatile aromatic compounds or diesel hydrocarbons have been detected in samples from any of the quarterly sampling rounds. We would appreciate your expeditious response concerning the future disposition of this monitoring well.

Attached you will find copies of the chain-of-custody form, laboratory report, and field notes. If you have any questions regarding this data submittal or this project, please do not hesitate to call me or Mr. Bill Wyman at (818) 357-9983.

Sincerely,

Karen N. Kahler

Project No. 01744

14 Book No. 500 TITLE NTC-Industry: Groundwater Sampling (Round, Sept. '93)

From Page No. 13

	gal	cond	T	pH	comments
0943	12	1334*	69.4	6.79	suspended micaceous fines
0945					WL = 66.75'
0949	13	1327*	70.5	6.87	suspected micaceous fines
0951	Allow recovery				WL = 66.88'
1004	WL @ 66.0' - resume purge. (Current recovery rate approx. 0.05' over 42 seconds, or 0.07'/min = 4.2ft/hr — much faster recharge than previously.)				
1015	14	1339*	72.3	7.03	suspended micaceous fines
1017					WL = 65.73'
1022	15	1342*	70.6	7.07	susp. mic. fines
1024					WL = 65.93'

With the improved recharge rate, it should be possible to purge 3 well volumes before the facility closes this afternoon (3:30 pm). Frequency of WL measurements during purge will be reduced - less concern that well will exceed 20% drawdown. ec/T/pH measurements will be conducted w/ same frequency as WL check (every 5 gal.)

1052	20	1366	70.2	7.00	turbid (bailer free-fell during purge of 20th gal., stirred up silt in well)
1054	Allow recovery →				WL = 66.55'

<lunch break>

1122	End break - WL = 63.20'. Resume purge.				
1143	25	1520*	71.1	6.97	suspended fines
1145					WL = 64.10'
1202	30	1465*	70.7	7.06	suspended fines
1205					WL = 64.56'
1222	35	1527*	70.9	7.03	suspended fines clearing
1224					WL = 64.71'

End purge - just over 3 well volumes purged & drum's full (didn't anticipate almost threefold increase in recovery rate, so didn't bring additional containment for purge waters). Recovery is already sufficient for sampling. Call lab to arrange new pickup time/location.

1245 Well's reached 100% recovery. Tod lab pickup @ 13:30.

1313 Sample 5769 collected from MW-1. Conductivity (1350 µS/cm*), temp. (73.4°F) & pH (7.09) measured on first ("rinse") bailerful. "Disposable bailer" being used. Susp. micaceous fines in sample.

Samples picked up by TBD Lab Courier.

Devon complete. No fines settled out of Imhoff cone sample. I leave site.

* Conductivity reading not stabilizing

EDR City Directory Abstract

Environmental Data Resources, Inc.'s (EDR) City Directory Abstract is a screening report designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's City Directory Abstract includes a search and abstract of available city directory data. For each address, the directory lists the name of the corresponding occupant at five year intervals.

Thank you for your business.
Please contact EDR at 1-800-352-0050
with any questions or comments.

Dear Mr. Eisenberg:

UNDERGROUND STORAGE TANK (UST) CASE CLOSURE
CLOSURE PERMIT NO. 4238B
LOCATION: 15006 NELSON AVENUE, INDUSTRY

This letter confirms the completion of site investigation and remedial action for the underground storage tank(s) formerly located at the above-described location. Based upon the available information and with the provision that the information provided to this agency was accurate and representative of site conditions, no further action related to the underground storage tank release is required. This notice is issued pursuant to a regulation contained in Title 23, California Code of Regulations, Division 3, Chapter 16, Section 2721 (e).

Please telephone Nicole Long at (818) 458-3572 if you have any questions regarding this matter.

Very truly yours,

HARRY W. STONE

Subject: **WELL ABANDONMENT REPORT FOR:**
15006 Nelson Street - City of Industry, California

Dear Mr. Eisenberg:

We appreciate the opportunity to submit this report for engineering and hydrogeology services related to a well abandonment at the above site.

The groundwater well at the subject property was abandoned on August 24, 1995, according to standard California Department of Water Resources (DWR) Guidelines regulations and the scope of work outlined in our proposal dated July 26, 1995. The top 5 feet of the well casing were drilled out and the remaining hole pressure grouted with bentonite grout. The top 5 feet were filled with concrete with 5% bentonite, and capped with concrete surface plug. Prior to well abandonment activity, the well was gauged for depth to water and total depth and field data was logged by Enviropro field geologist. The well destruction permit, approved by the Department of Environmental Health, is presented in Attachment A.

Sincerely,

ENVIROPRO, INC.

PRELIMINARY REPORT

STEWART TITLE OF CALIFORNIA
16830 VENTURA #M
ENCINO, CA 91436
Attn: ANDREA MENDOZA

Order Number: 040295327 Your Reference: DOOLEY
Buyer: INDUSTRY URBAN DEVELOPMENT

In response to the above referenced application for a Policy of Title Insurance, Stewart Title of California, Inc. hereby reports that it is prepared to issue, or cause to be issued, as of the date hereof, a Policy or Policies of Title Insurance describing the land and the estate or interest therein hereinafter set forth, insuring against loss which may be sustained by reason of any defect, lien or encumbrance not shown or referred to as an Exception below or not excluded from coverage pursuant to the printed Schedules, Conditions and Stipulations of said Policy forms.

The printed Exceptions and exclusions from the coverage and Limitations on Covered Risks of said Policy or Policies are set forth in Exhibit A attached. Limitations on Covered Risks applicable to the CLTA and ALTA Homeowner's Policies of Title Insurance which establish a Deductible Amount and a maximium Dollar Limit of Liability for certain coverages are also set forth in Exhibit A. Copies of the Policy forms should be read. They are available from the office which issued this report.

Please read the exceptions shown or referred to below and the exceptions and exclusions set forth in Exhibit A of this report carefully. The exceptions and exclusions are meant to provide you with notice of matters which are not covered under the terms of the title insurance policy and should be carefully considered.
It is important to note that this preliminary report is not a written representation as to the condition of title and may not list all liens, defects, and encumbrances affecting title to the land.

This report, (and any supplements or amendments hereto) is issued solely for the purpose of facilitating the issuance of a policy of title insurance and no liability is assumed hereby. If it is desired that liability be assumed prior to the issuance of a policy of title insurance a Binder or Commitment should be requested.

Dated as of October 21, 2006 at 7:30 A.M.

%%% REQUIREMENTS %%%

1) IF TITLE IS TO BE INSURED IN THE TRUSTEE(S) OF A TRUST OR THEIR ACT IS TO BE INSURED, WE WILL REQUIRE A FULL COPY OF THE TRUST AGREEMENT AND ANY AMENDMENTS THERETO. IN CERTAIN SITUATIONS THE COMPANY MAY ACCEPT A TRUSTEE CERTIFICATE PURSUANT TO SECTION 18100.5 OF THE CALIFORNIA PROBATE CODE FOR THE TRUST AGREEMENT. THE COMPANY RESERVES THE RIGHT TO EXEMPT ADDITIONAL ITEMS AND/OR MAKE ADDITIONAL REQUIREMENTS AFTER REVIEWING SAID DOCUMENTS.

2) GENERAL REQUIREMENTS RELATING TO ENTITY FORMATION AND AUTHORITY DOCUMENTATION:

A. CORPORATIONS:

a. A certificate of good standing of recent date issued by the Secretary of State of corporation's state of domicile.
b. A certified copy of a resolution of the Board of Directors authorizing the contemplated transaction and designating which corporate officers shall have the power to execute on behalf of the corporation.
c. Requirements which the Company may impose following its review of the above material and other information which the company may require.

B. CALIFORNIA LIMITED PARTNERSHIPS:

a. A certified copy of the certificate of limited partnership (Form LP-1) and any amendments thereto (Form LP-2) to be recorded in the public records;
b. A full copy of the partnership agreement and any amendments;
c. Satisfactory evidence of the consent of a majority in interest of the limited partners to the contemplated transaction;
d. Requirements which the Company may impose following its review of the above material and other information which the Company may require.

C. FOREIGN LIMITED PARTNERSHIPS:

a. A certified copy of the application for registration, foreign limited partnership (Form LP-5) and any amendments thereto (Form LP-6) to be recorded in the public records;
b. A full copy of the partnership agreement and any amendment;
c. Satisfactory evidence of the consent of a majority in interest of the limited partners to the contemplated transaction;
d. Requirements which the Company may impose following its

Continued on next page

review of the above material and other information which the Company may require.

D. GENERAL PARTNERSHIPS:

a. A certified copy of a statement of partnership authority pursuant to Section 16303 of the California Corporation Code (Form GP-1), executed by at least two partners, and a certified copy of any amendments to such statement (Form GP-7), to be recorded in the public records;
b. A full copy of the partnership agreement and any amendments;
c. Requirements which the Company may impose following its review of the above material required herein and other information which the Company may require.

E. LIMITED LIABILITY COMPANIES:

a. A copy of its operating agreement and any amendments thereto;
b. If it is a California limited liability company, a certified copy of its articles of organization (LLC-1) and any certificate of correction (LLC-11), certificate of amendment (LLC-2), or restatement of articles of organization (LLC-10) to be recorded in the public records;
c. If it is a foreign limited liability company, a certified copy of its application for registration (LLC-5) to be recorded in the public records;
d. With respect to any deed, deed of trust, lease, subordination agreement or other document or instrument executed by such limited liability company and presented for recordation by the Company or upon which the Company is asked to rely, such document or instrument must be executed in accordance with one of the following, as appropriate:
(i) If the limited liability company properly operates through officers appointed or elected pursuant to the terms of a written operating agreement, such documents must be executed by at least two duly elected or appointed officers, as follows: the chairman of the board, the president or any vice president, and any secretary, assistant secretary, the chief financial officer or any assistant treasurer;

(ii) if the limited liability company properly operates through a manager or managers identified in the articles of organization and/or duly elected pursuant to the terms of a written operating agreement, such document must be executed by at least two such managers or by one manager if the limited liability company properly operates with the existence of only one manager.
e. Requirements which the Company may impose following its review of the above material and other information which the Company may require.

Continued on next page

F. TRUSTS:

a. A certification pursuant to Section 18500.5 of the California Probate Code in a form satisfactory to the company.
b. Copies of those excerpts from the original trust documents and amendments thereto which designate the trustee and confer upon the trustee the power to act in the pending transaction.
c. Other requirements which the Company may impose following its review of the material require herein and other information which the Company may require.

3) THE REQUIREMENT THAT STEWART TITLE OF CALIFORNIA, INC. BE INFORMED OF WHAT TYPE OF TITLE INSURANCE COVERAGE/POLICIES ARE BEING REQUESTED, SO THAT WE MAY PROVIDE YOU WITH ANY ADDITIONAL REQUIREMENTS OR EXCEPTIONS THAT WE MAY HAVE OR THAT APPLY.

4) PROVIDE RELEASE/RECONVEYANCE INSTRUMENTS FOR DEEDS OF TRUST OF RECORD AS FOLLOWS:

A. IF INSTITUTIONAL LENDER WE MUST BE PROVIDED A DEMAND FOR PAYMENT. IF SERVICED BY OTHER THAN THE BENEFICIARY WE MUST BE PROVIDED A COPY OF THE LOAN SERVICING AGREEMENT.

B. IF AN INDIVIDUAL LENDER WE MUST BE PROVIDED DEMAND FOR PAYMENT TOGETHER WITH THE ORIGINAL NOTE. DEED OF TRUST AND SIGNED REQUEST FOR FULL RECONVEYANCE, REQUEST FOR FULL RECONVEYANCE MUST BE SIGNED BY BOTH SPOUSES IF BENEFICIAL INTEREST IS IN ONE SPOUSE ALONE.

C. IF BENEFICIARY IS A TRUST, WE MUST BE PROVIDED A FULL COPY OF SAID TRUST, TOGETHER WITH THE ORIGINAL NOTE, DEED OF TRUST AND SIGNED REQUEST FOR FULL RECONVEYANCE.

D. IF THE LOAN IS FOR A REVOLVING LINE OF CREDIT, THE ACCOUNT MUST BE CLOSED, OTHERWISE WE WILL HOLD AN AMOUNT EQUAL TO THE AVAILABLE CREDIT LIMIT.

5) IT IS THE POLICY OF THIS COMPANY TO MAKE ALL REQUIRED PAYOFFS.

THE COMPANY WILL REQUIRE CURRENT, WRITTEN PAYOFF DEMANDS ADDRESSED TO STEWART TITLE OF CALIFORNIA, INC. OR OUR ESCROW CUSTOMER. NONCURRENT AND EXPIRED DEMANDS WILL NORMALLY NOT BE ACCEPTABLE BUT THEY MAY BE ACCEPTED AT THE DISCRETION OF THE COMPANY IF VERBAL UPDATING CAN BE OBTAINED.

THE COMPANY WILL HOLD AN AMOUNT EQUAL TO ONE MONTHLY MORTGAGE PAYMENT UNTIL ACCEPTANCE BY THE LENDER OF OUR PAYOFF ON ANY NONCURRENT OR EXPIRED BENEFICIARY DEMAND, WHETHER OR NOT VERBALLY UPDATED.

Continued on next page

THE COMPANY WILL ALSO HOLD AN AMOUNT EQUAL TO ONE MONTHLY MORTGAGE PAYMENT UNTIL ACCEPTANCE BY THE LENDER OF OUR PAYOFF ON ANY DEMAND WHICH INCLUDES A PAYMENT MADE WITHIN 14 DAYS OF CLOSING UNLESS THE COMPANY HAS BEEN PROVIDED WITH SATISFACTORY PROOF OF PAYMENT (I.E. A CANCELLED CHECK OR WRITTEN CONFIRMATION OF CHECK CLEARANCE.)

PLEASE BE ADVISED THAT THE COMPANY WILL REQUIRE THAT THE BENEFICIARY OR BENEFICIARIES SIGN AN ESTIMATED CLOSING COST STATEMENT ANYTIME WE ARE PRESENTED FOR PAYOFF A NET PROCEEDS DEMAND OR A DEMAND IN WHICH THE BENEFICIARY OR BENEFICIARIES ARE ACCEPTING FOR PAYOFF LESS THAN WHAT THEY ARE OWED.

6) IT IS THE POLICY OF STEWART TITLE OF CALIFORNIA - LOS ANGELES DIVISION TO COLLECT ALL TITLE CHARGES AND DEDUCT SAID CHARGES UPON RECORDING WHEN STEWART TITLE IS DOING THE PAYOFF.

END OF EXCEPTIONS

Continued on next page

NOTES

A. THIS PRELIMINARY REPORT/OFFER TO INSURE PURSUANT TO THE CALIFORNIA INSURANCE CODE CONTAINS A COMPILATION OF PUBLIC INFORMATION. THE COMPILATION OF THIS INFORMATION IN THIS FORM WAS PERFORMED BY AND IS THE WORK PRODUCT OF STEWART TITLE OF CALIFORNIA, INC. (STEWART TITLE) THE COMPILATION OF THIS INFORMATION IS CONFIDENTIAL IN NATURE AND INTENDED SOLELY FOR USE BY STEWART TITLE AND THOSE PARTIES AUTHORIZED BY STEWART TITLE FOR THE CLOSE OF ESCROW AND THE ISSUANCE OF TITLE INSURANCE BY STEWART TITLE. ANY UNAUTHORIZED DISSEMINATION OF THIS COMPILATION OF INFORMATION IS STRICTLY PROHIBITED.

B. LENDERS NOTE:

IF AN ALTA LOAN POLICY - 1970, AMENDED 10-17-70 (AMENDED 12-6-85) IS REQUESTED, THE FOLLOWING WILL BE ADDED AS AN EXCLUSION FROM COVERAGE:

ANY CLAIM, WHICH ARISES OUT OF THE TRANSACTION CREATING THE INTEREST OF THE MORTGAGEE INSURED BY THIS POLICY, BY REASON OF THE OPERATION OF FEDERAL BANKRUPTCY, STATE INSOLVENCY, OR SIMULAR CREDITORS' RIGHTS LAWS THAT IS BASED ON:

(I) THE TRANSACTION CREATING THE INTEREST OF THE INSURED MORTGAGEE BEING DEEMED A FRAUDULENT CONVEYANCE OR TRANSFER; OR

(II) THE SUBORDINATION OF THE INTEREST OF THE INSURED MORTGAGEE AS A RESULT OF THE APPLICATION OF THE DOCTRINE OF EQUITABLE SUBORDINATION; OR

(III) THE TRANSACTION CREATING THE INTEREST OF THE INSURED MORTGAGEE BEING DEEMED A PREFERENTIAL TRANSFER EXCEPT WHERE THE PREFERENTIAL TRANSFER RESULTS FROM THE FAILURE:

(A) TO TIMELY RECORD THE INSTRUMENT OF TRANSFER; OR (B) OF SUCH RECORDATION TO IMPART NOTICE TO A PURCHASER FOR VALUE OR A JUDGEMENT OR LIEN CREDITOR.

C. IF AN OWNERS POLICY WILL BE REQUESTED, PLEASE BE AWARE THAT UNLESS INSTRUCTED OTHERWISE, WE WILL ISSUE A CLTA STANDARD COVERAGE OWNERS POLICY. IF A DIFFERENT FORM OF POLICY IS CONTEMPLATED FOR THIS TRANSACTION, PLEASE ADVISE AND CONTACT YOUR TITLE OFFICER FOR ADDITIONAL REQUIREMENTS

Continued on next page

CALIFORNIA "GOOD FUNDS" LAW

California Insurance Code Section 12413.1 regulates the disbursement of escrow and sub-escrow funds by title companies. The law requires that funds be deposited in the title company escrow account and available prior to disbursement. Funds received by Stewart Title of California, Inc. (Stewart Title) via wire transfer may be disbursed upon receipt. Funds received via cashier's checks or teller checks drawn on a California Bank may be disbursed on the next business day after the day of deposit. If funds are received by any other means, recording and/or disbursement may be delayed, and you should contact your title or escrow officer. All escrow and sub-escrow funds received will be deposited with other escrow funds in one or more non-interest bearing escrow accounts in a financial institution selected by Stewart Title. Stewart Title may recieve certain direct or indirect benefits from the financial institution by reason of the deposit of such funds or the maintenance of such accounts with the financial institution, and Stewart Title shall have no obligation to account to the depositing party in any manner for the value of, or pay to such party, any benefit received by Stewart Title. Such benefits shall be deemed additional compensation to Stewart Title for its services in connection with the escrow or sub-escrow.

SCHEDULE B

CALIFORNIA LAND TITLE ASSOCIATION STANDARD COVERAGE POLICY - 1990
EXCLUSIONS FROM COVERAGE

THE FOLLOWING MATTERS ARE EXPRESSLY EXCLUDED FROM THE COVERAGE OF THIS POLICY AND THE COMPANY WILL NOT PAY LOSS OR DAMAGE, COSTS, ATTORNEYS' FEES OR EXPENSES WHICH ARISE BY REASON OF:

1. (A) ANY LAW, ORDINANCE OR GOVERNMENTAL REGULATION (INCLUDING BUT NOT LIMITED TO BUILDING OR ZONING LAWS, ORDINANCES, OR REGULATIONS) RESTRICTING, REGULATING, PROHIBITING OR RELATING TO (I) THE OCCUPANCY, USE, OR ENJOYMENT OF THE LAND; (II) THE CHARACTER, DIMENSIONS OR LOCATION OF ANY IMPROVEMENT NOW OR HEREAFTER ERECTED ON THE LAND; (III) A SEPARATION IN OWNERSHIP OR A CHANGE IN THE DIMENSIONS OR AREA OF THE LAND OR ANY PARCEL OF WHICH THE LAND IS OR WAS A PART; OR (IV) ENVIRONMENTAL PROTECTION, OR THE EFFECT OF ANY VIOLATION OF THESE LAWS, ORDINANCES OR GOVERNMENTAL REGULATIONS, EXCEPT TO THE EXTENT THAT A NOTICE OF THE ENFORCEMENT THEREOF OR A NOTICE OF A DEFECT, LIEN OR ENCUMBRANCE RESULTING FROM A VIOLATION OR ALLEGED VIOLATION AFFECTING THE LAND HAS BEEN RECORDED IN THE PUBLIC RECORDS AT DATE OR POLICY.
   (B) ANY GOVERNMENTAL POLICE POWER NOT EXCLUDED BY (A) ABOVE, EXCEPT TO THE EXTEND THAT A NOTICE OF THE EXERCISE THEREOF OR NOTICE OF A DEFECT, LIEN OR ENCUMBRANCE RESULTING FROM A VIOLATION OR ALLEGED VIOLATION AFFECTING THE LAND HAS BEEN RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY.
2. RIGHTS OF EMINENT DOMAIN UNLESS NOTICE OF THE EXERCISE THEREOF HAS BEEN RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY, BUT NOT EXCLUDING FROM COVERAGE ANY TAKING WHICH HAS OCCURRED PRIOR TO DATE OF POLICY WHICH WOULD BE BINDING ON THE RIGHTS OF A PURCHASER FOR VALUE WITHOUT KNOWLEDGE.
3. DEFECTS, LIENS, ENCUMBRANCES, ADVERSE CLAIMS OR OTHER MATTERS:
   (A) WHETHER OR NOT RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY, BUT CREATED, SUFFERED, ASSUMED OR AGREED TO BY THE INSURED CLAIMANT;
   (B) NOT KNOWN TO THE COMPANY, NOT RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY, BUT KNOWN TO THE INSURED CLAIMANT AND NOT DISCLOSED IN WRITING TO THE COMPANY BY THE INSURED CLAIMANT PRIOR TO THE DATE THE INSURED CLAIMANT BECAME AN INSURED UNDER THIS POLICY;
   (C) RESULTING IN NO LOSS OR DAMAGE TO THE INSURED CLAIMANT;
   (D) ATTACHING OR CREATED SUBSEQUENT TO DATE OF POLICY; OR
   (E) RESULTING IN LOSS OR DAMAGE WHICH WOULD NOT HAVE BEEN SUSTAINED IF THE INSURED CLAIMANT HAD PAID VALUE FOR THE INSURED MORTGAGE OR FOR THE ESTATE OR INTEREST INSURED BY THIS POLICY.
4. UNENFORCEABILITY OF THE LIEN OF THE INSURED MORTGAGE BECAUSE OF THE INABILITY OR FAILURE OF THE INSURED AT DATE OF POLICY, OR THE INABILITY OR FAILURE OF ANY SUBSEQUENT OWNER OR INDEBTEDNESS, TO COMPLY WITH THE APPLICABLE DOING BUSINESS LAWS OF THE STATE IN WHICH THE LAND IS SITUATED.
5. INVALIDITY OR UNENFORCEABILITY OF THE LIEN OF THE INSURED MORTGAGE, OR CLAIM THEREOF, WHICH ARISES OUT OF THE TRANSACTION EVIDENCED BY THE INSURED MORTGAGE AND IS BASED UPON USURY OR ANY CONSUMER CREDIT PROTECTION OR TRUTH IN LENDING LAW.
6. ANY CLAIM, WHICH ARISES OUT OF THE TRANSACTION VESTING IN THE INSURED THE ESTATE OF INTEREST INSURED BY THIS POLICY OR THE TRANSACTION CREATING THE INTEREST OF THE INSURED LENDER, BY REASON OF THE OPERATION OF FEDERAL BANKRUPTCY, STATE INSOLVENCY OR SIMILAR CREDITORS' RIGHTS LAWS.

EXCEPTIONS FROM COVERAGE-SCHEDULE B, PART I

THIS POLICY DOES NOT INSURE AGAINST LOSS OR DAMAGE (AND THE COMPANY WILL NOT PAY COSTS, ATTORNEYS' FEES OR EXPENSES) WHICH ARISE BY REASON OF:

1. TAXES OR ASSESSMENTS WHICH ARE NOT SHOWN AS EXISTING LIENS BY THE RECORDS OF ANY TAXING AUTHORITY THAT LEVIES TAXES OR ASSESSMENTS ON REAL PROPERTY OR BY THE PUBLIC RECORDS.
   PROCEEDINGS BY A PUBLIC AGENCY WHICH MAY RESULT IN TAXES OR ASSESSMENTS, OR NOTICES OF SUCH PROCEEDINGS, WHETHER OR NOT SHOWN BY THE RECORDS OF SUCH AGENCY OR BY THE PUBLIC RECORDS.
2. ANY FACTS, RIGHTS, INTERESTS OR CLAIMS WHICH ARE NOT SHOWN BY THE PUBLIC RECORDS BUT WHICH COULD BE ASCERTAINED BY AN INSPECTION OF THE LAND OR WHICH MAY BE ASSERTED BY PERSONS IN POSSESSION THEREOF.
3. EASEMENTS, LIENS OR ENCUMBRANCES, OR CLAIMS THEREOF, WHICH ARE NOT SHOWN BY THE PUBLIC RECORDS.
4. DISCREPANCIES, CONFLICTS IN BOUNDARY LINES, SHORTAGE IN AREA, ENCROACHMENTS, OR ANY OTHER FACTS WHICH A CORRECT SURVEY WOULD DISCLOSE, AND WHICH ARE NOT SHOWN BY THE PUBLIC RECORDS.
5. (A) UNPATENTED MINING CLAIMS; (B) RESERVATIONS OR EXCEPTIONS IN PATENTS OR IN ACTS AUTHORIZING THE ISSUANCE THEREOF; (C) WATER RIGHTS, CLAIMS OR TITLE TO WATER, WHETHER OR NOT THE MATTERS EXCEPTED UNDER (A), (B) OR (C) ARE SHOWN BY THE PUBLIC RECORDS.

(LIST OF PRINTED EXCEPTIONS AND EXCLUSIONS CONTINUED ON NEXT PAGE)

CLTA HOMEOWNER'S POLICY OF TITLE INSURANCE (10-22-03)
ALTA HOMEOWNER'S POLICY OF TITLE INSURANCE
EXCLUSIONS

IN ADDITION TO THE EXCEPTIONS IN SCHEDULE B, YOU ARE NOT INSURED AGAINST LOSS, COSTS, ATTORNEYS' FEES, AND EXPENSES RESULTING FROM:

1. GOVERNMENTAL POLICE POWER, AND THE EXISTENCE OR VIOLATION OF ANY LAW OR GOVERNMENT REGULATION. THIS INCLUDES ORDINANCES, LAWS AND REGULATIONS CONCERNING:

   A. BUILDING
   B. ZONING
   C. LAND USE
   D. IMPROVEMENTS ON LAND
   E. LAND DIVISION
   F. ENVIRONMENTAL PROTECTION

   THIS EXCLUSION DOES NOT APPLY TO VIOLATIONS OR THE ENFORCEMENT OF THESE MATTERS IF NOTICE OF THE VIOLATION OR ENFORCEMENT APPEARS IN THE PUBLIC RECORDS AT THE POLICY DATE.

   THIS EXCLUSION DOES NOT LIMIT THE COVERAGE DESCRIBED IN COVERED RISK 14, 15, 16, 17, OR 24.

2. THE FAILURE OF YOUR EXISTING STRUCTURES, OR ANY PART OF THEM, TO BE CONSTRUCTED IN ACCORDANCE WITH APPLICABLE BUILDING CODES. THIS EXCLUSION DOES NOT APPLY TO VIOLATIONS OF BUILDING CODES IF NOTICE OF THE VIOLATION APPEARS IN THE PUBLIC RECORDS AT THE POLICY DATE.

3. THE RIGHT TO TAKE THE LAND BY CONDEMNING IT, UNLESS:
   A. NOTICE OF EXERCISING THE RIGHT APPEARS IN THE PUBLIC RECORDS AT THE POLICY DATE; OR
   B. THE TAKING HAPPENED BEFORE THE POLICY DATE AND IS BINDING ON YOU IF YOU BOUGHT THE LAND WITHOUT KNOWING OF THE TAKING.
4. RISKS:
   A. THAT ARE CREATED, ALLOWED, OR AGREED TO BY YOU, WHETHER OR NOT THEY APPEAR IN THE PUBLIC RECORDS;
   B. THAT ARE KNOWN TO YOU AT THE POLICY DATE, BUT NOT TO US, UNLESS THEY APPEAR IN THE PUBLIC RECORDS AT THE POLICY DATE;
   C. THAT RESULT IN NO LOSS TO YOU; OR
   D. THAT FIRST OCCUR AFTER THE POLICY DATE - THIS DOES NOT LIMIT THE COVERAGE DESCRIBED IN COVERED RISK 7, 8.D, 22, 23, 24 OR 25.

5. FAILURE TO PAY VALUE FOR YOUR TITLE.

6. LACK OF A RIGHT:
   A. TO ANY LAND OUTSIDE THE AREA SPECIFICALLY DESCRIBED AND REFERRED TO IN PARAGRAPH 3 OF SCHEDULE A; AND
   B. IN STREETS, ALLEYS, OR WATERWAYS THAT TOUCH THE LAND.
   THIS EXCLUSION DOES NOT LIMIT THE COVERAGE DESCRIBED IN COVERED RISK 11 OR 18.

LIMITATIONS ON COVERED RISKS

YOUR INSURANCE FOR THE FOLLOWING COVERED RISKS IS LIMITED ON THE OWNER'S COVERAGE STATEMENT AS FOLLOWS:

FOR COVERED RISK 14, 15, 16 and 18, YOUR DEDUCTIBLE AMOUNT AND MAXIMUM DOLLAR LIMIT OF LIABILITY SHOWN IN SCHEDULE A.

Covered Risk 14 :	1% of Policy Amount	or $2,500.00	$10,000.00 (whichever is less)
Covered Risk 15:	1% of Policy Amount	or $5,000.00	$25,000.00 (whichever is less)
Covered Risk 16:	1% of Policy Amount	or $5,000.00	$25,000.00 (whichever is less)
Covered Risk 18:	1% of Policy Amount	or $2,500.00	$5,000.00 (whichever is less)

(LIST OF PRINTED EXCEPTIONS AND EXCLUSIONS CONTINUED ON NEXT PAGE)

AMERICAN LAND TITLE ASSOCIATION
RESIDENTIAL TITLE INSURANCE POLICY (6-1-87)
EXCLUSIONS

IN ADDITION TO THE EXCEPTIONS IN SCHEDULE B, YOU ARE NOT INSURED AGAINST LOSS, COSTS, ATTORNEYS' FEES, AND EXPENSES RESULTING FROM:

1. GOVERNMENTAL POLICE POWER, AND THE EXISTENCE OR VIOLATION OF ANY LAW OR GOVERNMENTAL REGULATION. THIS INCLUDES BUILDING AND ZONING ORDINANCES AND ALSO LAWS AND REGULATIONS CONCERNING:
   - LAND USE
   - LAND DIVISION
   - IMPROVEMENTS ON THE LAND
   - ENVIRONMENTAL PROTECTION

   THIS EXCLUSION DOES NOT APPLY TO VIOLATIONS OR THE ENFORCEMENT OF THESE MATTERS WHICH APPEAR IN THE PUBLIC RECORDS AT POLICY DATE.
   THIS EXCLUSION DOES NOT LIMIT THE ZONING COVERAGE DESCRIBED IN ITEMS 12 AND 13 OF COVERED TITLE RISKS.

2. THE RIGHT TO TAKE THE LAND BY CONDEMNING IT, UNLESS:
   - A NOTICE OF EXERCISING THE RIGHT APPEARS IN THE PUBLIC RECORDS ON THE POLICY DATE
   - THE TAKING HAPPENED PRIOR TO THE POLICY DATE AND IS BINDING ON YOU IF YOU BOUGHT THE LAND WITHOUT KNOWING OF THE TAKING

3. TITLE RISKS:
   - THAT ARE CREATED, ALLOWED, OR AGREED TO BY YOU
   - THAT ARE KNOWN TO YOU, BUT NOT TO US, ON THE POLICY DATE - - UNLESS THEY APPEARED IN THE PUBLIC RECORDS
   - THAT RESULT IN NO LOSS TO YOU
   - THAT FIRST AFFECT YOUR TITLE AFTER THE POLICY DATE - - THIS DOES NOT LIMIT THE LABOR AND MATERIAL LIEN COVERAGE IN ITEM 8 OF COVERED TITLE RISKS

4. FAILURE TO PAY VALUE FOR YOUR TITLE.

5. LACK OF A RIGHT:
   - TO ANY LAND OUTSIDE THE AREA SPECIFICALLY DESCRIBED AND REFERRED TO IN ITEM 3 OF SCHEDULE A OR
   - IN STREETS, ALLEYS, OR WATERWAYS THAT TOUCH YOUR LAND

   THIS EXCLUSION DOES NOT LIMIT THE ACCESS COVERAGE IN ITEM 5 OF COVERED TITLE RISKS.

AMERICAN LAND TITLE ASSOCIATION LOAN POLICY (10-17-92)
WITH ALTA ENDORSEMENT - FORM 1 COVERAGE
EXCLUSIONS AND COVERAGE

THE FOLLOWING MATTERS ARE EXPRESSLY EXCLUDED FROM THE COVERAGE OF THIS POLICY AND THE COMPANY WILL NOT PAY LOSS OR DAMAGE, COSTS, ATTORNEYS' FEES OR EXPENSES WHICH ARISE BY REASON OF:

1. (A) ANY LAW, ORDINANCE OR GOVERNMENTAL REGULATION (INCLUDING BUT NOT LIMITED TO BUILDING AND ZONING LAWS, ORDINANCES, OR REGULATIONS) RESTRICTING, REGULATING, PROHIBITING OR RELATING TO (I) THE OCCUPANCY, USE, OR ENJOYMENT OF THE LAND; (II) THE CHARACTER, DIMENSIONS OR LOCATION OF ANY IMPROVEMENT NOW OR HEREAFTER ERECTED ON THE LAND; (III) A SEPARATION IN OWNERSHIP OR A CHANGE IN THE DIMENSIONS OR AREA OF THE LAND OR ANY PARCEL OF WHICH THE LAND IS OR WAS A PART; OR (IV) ENVIRONMENTAL PROTECTION, OR THE EFFECT OF ANY VIOLATION OF THESE LAWS, ORDINANCES OR GOVERNMENTAL REGULATIONS, EXCEPT TO THE EXTENT THAT A NOTICE OF THE ENFORCEMENT THEREOF OR A NOTICE OF A DEFECT, LIEN OR ENCUMBRANCE RESULTING FROM A VIOLATION OR ALLEGED VIOLATION AFFECTING THE LAND HAS BEEN RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY.
   (B) ANY GOVERNMENTAL POLICE POWER NOT EXCLUDED BY (A) ABOVE, EXCEPT TO THE EXTENT THAT A NOTICE OF THE EXERCISE THEREOF OR A NOTICE OF A DEFECT, LIEN OR ENCUMBRANCE RESULTING FROM A VIOLATION OR ALLEGED VIOLATION AFFECTING THE LAND HAS BEEN RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY.
2. RIGHTS OF EMINENT DOMAIN UNLESS NOTICE OF THE EXERCISE THEREOF HAS BEEN RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY, BUT NOT EXCLUDING FROM COVERAGE ANY TAKING WHICH HAS OCCURRED PRIOR TO DATE OF POLICY WHICH WOULD BE BINDING ON THE RIGHTS OF A PURCHASER FOR VALUE WITHOUT KNOWLEDGE.

(LIST OF PRINTED EXCEPTIONS AND EXCLUSIONS CONTINUED ON NEXT PAGE)

3. DEFECTS, LIENS, ENCUMBRANCES, ADVERSE CLAIMS OR OTHER MATTERS:
   (A) CREATED, SUFFERED, ASSUMED OR AGREED TO BY THE INSURED CLAIMANT;
   (B) NOT KNOWN TO THE COMPANY, NOT RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY, BUT KNOWN TO THE INSURED CLAIMANT AND NOT DISCLOSED IN WRITING TO THE COMPANY BY THE INSURED CLAIMANT PRIOR TO THE DATE THE INSURED CLAIMANT BECAME AN INSURED UNDER THIS POLICY;
   (C) RESULTING IN NO LOSS OR DAMAGE TO THE INSURED CLAIMANT;
   (D) ATTACHING OR CREATED SUBSEQUENT TO DATE OF POLICY (EXCEPT TO THE EXTENT THAT THIS POLICY INSURES THE PRIORITY OF THE LIEN OF THE INSURED MORTGAGE OVER ANY STATUTORY LIEN FOR SERVICES, LABOR OR MATERIAL OR TO THE EXTENT INSURANCE IS AFFORDED HEREIN AS TO THE ASSESSMENTS FOR STREET IMPROVEMENTS UNDER CONSTRUCTION OR COMPLETED AT DATE OF POLICY); OR
   (E) RESULTING IN LOSS OR DAMAGE WHICH WOULD NOT HAVE BEEN SUSTAINED IF THE INSURED CLAIMANT HAD PAID VALUE FOR THE INSURED MORTGAGE.
4. UNENFORCEABILITY OF THE LIEN OF THE INSURED MORTGAGE BECAUSE OF THE INABILITY OR FAILURE OF THE INSURED AT DATE OF POLICY, OR THE INABILITY OR FAILURE OF ANY SUBSEQUENT OWNER OF THE INDEBTEDNESS, TO COMPLY WITH APPLICABLE DOING BUSINESS LAWS OF THE STATE IN WHICH THE LAND IS SITUATED.
5. INVALIDITY OR UNENFORCEABILITY OF THE LIEN OF THE INSURED MORTGAGE, OR CLAIM THEREOF, WHICH ARISES OUT OF THE TRANSACTION EVIDENCED BY THE INSURED MORTGAGE AND IS BASED UPON USURY OR ANY CONSUMER CREDIT PROTECTION OR TRUTH IN LENDING LAW.
6. ANY STATUTORY LIEN FOR SERVICES, LABOR OR MATERIALS (OR THE CLAIM OF PRIORITY OF ANY STATUTORY LIEN FOR SERVICES, LABOR OR MATERIALS OVER THE LIEN OF THE INSURED MORTGAGE) ARISING FROM AN IMPROVEMENT OR WORK RELATED TO THE LAND WHICH IS CONTRACTED FOR AND COMMENCED SUBSEQUENT TO DATE OF POLICY AND IS NOT FINANCED IN WHOLE OR IN PART BY PROCEEDS OF THE INDEBTEDNESS SECURED BY THE INSURED MORTGAGE WHICH AT DATE OF POLICY THE INSURED HAS ADVANCED OR IS OBLIGATED TO ADVANCE.
7. ANY CLAIM, WHICH ARISES OUT OF THE TRANSACTION CREATING THE INTEREST OF THE MORTGAGEE INSURED BY THIS POLICY, BY REASON OF THE OPERATION OF FEDERAL BANKRUPTCY, STATE INSOLVENCY, OR SIMILAR CREDITORS' RIGHTS LAWS, THAT IS BASED ON:

   (I) THE TRANSACTION CREATING THE INTEREST OF THE INSURED MORTGAGEE BEING DEEMED A FRAUDULENT CONVEYANCE OR FRAUDULENT TRANSFER; OR

   (II) THE SUBORDINATION OF THE INTEREST OF THE INSURED MORTGAGEE AS A RESULT OF THE APPLICATION OF THE DOCTRINE OR EQUITABLE SUBORDINATION; OR

   (III) THE TRANSACTION CREATING THE INTEREST OF THE INSURED MORTGAGEE BEING DEEMED A PREFERENTIAL TRANSFER EXCEPT WHERE THE PREFERENTIAL TRANSFER RESULTS FROM THE FAILURE:

      (a) TO TIMELY RECORDED THE INSTRUMENT OF TRANSFER; OR

      (b) OF SUCH RECORDATION TO IMPART NOTICE TO A PURCHASER FOR VALUE OR A JUDGMENT OR LIEN CREDITOR.

THE ABOVE POLICY FORMS MAY BE ISSUED TO AFFORD EITHER STANDARD COVERAGE OR EXTENDED COVERAGE. IN ADDITION TO THE ABOVE EXCLUSIONS FROM COVERAGE, THE EXCEPTIONS FROM COVERAGE IN A STANDARD COVERAGE POLICY WILL ALSO INCLUDE THE FOLLOWING GENERAL EXCEPTIONS:

EXCEPTIONS FROM COVERAGE

THIS POLICY DOES NOT INSURE AGAINST LOSS OR DAMAGE (AND THE COMPANY WILL NOT PAY COSTS, ATTORNEYS' FEES OR EXPENSES) WHICH ARISE BY REASON OF:

1. TAXES OR ASSESSMENTS WHICH ARE NOT SHOWN AS EXISTING LIENS BY THE RECORDS OF ANY TAXING AUTHORITY THAT LEVIES TAXES OR ASSESSMENTS ON REAL PROPERTY OR BY THE PUBLIC RECORDS.
   PROCEEDINGS BY A PUBLIC AGENCY WHICH MAY RESULT IN TAXES OR ASSESSMENTS, OR NOTICES OF SUCH PROCEEDINGS, WHETHER OR NOT SHOWN BY THE RECORDS OF SUCH AGENCY OR BY THE PUBLIC RECORDS.
2. ANY FACTS, RIGHTS, INTERESTS OR CLAIMS WHICH ARE NOT SHOWN BY THE PUBLIC RECORDS BUT WHICH COULD BE ASCERTAINED BY AN INSPECTION OF THE LAND OR WHICH MAY BE ASSERTED BY PERSONS IN POSSESSION THEREOF.
3. EASEMENTS, LIENS OR ENCUMMBRANCES, OR CLAIMS THEREOF, WHICH ARE NOT SHOWN BY THE PUBLIC RECORDS.
4. DISCREPANCIES, CONFLICTS IN BOUNDARY LINES, SHORTAGE IN AREA, ENCROACHMENTS, OR ANY OTHER FACTS WHICH A CORRECT SURVEY WOULD DISCLOSE, AND WHICH ARE NOT SHOWN BY THE PUBLIC RECORDS.
5. (A) UNPATENTED MINING CLAIMS; (B) RESERVATIONS OR EXCEPTIONS IN PATENTS OR IN ACTS AUTHORIZING THE ISSUANCE THEREOF; (C) WATER RIGHTS, CLAIMS OR TITLE TO WATER, WHETHER OR NOT THE MATTERS EXCEPTED UNDER (A), (B) OR (C) ARE SHOWN BY THE PUBLIC RECORDS.

(LIST OF PRINTED EXCEPTIONS AND EXCLUSIONS CONTINUED ON NEXT PAGE)

AMERICAN LAND TITLE ASSOCIATION OWNER'S POLICY (10-17-92)

EXCLUSIONS FROM COVERAGE

THE FOLLOWING MATTERS ARE EXPRESSLY EXCLUDED FROM THE COVERAGE OF THIS POLICY AND THE COMPANY WILL NOT PAY LOSS OR DAMAGE, COSTS, ATTORNEYS' FEES OR EXPENSES WHICH ARISE BY REASON OF:

1. (A) ANY LAW, ORDINANCE OR GOVERNMENTAL REGULATION (INCLUDING BUT NOT LIMITED TO BUILDING AND ZONING LAWS, ORDINANCES, OR REGULATIONS) RESTRICTING, REGULATING, PROHIBITING OR RELATING TO (I) THE OCCUPANCY, USE, OR ENJOYMENT OF THE LAND; (II) THE CHARACTER, DIMENSIONS OR LOCATION OF ANY IMPROVEMENT NOW OR HEREAFTER ERECTED ON THE LAND; (III) A SEPARATION IN OWNERSHIP OR A CHANGE IN THE DIMENSIONS OR AREA OF THE LAND OR ANY PARCEL OF WHICH THE LAND IS OR WAS A PART; OR (IV) ENVIRONMENTAL PROTECTION, OR THE EFFECT OF ANY VIOLATION OF THESE LAWS, ORDINANCES OR GOVERNMENTAL REGULATIONS, EXCEPT TO THE EXTENT THAT A NOTICE OF THE ENFORCEMENT THEREOF OR A NOTICE OF A DEFECT, LIEN OR ENCUMBRANCE RESULTING FROM A VIOLATION OR ALLEGED VIOLATION AFFECTING THE LAND HAS BEEN RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY.
   (B) ANY GOVERNMENTAL POLICE POWER NOT EXCLUDED BY (A) ABOVE, EXCEPT TO THE EXTENT THAT A NOTICE OF THE EXERCISE THEREOF OR A NOTICE OF A DEFECT, LIEN OR ENCUMBRANCE RESULTING FROM A VIOLATION OR ALLEGED VIOLATION AFFECTING THE LAND HAS BEEN RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY.
2. RIGHTS OF EMINENT DOMAIN UNLESS NOTICE OF THE EXERCISE THEREOF HAS BEEN RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY, BUT NOT EXCLUDING FROM COVERAGE ANY TAKING WHICH HAS OCCURRED PRIOR TO DATE OF POLICY WHICH WOULD BE BINDING ON THE RIGHTS OF A PURCHASER FOR VALUE WITHOUT KNOWLEDGE.
3. DEFECTS, LIENS, ENCUMBRANCES, ADVERSE CLAIMS OR OTHER MATTERS:
   (A) CREATED, SUFFERED, ASSUMED OR AGREED TO BY THE INSURED CLAIMANT;
   (B) NOT KNOWN TO THE COMPANY, NOT RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY, BUT KNOWN TO THE INSURED CLAIMANT AND NOT DISCLOSED IN WRITING TO THE COMPANY BY THE INSURED CLAIMANT PRIOR TO THE DATE THE INSURED CLAIMANT BECAME AN INSURED UNDER THIS POLICY;
   (C) RESULTING IN NO LOSS OR DAMAGE TO THE INSURED CLAIMANT;
   (D) ATTACHING OR CREATED SUBSEQUENT TO DATE OF POLICY; OR
   (E) RESULTING IN LOSS OR DAMAGE WHICH WOULD NOT HAVE BEEN SUSTAINED IF THE INSURED CLAIMANT HAD PAID VALUE FOR THE ESTATE OR INTEREST INSURED BY THIS POLICY.
4. ANY CLAIM, WHICH ARISES OUT OF THE TRANSACTION VESTING IN THE INSURED THE ESTATE OR INTEREST INSURED BY THIS POLICY, BY REASON OF THE OPERATION OF FEDERAL BANKRUPTCY, STATE INSOLVENCY, OR SIMILAR CREDITORS' RIGHTS LAWS, THAT IS BASED ON:

   (I) THE TRANSACTION CREATING THE ESTATE OR INTEREST INSURED BY THIS POLICY BEING DEEMED A FRAUDULENT CONVEYANCE OR FRAUDULENT TRANSFER; OR

   (II) THE TRANSACTION CREATING THE ESTATE OR INTEREST INSURED BY THIS POLICY BEING DEEMED A PREFERENTIAL TRANSFER EXCEPT WHERE THE PREFERENTIAL TRANSFER RESULTS FROM THE FAILURE:

      (a) TO TIMELY RECORD THE INSTRUMENT OF TRANSFER; OR

      (b) OF SUCH RECORDATION TO IMPART NOTICE TO A PURCHASER FOR VALUE OR A JUDGEMENT OR LIEN CREDITOR.

THE ABOVE POLICY FORMS MAY BE ISSUED TO AFFORD EITHER STANDARD COVERAGE OR EXTENDED COVERAGE. IN ADDITION TO THE ABOVE EXCLUSIONS FROM COVERAGE, THE EXCEPTIONS FROM COVERAGE IN A STANDARD COVERAGE POLICY WILL INCLUDE THE FOLLOWING GENERAL INSTRUCTIONS:

EXCEPTIONS FROM COVERAGE

THIS POLICY DOES NOT INSURE AGAINST LOSS OR DAMAGE (AND THE COMPANY WILL NOT PAY COSTS, ATTORNEYS' FEES OR EXPENSES) WHICH ARISE BY REASON OF:

1. TAXES OR ASSESSMENTS WHICH ARE NOT SHOWN AS EXISTING LIENS BY THE RECORDS OF ANY TAXING AUTHORITY THAT LEVIES TAXES OR ASSESSMENTS ON REAL PROPERTY OR BY THE PUBLIC RECORDS.
   PROCEEDINGS BY A PUBLIC AGENCY WHICH MAY RESULT IN TAXES OR ASSESSMENTS, OR NOTICES OF SUCH PROCEEDINGS, WHETHER OR NOT SHOWN BY THE RECORDS OF SUCH AGENCY OR BY THE PUBLIC RECORDS.
2. ANY FACTS, RIGHTS, INTERESTS OR CLAIMS WHICH ARE NOT SHOWN BY THE PUBLIC RECORDS BUT WHICH COULD BE ASCERTAINED BY AN INSPECTION OF THE LAND OR WHICH MAY BE ASSERTED BY PERSONS IN POSSESSION THEREOF.
3. EASEMENTS, LIENS OR ENCUMBRANCES, OR CLAIMS THEREOF, WHICH ARE NOT SHOWN BY THE PUBLIC RECORDS.
4. DISCREPANCIES, CONFLICTS IN BOUNDARY LINES, SHORTAGE IN AREA, ENCROACHMENTS, OR ANY OTHER FACTS WHICH A CORRECT SURVEY WOULD DISCLOSE, AND WHICH ARE NOT SHOWN BY THE PUBLIC RECORDS.
5. (A) UNPATENTED MINING CLAIMS; (B) RESERVATIONS OR EXCEPTIONS IN PATENTS OR IN ACTS AUTHORIZING THE ISSUANCE THEREOF; (C) WATER RIGHTS, CLAIMS OR TITLE TO WATER, WHETHER OR NOT THE MATTERS EXCEPTED UNDER (A), (B) OR (C) ARE SHOWN BY THE PUBLIC RECORDS.

ALTA EXPANDED COVERAGE RESIDENTIAL LOAN POLICY (10/13/01)

EXCLUSIONS FROM COVERAGE

THE FOLLOWING MATTERS ARE EXPRESSLY EXCLUDED FROM THE COVERAGE OF THIS POLICY AND THE COMPANY WILL NOT PAY LOSS OR DAMAGE, COST, ATTORNEYS' FEES OR EXPENSES WHICH ARISE BY REASON OF:

1. (A) ANY LAW, ORDINANCE OR GOVERNMENTAL REGULATION (INCLUDING BUT NOT LIMITED TO BUILDING AND ZONING LAWS, ORDINANCES, OR REGULATIONS) RESTRICTING, REGULATING, PROHIBITING OR RELATING TO (I) THE OCCUPANCY, USE, OR ENJOYMENT OF THE LAND; (II) THE CHARACTER, DIMENSIONS OR LOCATION OF ANY IMPROVEMENT NOW OR HEREAFTER ERECTED ON THE LAND; (III) A SEPARATION IN OWNERSHIP OR A CHANGE IN THE DIMENSIONS OR AREAS OF THE LAND OR ANY PARCEL OF WHICH THE LAND IS OR WAS A PART; OR (IV) ENVIRONMENTAL PROTECTION, OR THE EFFECT OF ANY VIOLATION OF THESE LAWS, ORDINANCES OR GOVERNMENTAL REGULATIONS, EXCEPT TO THE EXTENT THAT A NOTICE OF THE ENFORCEMENT THEREOF OR A NOTICE OF A DEFECT, LIEN OR ENCUMBRANCE RESULTING FROM A VIOLATION OR ALLEGED VIOLATION AFFECTING THE LAND HAS BEEN RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY.
   THIS EXCLUSION DOES NOT LIMIT THE COVERAGE PROVIDED COVERED RISKS 12, 13, 14, AND 16 OF THIS POLICY.
   (B) ANY GOVERNMENTAL POLICE POWER NOT EXCLUDED BY (A) ABOVE, EXCEPT TO THE EXTENT THAT A NOTICE OF THE EXERCISE THEREOF OR A NOTICE OF A DEFECT, LIEN OR ENCUMBRANCE RESULTING FROM A VIOLATION OR ALLEGED VIOLATION AFFECTING THE LAND HAS BEEN RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY.
   THIS EXCLUSION FROM COVERAGE DOES NOT LIMIT THE COVERAGE PROVIDED UNDER COVERED RISKS 12, 13, 14, AND 16 OF THIS POLICY.

2. RIGHTS OF EMINENT DOMAIN UNLESS NOTICE OF THE EXERCISE THEREOF HAS BEEN RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY, BUT NOT EXCLUDING FROM COVERAGE ANY TAKING WHICH HAS OCCURRED PRIOR TO DATE OF POLICY WHICH WOULD BE BINDING ON THE RIGHTS OF A PURCHASER FOR VALUE WITHOUT KNOWLEDGE.

3. DEFECTS, LIENS, ENCUMBRANCES, ADVERSE CLAIMS OR OTHER MATTERS:
   (A) CREATED, SUFFERED, ASSUMED OR AGREED TO BY THE INSURED CLAIMANT;
   (B) NOT KNOWN TO THE COMPANY, NOT RECORDED IN THE PUBLIC RECORDS AT DATE OF POLICY, BUT KNOWN TO THE INSURED CLAIMANT AND NOT DISCLOSED IN WRITING TO THE COMPANY BY THE INSURED CLAIMANT PRIOR TO THE DATE THE INSURED CLAIMANT BECAME AN INSURED UNDER THIS POLICY;
   (C) RESULTING IN NO LOSS OR DAMAGE TO THE INSURED CLAIMANT;
   (D) ATTACHING OR CREATED SUBSEQUENT TO DATE OF POLICY (THIS PARAGRAPH DOES NOT LIMIT THE COVERAGE PROVIDED UNDER COVERED RISKS 8, 16, 18, 19, 20, 21, 22, 23, 24, 25 AND 26); OR
   (E) RESULTING IN LOSS OR DAMAGE WHICH WOULD NOT HAVE BEEN SUSTAINED IF THE INSURED CLAIMANT HAD PAID VALUE FOR THE INSURED MORTGAGE.

4. UNENFORCEABILITY OF THE LIEN OF THE INSURED MORTGAGE BECAUSE OF THE INABILITY OR FAILURE OF THE INSURED AT DATE OF POLICY, OR THE INABILITY OR FAILURE OF ANY SUBSEQUENT OWNER OF THE INDEBTEDNESS, TO COMPLY WITH APPLICABLE DOING BUSINESS LAWS OF THE STATE IN WHICH THE LAND IS SITUATED.

5. INVALIDITY OR UNENFORCEABILITY OF THE LIEN OF THE INSURED MORTGAGE, OR CLAIM THEREOF, WHICH ARISES OUT OF THE TRANSACTION EVIDENCED BY THE INSURED MORTGAGE AND IS BASED UPON USURY, EXCEPT AS PROVIDED IN COVERED RISK 27, ANY CONSUMER CREDIT PROTECTION OR TRUTH-IN-LENDING LAW.

6. REAL PROPERTY TAXES OR ASSESSMENTS OF ANY GOVERNMENTAL AUTHORITY WHICH BECOME A LIEN ON THE LAND SUBSEQUENT TO DATE OF POLICY. THIS EXCLUSION DOES NOT LIMIT THE COVERAGE PROVIDED UNDER COVERED RISKS 8.

7. ANY CLAIM OF INVALIDITY, UNENFORCEABILITY OR LACK OF PRIORITY ON THE LIEN OF THE INSURED MORTGAGE AS TO ADVANCES OR MODIFICATIONS MADE AFTER THE INSURED HAS KNOWLEDGE THAT THE VESTEE SHOWN IN SCHEDULE A IS NO LONGER THE OWNER OF THE ESTATE OR INTEREST COVERED BY THIS POLICY. THIS EXCLUSION DOES NOT LIMIT THE COVERAGE PROVIDED UNDER COVERED RISKS 7, 8(e) AND 26.

8. LACK OF PRIORITY OF THE LIEN OF THE INSURED MORTGAGE AS TO EACH AND EVERY ADVANCE MADE AFTER DATE OF POLICY, AND ALL INTEREST CHARGED THEREON, OVER LIENS, ENCUMBRANCES AND OTHER MATTERS AFFECTING THE TITLE, THE EXISTENCE OF WHICH ARE KNOWN TO THE INSURED AT:

   (a) THE TIME OF THE ADVANCE; OR

   (b) THE TIME A MODIFICATION IS MADE TO THE TERMS OF THE INSURED MORTGAGE WHICH CHANGES THE RATE OF INTEREST CHARGED, IF THE RATE OF INTEREST IS GREATER AS A RESULT OF THE MODIFICATION THAN IT WOULD HAVE BEEN BEFORE THE MODIFICATION. THIS EXCLUSION DOES NOT LIMIT THE COVERAGE PROVIDED IN COVERED RISK 8.

9. THE FAILURE OF THE RESIDENTIAL STRUCTURE, OR ANY PORTION THEREOF TO HAVE BEEN CONSTRUCTED BEFORE, ON OR AFTER DATE OF POLICY IN ACCORDANCE WITH APPLICABLE BUILDING CODES. THIS EXCLUSION DOES NOT APPLY TO VIOLATIONS OF BUILDING CODES IF NOTICE OF THE VIOLATION APPEARS IN THE PUBLIC RECORDS AT DATE OF POLICY.

Privacy Policy Notice

PURPOSE OF THIS NOTICE

Title V of the Gramm-Leach-Bliley Act (GLBA) generally prohibits any financial institution, directly or through its affiliates, from sharing nonpublic personal information about you with nonaffiliated third party unless the institution provides you with a notice of its privacy policies and practices, such as the type of information that it collects about you and the categories of persons or entities to whom it may be disclosed. In compliance with the GLBA, we are providing you with this document, which notifies you of the privacy policies and practices of Stewart Title Guaranty Company, Stewart Title Insurance Company, Stewart Title of California, Inc.

We may collect nonpublic personal information about you from the following sources:

* Information we receive from you, such as on applications or other forms.
* Information about your transactions we secure from our files, or from our affiliates or others.
* Information we receive from a consumer reporting agency.
* Information that we receive from others involved in your transaction, such as the real estate agent or lender.

Unless it is specifically stated otherwise in an amended Privacy Policy Notice, no additional nonpublic personal information will be collected about you.

We may disclose any of the above information that we collect about our customers or former customers to our affiliates or to nonaffiliates third parties permitted by law.

We also may disclose this information about our customers or former customers to companies that perform services on our behalf as permitted by law.

WE DO NOT DISCLOSE ANY NONPUBLIC PERSONAL INFORMATION ABOUT YOU WITH ANYONE FOR ANY PURPOSE THAT IS NOT SPECIFICALLY PERMITTED BY LAW.

We restrict access to nonpublic personal information about you to those employees who need to know that information in order to provide products or services to you. We maintain physical, electronic, and procedural safeguards that comply with federal regulations to guard your nonpublic personal information.

215 553

Los Angeles Trust Company (formerly Los Angeles Trust and Savings Bank), the corporation that executed the ~~first~~ foregoing instrument, and acknowledged to me that such corporation executed the same as such Trustee. In Witness Whereof, I have hereunto set my hand and affixed my official seal in said County, the day and year in this certificate first above written.

(Notarial Seal) Florence M. Fetterly, Notary Public in and for the County of Los Angeles, State of California.

My Commission expires: November 18th, 1914.

239. A full, true and correct copy of original recorded at request of Los Angeles Title & Tr. Co., Jun 17, 1913, at 9 A. M. # 43-. Copyist # 6.

C. L. Logan, County Recorder, by F. Levy Deputy.

Grant Deed. James M. Wadsworth and Elizabeth Wadsworth, his wife, of Los Angeles County, California, in consideration of Ten Dollars, to them in hand paid, the receipt of which is hereby acknowledged, do hereby Grant to Fred Kuhn, of Los Angeles County, California, all that real property situate in the Rancho La Puente County of Los Angeles, State of California, described as follows:

Lot Four Hundred Forty-five (445) of Tract Number Six Hundred and six (606), as per map recorded in Book 15, pages 142 and 143 of Maps in the office of the County Recorder of said County. Subject to taxes for the fiscal year 1913-14.

Subject, also, to right to extract ore and right of way as of record.

As an appurtenance to said property the said Grantors also hereby Grant to the said Grantee an undivided four-tenths interest in and to that certain pumping plant located on Lot 444, Tract No. 606, together with the right to use the pipe line to convey water from said pumping plant to said Lot 445.

Witness our hands this twelfth day of May, 1913.

James M. Wadsworth.

Elizabeth Wadsworth.

State of California, County of Los Angeles, } ss.

Los Angeles County, California.

3. A full, true and correct copy of original recorded at request of Grantee, Jun 17, 1913, at 9 A. M. # 5-. Copyist # 6.

C. L. Logan, County Recorder, by [illegible] Deputy.

This Indenture, Made this 20th day of May 1913, Witnesseth: That, Whereas the certain promissory note for the sum of Fifteen thousand ($15,000) Dollars with interest, mentioned as secured by that certain Deed of Trust made by Theodore Wiesendanger to the Title Guarantee and Trust Company, (a Corporation having its principal place of business in the City of and County of Los Angeles, State of California,) dated the 4th day of August 1909, and recorded in the records of the County of Los Angeles, State of California, in book 3873 page 180 of deeds, has been fully paid, and it is desired to discharge said trust as to the premises therein described.

Now, Therefore, In consideration of such payment and the receipt of One Dollar, and at the request of International Savings and Exchange Bank, a corporation, party of the third part, mentioned in said Deed of Trust, the Title Guarantee and Trust Company, does hereby remise, release and reconvey unto Theodore Wiesendanger, his heirs and assigns, all the estate in the premises described in said Deed of Trust acquired by the Trustee therein; reference being hereby made to the record of said Deed for a particular description of said premises, the intention of this Corporation, acting as Trustee, being to acknowledge a full satisfaction of the indebtedness recited in the Deed of Trust, and to reconvey the estate acquired by said Deed of Trust to the party who held the legal title when the trust deed was executed. To Have and to Hold, by said second party, his heirs and assigns forever. In Witness Whereof, the said Title Guarantee and Trust Company has caused the corporate name to be signed to these presents by its Vice-President and attested by its Assistant Secretary, and has affixed its seal, the day and year first above mentioned.

Recorded and examined: NAMER. BEATTY, [illegible]

RE: JOINT OUTFALL "H" TRUNK SEWER, UNIT 7 - EASEMENT NO. 1199

The Chief Engineer and General Manager presented a proposed easement executed by the executors hereinafter named, granting to County Sanitation District No. 2 of Los Angeles County certain land for right of way and recommended that said easement be accepted and ordered recorded.

Upon motion of Director **Bradshaw**, seconded by Director Quinn and unanimously carried, said easement was accepted and the Secretary was instructed to have same recorded, to-wit:

EASEMENT NO. 1199, executed April 1, 1954 by Leonard Ranch; By A. Jerome Leonard and Halina Leonard, granting to County Sanitation District No. 2 of Los Angeles County a perpetual easement and right of way for sewer purposes, described as follows:

A strip of land ten (10) feet in width being the southwesterly ten (10) feet of Lot 144, Tract No. 606, as shown on map recorded in Book 15, pages 184 and 185 of Maps, in the office of the Recorder of the County of Los Angeles.

Reserving unto said grantor all of above described ten foot strip of land below a depth of 20 feet from the surface of the ground.

STATE OF CALIFORNIA)
) ss.
COUNTY OF LOS ANGELES)

I, J. R. Foster, Secretary of the Board of Directors of County Sanitation District No. 2 of Los Angeles County, do hereby certify that the foregoing is a true and correct copy of an order adopted by the Board of Directors of said District at a regular meeting held April 14, 1954 and duly entered in the minutes of said District.

J. R. FOSTER
Secretary

11697 and 198

SEWER EASEMENT

[illegible] by A. [illegible] LEONARD and MELINA LEONARD,

[illegible] Dollars

Ferndale Ranch

in hand paid, the receipt of which is hereby [illegible] do[illegible] hereby GRANT to County Sanitation District No. [illegible] 2 of Los Angeles County, State of California, a perpetual easement and right of way for sewer purposes, and the right to construct, maintain, reconstruct, use and operate a Sewer Pipe Line over, through and [illegible] certain real property situate in the ~~City of~~ [illegible], County of Los Angeles, State of California, described as follows:

A strip of land ten (10) feet in width being the southwesterly ten (10) feet of Lot 4[illegible], Tract No. 6[illegible], as shown on map recorded in Book 15, pages 142 and 143 of Maps, in the office of the Recorder of the County of Los Angeles.

Reserving unto said grantor all of above described ten foot strip of land [illegible] a depth of 99 feet from the surface of the ground.

Together with the right to enter upon and to pass and repass over and along said strip of land, and to deposit tools, implements and other materials thereon by the said Grantee, its officers, agents and employees, and by persons under contract to construct said Sewer Pipe Line, and their employees, whenever and wherever necessary for the purpose of laying, constructing, reconstructing, inspecting, maintaining, repairing, using and operating said Sewer Pipe Line; and also the right to make any and all excavations necessary or convenient at any time for any of the purposes aforesaid.

PROVIDED, however, that this conveyance is made under and subject to the following conditions, which the Grantee, by the acceptance of said right of way, agrees to keep and perform, viz:

That the said Grantee will restore and replace the surface of the ground and improvements over the above mentioned right of way and will repair any and all damage to the property of the Grantor above or adjoining the said right of way which is injured or damaged in the construction or maintenance of the said Sewer Pipe Line.

Grantor reserves unto itself, its successors and assigns, the unrestricted right to build over and upon any sewer line that may be placed upon such easement, and cross over such sewer line with roads or railroad tracks without obligating Grantor to reinforce or otherwise protect such sewer line. Grantor also reserves the right, at any time, to connect with the trunk sewer pipe line laid in the ground covered by said easement, free of cost other than the necessary inspection fee required by the office of the County Engineer, use thereof, however, to not be made until the entire system is completed, so that it is ready for use.

Grantor also reserves all oil and mineral rights in and under said above described ten (10) foot strip of land.

EASEMENT No. 1199 DESCRIPTION No. 1494

BOOK 11697 PAGE 197

TO HAVE AND TO HOLD to the said Grantee, its successors and assigns, perpetually for the purposes and upon the conditions aforesaid.

IN WITNESS WHEREOF, the said Grantor has duly executed this instrument this 1st day of April, 1954

* * * *

And on motion of Supervisor Hahn, unanimously carried, it is ordered that the following instrument be accepted and recorded in the office of the County Recorder, to wit:

Easement Deed dated November 26, 1954, executed by Leonard Ranch, a co-partnership, Alfred Jensen, Lessee, and Isabell Jensen, Lessee, granting to Los Angeles County Flood Control District easements for the purposes hereinafter mentioned, over, along and across the real property in the County of Los Angeles, State of California, described as follows:

An easement for ingress and egress over, along and across that portion of Lot 444, Tract No. 606, as shown on map recorded in Book 15, pages 142 and 143, of Maps, in the office of the Recorder of the County of Los Angeles, within the following described boundaries:

* * * * *

The area of the above described parcel of land is 1,174 square feet, more or less.

ALSO, an easement for ingress and egress over, along and across that portion of said Lot 444, Tract 606, within the following described boundaries:

* * * * *

The area of the last above described parcel of land is 1,476 square feet, more or less.

ALSO, an easement to extend and maintain excavation and embankment slopes on, over and across that portion of said Lot 444, Tract No. 606, within the following described boundaries:

* * * * *

Together with the right to construct and maintain revetments along the base of said slopes whenever and wherever necessary for said purposes.

The area of last above described parcel of land is 131 square feet, more or less.

Subject to all matters of record.

(Parcel No. 48, Puente Creek - Includes Parcels Nos. 57 and 68)

I hereby certify that the foregoing is a full, true and correct copy of an order which was adopted by the Board of Supervisors of Los Angeles County Flood Control District on January 11, 1955 and entered in the minutes of said Board.

HAROLD J. ORTLY, County Clerk of the County of Los Angeles, State of California, and ex officio Clerk of the Board of Supervisors of the Los Angeles County Flood Control District.

EASEMENT DEED

For a valuable consideration, receipt of which is hereby acknowledged, LEONARD RANCH, a copartnership composed of A. JEROME LEONARD and HALINA LEONARD, partners, and ALFRED JENSEN and [illegible] JENSEN, husband and wife, as lessees, do hereby grant to LOS ANGELES COUNTY FLOOD CONTROL DISTRICT, a body corporate and politic, easements for the purposes hereinafter mentioned, over, along and across the real property in the County of Los Angeles, State of California, hereinafter described as follows:

An easement for ingress and egress over, along and across that portion of Lot 444, Tract No. 606, as shown on map recorded in Book 15, pages 142 and 143, of Maps, in the office of the Recorder of the County of Los Angeles, within the following described boundaries:

Beginning at the intersection of the southwesterly line of Nelson Avenue, 40 feet wide, as shown on said map, with the northwesterly line of that strip of land, 80 feet wide, described as Parcel 12 in a Lis Pendens in Superior Court Case No. 614431, recorded in Book 41073, page 327, of Official Records, in the office of said Recorder; thence S. 62° 06' 18" W. 75.00 feet along said northwesterly line; thence N. 27° 53' 42" W. 10.00 feet; thence N. 62° 06' 18" E. 25.00 feet; thence N. 27° 53' 42" W. 10.00 feet; thence N. 62° 06' 18" E. 42.38 feet to said southwesterly line; thence S. 48° 45' 41" E. 21.40 feet to the point of beginning.

The area of the above described parcel of land is 1,172 square feet, more or less.

ALSO, an easement for ingress and egress over, along and across that portion of said Lot 444, Tract 606, within the following described boundaries:

Beginning at the intersection of the southwesterly line of Nelson Avenue, 40 feet wide, as shown on said map, with the southeasterly line of that strip of land, 80 feet wide, described as Parcel 12 in a Lis Pendens in Superior Court Case No. 614431, recorded in Book 41073, page 327, of Official Records, in the office of said Recorder; thence S. 62° 06' 18" W. 65.00 feet along said southwesterly line; thence S. 53° 42" E. 10.00 feet; thence N. 62° 06' 18" E. 30.00 feet; thence N. 53° 42" E. 10.00 feet; thence N. 62° 06' 18" E. 62.62 feet to said southwesterly line; said point being [illegible]

W. 48.75 feet to the point of beginning.

The area of the last above described parcel of land is 1,476 square feet, more or less.

Also, an easement to extend and maintain excavation and embankment slopes on, over and across that portion of said Lot 44, Tract No. 606, within the following described boundaries:

Beginning at said point A, thence S. 62° 06' 16" W. 5.35 feet, thence S. 48° 45' 41" E. 27.24 feet, thence N. 41° 14' 19" E. 5.00 feet to said southeasterly line, thence N. 48° 45' 41" W. 25.24 feet to said point A.

Together with the right to construct and maintain revetments along the base of said slopes whenever and wherever necessary for said purposes.

The area of last above described parcel of land is 121 square feet, more or less.

Subject to all matters of record.

It is understood that each of the undersigned grantors grants said easements only over, along and across those portions of the above described land which is owned by said grantor or in which said grantor has an interest.

OF LOS ANGELES COUNTY, CALIF.
80 M Page 2 P.M. JUL 7 1971
Registrar-Recorder

QUITCLAIM DEED

For a valuable consideration, receipt of which is hereby acknowledged, LOS ANGELES COUNTY FLOOD CONTROL DISTRICT, a body corporate and politic, does hereby remise, release and forever quitclaim to BO-DG LAND COMPANY, a limited partnership, all its right, title and interest in and to that certain easement for ingress and egress as granted to said Grantor by easement Deed recorded January 20, 1955, in Book 46690, page 103, of Official Records, in the office of the Recorder of the County of Los Angeles, insofar and only insofar as said easement exists on the real property in the City of Industry, County of Los Angeles, State of California, described as follows:

That portion of Lot 4, Tract No. 606, as shown on map filed in Book 16, pages 142 and 143, of Maps, in the office of the Recorder of the County of Los Angeles, within the following described boundaries:

Commencing at the intersection of the southwesterly line of Nelson Avenue, 60 feet wide, as shown on said map, with the southeasterly line of that strip of land, 80 feet wide, described as Parcel 12 in a Lis Pendens in Superior Court Case No. 614,431, recorded in Book A1873, page 327, of Official Records, in the office of said Recorder; thence S. 62° 06' 18" W. 77.00 feet along said southeasterly line to the true point of beginning; thence continuing along said southeasterly line S. 62° 06' 18" W. 8.00 feet; thence S. 27° 53' 42" E. 10.00 feet; thence N. 62° 06' 18" E. 30.00 feet; thence S. 27° 53' 42" E. 10.00 feet; thence N. 62° 06' 18" E. 62.62 feet to said southwesterly line; thence along said southwesterly line N. 48° 45' 41" W. 7.40 feet; thence S. 70° 52' 41" W. 83.39 feet to the true point of beginning.

Subject to all matters of record.

Dated JUN 22 1971

LOS ANGELES COUNTY FLOOD CONTROL DISTRICT

By _____
Chairman, Board of Supervisors

Deputy

This Deed Does Not Convey Fee Title

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

ROCK STRATIGRAPHIC UNIT

Era:	Cenozoic
System:	Quaternary
Series:	Quaternary
Code:	Q *(decoded above as Era, System & Series)*

GEOLOGIC AGE IDENTIFICATION

Category: Stratifed Sequence

Geologic Age and Rock Stratigraphic Unit Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - a digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps. The following information is based on Soil Conservation Service STATSGO data.

Soil Component Name:	URBAN LAND
Soil Surface Texture:	variable
Hydrologic Group:	Not reported
Soil Drainage Class:	Not reported

Hydric Status: Soil does not meet the requirements for a hydric soil.

Corrosion Potential - Uncoated Steel:	Not Reported
Depth to Bedrock Min:	> 10 inches
Depth to Bedrock Max:	> 10 inches

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

Soil Layer Information							
	Boundary			Classification			
Layer	Upper	Lower	Soil Texture Class	AASHTO Group	Unified Soil	Permeability Rate (in/hr)	Soil Reaction (pH)
1	0 inches	6 inches	variable	Not reported	Not reported	Max: 0.00 Min: 0.00	Max: 0.00 Min: 0.00

OTHER SOIL TYPES IN AREA

Based on Soil Conservation Service STATSGO data, the following additional subordinant soil types may appear within the general area of target property.

Soil Surface Textures:
loam
clay
silt loam
clay loam
sandy loam
gravelly - sandy loam
loamy sand
fine sand
coarse sand
sand
gravelly - sand

Surficial Soil Types:
loam
clay
silt loam
clay loam
sandy loam
gravelly - sandy loam
loamy sand
fine sand
coarse sand
sand
gravelly - sand

Shallow Soil Types:
fine sandy loam
gravelly - loam
sand
silty clay

Deeper Soil Types:
stratified
clay loam
silty clay loam
gravelly - sandy loam
coarse sand
sand
weathered bedrock
very fine sandy loam

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

LOCAL / REGIONAL WATER AGENCY RECORDS

EDR Local/Regional Water Agency records provide water well information to assist the environmental professional in assessing sources that may impact ground water flow direction, and in forming an opinion about the impact of contaminant migration on nearby drinking water wells.

TOPOGRAPHIC INFORMATION

USGS 7.5' Digital Elevation Model (DEM)
Source: United States Geologic Survey
EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

Scanned Digital USGS 7.5' Topographic Map (DRG)
Source: United States Geologic Survey
A digital raster graphic (DRG) is a scanned image of a U.S. Geological Survey topographic map. The map images are made by scanning published paper maps on high-resolution scanners. The raster image is georeferenced and fit to the Universal Transverse Mercator (UTM) projection.

HYDROLOGIC INFORMATION

Flood Zone Data: This data, available in select counties across the country, was obtained by EDR in 1999 from the Federal Emergency Management Agency (FEMA). Data depicts 100-year and 500-year flood zones as defined by FEMA.

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002 and 2005 from the U.S. Fish and Wildlife Service.

HYDROGEOLOGIC INFORMATION

AQUIFLOW^{R} Information System
Source: EDR proprietary database of groundwater flow information
EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

GEOLOGIC INFORMATION

Geologic Age and Rock Stratigraphic Unit
Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - A digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

STATSGO: State Soil Geographic Database
Source: Department of Agriculture, Natural Resources Conservation Services
The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database
Source: Department of Agriculture, Natural Resources Conservation Services (NRCS)
Telephone: 800-672-5559
SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Services, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

GRANT OF EASEMENT
(INDIVIDUAL)

THE GRANTOR BO-DO LAND COMPANY, a limited partnership hereby grant S to SOUTHERN CALIFORNIA EDISON COMPANY, a corporation, its successors and assigns, an easement and right of way to construct, use, maintain, alter, add to, repair, replace and/or remove, in, on, and over the real property hereinafter described, situated in the County of Los Angeles, State of California, an electric line, consisting of poles, necessary guys and anchors, cross-arms, wires and other fixtures and appliances, for conveying electric energy to be used for light, heat, power, telephone and/or other purposes.

Said real property is described as follows:

A strip of land, 10 feet in width, lying within Lot 444 of Tract No. 606 as per map recorded in Book 16 pages 142 and 143 of Maps in the office of the County Recorder of said County, the centerline of said strip of land being described as follows:

Beginning at a point in the northeast line of that certain Southern Pacific Railroad Right of Way, 100 feet in width, which bounds said Lot 444 on the southwest line of said lot, distant southeasterly thereon 332 feet from the southeast line of California Avenue, 60 feet wide, thence northeasterly and parallel with said southeast line, a distance of 20 feet to a point hereinafter referred to as Point "A"; thence southeasterly and parallel with said northeast line a distance of 184 feet.

Also, two strips of land, each two feet in width, lying within said Lot 444, the centerlines of said strips of land being described as follows:

Strip 1: Beginning at said point "A" thence northeasterly, at right angles to the last described parallel line, a distance of 35 feet.

Strip 2: Also beginning at said point "A" thence northwesterly and parallel with said northeast line, a distance of 10 feet.

CITY OF INDUSTRY

ORDINANCE NO. 316

AN ORDINANCE OF THE CITY OF INDUSTRY APPROVING AND ADOPTING THE REDEVELOPMENT PLAN FOR THE CIVIC-RECREATIONAL-INDUSTRIAL REDEVELOPMENT PROJECT NO. 1

WHEREAS, the Industry Urban-Development Agency, City of Industry, California, hereinafter referred to as the "Agency" has formulated and prepared and approved the proposed Redevelopment Plan for the Civic-Recreational-Industrial Redevelopment Project No. 1 and has recommended that this City Council approve said Redevelopment Plan, and

WHEREAS, the Planning Commission of the City of Industry has submitted its report and recommendation, recommending approval of said proposed Redevelopment Plan, and

WHEREAS, the Agency has adopted rules for owner participation in the Project area, and

WHEREAS, the Agency submitted to the City Council said Redevelopment Plan, and

WHEREAS, after due notice, a full and fair Joint Public Hearing has been held by the Agency and this City Council; and this Council has received and heard all supporting written and oral testimony and all written and oral objections and this City Council is fully advised in the premises; and

WHEREAS, all action required by law has been taken by all appropriate public agencies;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF INDUSTRY DOES ORDAIN AS FOLLOWS:

SECTION 1. The purposes and intent of the City Council with respect to the Project area are to:

1. Eliminate the conditions of blight existing in the Project area;

2. Insure, as far as possible, that the causes of blighting conditions will be either eliminated or protected against;

3729

Description: Los Angeles,CA Pre-1976 Year-Date Docid 1971.917.3729 Page: 2 of 9
Order: 040295327 Comment:

3. Provide participation for owners and business tenants in the Project area;

4. Encourage and insure the rehabilitation, rebuilding, and development of the Project area;

5. Encourage and foster the economic revitalization of the Project area;

6. Redevelop and rebuild the public facilities in the Project area to provide safer and more efficient public services.

SECTION 2. The Redevelopment Plan for the Civic-Recreational-Industrial Redevelopment Project No. 1 is hereby incorporated herein by reference and made a part hereof as fully as if set out at length herein.

SECTION 3. The Redevelopment Plan for the Civic-Recreational-Industrial Redevelopment Project No. 1 (incorporated by Section 2, above) is approved and adopted hereby and designated the Official Redevelopment Plan for the Civic-Recreational-Industrial Redevelopment Project No. 1.

SECTION 4. The City Council hereby finds and determines that:

1. The project area is a blighted area, the redevelopment of which is necessary to effectuate the public purposes declared in the Community Redevelopment Law of the State of California;

2. The Redevelopment Plan for the Civic-Recreational-Industrial Redevelopment Project No. 1 will redevelop the Project area in conformity with the Community Redevelopment Law of the State of California and in the interest of the public peace, health, safety and welfare;

3. The adoption and carrying out of the Redevelopment Plan for the Civic-Recreational-Industrial Redevelopment Project No. 1 is economically sound and feasible;

4. The Redevelopment Plan for the Civic-Recreational-Industrial Redevelopment Project No. 1 conforms to the General Plan of the City of Industry;

5. The carrying out of the Redevelopment Plan for the Civic-Recreational-Industrial Redevelopment Project No. 1 will promote the public peace, health, safety and

3729

Order: 040295327 Comment:

welfare of the City of Industry and will effectuate the purposes and policies of the Community Redevelopment Law of the State of California;

6. The condemnation of real property, as provided for in the Redevelopment Plan for the Project area, is necessary to the execution of the Redevelopment Plan and adequate provisions have been made for payment for property to be acquired as provided by Law;

7. The Agency has a feasible method and plan for the relocation of families and persons to be displaced from housing facilities in the Project area;

8. There are, or are being provided, in the Project area or in other areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and persons displaced for the Project area, decent, safe, and sanitary dwellings equal in number to the number of and available to such displaced families and persons and reasonably accessible to their places of employment;

9. The Redevelopment Plan for the Project area will afford a maximum opportunity consistent with the sound needs of the locality as a whole for the redevelopment of such area by private enterprise.

SECTION 5. The City Council is satisfied permanent housing facilities will be available within three years from the time occupants of the Project area are displaced and that pending the development of such facilities there will be available to such displaced occupants adequate temporary housing facilities at rents comparable to those in the City of Industry at the time of their displacement.

SECTION 6. A full and fair hearing having been held as stated in the recitals herein, and this City Council being fully advised in the premises, all written and oral objections to the Redevelopment Plan are hereby overruled.

SECTION 7. In order to implement and facilitate the effectuation of the Redevelopment Plan hereby approved and adopted, certain official action must be taken by the City, and this City Council hereby declares its intention to undertake and complete any proceedings necessary to be carried out by the City under the provisions of the Redevelopment Plan,

including, without limitation, changes in zoning, the location and relocation of public facilities, and other similar public action, and in pursuance thereof, and without limitation, the City Council hereby;

(a) Pledges its cooperation in helping to carry out such Redevelopment Plan;

(b) Directs the various officials, departments, boards and agencies of the City of Industry having administrative responsibilities in the premises likewise to cooperate to such end and to exercise their respective functions and powers in a manner consistent with said Redevelopment Plan; and

(c) Agrees that any agreements, deeds or leases submitted by the Agency to the City Council for its approval or disapproval will be deemed approved if not acted upon within thirty (30) days after submission to the City Council.

SECTION 8. The City Clerk is hereby directed to send a certified copy of this Ordinance to the Agency and the Agency is hereby vested with the responsibility for carrying out the Redevelopment Plan for the Civic-Recreational-Industrial Redevelopment Project No. 1.

SECTION 9. The City Clerk is hereby directed to record with the County Recorder of Los Angeles County a description of the land within the Project area and a statement that proceedings for the redevelopment of the Project area have been instituted under the California Community Redevelopment Law. Additional recordation of documents may be effected pursuant to Section 27295 of the Government Code.

SECTION 10. The City Manager of the City of Industry is hereby directed, for a period of two years after the effective date of this ordinance, to advise all applicants for building permits within the Project area that the site for which a building permit is sought for the construction of buildings or for other improvements is within a redevelopment project area.

SECTION 11. The City Clerk is directed to transmit a copy of the description and statement recorded by the Clerk pursuant to Section 9 of this ordinance, on or before January 1st next, a copy of this ordinance and a map or plat indicating the boundaries of the Project area to the Auditor and Tax Assessor of Los Angeles County, to the governing body of each of the taxing agencies which levies taxes upon any property in the Project area, and to the State Board of Equalization.

Approved as a Land Description
By
Date 12/7/81

A strip of land 10 feet in width lying within Lot 444 of Tract No. 606, as per map recorded in Book 15, pages 142 and 143 of Maps, in the Office of the Recorder of said County; the centerline of said strip is described as follows:

Beginning at a point on the southwesterly line of Nelson Avenue, as now established, distant 145 feet northwesterly thereon from the southeasterly line of said Lot 444; thence South 41°30" West 35 feet.

The Grantee, by the acceptance of this instrument, agrees that in the event the electric service for which said systems are constructed is ordered discontinued, and the Grantee is not required by any law, rule or regulation of any governmental authority to furnish electric service or electric energy from said systems, Grantee will, at its election, remove or abandon in place, in whole or in part, said systems within 90 days after the receipt from the Grantor(s) of a notice in writing of the discontinuance of service and requesting removal and/or abandonment of said systems, and subsequent to such removal and/or abandonment shall quitclaim all rights acquired under this Grant of Easement.

The Grantor agrees for itself, its successors and assigns not to erect, place or maintain, nor to permit the erection, placement or maintenance of any building, planter boxes, earth fill or other structures except walls and fences on the above described real property. The Grantee, and its contractors, agents and employees, shall have the right to trim or cut tree roots as may endanger or interfere with said systems and shall have free access to said systems and every part thereof, at all times, for the purpose of exercising the rights herein granted; provided, however, that in making any excavation on said property of the Grantor(s), the Grantee shall make the same in such a manner as will cause the least injury to the surface of the ground around such excavation, and shall replace the earth so removed by it and restore the surface of the ground to as near the same condition as it was prior to such excavation as is practicable.

Exhibit "A"

Grant of Easement
Work Order No. 6626-2558; 8-2540
2

A strip of land 10 feet wide, lying within that portion of Lot 444 of Tract No. 606, as per map recorded in Book 15, pages 142 and 143 of Maps, in the Office of the County Recorder of said County, lying southeasterly of the southeasterly boundary of that certain parcel of land as conveyed to the County of Los Angeles for flood control purposes by Deed recorded in Book 41873, page 327, of Official Records of said County, being more particularly described as follows:

BEGINNING at the most southerly corner of said Lot 444, said corner being in the arc of a curve forming the northeasterly side line of the Southern Pacific Railroad Company's right of way (100.00 feet wide) as shown on said map; thence along the southeasterly boundary of said Lot, North 41°13'14" East 854.18 feet to the most easterly corner of said Lot, said corner being in the southwesterly side line of Nelson Avenue (60.00 feet wide) as shown on said map; thence along said side and along the northeasterly boundary of said Lot, North 48°45'41" West 384.32 feet, more or less, to the intersection of the aforementioned southeasterly boundary of the County Flood Control parcel of land with the northeasterly boundary of said Lot 444; thence along said southeasterly boundary of the County Flood Control parcel of land South 62°06'18" West 476.94 feet to the beginning of a tangent curve therein concave southeasterly and having a radius of 960.00 feet; thence along said curve, through a central angle of 14°31'04", an arc length of 243.25 feet; thence South 39°18'36" West 167.26 feet to the intersection of the southeasterly boundary of the County Flood Control parcel of land with the aforementioned northeasterly side line of the Southern Pacific Railroad Company's right of way (100.00 feet wide) as shown on said map; thence southeasterly along said railroad right of way, along the arc of a curve forming said side line, a distance of 606.02 feet, more or less, to the Point of Beginning.

EXCEPT THEREFROM that portion of said land, described as follows:

BEGINNING at the intersection of the southwesterly curved line of said Lot 444, with the southeasterly line of the land described as Parcel 12 in a final judgment had in Superior Court Case No. 614431, a certified copy of which is recorded in Book 49201, page 399 of Official Records, in the Office of said Recorder; thence along said southeasterly line of the land described as Parcel 12, North 39°18'36" East 110.00 feet; thence South 19°39'25" West 74.33 feet; thence South 39°18'36" West 40.69 feet to said southwesterly curved line; thence along southwesterly curved line northwesterly 25.01 feet to the Point of Beginning.

The centerline of said 10 feet wide strip being described as follows:

COMMENCING at the westerly corner of said land; thence southeasterly along the northeasterly edge of said Southern Pacific Railroad right of way, 108 feet to the TRUE POINT OF BEGINNING; thence North 41°13'14" East, 30 feet; thence North 86°13'14" East, 124 feet; thence North 41°13'14" East, 332 feet to a point hereinafter referred to as Point "A".

ALSO, a strip of land 20 feet wide, lying within said land, the centerline of said strip being described as follows:

BEGINNING at the above described Point "A"; thence North 41°13'14" East, 20 feet.

COVENANT AND AGREEMENT
TO HOLD PROPERTY AS ONE PARCEL

The undersigned hereby certifies that it is the owner of the hereinafter legally described real property ("PROPERTY") located in the City of Industry ("City"). County of Los angeles, State of California:

SEE EXHIBIT "A" FOR LEGAL DESCRIPTION

This covenant and Agreement is executed for the purpose of enabling the undersigned to record a Parcel Map whereby the Property will be divided into (2) parcels.

Attached hereto as Exibit "B" is a sketch which generally depicts the property. There are buildings ("Building 1" and "Building 1-A") which overlap the boundary of the parcels to be created by the proposed Parcel Map. The boundary line contemplated by the proposed Parcel Map is depicted on Exihibit "B".

The undersigned does hereby covenant and agree with the City that the Property shall be held as one parcel, and no parcel shall be held separately until such time as one of the following has occurred:

1. The portion of Building 1 on Parcel 2 and Building 1-A on Parcel 2 (as depicted in Exhibit "B") have been demolished pursuant to a validy issued demolition permit, and fire walls constructed at the property line for the remaining portions of the buildings.

2. Arrangements satisfactory to the City have been made to demolish the portion of Building 1 located on Parcel 2, and building 1-A on Parcel 2, and to construct fire walls at the property line for the remaining portions of the buildings.

3. A fire wall has been constructed for the portion of Building 1 located on Parcel 2 and Building 1-A on Parcel 1 in accordance with all of the requirements of the City.

Dated this 28th day of September, 1988

COMMON WALL AGREEMENT

This Agreement is made by and among TRUST SERVICES OF AMERICA, INC., a California corporation, as Trustee, under its Trust No. 28-5043-00-6 (hereinafter referred to as "T.S.A."), EDNA, INC., a corporation (hereinafter referred to as "EDNA"), LOS ANGELES GREAT DANE, INC., a corporation (hereinafter referred to as "GREAT DANE"), and ALLAN BOSCACCI (hereinafter referred to as "BUYER").

This Agreement is made with reference to, and in reliance upon the following facts and circumstances:

(A) Parcel Map #253 in the City of Industry, County of Los Angeles, State of California, has been filed in Book 214, Pages 24 and 25 of Parcel Maps showing Parcels 1 and 2.

(B) Parcels 1 and 2 were formerly owned by EDNA and title is now held with T.S.A.

(C) Parcel 1 is subject to lease with GREAT DATE as Lessee.

(D) BUYER has entered into an agreement to purchase Parcel 2 from T.S.A., provided that at the closing Parcel 2 is a separate legal parcel from Parcel 1.

(E) EDNA recorded a Covenant and Agreement to Hold Property as One Parcel covering Parcels 1 and 2, recorded on September 29, 1988, with the Recorder's Office, Los Angeles County, California, filed as Instrument No. 88-1570748. The aforesaid Covenant and Agreement provides that Parcels 1 and 2 shall be separate parcels pursuant to the recorded Parcel Map #253 automatically when a fire wall has been constructed for the portion of Building 1 located on Parcel 2 and Building 1-A located in Parcel 1 in

Description: Los Angeles,CA Document-Year.DocID 1989.957303 Page: 1 of 7
Order: 040295327 Comment:

accordance with all of the requirements of the City, or under other designated circumstances.

(F) The parties wish to cause the Parcel Map to become effective immediately and Parcel 1 and Parcel 2 to be separate legal parcels, and to eliminate any inconsistent provision in the Covenant and Agreement referred to above, and intend to accomplish these goals for mutual consideration hereby acknowledged in this agreement.

WHEREFORE, the parties agree as follows:

1) The parties agree that one hour fire walls shall be constructed to completion as provided herein on Buildings 1 and 1-A as required by law at the earliest time practicable following the execution of this Agreement. The cost shall be borne as follows:

Great Dane shall bear the cost for the construction of a one hour fire wall on the west side of the common wall in Building 1 on Parcel 1 and the BUYER shall bear the cost of construction of a one hour fire wall on the east side of the common wall in Building 1 on Parcel 2.

The BUYER shall bear the cost of constructing a one hour fire wall on both sides of the common wall in Building 1-A on Parcels 1 and 2.

2) The parties agree that the owner of the property on whose property a fire wall has been constructed shall maintain such wall in compliance with City requirements, and the parties agree to cooperate to the extent necessary in order for each owner to carry out its responsibilities hereunder.

89- 357303

Description: Los Angeles,CA Document-Year.DocID 1989.957303 Page: 2 of 7
Order: 040295327 Comment:

3) The owner of Parcel 1 or Parcel 2 may terminate this common wall agreement at any time by giving the owners of the other parcel a written notice, with a copy of such notice to the Building Department of the City of Industry, which notice shall be sent by registered mail duly addressed to the last known location of the addressee at least thirty (30) days prior to the effective date of the termination. The party electing to terminate shall bear the cost of demolition and each party shall bear its own cost of building a suitable wall on its property complying with all City requirements, including fire wall obligations.

4) Any provision in the Covenant and Agreement referred to above which is inconsistent with the terms of this Agreement shall be null and void.

5) GREAT DANE agrees to allow the owner of Parcels 1 and 2 to enter upon Parcel 1 during regular business hours for the purpose of carrying out the terms of this Agreement. Nothing herein shall be construed to revise, alter, or revoke any existing agreement between GREAT DANE and the owner of Parcel 1.

6) Each party hereto agrees to indemnify, defend, and hold harmless all other parties by reason of any liability, loss, or expense arising by reason of the work to be performed by the indemnifying party hereunder on Parcel 1 or 2 or by reason of such party's breach of the terms of this Agreement.

7) This Agreement shall inure to and be binding upon the parties, their transferees, successors, and assigns.

AGREEMENT FOR
AND
GRANT OF EASEMENT

This Agreement for and Grant of Easement is made by and among TRUST SERVICES OF AMERICA, INC., a California corporation, as Trustee For The Dooley Family Trust ("Grantor"), LOS ANGELES GREAT DANE, INC., a corporation ("Great Dane"), and ALLAN BOSCACCI, PATRICIA BOSCACCI, RITA BOSCACCI, GEORGE MEYER, and PHYLLIS MEYER ("Grantees").

WHEREAS, Grantor is the owner of that certain real property described as Parcel 1 of Parcel Map #253, as shown on the map filed in Book 214, Pages 24 and 25, of Parcel Maps, in the Office of the Recorder of the City of Industry, County of Los Angeles, State of California (the "Servient Tenement");

WHEREAS, the Servient Tenement is subject to a lease between Great Dane, as lessee, and Grantor, as lessor;

WHEREAS, Grantees, as buyer, and Grantor, as seller, entered into a certain purchase and sale agreement by which Grantees agreed to purchase from Grantor and Grantor agreed to sell to Grantees that certain real property described as Parcel 2 of Parcel Map #253, as shown on the map filed in Book 214, Pages 24 and 25, of Parcel Maps, in the Office of the Recorder of the City of Industry, County of Los Angeles, State of California (the "Dominant Tenement");

WHEREAS, Grantees desire to obtain from Grantor and Great Dane, and Grantor and Great Dane desire to convey to Grantees, certain rights in the Servient Tenement;

NOW, THEREFORE, it is agreed as follows:

1. Grant of Easement. For the sum of Ten Dollars ($10.00) and other valuable consideration, the receipt of which by Grantor and Great Dane is hereby acknowledged, Grantor and Great Dane hereby grant to Grantees an easement as hereinafter described.

2. Character of Easement. The easement granted herein is appurtenant to the Dominant Tenement.

89W057-13

3. Description and Location. The easement granted herein is a water drainage easement and is located as follows: A 10-foot-wide strip across the Servient Tenement as more particularly described in Exhibit A, attached hereto.

4. Division of Dominant Tenement. If the Dominant Tenement is hereafter divided into two or more parcels by separation of ownership or by lease, all the parts so divided shall enjoy the benefit of the easement hereby created.

5. Non-exclusiveness of Easement. The easement granted herein is non-exclusive and the owners and users of the Servient Tenement shall have the right (i) to use, enjoy, and park vehicles and equipment over, across, and upon said drainage easement, and (ii) to relocate said drainage easement at their expense; so long as such activities do not unreasonably interfere with the drainage of the Dominant Tenement.

6. Maintenance. The easement granted herein shall be maintained by Grantors and the successor owners of the Servient Tenement, at their sole cost and expense (provided, however, that Grantees and the successor owners of the Dominant Tenement shall reimburse Grantors and the successor owners of the Servient Tenement for any maintenance costs resulting from Grantors' and their successors' use of said drainage easement), and in such manner so as to allow the drainage of the Dominant Tenement. After giving Grantor reasonable notice and a reasonable opportunity to satisfy any of its maintenance obligations hereunder, Grantees and the successor owners of the Dominant Tenement shall have the right to enter upon the Servient Tenement at reasonable times to perform any unsatisfied maintenance obligations at Grantor's and the successor owners of the Servient Tenement's reasonable cost and expense. Grantees shall also have the right to enter upon the Servient Tenement at reasonable times and after giving reasonable notice to the extent necessary to complete and maintain the connection of the presently existing drainage system to the Dominant Tenement. Said connection work shall be performed and maintained at Grantee's sole cost and expense and so as not to unreasonably interfere with the use and enjoyment of the Servient Tenement. In the event Grantees enter upon the Servient Tenement for the purposes specified in this paragraph, Grantees shall indemnify, defend, and hold Grantor and any tenant of the Dominant Tenement harmless from and against any and all liabilities resulting from Grantees' action or from the actions of their agents, employees, and independent contractors.

7. Entire Agreement. This instrument contains the entire agreement between the parties relating to the rights herein granted.

8. Attorneys' Fees. In the event of any controversy, claim, or dispute relating to this instrument or the breach thereof, the prevailing party shall be entitled to recover from the losing party reasonable expenses, attorneys' fees, and costs.

9. Binding Effect. This instrument shall bind and inure to the benefit of the respective heirs, personal representatives, successors, and assigns of the parties hereto.

IN WITNESS WHEREOF, the parties hereto have executed this instrument as of the 10th day of June, 1989.

MEMORANDUM OF LEASE ASSIGNMENT

THIS MEMORANDUM OF LEASE ASSIGNMENT (the "*Memorandum*") is made as of January 1, 1997 by **GREAT DANE LOS ANGELES, INC.**, f/k/a Los Angeles Great Dane, Inc. ("*Assignor*") and **GREAT DANE ACQUISITION LIMITED PARTNERSHIP**, a Delaware limited partnership ("*Assignee*").

KNOW ALL MEN BY THESE PRESENTS THAT:

1. Assignor is the tenant under that certain lease and the landlord under the subleases, if any, described on **Exhibit A** attached hereto with respect to the real property and improvements located at the address set forth on **Exhibit A** attached hereto and made a part hereof (said lease and subleases, if any, together with any amendments thereto or modifications thereof, are collectively referred to herein as the "Lease"). The real property is legally described on **Exhibit B** attached hereto and made a part hereof (the "*Property*").

2. Assignor and Assignee have heretofore entered into an assignment, bearing even date herewith, pursuant to which Assignor has, *inter alia*, assigned to Assignee all of its right, title and interest in and to the Lease on the terms and conditions set forth in the aforementioned assignment.

Attention: Krista Brodersen

I have enclosed a copy of the records you requested on:

15006 Nelson Avenue, Industry, CA 91744

I, the undersigned, being the Custodian or the Keeper of Records, certify that a thorough search for the records you requested was carried out under my direction and control. **This search revealed no records** for the following site(s):

15002, 15010 Nelson Avenue, Industry, CA 91744

It is to be understood that this does not mean that records you requested do not exist. It is possible that such records may be misfiled; exist under another spellin, name, or classification; or were not located. However, with the information furnished to our office, and to the best of our knowledge, no records were located.

If you have any questions regarding your request, please contact our office at (323) 890-7801.

Sincerely yours,

Michael Mina, Deputy Health Officer

•Comments:

Here is the bill of lading for those two unmarked drums found at AB&I Los Angeles Service Center. Both drums were shipped to Oakland plant, the liquid contents of one drum was recycled and the remaining solids were sent to a landfill.

If you have any further questions, please call me at 510-633-5224.

Thank you

STRAIGHT BILL OF LADING - SHORT FORM

ORIGINAL - NOT NEGOTIABLE

RECEIVED subject to the classifications and tariffs in effect on the day of issue of this Original Bill of Lading

The property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is agreed as to each carrier of all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or rail water shipment, or (2) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

NOTICE OF VIOLATION AND ORDER TO COMPLY

OWNER	FACILITY ID#:	DATE:
BUSINESS: [illegible]		REFER REPLY TO:
ADDRESS: [illegible]		
CITY: [illegible]	ZIP:	

Attention: The items noted on this notice and issued to you represent violations of the California Code of Regulations (CCR) or the California Health and Safety Code (H&S) and/or the Los Angeles County Code. These violations may result in non compliance fees, permit revocation, and/or civil/criminal penalties. Any time granted for correction of the violation(s) does not preclude any enforcement action by this Department or other agencies. *You are hereby directed to correct the violations within the time specified.* Failure to do so will be considered an additional violation. (Referenced titles & chapters: Titles 19, 22, 23, 27 of the CCR, Chapters 6.5, 6.7, 6.95 of the H&S Code and Title 12 of the Los Angeles County Ordinance).

PERMIT REQUIREMENT

Correction Date ___/___/___

101 ☐ Obtain a Unified Program Facility Permit by submitting a completed consolidated permit application package (CPP) (LA Co Ord. Sec. 12.50.075, 12.50.115).

HAZARDOUS WASTE GENERATOR REQUIREMENTS

HAZARDOUS WASTE DETERMINATION

Correction Date ___/___/___

501 ☐ Provide a hazardous waste determination for the following waste:

502 ☐ If using knowledge of the hazard characteristic and/or exclusion from regulation, provide supporting documentation (22CCR 66262.11).

IDENTIFICATION NUMBER

Correction Date ___/___/___

503 ☐ Obtain an EPA Identification number prior to treating, storing, disposal or transportation of hazardous waste (contact Cal-EPA at 916-324-1781, Fed EPA at 415-495-8895 for ID number).

504 ☐ Use a transporter or TSDF that has a valid Identification Number for transportation, treatment, storage, or disposal of hazardous waste [22CCR 66262.12(c)].

DISPOSAL, TREATMENT & TRANSPORTATION

Correction Date ___/___/___

505 ☐ Discontinue disposal of hazardous waste to an unauthorized location or to a facility which does not have a permit [H&S 25189.5(a)]

506 ☐ Obtain a permit/authorization for disposal of hazardous waste or legally dispose of such waste [H&S 25201(a), 22CCR 66270.1].

507 ☐ Discontinue transportation of hazardous waste or obtain a valid registration issued by DTSC prior to transportation or transfer of hazardous waste [H&S 25163(a)(1)].

508 ☐ Discontinue treatment of hazardous waste or obtain a valid permit or authorization for treatment of hazardous waste [H&S 25201(a)].

STORAGE

Correction Date ___/___/___

■ Discontinue storage or obtain a valid permit/authorization for storage of:

509 ☐ On-site hazardous waste in tanks or containers for more than 90 days [H&S 25201(a), 25123.3(b)(1), 22CCR 66262.34(c)].

510 ☐ On-site hazardous waste in tanks or containers in quantities exceeding 6,000 kilograms, or for more than the applicable accumulation period (180/270 days for generators of less than 1000 kg in any calendar month) [H&S 25201(a), 25123.3(h), 22CCR 66262.34(d)].

511 ☐ On-site hazardous waste for longer than one year or longer than the applicable accumulation time after 55 gallons has been reached at the point of generation (satellite storage) [22CCR 66262.34(e)].

512 ☐ Off-site hazardous waste in tanks/containers for any time period [H&S 25201(a), 25123.3(b)(2)].

513 ☐ Hazardous waste in other than containers, tanks, drip pads, or containment buildings [H&S 25201(a), 25123.3(b)(4)].

514 ☐ Hazardous waste at a transfer facility longer that 6 days or longer than 10 days for transfer facilities in industrially zoned areas [H&S 25201(a), 25123.3(b)(2),22CCR 66263.18].

515 ☐ Obtain an extension from DTSC for storage of hazardous waste at the staging site for remediation longer than one year [H&S 25201(a), 25123.3(e)].

Properly dispose the 2-55g drums of Hex Cr waste in the Spent Tin Bath Container at the Disposal

Los Angeles County • Certified Unified Program Agency

DBA/Name	Owner
Dial Foods	Hilda Rosales

553 ☐ Remove/decontaminate all waste residues, contaminated tank systems and soils during closure of a tank system. Manage them as hazardous waste [22CCR 66265.197(a)].

554 ☐ Comply with buffer zone requirements for tanks containing ignitable or reactive hazardous waste per NFPA'S Flammable and Combustible Liquids Fire Code [22CCR 66265.198(b)].

RECYCLABLE MATERIALS

Correction Date ___/___/___

560 ☐ Store damaged batteries in closed containers which are capable of preventing release of acid and are labeled with the initial accumulation date [22CCR 66266.81(b)].

USED OIL/FILTERS

Correction Date ___/___/___

561 ☐ Discontinue contaminating used oil with hazardous waste (H&S Code section 25250.7).

562 ☐ Manage used oil to prevent discharge to sewer, drainage system, surface water, ground water, watercourses, or deposit on land. " Prevent" incineration of used oil or burning as fuel. [H&S 25250.05(a)].

563 ☐ Discontinue the use of used oil or recycled oil as a dust suppressant, insect or weed control agent [H&S 25250.5(b)].

■ Comply with the following requirements for handling used oil filters:

564 ☐ Manage used oil filters as hazardous waste, or . . . [22CCR 66266.130(a)].

565 ☐ Drain and recycle used oil filters as scrap metal within one year [22CCR 66266.130(b)].

566 ☐ Store filters in closed containers labeled with the words "Drained Used Oil Filters" and the accumulation start date [22CCR 66266.130 (c)(C)(3)].

567 ☐ Manage used oil that has been drained from used oil filters as hazardous waste [22CCR 66266.130(c)(6)].

PREPAREDNESS AND PREVENTION

Correction Date ___/___/___

568 ☐ Maintain site to minimize possibility of fire, explosion, or unplanned release of hazardous waste constituents to air, soil, or surface water, which could threaten human health or environment (22CCR 66265.31).

■ Equip the site with the following:

569 ☐ Internal communication alarm system [22CCR 66265.32(a)].

570 ☐ A device (i.e., telephone or two way radio) for calling outside emergency help [22CCR 66265.32(b)].

571 ☐ Fire, spill control and or decontamination equipment [22CCR 66265.32(c)].

572 ☐ Water at an adequate volume and pressure to supply water hose streams and foam-producing equipment, or automatic sprinkler [22CCR 66265.32(d)].

573 ☐ Test/maintain all communication and alarm systems, fire protection, spill control, or decontamination equipment (22CCR 66265.34)

574 ☐ Provide for immediate access to emergency communication and/or alarm systems during hazardous waste handling (22CCR 66265.34).

575 ☐ Maintain adequate aisle space for personnel and emergency equipment (22CCR 66265.35).

576 ☐ Make arrangements to familiarize police and fire emergency response, local hospitals, office of emergency services and or emergency response contractors, with potential hazards at the facility [22CCR 66265.37(a)].

577 ☐ Document in the operating records when state and local authorities refuse to enter into arrangement for emergency response [22CCR 66265.37(b)].

DOCUMENT REVIEW

MANIFEST SYSTEM

Correction Date 1/24/09

578 ☒ Prepare a complete Uniform Hazardous Waste Manifest for hazardous waste transported or sent offsite [22CCR 66262.20(a)].

579 ☐ Designate a facility on the manifest which is authorized to handle the hazardous waste [22CCR 66262.20 (b)].

580 ☐ Properly complete, sign, and date, applicable manifest sections [22CCR 66262.23(a)(1),(2)].

581 ☐ Submit generator manifest copies to CAL-EPA/Dept of Toxic Substances Control within 30 days of each shipment of hazardous waste [22CCR 66262.23(a)(4)].

582 ☐ Provide the appropriate manifest copies to the transporters [22CCR 66262.23(b)].

583 ☐ Submit the TSDF manifest copy that has been signed by all transporters (except rail transporters) and out-of-state facility operators to DTSC within 30 days for out-of-state shipments [H&S 25160(b)(3)].

■ Retain for a minimum of 3 years:

584 ☒ Signed copies of manifests [22CCR 66262.40(a)].

585 ☐ Shipping papers or receipts for milkrun operations for generators less than 100 kg/month [22CCR 66263.42(e)].

586 ☐ Copies of manifests/bills of lading for spent lead-acid batteries [22CCR 66266.81(a)(4), (B)].

Los Angeles County • Certified Unified Program Agency

DBA/Name	Owner
A & A Finishers	[illegible] Rosario

621 ☐ Amend contingency plan as necessary (22CCR 66265.54).
522 ☐ Maintain an emergency coordinator either on the premises or on call at all times (22CCR 66265.55).
625 ☐ Note the required information regarding the incident in the operating log [22CCR 66265.56(j)].

PERSONNEL TRAINING

Correction Date ___/___/___

626 ☐ For small quantity generators, ensure that the appropriate staff are adequately trained to manage waste and respond to emergencies [22CCR 66262.34 (d)(2)].
627 ☐ Ensure that training program is directed by a person trained in hazardous waste procedures [22CCR 66265.16(a)(2)].
628 ☐ Provide a training program directed by a representative trained in hazardous waste procedures [22CCR 66265.16(a)(2)].
629 ☐ Ensure that personnel complete the required training program within 6 months of employment, or work supervised positions prior to completing the training, to comply with the hazardous waste requirements [22CCR 66265.16(b), 66265.16(a)(1)].
630 ☐ Provide personnel an annual review of their initial training (on hazardous waste procedures) [22CCR 66265.16(c)].
631 ☐ Maintain onsite all required training documentation. [22CCR 66265.16(d)].
632 ☐ Maintain onsite training records on current and former employees within the last 3 years [22CCR 66265.16(e)].

SOURCE REDUCTION

Correction Date ___/___/___

634 ☐ Prepare and retain onsite current source reduction documents as applicable, and make them available to the inspector within five days of a request [H&S 25244.15(d), 25244.19, 25244.20, 25244.21].

■ Include the following required elements in the Source Reduction Evaluation Review and Plan (also known as a Source Reduction Plan):

635 ☐ Certification.
636 ☐ Amounts of wastes generated.
637 ☐ Process description.
638 ☐ Block diagrams.
639 ☐ Implementation schedule of selected source reduction measures (22CCR 67100.5).

CONSOLIDATION/REMOTE SITE COMPLIANCE

Correction Date ___/___/___

640 ☐ Submit the required notification to the CUPA before operating a consolidation site [H&S 25110.10(d)(1)].
641 ☐ Comply with the consolidation site operating requirements [H&S 25110.10(b)].
642 ☐ Submit the required notification before operating a remote site [H&S 25121.3(b)].
643 ☐ For non-RCRA waste at a remote site, comply with container and labeling requirements, notify the CUPA of the remote site exemption annually, and hold the waste at the site no longer than 10 days [H&S 25121.3(b)].

SITE MITIGATION/SITE CLOSURE

Correction Date ___/___/___

644 ☐ Provide a corrective action plan for unauthorized releases of hazardous waste or constituents to the ground (H&S 25187).
645 ☐ Owner or operator shall close the facility in a manner that:
a) minimizes the need for further maintenance, and
b) controls or eliminates all contaminated equipment, structures, and soil; or decontaminate by removing all hazardous waste residues (22CCR 66265.111, 66265.114, H&S 25187].

EDR Historical Topographic Map Report

Environmental Data Resources, Inc.s (EDR) Historical Topographic Map Report is designed to assist professionals in evaluating potential liability on a target property resulting from past activities. EDRs Historical Topographic Map Report includes a search of a collection of public and private color historical topographic maps, dating back to the early 1900s.

Thank you for your business.
Please contact EDR at 1-800-352-0050
with any questions or comments.

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E 1527-05) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.
Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

FEDERAL RECORDS

NPL: Also known as Superfund, the National Priority List database is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund program. The source of this database is the U.S. EPA.

A review of the NPL list, as provided by EDR, and dated 07/05/2006 has revealed that there are 2 NPL sites within approximately 1 mile of the target property.

Equal/Higher Elevation	Address	Dist / Dir	Map ID	Page
SAN GABRIEL VALLEY (AREA 4)	***STIMSON AVE & OLD VALLE***	***1/2 - 1 SE***	***0***	***12***
SAN GABRIEL VALLEY (AREA 2)	***SUNSET & SAN BERNARDINO***	***1/2 - 1 NNE***	***0***	***21***

CERCLIS: The Comprehensive Environmental Response, Compensation and Liability Information System contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA). CERCLIS contains sites which are either proposed to or on the National Priorities List (NPL) and sites which are in the screening and assessment phase for possible inclusion on the NPL.

A review of the CERCLIS list, as provided by EDR, and dated 06/19/2006 has revealed that there is 1 CERCLIS site within approximately 0.5 miles of the target property.

BROUGH INDUSTRIES INC.	15100 E. NELSON AVE.	1/8 - 1/4 SSE	F28	58

EXECUTIVE SUMMARY

RCRAInfo: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. RCRAInfo replaces the data recording and reporting abilities of the Resource Conservation and Recovery Information System(RCRIS). The database includes selective information on sites which generate, transport, store , treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Conditionally exempt small quantity generators (CESQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month. Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month Large quantity generators generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month. Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

A review of the RCRA-SQG list, as provided by EDR, and dated 06/13/2006 has revealed that there are 6 RCRA-SQG sites within approximately 0.25 miles of the target property.

EXECUTIVE SUMMARY

CORTESE: This database identifies public drinking water wells with detectable levels of contamination, hazardous substance sites selected for remedial action, sites with known toxic material identified through the abandoned site assessment program, sites with USTs having a reportable release and all solid waste disposal facilities from which there is known migration. The source is the California Environmental Protection Agency/Office of Emergency Information.

A review of the Cortese list, as provided by EDR, and dated 04/01/2001 has revealed that there are 18 Cortese sites within approximately 0.5 miles of the target property.

ENVIROSTOR: The Department of Toxic Substances Control's (DTSC's) Site Mitigation and Brownfields Reuse Program's (SMBRP's) EnviroStor database identifes sites that have known contamination or sites for which there may be reasons to investigate further. The database includes the following site types: Federal Superfund sites (National Priorities List (NPL)); State Response, including Military Facilities and State Superfund; Voluntary Cleanup; and School sites. EnviroStor provides similar information to the information that was available in CalSites, and provides additional site information, including, but not limited to, identification of formerly-contaminated properties that have been released for reuse, properties where environmental deed restrictions have been recorded to prevent inappropriate land uses, and risk characterization information that is used to assess potential impacts to public health and the environment at contaminated sites.

A review of the ENVIROSTOR list, as provided by EDR, and dated 08/29/2006 has revealed that there is 1 ENVIROSTOR site within approximately 1 mile of the target property.

FINDS:
Other Pertinent Environmental Activity Identified at Site

The NEI (National Emissions Inventory) database contains information on stationary and mobile sources that emit criteria air pollutants and their precursors, as well as hazardous air pollutants (HAPs).

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

POTW:	Not reported
Treat To Water:	Minor Threat to Water Quality. A violation of a regional board order should cause a relatively minor impairment of beneficial uses compared to a major or minor threat. Not: All nurds without a TTWQ will be considered a minor threat to water quality unless coded at a higher Level. A Zero (0) may be used to code those NURDS that are found to represent no threat to water quality.
Complexity:	Category C - Facilities having no waste treatment systems, such as cooling water dischargers or thosewho must comply through best management practices, facilities with passive waste treatment and disposal systems, such as septic systems with subsurface disposal, or dischargers having waste storage systems with land disposal such as dairy waste ponds.

Site Description: The Puente Valley Operable Unit (PVOU) is located within the southeastern portion of the San Gabriel Valley, approximately 25 miles from the Pacific Coast, in eastern Los Angeles County. Located within the San Gabriel Valley is the San Gabriel Basin. The majority of the groundwater pumped from the main San Gabriel Basin is used for drinking water, supplied to the public by purveyors that are regulated as public water supply systems. Land use at the site includes industrial, commercial, and residential.The San Gabriel Valley has been the subject of environmental investigation since 1979 when groundwater contaminated with volatile organic compounds (VOCs) was first identified. In May 1984, four broad areas of contamination within the basin were listed as San Gabriel Areas 1 through 4 on the Environmental Protection Agency's (EPA's) National Priorities List (NPL). EPA subsequently divided the basin into eight operable units (OUs) to provide a means of describing hydrogeology and contaminant distribution, and planning remedial activities in the basin.In May 1993, EPA sent Special Notice letters to 58 potentially responsible parties (PRPs), requesting that these parties present a good faith offer to perform the remedial investigation/feasibility study (RI/FS) for the PVOU. Forty-two of these PRPs formed the Puente Valley Steering Committee (PVSC), and in September 1993 entered into an administrative order on consent (AOC) with EPA to conduct the RI/FS. Also in September 1993, EPA issued a unilateral administrative order (UAO) to two PRPs, Goe Engineering and Diversey Corporation, that failed to present a good faith offer. Diversey Corporation completed the activities that the UAO required in 1996, and the PVSC and EPA completed the RI/FS in May 1997.PRPs in the EL Monte and South El Monte OUs have entered into AOCs to perform the RI/FS for their respective OUs. EPA also

SAN GABRIEL VALLEY (AREA 4) (Continued) **1000114960**

issued UAOs to two parties in the El Monte OU. In the Baldwin Park OU, EPA issued a ROD in March 1993.

FINDS:
Other Pertinent Environmental Activity Identified at Site

CERCLIS (Comprehensive Environmental Response, Compensation, and Liability Information System) is the Superfund database that is used to support management in all phases of the Superfund program. The system contains information on all aspects of hazardous waste sites, including an inventory of sites, planned and actual site activities, and financial information.

ICIS (Integrated Compliance Information System) is the Integrated Compliance Information System and provides a database that, when complete, will contain integrated Enforcement and Compliance information across most of EPA's programs. The vision for ICIS is to replace EPA's independent databases that contain Enforcement data with a single repository for that information. Currently, ICIS contains all Federal Administrative and Judicial enforcement actions. This information is maintained in ICIS by EPA in the Regional offices and its Headquarters. A future release of ICIS will replace the Permit Compliance System (PCS) which supports the NPDES and will integrate that information with Federal actions already in the system. ICIS also has the capability to track other activities occurring in the Region that support Compliance and Enforcement programs. These include; Incident Tracking, Compliance Assistance, and Compliance Monitoring.

Summary Details:

Conditions at listing September 1983): San Gabriel Valley Area 4) is a ground water plume that runs along the axis of the San Jose Creek in the San Gabriel ground water basin in La Puenta, Los Angeles County, California. The

SAN GABRIEL VALLEY (AREA 4) (Continued) **1000114960**

plume is about
1 mile long and 1 mile wide. Ground water is contaminated with trichloroethylene TCE) and perchloroethylene PCE), according to analyses by State agencies and local water companies. Many public wells in the area exceed the EPA Suggested
No Adverse Response Levels SNARL) for TCE and PCE. Approximately 100,000 people are affected. Cities and public water companies in the area have tested to ensure that their water supplies contain less than 5 parts per billion
ppb) of TCE, a
level considered safe for human consumption. When alternative methods of reducing the TCE level below 5 ppb are not effective, wells are removed from service. Status June 1984): A supplemental sampling program of contaminated wells wil
l begin soon to get a snapshot view of the degree of contamination. The State Department of Health Services and EPA are preparing to initiate a remedial investigation/ feasibility study to determine the aerial and vertical extent of contami
nation and to develop alternatives for treatment and management of the problem. EPA continues its investigation to identify sources of the contamination. This site, along with the three other San Gabriel Valley sites, was added to
the NPL in May 1984 because it involves a serious problem that required taking immediate remedial action.

Site Description: Four areas of groundwater contamination are listed on the National Priorities List: San Gabriel Valley Area 1, San Gabriel Valley Area 2, San Gabriel Valley 3, and San Gabriel Valley 4. The four areas represent a significant portion of the 170 square mile San Gabriel Valley in Los Angeles County, California. More than one million residents live in the San Gabriel Valley alongside a variety of commercial and industrial operations. The San Gabriel Aquifer, which underlies most of the San Gabriel Valley Basin, stores an estimated three

SAN GABRIEL VALLEY (AREA 2) (Continued) **1000114961**

trillion gallons of water and is the primary source of water for most of the Basin?s residents. Major surface water features in the San Gabriel Valley include the San Gabriel River, tributaries to the SanGabriel River system, and spreading basins located in or adjacent to the river channels.The approximate location of the San Gabriel Valley Area 2 Site is west of highway 39, south of the San Gabriel Mountains, east of the San Gabriel River, and north of Walnut Creek. Nearly all of the Baldwin Park area is fully developed for residential, commercial, and industrial use. The largest parcels of open land are active and inactive gravel pits and the Santa Fe flood Control Basin. Water purveyors in the site area include: the City of Azusa, California Domestic Water Company, City of Glendora, La Puente Valley County Water District, San Gabriel Valley Water Company, Suburban Water Systems, and Valley County Water District.Volatile Organic Compounds (VOCs), major contaminants of concern at the San Gabriel Valley Sites, were used in large quantities at industrial facilities as early as the 1940?s. From the 1940?s through the 1980?s, carbon tetrachloride, tetrachloroethane, thrichlorethene, and other chlorinated solvents were used by hundreds of businesses for degreasing, as raw materials for automotive products, by a solvent recycler, for chemical extractions , and for other purposes. VOCs have been released by acombination of intentional disposal, careless handling during loading and unloading, leaking tanks and pipes, and other means. VOCs were not detected in ground water until 1979 during environmental monitoring activities conducted by Aerojet Electrosystems near its facility in Azusa.In May 1984, EPA listed four areas of contamination were listed as San Gabriel Valley Area 1 through 4. EPA began its enforcement efforts in the site area in 1985 with searches for and evaluations of historical Federal, State, and local records on chemical usage, handling, and disposal. In 1985, the California Regional Water Quality Board began its Well Investigation Program (WIP) to identify the sources of ground water contamination detected in water supply wells. In 1989, EPA entered into a cooperative agreement to expand the WIP program to determine the nature and extent of contamination in the San Gabriel Valley. The RI/FS for the Baldwin Park OU was conducted concurrently with source identification efforts, as a fund-lead project. In March 1994, the Record of Decision (ROD) document was signed.

Substance ID: U228
Substance: TRICHLOROETHYLENE (TCE)
CAS #: 79-01-6
Pathway: GROUND WATER PATHWAY
Scoring: 2

Summary Details:

Conditions at listing September 1983): San Gabriel Valley Area 2) is a ground water plume that parallels the San Gabriel River to the west in the San Gabriel ground water basin in the Baldwin Park area of Los Angeles County, California. Th
e plume is about 7.5 miles long and 1.5 miles wide. Ground water is contaminated with trichloroethylene TCE), perchloroethylene PCE), and carbon tetrachloride, according to analyses by State agencies and local water companies. Many pub
lic wells in the area exceed the EPA Suggested No Adverse Response Levels SNARL) for TCE and PCE. Approximately 100,000 people are affected. Cities and public water companies in the area have tested to ensure that their water supplies contain
less than 5 parts per billion ppb) of TCE, a level considered safe for human consumption. When alternative methods of reducing the TCE level below 5 ppb are not effective, wells are removed from service. Status June 1984): A supplemen
tal sampling program of contaminated wells will begin soon to get a snapshot view of the degree of contamination. The State Department of Health Services and EPA are preparing to initiate a remedial investigation/ feasibility study to dete
rmine the aerial and vertical extent of contamination and to develop alternatives for treatment and management of the problem. EPA continues its investigation to identify sources of the contamination. This site, along with the three
other San Gabriel Valley sites, was added to the NPL in May 1984 because it involves a serious problem that required taking immediate remedial action.

California - Hazardous Waste Tracking System - Datamart

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Reclamation: Not reported
POTW: The facility is not a POTW.
Treat To Water: Minor Threat to Water Quality. A violation of a regional board order should cause a relatively minor impairment of beneficial uses compared to a major or minor threat. Not: All nurds without a TTWQ will be considered a minor threat to water quality unless coded at a higher Level. A Zero (0) may be used to code those NURDS that are found to represent no threat to water quality.
Complexity: Category C - Facilities having no waste treatment systems, such as cooling water dischargers or thosewho must comply through best management practices, facilities with passive waste treatment and disposal systems, such as septic systems with subsurface disposal, or dischargers having waste storage systems with land disposal such as dairy waste ponds.

Agency Type: Private
SIC Code: 5015
SIC Code 2: Not reported
Primary Waste: Stormwater Runoff
Primary Waste Type: Inert/Influent or Solid Wastes that do not contain soluble pollutants or organic wastes and have little adverse impact on water quality. Such wastes could cause turbidity and siltation. Uncontaminated soils, rubble and concrete are examples of this category.
Secondary Waste: Not reported
Secondary Waste Type: Not reported
Design Flow: Not reported
Baseline Flow: Not reported
Reclamation: No reclamation requirements associated with this facility.
POTW: The POTW Does not have an approved pretreatment program. Some POTWs may have local pretreatment programs that have not been approved by the regional board and/or EPA.
Treat To Water: Minor Threat to Water Quality. A violation of a regional board order should cause a relatively minor impairment of beneficial uses compared to a major or minor threat. Not: All nurds without a TTWQ will be considered a minor threat to water quality unless coded at a higher Level. A Zero (0) may be used to code those NURDS that are found to represent no threat to water quality.
Complexity: Category C - Facilities having no waste treatment systems, such as cooling water dischargers or thosewho must comply through best management practices, facilities with passive waste treatment and disposal systems, such as septic systems with subsurface disposal, or dischargers having waste storage systems with land disposal such as dairy waste ponds.

CA WDS:

Facility ID:	4 19I002644
Facility Type:	Other - Does not fall into the category of Municipal/Domestic, Industrial, Agricultural or Solid Waste (Class I, II or III)
Facility Status:	Active - Any facility with a continuous or seasonal discharge that is under Waste Discharge Requirements.
NPDES Number:	CAS000001 The 1st 2 characters designate the state. The remaining 7 are assigned by the Regional Board
Subregion:	4
Facility Telephone:	6269683801
Facility Contact:	Alan Franz
Agency Name:	PACTIV CORP.
Agency Address:	Not reported
Agency City,St,Zip:	Not reported
Agency Contact:	Not reported
Agency Telephone:	Not reported
Agency Type:	Private
SIC Code:	3089
SIC Code 2:	Not reported
Primary Waste:	Stormwater Runoff
Primary Waste Type:	Designated/Influent or Solid Wastes that pose a significant threat to water quality because of their high concentrations (E.G., BOD, Hardness, TRF, Chloride). 'Manageable' hazardous wastes (E.G., inorganic salts and heavy metals) are included in this category.
Secondary Waste:	Not reported
Secondary Waste Type:	Not reported
Design Flow:	Not reported
Baseline Flow:	Not reported
Reclamation:	No reclamation requirements associated with this facility.
POTW:	The facility is not a POTW.
Treat To Water:	Minor Threat to Water Quality. A violation of a regional board order should cause a relatively minor impairment of beneficial uses compared to a major or minor threat. Not: All nurds without a TTWQ will be considered a minor threat to water quality unless coded at a higher Level. A Zero (0) may be used to code those NURDS that are found to represent no threat to water quality.
Complexity:	Category C - Facilities having no waste treatment systems, such as cooling water dischargers or thosewho must comply through best management practices, facilities with passive waste treatment and disposal systems, such as septic systems with subsurface disposal, or dischargers having waste storage systems with land disposal such as dairy waste ponds.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

Number of Days to Update: Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

FEDERAL RECORDS

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

NPL RECOVERY: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

Date of Government Version: 10/15/1991
Date Data Arrived at EDR: 02/02/1994
Date Made Active in Reports: 03/30/1994
Number of Days to Update: 56

Source: EPA

Data Release Frequency: No Update Planned

CERCLIS: Comprehensive Environmental Response, Compensation, and Liability Information System

CERCLIS contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). CERCLIS contains sites which are either proposed to or on the National Priorities List (NPL) and sites which are in the screening and assessment phase for possible inclusion on the NPL.

Date of Government Version: 06/19/2006
Date Data Arrived at EDR: 06/22/2006

Last EDR Contact: 09/21/2006
Next Scheduled EDR Contact: 12/18/2006
Data Release Frequency: Quarterly

CERCLIS-NFRAP: CERCLIS No Further Remedial Action Planned

Archived sites are sites that have been removed and archived from the inventory of CERCLIS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list this site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. This decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be a potential NPL site.

Data Release Frequency: Quarterly

RCRA: Resource Conservation and Recovery Act Information

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. RCRAInfo replaces the data recording and reporting abilities of the Resource Conservation and Recovery Information System (RCRIS). The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Conditionally exempt small quantity generators (CESQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month. Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month. Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month. Transporters are individuals or entities that move hazardous waste from the generator off-site to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

US BROWNFIELDS: A Listing of Brownfields Sites

Included in the listing are brownfields properties addresses by Cooperative Agreement Recipients and brownfields properties addressed by Targeted Brownfields Assessments. Targeted Brownfields Assessments-EPA's Targeted Brownfields Assessments (TBA) program is designed to help states, tribes, and municipalities--especially those without EPA Brownfields Assessment Demonstration Pilots--minimize the uncertainties of contamination often associated with brownfields. Under the TBA program, EPA provides funding and/or technical assistance for environmental assessments at brownfields sites throughout the country. Targeted Brownfields Assessments supplement and work with other efforts under EPA's Brownfields Initiative to promote cleanup and redevelopment of brownfields. Cooperative Agreement Recipients-States, political subdivisions, territories, and Indian tribes become Brownfields Cleanup Revolving Loan Fund (BCRLF) cooperative agreement recipients when they enter into BCRLF cooperative agreements with the U.S. EPA. EPA selects BCRLF cooperative agreement recipients based on a proposal and application process. BCRLF cooperative agreement recipients must use EPA funds provided through BCRLF cooperative agreement for specified brownfields-related cleanup activities.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

Next Scheduled EDR Contact: 01/01/2007
Data Release Frequency: Quarterly

RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

Date of Government Version: 04/17/1995

DEED: Deed Restriction Listing

Site Mitigation and Brownfields Reuse Program Facility Sites with Deed Restrictions & Hazardous Waste Management Program Facility Sites with Deed / Land Use Restriction. The DTSC Site Mitigation and Brownfields Reuse Program (SMBRP) list includes sites cleaned up under the program's oversight and generally does not include current or former hazardous waste facilities that required a hazardous waste facility permit. The list represents deed restrictions that are active. Some sites have multiple deed restrictions. The DTSC Hazardous Waste Management Program (HWMP) has developed a list of current or former hazardous waste facilities that have a recorded land use restriction at the local county recorder's office. The land use restrictions on this list were required by the DTSC HWMP as a result of the presence of hazardous substances that remain on site after the facility (or part of the facility) has been closed or cleaned up. The types of land use restriction include deed notice, deed restriction, or a land use restriction that binds current and future owners.

HAZNET: Facility and Manifest Data

Facility and Manifest Data. The data is extracted from the copies of hazardous waste manifests received each year by the DTSC. The annual volume of manifests is typically 700,000 - 1,000,000 annually, representing approximately 350,000 - 500,000 shipments. Data are from the manifests submitted without correction, and therefore many contain some invalid values for data elements such as generator ID, TSD ID, waste category, and disposal method.

ENVIROSTOR: EnviroStor Database

The Department of Toxic Substances Control's (DTSC's) Site Mitigation and Brownfields Reuse Program's (SMBRP's) EnviroStor database identifes sites that have known contamination or sites for which there may be reasons to investigate further. The database includes the following site types: Federal Superfund sites (National Priorities List (NPL)); State Response, including Military Facilities and State Superfund; Voluntary Cleanup; and School sites. EnviroStor provides similar information to the information that was available in CalSites, and provides additional site information, including, but not limited to, identification of formerly-contaminated properties that have been released for reuse, properties where environmental deed restrictions have been recorded to prevent inappropriate land uses, and risk characterization information that is used to assess potential impacts to public health and the environment at contaminated sites.

EDR PROPRIETARY RECORDS

Manufactured Gas Plants: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

OTHER DATABASE(S)

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

CT MANIFEST: Hazardous Waste Manifest Data
Facility and manifest data. Manifest is a document that lists and tracks hazardous waste from the generator through transporters to a tsd facility.

Date of Government Version: 12/31/2004

Oil/Gas Pipelines: This data was obtained by EDR from the USGS in 1994. It is referred to by USGS as GeoData Digital Line Graphs from 1:100,000-Scale Maps. It was extracted from the transportation category including some oil, but primarily gas pipelines.

Electric Power Transmission Line Data
Source: PennWell Corporation
Telephone: (800) 823-6277
This map includes information copyrighted by PennWell Corporation. This information is provided on a best effort basis and PennWell Corporation does not guarantee its accuracy nor warrant its fitness for any particular purpose. Such information has been reprinted with the permission of PennWell.

Sensitive Receptors: There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

AHA Hospitals:
Source: American Hospital Association, Inc.
Telephone: 312-280-5991
The database includes a listing of hospitals based on the American Hospital Association's annual survey of hospitals.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Medical Centers: Provider of Services Listing
Source: Centers for Medicare & Medicaid Services
Telephone: 410-786-3000
A listing of hospitals with Medicare provider number, produced by Centers of Medicare & Medicaid Services, a federal agency within the U.S. Department of Health and Human Services.

Nursing Homes
Source: National Institutes of Health
Telephone: 301-594-6248

CITY OF INDUSTRY, CA 91744

TARGET PROPERTY COORDINATES

Latitude (North):	34.03240 - 34° 1' 56.6"
Longitude (West):	117.9659 - 117° 57' 57.2"
Universal Tranverse Mercator:	Zone 11
UTM X (Meters):	410831.5
UTM Y (Meters):	3765974.5
Elevation:	309 ft. above sea level

USGS TOPOGRAPHIC MAP

Target Property Map:	34117-A8 BALDWIN PARK, CA
Most Recent Revision:	1981

EDR's GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principle investigative components:

1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

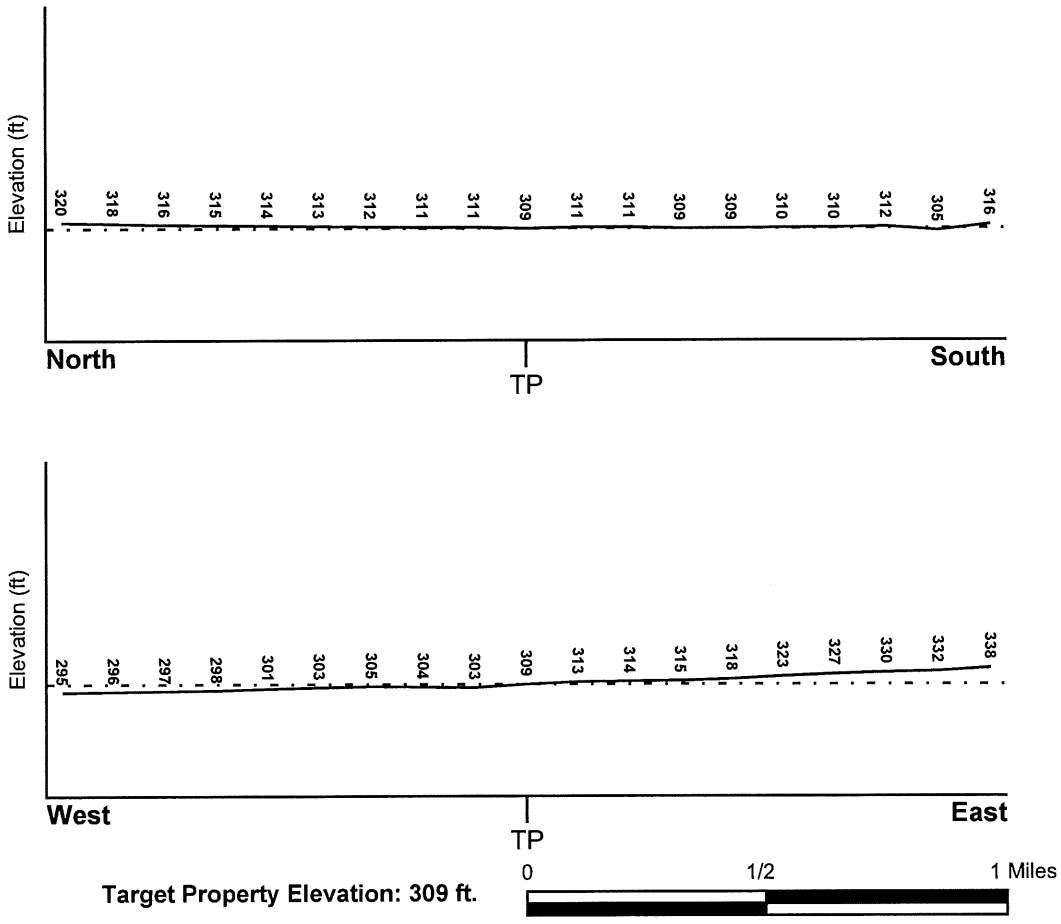
TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General West

SURROUNDING TOPOGRAPHY: ELEVATION PROFILES



Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

FEMA FLOOD ZONE

Target Property County	FEMA Flood Electronic Data
LOS ANGELES, CA	YES - refer to the Overview Map and Detail Map

NATIONAL WETLAND INVENTORY

NWI Quad at Target Property	NWI Electronic Data Coverage
NOT AVAILABLE	Not Available

HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Site-Specific Hydrogeological Data*:

Search Radius:	1.25 miles
Location Relative to TP:	1/8 - 1/4 Mile SE
Site Name:	Brough Industries Inc.
Site EPA ID Number:	CAD983633710
Groundwater Flow Direction:	NOT AVAILABLE.
Measured Depth to Water:	not available.
Hydraulic Connection:	Aquifers under the site are most likely hydraulically connected.
Sole Source Aquifer:	No information about a sole source aquifer is available
Data Quality:	Information is inferred in the CERCLIS investigation report(s)

AQUIFLOW®

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

MAP ID	LOCATION FROM TP	GENERAL DIRECTION GROUNDWATER FLOW
