Client No. 20368

Project No. 11964-011

Utility Trailer Manufacturing Company
17295 East Railroad Street
City of Industry, California 91749

Attention: Mr. Bob Dixon

Gentlemen:

Draft Isoconcentration and Groundwater
Elevation Contour Maps
Regional Database
Utility Trailer Manufacturing Company
City of Industry, California

This letter transmits two draft sets of three isoconcentration contour maps and one groundwater elevation contour map for the area surrounding the Utility Trailer Manufacturing Company site in City of Industry, California. The data used to prepare these maps were collected between July and September 1991 and represent the most complete data set available in a close time period. The isoconcentration maps include separate maps for trichloroethene (TCE), tetrachloroethene (PCE), and 1,1,1-trichloroethane (1,1,1-TCA).

HLA appreciates the opportunity to provide hydrogeologic consulting services to Utility Trailer Manufacturing Company. If you have any questions or comments, please call the undersigned.

Very truly yours,

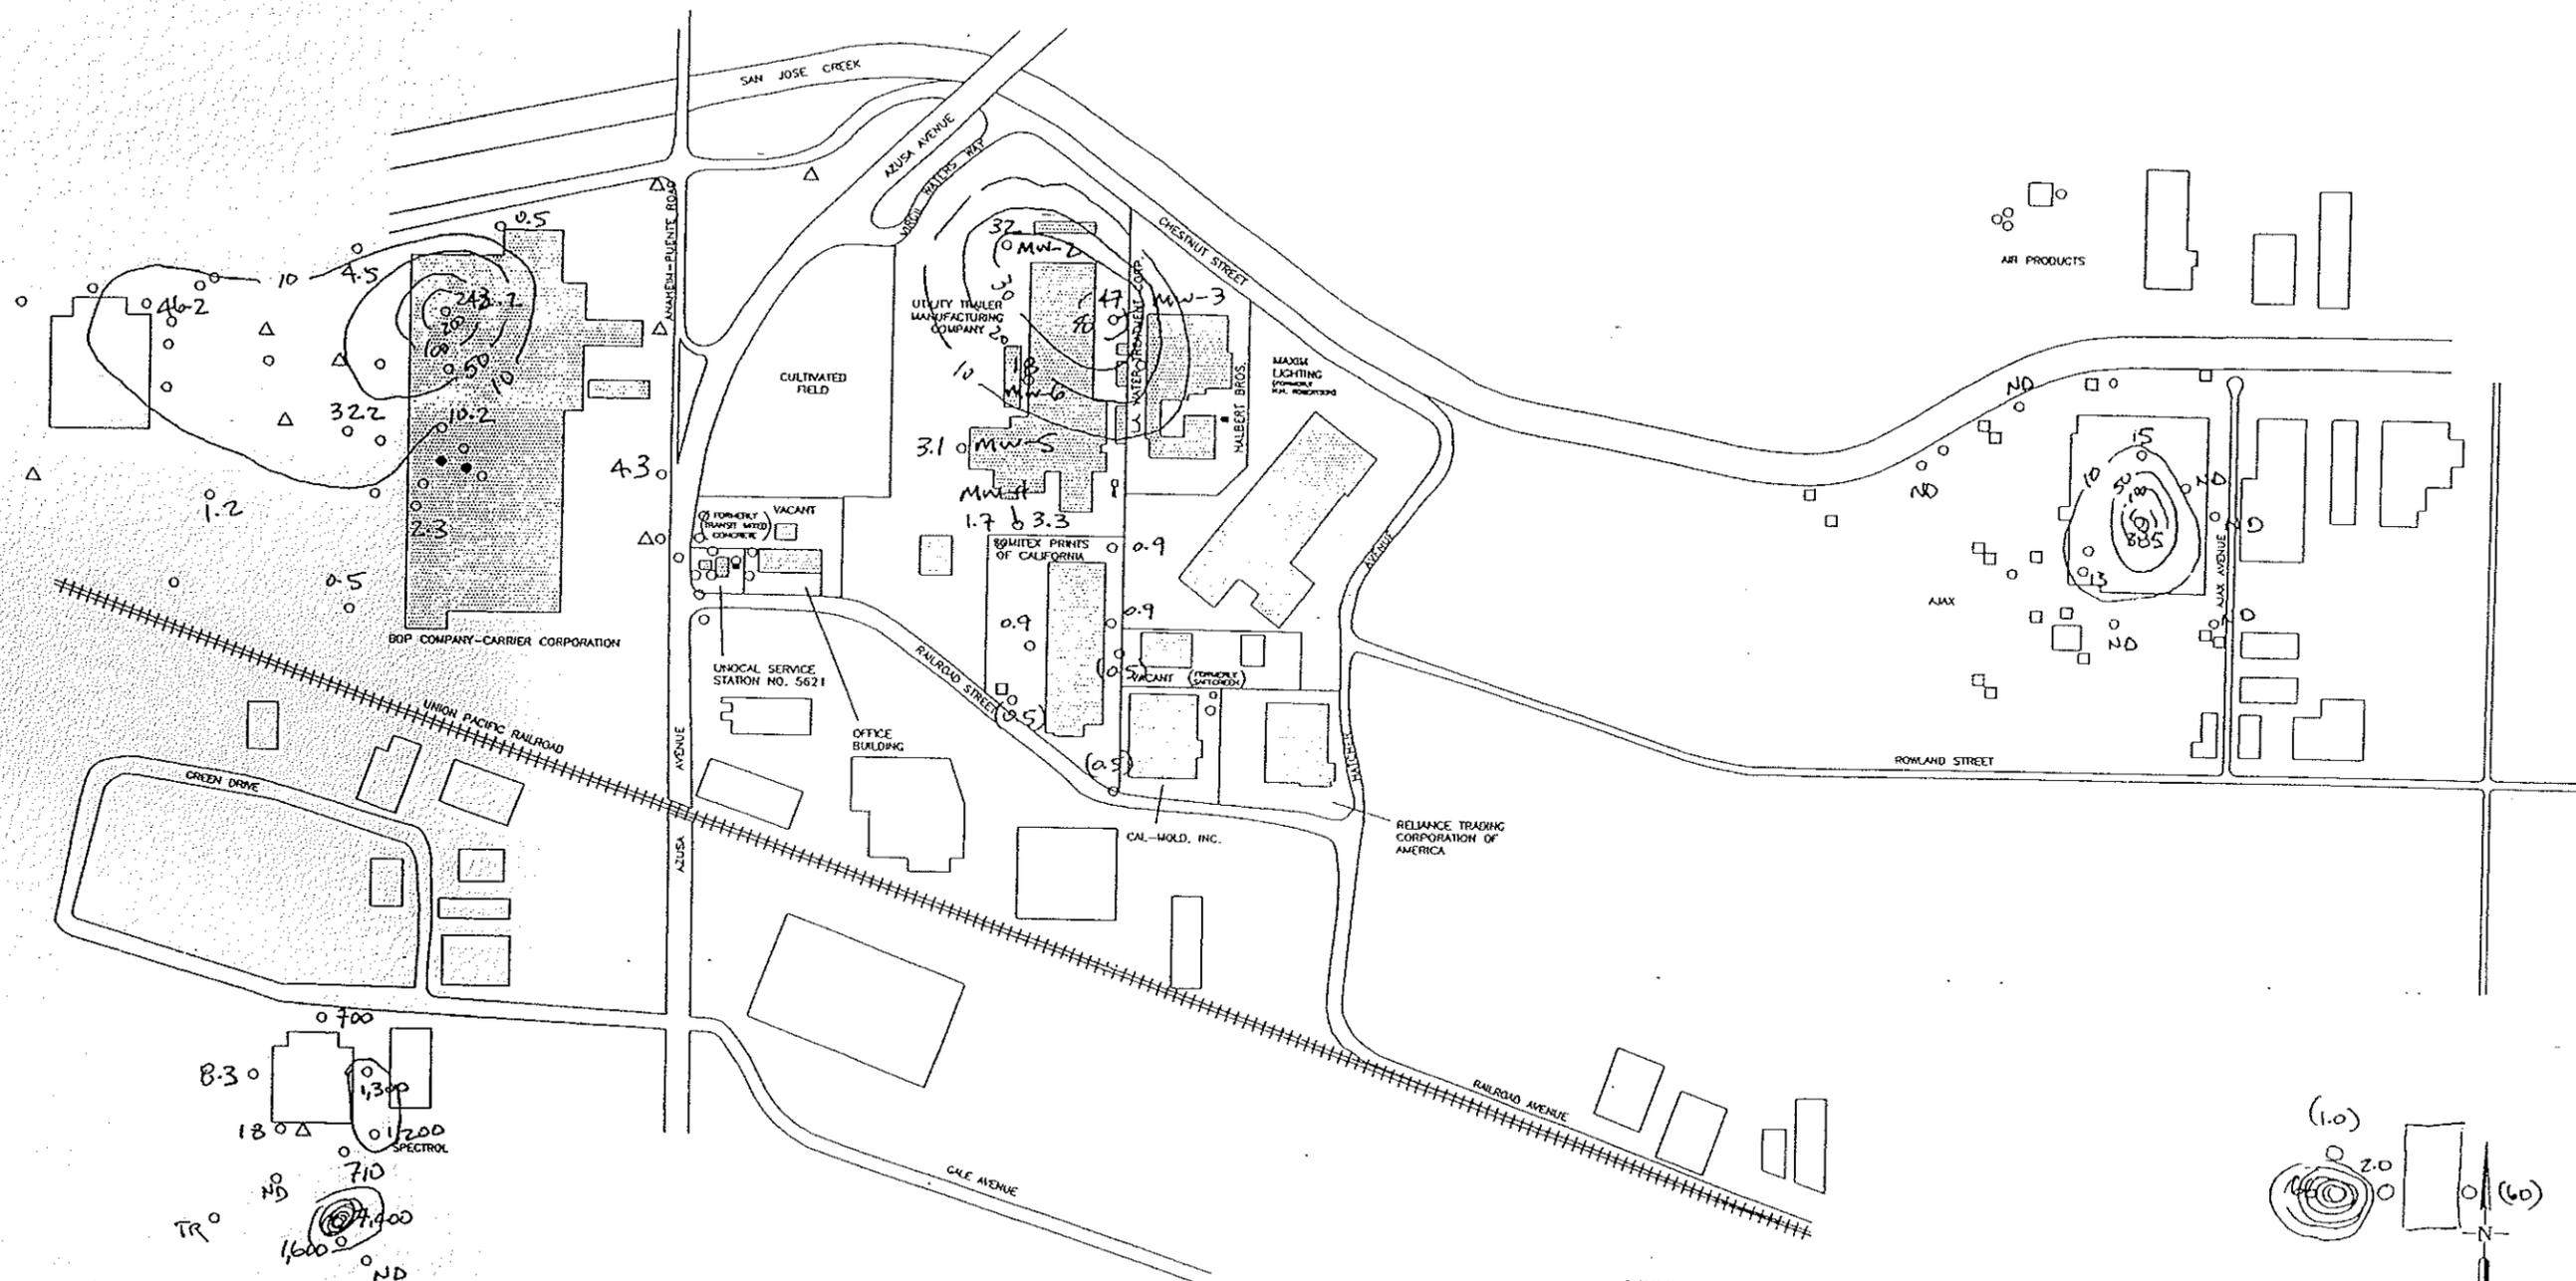

HARDING LAWSON ASSOCIATES

Bradford C.D. Eismen
Project Geologist

Attachments: (3) Isoconcentration contour maps
(1) Groundwater elevation contour map
