Extension for Submission of
Soil-Gas Survey Report
Utility Trailer Manufacturing Company
City of Industry, California

This letter confirms that, based on discussions held on June 20, 1991, between Ms. Peggy Seracuse of Harding Lawson Associates (HLA) and Mr. Samuel Yu of the California Regional Water Quality Control Board, the submittal deadline for HLA's Soil-Gas Survey report for Utility Trailer Manufacturing Company has been extended to August 9, 1991. This extension was granted because of delays encountered in negotiating access to the adjacent Los Angeles Water Company property.

If you have any questions or comments please call the undersigned.
