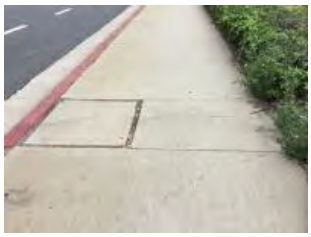
Barrier ID: B-0943
Type: Horizontal Displacement
Year: 10
Estimated Costs: $180
Cost with CG (30%): $234
Priority: 2
Precedence: 4d
Sub Section: 6D
Segment ID: S06



Findings: A horizontal opening, greater than 0.5 inches, exists parallel to the path of travel.
Recommendations: Fill gaps to provide a smooth transitional surface.

GPS: 33.991122 -117.929734

STREET NAME: Colima Rd
Between Albastross Rd and S Azusa Ave
Barrier ID: B-1291
Type: Horizontal Displacement
Year: 10
Estimated Costs: $180
Cost with CG (30%): $234
Priority: 2
Precedence: 4d
Sub Section: 6D
Segment ID: S06

Findings: A horizontal opening, greater than 0.5 inches, exists parallel to the path of travel.
Recommendations: Fill gaps to provide a smooth transitional surface.

GPS: 33.991005 -117.928501

STREET NAME: Colima Rd
Between Albastross Rd and S Azusa Ave
Barrier ID: B-0887
Type: Horizontal Displacement
Year: 10
Estimated Costs: $180
Cost with CG (30%): $234
Priority: 2
Precedence: 4d
Sub Section: 6D
Segment ID: S06

Findings: A horizontal opening, greater than 0.5 inches, exists parallel to the path of travel.
Recommendations: Fill gaps to provide a smooth transitional surface.

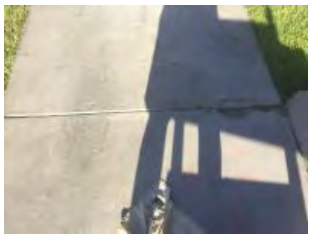
GPS: 33.991126 -117.929937

STREET NAME: Colima Rd
Between Albastross Rd and S Azusa Ave
Barrier ID: B-1030
Type: Horizontal Displacement
Year: 10
Estimated Costs: $180
Cost with CG (30%): $234
Priority: 2
Precedence: 4d
Sub Section: 6D
Segment ID: S06

Findings: A horizontal opening, greater than 0.5 inches, exists parallel to the path of travel.
Recommendations: Fill gaps to provide a smooth transitional surface.

GPS: 33.991085 -117.929397

STREET NAME: Fairway Dr
Between Business Pkwy and Lemon ave
Barrier ID: B-2064
Type: Horizontal Displacement
Year: 17
Estimated Costs: $180
Cost with CG (30%): $234
Priority: 2
Precedence: 12a
Sub Section: 3A
Segment ID: S03



Findings: A horizontal opening, greater than 0.5 inches, exists parallel to the path of travel.
Recommendations: Fill gaps to provide a smooth transitional surface.

GPS: 33.999543 -117.869051

STREET NAME: Peck Rd
Between Pellissier Pl and San Gabriel Fwy
Barrier ID: B-3023
Type: Horizontal Displacement
Year: 17
Estimated Costs: $180
Cost with CG (30%): $234
Priority: 4
Precedence: 11d
Sub Section: 13D
Segment ID: S13

Findings: A horizontal opening, greater than 0.5 inches, exists parallel to the path of travel.
Recommendations: Fill gaps to provide a smooth transitional surface.

GPS: 34.026811 -118.037654

STREET NAME: S Lemon Dr
Between Currier Rd and Union Pacific RR
Barrier ID: B-3999
Type: Horizontal Displacement
Year: 8
Estimated Costs: $60
Cost with CG (30%): $78
Priority: 4
Precedence: 3a
Sub Section: 2A
Segment ID: S02

Findings: A horizontal opening, greater than 0.5 inches, exists across the path of travel.
Recommendations: Fill gaps to provide a smooth transitional surface.

GPS: 34.004508 -117.855131

STREET NAME: Rowland St
Between Fullerton Rd and Lawson St
Barrier ID: B-3604
Type: Horizontal Displacement
Year: 20
Estimated Costs: $0
Cost with CG (30%): $0
Priority: 4
Precedence: 13c
Sub Section: 4C
Segment ID: S04

Findings: A horizontal opening, less than 0.5 inches, exists parallel the path of travel.
Recommendations: No action is required.

GPS: 34.000181 -117.905145

STREET NAME: S Lemon Dr
Between Currier Rd and Union Pacific RR
Barrier ID: B-3996
Type: Horizontal Displacement
Year: 8
Estimated Costs: $0
Cost with CG (30%): $0
Priority: 4
Precedence: 3a
Sub Section: 2A
Segment ID: S02

Findings: A horizontal opening, less than 0.5 inches, exists parallel the path of travel.
Recommendations: No action is required.

GPS: 34.005689 -117.855316

STREET NAME: S Lemon Dr
Between Business Pkwy and Fairway dr
Barrier ID: B-3936
Type: Horizontal Displacement
Year: 18
Estimated Costs: $180
Cost with CG (30%): $234
Priority: 4
Precedence: 12b
Sub Section: 3B
Segment ID: S03

Findings: A horizontal opening, greater than 0.5 inches, exists parallel to the path of travel.
Recommendations: Fill gaps to provide a smooth transitional surface.

GPS: 34.00182 -117.864858

APPENDIX N-8: VERTICAL DISPLACEMENT

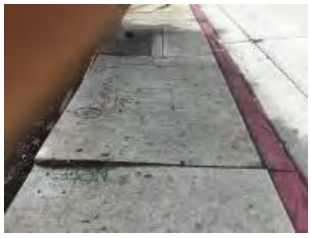
Cost Summary Table by Year:

	Extimated Costs	Estimated Cost with GC (30%)
Year 1	$0	$0
Year 2	$0	$0
Year 3	$270	$351
Year 4	$27,980	$36,374
Year 5	$16,940	$22,022
Year 6	$24,450	$31,785
Year 7	$32,990	$42,887
Year 8	$12,390	$16,107
Year 9	$29,260	$38,038
Year 10	$48,110	$62,543
Year 11	$1,180	$1,534
Year 12	$55,430	$72,059
Year 13	$8,460	$10,998
Year 14	$30,480	$39,624
Year 15	$13,320	$17,316
Year 16	$14,450	$18,785
Year 17	$21,710	$28,223
Year 18	$10,580	$13,754
Year 19	$10,180	$13,234
Year 20	$30,840	$40,092
Total	**$389,020**	**$505,726**

Barrier ID: B-0277
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.000356 -117.931318

Barrier ID: B-0276
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08



Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.000359 -117.931364

Barrier ID: B-0273
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.00002 -117.932121

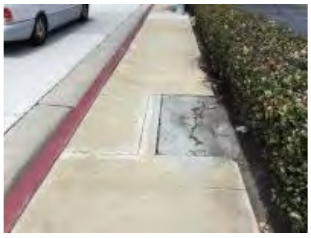
Barrier ID: B-0274
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.000287 -117.931886

Barrier ID: B-0268
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 33.999991 -117.933629

Barrier ID: B-0275
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08



Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.00008 -117.931575

Barrier ID: B-0266
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.000632 -117.934257

Barrier ID: B-0271
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.000463 -117.932395

Barrier ID: B-0325
Type: Vertical Displacement
Year: 10
Estimated Costs: $80
Cost with CG (30%): $104
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement between 0.25 inches and 0.5 inches is present, creating a tripping hazard.
Recommendations: Use asphalt to create a bevelment that does not exceed 50% grade in the path of travel across the entire width of the access route.
GPS: 33.9996 -117.933792

Barrier ID: B-0279
Type: Vertical Displacement
Year: 10
Estimated Costs: $80
Cost with CG (30%): $104
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement between 0.25 inches and 0.5 inches is present, creating a tripping hazard.
Recommendations: Use asphalt to create a bevelment that does not exceed 50% grade in the path of travel across the entire width of the access route.
GPS: 34.000437 -117.935229

Barrier ID: B-0297
Type: Vertical Displacement
Year: 10
Estimated Costs: $240
Cost with CG (30%): $312
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.001092 -117.935965

Barrier ID: B-0265
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.000628 -117.935645

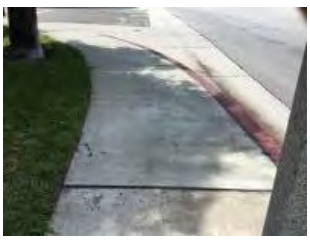
Barrier ID: B-0409
Type: Vertical Displacement
Year: 10
Estimated Costs: $0
Cost with CG (30%): $0
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A beveled vertical displacement between 0.25 inches and 0.5 inches is present, bevelment slope is less than allowable 50% grade.
Recommendations: No action is necessary.
GPS: 34.001435 -117.936924

Barrier ID: B-0296
Type: Vertical Displacement
Year: 10
Estimated Costs: $240
Cost with CG (30%): $312
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.001079 -117.935931

Barrier ID: B-0269
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08



Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.001552 -117.937273

Barrier ID: B-0402
Type: Vertical Displacement
Year: 10
Estimated Costs: $240
Cost with CG (30%): $312
Priority: 1
Precedence: 5c
Sub Section: 8C
Segment ID: S08

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.002368 -117.939583

Barrier ID: B-0272
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.00152 -117.938524

Barrier ID: B-0403
Type: Vertical Displacement
Year: 10
Estimated Costs: $240
Cost with CG (30%): $312
Priority: 1
Precedence: 5c
Sub Section: 8C
Segment ID: S08

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.002371 -117.939587

Barrier ID: B-0267
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.00141 -117.936844

Barrier ID: B-0581
Type: Vertical Displacement
Year: 10
Estimated Costs: $240
Cost with CG (30%): $312
Priority: 2
Precedence: 5c
Sub Section: 8C
Segment ID: S08

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.002644 -117.940011

Barrier ID: B-0270
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 1
Precedence: 5d
Sub Section: 8D
Segment ID: S08

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 33.999989 -117.932845

Barrier ID: B-0740
Type: Vertical Displacement
Year: 10
Estimated Costs: $240
Cost with CG (30%): $312
Priority: 2
Precedence: 5b
Sub Section: 8B
Segment ID: S08

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.002887 -117.939642

Barrier ID: B-0721
Type: Vertical Displacement
Year: 10
Estimated Costs: $240
Cost with CG (30%): $312
Priority: 2
Precedence: 5c
Sub Section: 8C
Segment ID: S08

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.002778 -117.940474

Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
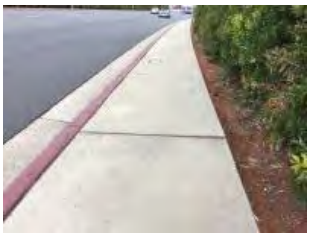
GPS: 34.006315 -117.947697

Barrier ID: B-3060
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 4
Precedence: 5a
Sub Section: 8A
Segment ID: S08



Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.015494 -117.952148

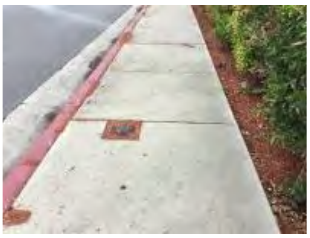
Barrier ID: B-3115
Type: Vertical Displacement
Year: 10
Estimated Costs: $240
Cost with CG (30%): $312
Priority: 4
Precedence: 5a
Sub Section: 8A
Segment ID: S08

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.015527 -117.952855

Barrier ID: B-3074
Type: Vertical Displacement
Year: 10
Estimated Costs: $0
Cost with CG (30%): $0
Priority: 4
Precedence: 5a
Sub Section: 8A
Segment ID: S08

Findings: A beveled vertical displacement between 0.25 inches and 0.5 inches is present, bevelment slope is less than allowable 50% grade.
Recommendations: No action is necessary.
GPS: 34.015579 -117.951749

Barrier ID: B-3059
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 4
Precedence: 5a
Sub Section: 8A
Segment ID: S08



Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.015701 -117.952837

Barrier ID: B-3067
Type: Vertical Displacement
Year: 10
Estimated Costs: $240
Cost with CG (30%): $312
Priority: 4
Precedence: 5a
Sub Section: 8A
Segment ID: S08

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.015578 -117.951749

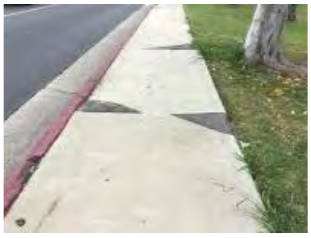
Barrier ID: B-3061
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 4
Precedence: 5a
Sub Section: 8A
Segment ID: S08

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.015577 -117.951778

Barrier ID: B-3099
Type: Vertical Displacement
Year: 10
Estimated Costs: $240
Cost with CG (30%): $312
Priority: 4
Precedence: 5a
Sub Section: 8A
Segment ID: S08

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.015813 -117.952817

Barrier ID: B-3076
Type: Vertical Displacement
Year: 10
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 4
Precedence: 5a
Sub Section: 8A
Segment ID: S08



Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.015647 -117.952912

Barrier ID: B-0509
Type: Vertical Displacement
Year: 14
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 2
Precedence: 8b
Sub Section: 10B
Segment ID: S10

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.01808 -117.959476

Barrier ID: B-3073
Type: Vertical Displacement
Year: 10
Estimated Costs: $0
Cost with CG (30%): $0
Priority: 4
Precedence: 5a
Sub Section: 8A
Segment ID: S08

Findings: A beveled vertical displacement between 0.25 inches and 0.5 inches is present, bevelment slope is less than allowable 50% grade.
Recommendations: No action is necessary.

GPS: 34.015674 -117.952665

Barrier ID: B-0531

Sub Section: 9A
Segment ID: S09

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.018265 -117.956421

Barrier ID: B-2153
Type: Vertical Displacement
Year: 5
Estimated Costs: $0
Cost with CG (30%): $0
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A beveled vertical displacement between 0.25 inches and 0.5 inches is present, bevelment slope is less than allowable 50% grade.
Recommendations: No action is necessary.

GPS: 34.01807 -117.956306

Barrier ID: B-3087
Type: Vertical Displacement
Year: 5
Estimated Costs: $240
Cost with CG (30%): $312
Priority: 4
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.

GPS: 34.015984 -117.953516

Barrier ID: B-1498
Type: Vertical Displacement
Year: 5
Estimated Costs: $80
Cost with CG (30%): $104
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A vertical displacement between 0.25 inches and 0.5 inches is present, creating a tripping hazard.
Recommendations: Use asphalt to create a bevelment that does not exceed 50% grade in the path of travel across the entire width of the access route.

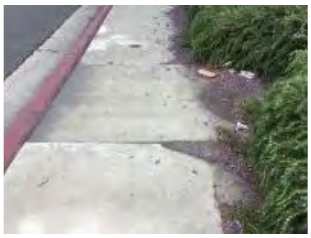
GPS: 34.018005 -117.956333

Barrier ID: B-0239
Type: Vertical Displacement
Year: 5
Estimated Costs: $240
Cost with CG (30%): $312
Priority: 1
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.

GPS: 34.019878 -117.955707

Barrier ID: B-2165
Type: Vertical Displacement
Year: 5
Estimated Costs: $0
Cost with CG (30%): $0
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09



Findings: A beveled vertical displacement between 0.25 inches and 0.5 inches is present, bevelment slope is less than allowable 50% grade.
Recommendations: No action is necessary.

GPS: 34.016553 -117.954258

Barrier ID: B-0264
Type: Vertical Displacement
Year: 5
Estimated Costs: $0
Cost with CG (30%): $0
Priority: 1
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A beveled vertical displacement between 0.25 inches and 0.5 inches is present, bevelment slope is less than allowable 50% grade.
Recommendations: No action is necessary.

GPS: 34.019175 -117.956287

Barrier ID: B-0497
Type: Vertical Displacement
Year: 5
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.01882 -117.956726

Barrier ID: B-0522

STREET NAME: Arenth Ave
Between Epperson Dr and Fullerton Rd
Barrier ID: B-3689
Type: Vertical Displacement
Year: 19
Estimated Costs: $270
Cost with CG (30%): $351
Priority: 4
Precedence: 13b
Sub Section: 4B
Segment ID: S04

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.003014 -117.90348

STREET NAME: Arenth Ave
Between Epperson Dr and Fullerton Rd
Barrier ID: B-1672
Type: Vertical Displacement
Year: 19
Estimated Costs: $270
Cost with CG (30%): $351
Priority: 2
Precedence: 13b
Sub Section: 4B
Segment ID: S04

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.001957 -117.900503

STREET NAME: Arenth Ave
Between Epperson Dr and Fullerton Rd

Between Turnbull Canyon Rd and S Ninth St
Barrier ID: B-3051
Type: Vertical Displacement
Year: 16
Estimated Costs: $0
Cost with CG (30%): $0
Priority: 4
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: A beveled vertical displacement between 0.25 inches and 0.5 inches is present, bevelment slope is less than allowable 50% grade.
Recommendations: No action is necessary.

GPS: 34.023398 -117.972055

STREET NAME: Don Julian Rd
Between Ninth Ave and 7th St
Barrier ID: B-2603
Type: Vertical Displacement
Year: 16
Estimated Costs: $750
Cost with CG (30%): $975
Priority: 4
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.025226 -117.974838

STREET NAME: Don Julian Rd
Between Ninth Ave and 7th St
Barrier ID: B-2852
Type: Vertical Displacement
Year: 16
Estimated Costs: $300
Cost with CG (30%): $390
Priority: 4
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.024559 -117.97383

STREET NAME: Don Julian Rd
Between Ninth Ave and 7th St
Barrier ID: B-2607
Type: Vertical Displacement
Year: 16
Estimated Costs: $750
Cost with CG (30%): $975
Priority: 4
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.026105 -117.976148

STREET NAME: Don Julian Rd
Between Ninth Ave and 7th St
Barrier ID: B-2602
Type: Vertical Displacement
Year: 16
Estimated Costs: $610
Cost with CG (30%): $793
Priority: 4
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.024862 -117.974178

STREET NAME: Don Julian Rd
Between Ninth Ave and 7th St
Barrier ID: B-1604
Type: Vertical Displacement
Year: 16
Estimated Costs: $270
Cost with CG (30%): $351
Priority: 2
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: A vertical displacement between 0.5 inches and 1 inch is present, creating a tripping hazard.
Recommendations: Grind pathway along entire width of path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.027323 -117.977509

STREET NAME: Don Julian Rd
Between S 7th Ave and S 6th Ave
Barrier ID: B-0441
Type: Vertical Displacement
Year: 16
Estimated Costs: $750
Cost with CG (30%): $975
Priority: 2
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.028845 -117.981234

STREET NAME: E Gale Ave
Between S Stimson Ave and Valley Blvd
Barrier ID: B-0524
Type: Vertical Displacement
Year: 10
Estimated Costs: $750
Cost with CG (30%): $975
Priority: 2
Precedence: 5b
Sub Section: 8B
Segment ID: S08

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.009065 -117.95591

STREET NAME: Don Julian Rd
Between S 7th Ave and S 6th Ave
Barrier ID: B-1681

STREET NAME: N Hacienda Blvd
Between Valley Blvd. and Stafford St
Barrier ID: B-0007
Type: Vertical Displacement
Year: 5
Estimated Costs: $1,270
Cost with CG (30%): $1,651
Priority: 1
Precedence: 1b
Sub Section: 9B
Segment ID: S09

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.021852 -117.957397

STREET NAME: N Hacienda Blvd
Between Stafford St and Nelson Ave
Barrier ID: B-0003

Year: 15
Estimated Costs: $610
Cost with CG (30%): $793
Priority: 2
Precedence: 9d
Sub Section: 11D
Segment ID: S11

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.039645 -117.977484

STREET NAME: N Unruh Ave
Between Nelson Ave and N/A
Barrier ID: B-3043
Type: Vertical Displacement
Year: 14
Estimated Costs: $0
Cost with CG (30%): $0
Priority: 4
Precedence: 9a
Sub Section: 11A
Segment ID: S11

Findings: A beveled vertical displacement between 0.25 inches and 0.5 inches is present, bevelment slope is less than allowable 50% grade.
Recommendations: No action is necessary.
GPS: 34.029073 -117.9636

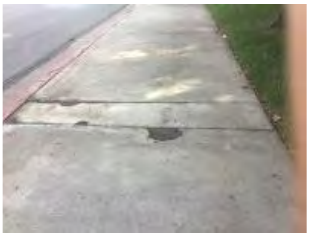
STREET NAME: N Sunset Ave
Between Nelson Ave and Valley Blvd
Barrier ID: B-0452
Type: Vertical Displacement
Year: 15
Estimated Costs: $750
Cost with CG (30%): $975
Priority: 2
Precedence: 9c
Sub Section: 11C
Segment ID: S11

Findings: A vertical displacement of greater than 1 inch is present, creating a tripping hazard.
Recommendations: Remove and dispose of cement. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.035496 -117.973712

STREET NAME: N. Grand Ave
Between Garcia Ln. and Faure ave
Barrier ID: B-4133
Type: Vertical Displacement
Year: 11
Estimated Costs: $90
Cost with CG (30%): $117
Priority: 4
Precedence: 6a
Sub Section: 1A
Segment ID: S01

Findings: A vertical displacement between 0.25 inches and 0.5 inches is present, creating a tripping hazard.
Recommendations: Use asphalt to create a bevelment that does not exceed 50% grade in the path of travel across the entire width of the access route.
GPS: 34.026964 -117.83112

STREET NAME: N Unruh Ave
Between Nelson Ave and N/A
Barrier ID: B-3044
Type: Vertical Displacement
Year: 14
Estimated Costs: $0
Cost with CG (30%): $0
Priority: 4
Precedence: 9a
Sub Section: 11A
Segment ID: S11



Findings: A beveled vertical displacement between 0.25 inches and 0.5 inches is present, bevelment slope is less than allowable 50% grade.
Recommendations: No action is necessary.
GPS: 34.029295 -117.963374

Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.00549 -117.945869

Barrier ID: B-1250
Type: Obstruction
Year: 10
Estimated Costs: $280
Cost with CG (30%): $364
Priority: 2
Precedence: 5c
Sub Section: 8C
Segment ID: S08

Findings: A cement utility grate is obstucting the surface of the path of travel.
Recommendations: Replace cement utility box. Repair cement slab to provide a firm, level and slip resistant surface that is flush with utility grate.
GPS: 34.00569 -117.946339

Barrier ID: B-1272
Type: Obstruction
Year: 10
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 5c
Sub Section: 8C
Segment ID: S08

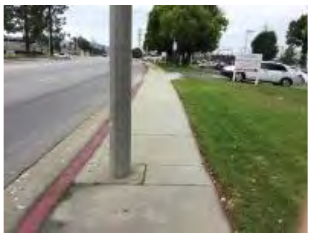
Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.005727 -117.946398

Barrier ID: B-1270
Type: Obstruction
Year: 10
Estimated Costs: $280
Cost with CG (30%): $364
Priority: 2
Precedence: 5c
Sub Section: 8C
Segment ID: S08

Findings: A cement utility grate is obstucting the surface of the path of travel.
Recommendations: Replace cement utility box. Repair cement slab to provide a firm, level and slip resistant surface that is flush with utility grate.
GPS: 34.00564 -117.946444

Barrier ID: B-1269
Type: Obstruction
Year: 10
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 5c
Sub Section: 8C
Segment ID: S08



Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.005612 -117.946633

Barrier ID: B-0757
Type: Obstruction
Year: 10
Estimated Costs: $90
Cost with CG (30%): $117
Priority: 2
Precedence: 5c
Sub Section: 8C
Segment ID: S08

Findings: There is loose debris and/or rubble on the pedestrian access route.
Recommendations: Remove the loose debris to provide a firm, stable, and slip resistant path of travel.

GPS: 34.006426 -117.948073

Barrier ID: B-1033
Type: Obstruction
Year: 10
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 5c
Sub Section: 8C
Segment ID: S08

Findings: A fire hydrant is obstructing the clear path of travel.
Recommendations: Relocate fire hydrant and plumbing lines to provide a minimum 4 ft unobstructed access width.

GPS: 34.006129 -117.947195

Barrier ID: B-0673
Type: Obstruction
Year: 10
Estimated Costs: $90
Cost with CG (30%): $117
Priority: 2
Precedence: 5c
Sub Section: 8C
Segment ID: S08

Findings: There is loose debris and/or rubble on the pedestrian access route.
Recommendations: Remove the loose debris to provide a firm, stable, and slip resistant path of travel.

GPS: 34.006498 -117.948318

Segment ID: S10

Findings: A cement utility grate is obstucting the surface of the path of travel.
Recommendations: Replace cement utility box. Repair cement slab to provide a firm, level and slip resistant surface that is flush with utility grate.
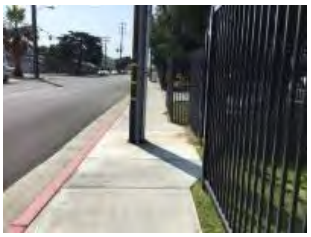
GPS: 34.01664 -117.961546

Barrier ID: B-2894
Type: Obstruction
Year: 15
Estimated Costs: $20,000
Cost with CG (30%): $26,000
Priority: 4
Precedence: 10a
Sub Section: 12A
Segment ID: S12



Findings: A utility pole has obstructed the clear path of travel.
Recommendations: Remove/Relocate utility pole to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.020774 -117.979413

Barrier ID: B-2276
Type: Obstruction
Year: 14
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 3
Precedence: 8b
Sub Section: 10B
Segment ID: S10

Findings: The clear path of travel is either chipped, cracked or broken; obstructing the pedestrian access route.
Recommendations: Remove and dispose of concrete. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.016976 -117.961667

Barrier ID: B-1888
Type: Obstruction
Year: 15
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 10a
Sub Section: 12A
Segment ID: S12

Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.021891 -117.982069

Barrier ID: B-2891
Type: Obstruction
Year: 15
Estimated Costs: $20,000
Cost with CG (30%): $26,000
Priority: 4
Precedence: 10a
Sub Section: 12A
Segment ID: S12

Findings: A utility pole has obstructed the clear path of travel.
Recommendations: Remove/Relocate utility pole to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.020528 -117.978713

Barrier ID: B-1853
Type: Obstruction

Sub Section: 12D
Segment ID: S12

Findings: A fire hydrant is obstructing the clear path of travel.
Recommendations: Relocate fire hydrant and plumbing lines to provide a minimum 4 ft unobstructed access width.
GPS: 34.029589 -117.980814

Barrier ID: B-0703
Type: Obstruction
Year: 16
Estimated Costs: $70,000
Cost with CG (30%): $91,000
Priority: 2
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: A traffic signal has temporarily obstructed the clear path of travel.
Recommendations: Remove/relocate the traffic signal from path to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.029343 -117.980852

Barrier ID: B-2339
Type: Obstruction
Year: 16
Estimated Costs: $70,000
Cost with CG (30%): $91,000
Priority: 3
Precedence: 10b
Sub Section: 12B
Segment ID: S12

Findings: A traffic signal has temporarily obstructed the clear path of travel.
Recommendations: Remove/relocate the traffic signal from path to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.024362 -117.96679

Barrier ID: B-2723
Type: Obstruction
Year: 16
Estimated Costs: $20,000
Cost with CG (30%): $26,000
Priority: 4
Precedence: 10b
Sub Section: 12B
Segment ID: S12

Findings: A utility pole has obstructed the clear path of travel.
Recommendations: Remove/Relocate utility pole to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.027251 -117.970357

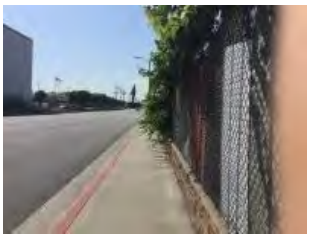
Barrier ID: B-2691
Type: Obstruction
Year: 16
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 4
Precedence: 10b
Sub Section: 12B
Segment ID: S12

Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.024903 -117.967502

Barrier ID: B-2703
Type: Obstruction
Year: 16
Estimated Costs: $190
Cost with CG (30%): $247
Priority: 4
Precedence: 10b
Sub Section: 12B
Segment ID: S12

Findings: Construction has obstructed the pedestrian right of way.
Recommendations: Must provide directional signage indicating unobstructed and ADA compliant path of travel around construction.
GPS: 34.025847 -117.968599

Barrier ID: B-2696
Type: Obstruction
Year: 16
Estimated Costs: $215
Cost with CG (30%): $279.5
Priority: 4
Precedence: 10b
Sub Section: 12B
Segment ID: S12



Findings: Foliage has overgrown and obstructed the clear path of travel.
Recommendations: Trim foliage to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.025115 -117.967886

Barrier ID: B-2700
Type: Obstruction
Year: 16
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 4
Precedence: 10b
Sub Section: 12B
Segment ID: S12

Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

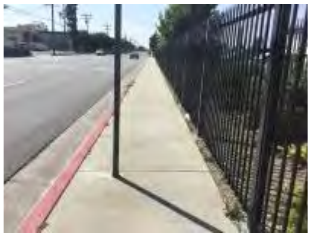
GPS: 34.025555 -117.968254

Barrier ID: B-2724
Type: Obstruction
Year: 16
Estimated Costs: $215
Cost with CG (30%): $279.5
Priority: 4
Precedence: 10b
Sub Section: 12B
Segment ID: S12

Findings: Foliage has overgrown and obstructed the clear path of travel.
Recommendations: Trim foliage to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.026996 -117.970443

Barrier ID: B-2713
Type: Obstruction
Year: 16
Estimated Costs: $185
Cost with CG (30%): $240.5
Priority: 4
Precedence: 10b
Sub Section: 12B
Segment ID: S12



Findings: A road sign has obstructed the clear path of travel.
Recommendations: Relocate sign to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.026319 -117.969384

Barrier ID: B-2940
Type: Obstruction
Year: 16
Estimated Costs: $300
Cost with CG (30%): $390
Priority: 4
Precedence: 11b
Sub Section: 13B
Segment ID: S13

Findings: A mail box obstructs the minimmum 4 ft of clear width required for pedestrian accessible route.
Recommendations: Remove/relocate the mail box from path to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.029285 -118.015261

Barrier ID: B-2726
Type: Obstruction
Year: 16
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 4
Precedence: 10b
Sub Section: 12B
Segment ID: S12

Findings: A fire hydrant is obstructing the clear path of travel.
Recommendations: Relocate fire hydrant and plumbing lines to provide a minimum 4 ft unobstructed access width.

GPS: 34.027124 -117.970497

Barrier ID: B-2938
Type: Obstruction
Year: 17
Estimated Costs: $280
Cost with CG (30%): $364
Priority: 4
Precedence: 11b
Sub Section: 13B
Segment ID: S13

Findings: A cement utility grate is obstucting the surface of the path of travel.
Recommendations: Replace cement utility box. Repair cement slab to provide a firm, level and slip resistant surface that is flush with utility grate.

GPS: 34.029246 -118.014566

Barrier ID: B-2932
Type: Obstruction
Year: 17
Estimated Costs: $280
Cost with CG (30%): $364
Priority: 4
Precedence: 11b
Sub Section: 13B
Segment ID: S13

Findings: A cement utility grate is obstucting the surface of the path of travel.
Recommendations: Replace cement utility box. Repair cement slab to provide a firm, level and slip resistant surface that is flush with utility grate.
GPS: 34.029285 -118.014077

Barrier ID: B-2943
Type: Obstruction
Year: 17
Estimated Costs: $300
Cost with CG (30%): $390
Priority: 4
Precedence: 11b
Sub Section: 13B
Segment ID: S13

Findings: A control box obstructs the minimmum 4 ft of clear width required for pedestrian accessible route.
Recommendations: Create a level, firm and slip resistant passing space so that a minimum width of 4 ft is maintained along the pedestrian access route.
GPS: 34.028565 -118.015365

Barrier ID: B-2936
Type: Obstruction
Year: 17
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 4
Precedence: 11b
Sub Section: 13B
Segment ID: S13

Findings: A fire hydrant is obstructing the clear path of travel.
Recommendations: Relocate fire hydrant and plumbing lines to provide a minimum 4 ft unobstructed access width.

GPS: 34.02943 -118.014523

Barrier ID: B-2942
Type: Obstruction
Year: 17
Estimated Costs: $350
Cost with CG (30%): $455
Priority: 4
Precedence: 11b
Sub Section: 13B
Segment ID: S13

Findings: A Metal utility grate is obstucting the surface of the path of travel.
Recommendations: Replace metal utility grate. Repair cement slab to provide a firm, level and slip resistant surface that is flush with utility grate.
GPS: 34.028549 -118.015353

Barrier ID: B-2944
Type: Obstruction
Year: 17
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 4
Precedence: 11b
Sub Section: 13B
Segment ID: S13

Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.029103 -118.015853

Barrier ID: B-2948

Findings: A fire hydrant is obstructing the clear path of travel.
Recommendations: Relocate fire hydrant and plumbing lines to provide a minimum 4 ft unobstructed access width.
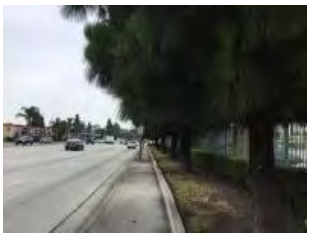
GPS: 34.018314 -117.959194

Barrier ID: B-1296
Type: Obstruction
Year: 5
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.01828 -117.959089

Barrier ID: B-1241
Type: Obstruction
Year: 5
Estimated Costs: $215
Cost with CG (30%): $279.5
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09



Findings: Foliage has overgrown and obstructed the clear path of travel.
Recommendations: Trim foliage to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.018441 -117.95903

Barrier ID: B-1233
Type: Obstruction
Year: 5
Estimated Costs: $280
Cost with CG (30%): $364
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A cement utility grate is obstucting the surface of the path of travel.
Recommendations: Replace cement utility box. Repair cement slab to provide a firm, level and slip resistant surface that is flush with utility grate.

GPS: 34.018433 -117.95896

Barrier ID: B-1168
Type: Obstruction
Year: 5
Estimated Costs: $15,000
Cost with CG (30%): $19,500

STREET NAME: Albatross Rd
Between Castleton St and Almahurst St
Barrier ID: B-2127
Type: Obstruction
Year: 10
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 4c
Sub Section: 6C
Segment ID: S06

Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 33.994442 -117.923073

STREET NAME: Albatross Rd
Between Castleton St and Almahurst St
Barrier ID: B-2126
Type: Obstruction
Year: 10
Estimated Costs: $4,020
Cost with CG (30%): $5,226
Priority: 2
Precedence: 4c
Sub Section: 6C
Segment ID: S06

Findings: A noncompliant mid-block curb ramp obstructs the path of travel.
Recommendations: Remove the curb ramp and install a coompliant curb ramp that maintains a level path of travel.
GPS: 33.994659 -117.923928

Between Spanish Ln and Grand crossing
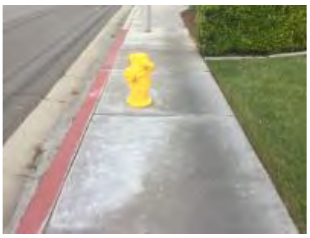
Barrier ID: B-2218
Type: Obstruction
Year: 8
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 3c
Sub Section: 2C
Segment ID: S02



Findings: A fire hydrant is obstructing the clear path of travel.
Recommendations: Relocate fire hydrant and plumbing lines to provide a minimum 4 ft unobstructed access width.

GPS: 34.011585 -117.844831

STREET NAME: Brea Canyon Rd
Between Spanish Ln and Grand crossing
Barrier ID: B-2224
Type: Obstruction
Year: 8
Estimated Costs: $20,000
Cost with CG (30%): $26,000
Priority: 2
Precedence: 3c
Sub Section: 2C
Segment ID: S02

Findings: A utility pole has obstructed the clear path of travel.
Recommendations: Remove/Relocate utility pole to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.012232 -117.844431

STREET NAME: Brea Canyon Rd
Between Spanish Ln and Grand crossing
Barrier ID: B-2226
Type: Obstruction
Year: 8
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 3c
Sub Section: 2C
Segment ID: S02

Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.012142 -117.843574

Segment ID: S10

Findings: A movable object has temporarily obstucted the clear path of travel.
Recommendations: Remove the object from path to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.021538 -117.969801

STREET NAME: Don Julian Rd
Between Parriot Pl and Turnbull Canyon Rd
Barrier ID: B-2743
Type: Obstruction
Year: 14
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 4
Precedence: 8d
Sub Section: 10D
Segment ID: S10

Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

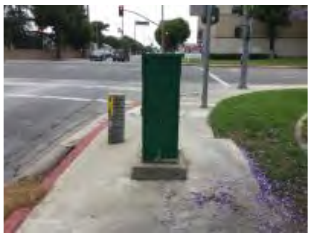
GPS: 34.021516 -117.969942

STREET NAME: Don Julian Rd
Between Parriot Pl and Turnbull Canyon Rd
Barrier ID: B-2731
Type: Obstruction
Year: 14
Estimated Costs: $660
Cost with CG (30%): $858
Priority: 4
Precedence: 8d
Sub Section: 10D
Segment ID: S10

Findings: A cement utility grate is obstucting the surface of the path of travel.
Recommendations: Replace cement utility box. Repair cement slab to provide a firm, level and slip resistant surface that is flush with utility grate.

GPS: 34.021747 -117.969746

STREET NAME: Don Julian Rd
Between Parriot Pl and Turnbull Canyon Rd
Barrier ID: B-2732
Type: Obstruction
Year: 14
Estimated Costs: $300
Cost with CG (30%): $390
Priority: 4
Precedence: 8d
Sub Section: 10D
Segment ID: S10



Findings: A control box obstructs the minimmum 4 ft of clear width required for pedestrian accessible route.
Recommendations: Create a level, firm and slip resistant passing space so that a minimum width of 4 ft is maintained along the pedestrian access route.
GPS: 34.021776 -117.969769

STREET NAME: Don Julian Rd
Between Parriot Pl and Turnbull Canyon Rd
Barrier ID: B-2272
Type: Obstruction
Year: 14
Estimated Costs: $380
Cost with CG (30%): $494
Priority: 3
Precedence: 8c
Sub Section: 10C
Segment ID: S10

Findings: The clear path of travel is either chipped, cracked or broken; obstructing the pedestrian access route.
Recommendations: Remove and dispose of concrete. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.017482 -117.96341

STREET NAME: Don Julian Rd
Between Parriot Pl and Turnbull Canyon Rd
Barrier ID: B-2265
Type: Obstruction
Year: 14
Estimated Costs: $4,020
Cost with CG (30%): $5,226
Priority: 3
Precedence: 8c
Sub Section: 10C
Segment ID: S10

Findings: A noncompliant mid-block curb ramp obstructs the path of travel.
Recommendations: Remove the curb ramp and install a coompliant curb ramp that maintains a level path of travel.
GPS: 34.019863 -117.966216

Findings: A road sign has obstructed the clear path of travel.
Recommendations: Relocate sign to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.028896 -117.97971

STREET NAME: Don Julian Rd
Between S 9th Ave and S 7th Ave
Barrier ID: B-1072
Type: Obstruction
Year: 16
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 10c
Sub Section: 12C
Segment ID: S12

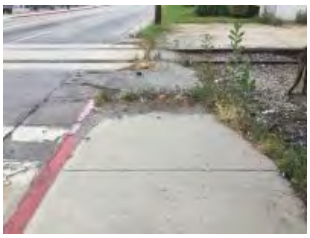
Findings: A fire hydrant is obstructing the clear path of travel.
Recommendations: Relocate fire hydrant and plumbing lines to provide a minimum 4 ft unobstructed access width.

GPS: 34.02811 -117.97929

STREET NAME: Don Julian Rd
Between S 9th Ave and S 7th Ave
Barrier ID: B-1043
Type: Obstruction
Year: 16
Estimated Costs: $350
Cost with CG (30%): $455
Priority: 2
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: Tension cables for telephone poles have obstructed the clear path of travel.
Recommendations: Remove/Relocate tension cables to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.028161 -117.979367

STREET NAME: Don Julian Rd
Between S 9th Ave and S 7th Ave
Barrier ID: B-1224
Type: Obstruction
Year: 16
Estimated Costs: $380
Cost with CG (30%): $494
Priority: 2
Precedence: 10c
Sub Section: 12C
Segment ID: S12



Findings: The clear path of travel is either chipped, cracked or broken; obstructing the pedestrian access route.
Recommendations: Remove and dispose of concrete. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 34.027845 -117.978885

STREET NAME: Don Julian Rd
Between S 9th Ave and S 7th Ave
Barrier ID: B-1880
Type: Obstruction
Year: 16
Estimated Costs: $350
Cost with CG (30%): $455
Priority: 2
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: Tension cables for telephone poles have obstructed the clear path of travel.
Recommendations: Remove/Relocate tension cables to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.026709 -117.977238

STREET NAME: Don Julian Rd
Between S 9th Ave and S 7th Ave
Barrier ID: B-2882
Type: Obstruction
Year: 16
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 4
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: A fire hydrant is obstructing the clear path of travel.
Recommendations: Relocate fire hydrant and plumbing lines to provide a minimum 4 ft unobstructed access width.
GPS: 34.026007 -117.976769

STREET NAME: Don Julian Rd
Between S 9th Ave and S 7th Ave
Barrier ID: B-1906
Type: Obstruction
Year: 16
Estimated Costs: $20,000
Cost with CG (30%): $26,000
Priority: 2
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: A utility pole has obstructed the clear path of travel.
Recommendations: Remove/Relocate utility pole to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.026684 -117.977195

STREET NAME: Don Julian Rd
Between S 9th Ave and S 7th Ave
Barrier ID: B-2883
Type: Obstruction
Year: 16
Estimated Costs: $660
Cost with CG (30%): $858
Priority: 4
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: A cement utility grate is obstucting the surface of the path of travel.
Recommendations: Replace cement utility box. Repair cement slab to provide a firm, level and slip resistant surface that is flush with utility grate.
GPS: 34.026021 -117.976783

STREET NAME: Don Julian Rd

Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 4
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.015475 -117.952989

STREET NAME: S Stimson Ave
Between Phoenix Dr and Robin Way
Barrier ID: B-1624
Type: Obstruction
Year: 6
Estimated Costs: $215
Cost with CG (30%): $279.5
Priority: 2
Precedence: 1c
Sub Section: 9C
Segment ID: S09

Findings: Foliage has overgrown and obstructed the clear path of travel.
Recommendations: Trim foliage to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.010068 -117.95557

STREET NAME: San Jose Ave
Between Charlie Rd and Fullerton Rd
Barrier ID: B-3774
Type: Obstruction
Year: 18
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 4
Precedence: 13a
Sub Section: 4A
Segment ID: S04

Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.000237 -117.899577

STREET NAME: S. Grand ave
Between Garcia lane and Ferrero Exit ramp
Barrier ID: B-4120
Type: Obstruction
Year: 11
Estimated Costs: $300
Cost with CG (30%): $390
Priority: 4
Precedence: 6c
Sub Section: 1C
Segment ID: S01

Findings: A control box obstructs the minimmum 4 ft of clear width required for pedestrian accessible route.
Recommendations: Create a level, firm and slip resistant passing space so that a minimum width of 4 ft is maintained along the pedestrian access route.
GPS: 34.025252 -117.832762

Type: Obstruction
Year: 4
Estimated Costs: $380
Cost with CG (30%): $494
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: The clear path of travel is either chipped, cracked or broken; obstructing the pedestrian access route.
Recommendations: Remove and dispose of concrete. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.

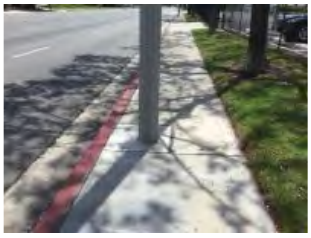
GPS: 34.017726 -117.955519

STREET NAME: Valley Blvd
Between Wilson Way and S Hacienda Blvd
Barrier ID: B-1334
Type: Obstruction
Year: 4
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09



Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.018495 -117.956715

STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-1523
Type: Obstruction
Year: 4
Estimated Costs: $215
Cost with CG (30%): $279.5
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: Foliage has overgrown and obstructed the clear path of travel.
Recommendations: Trim foliage to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.017598 -117.955697

STREET NAME: Valley Blvd
Between Wilson Way and S Hacienda Blvd
Barrier ID: B-1493
Type: Obstruction
Year: 4
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: Street lamp has obstructed the clear path of travel.
Recommendations: Remove/Relocate lamp to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.018018 -117.956306

STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-1483
Type: Obstruction
Year: 4
Estimated Costs: $215
Cost with CG (30%): $279.5
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: Foliage has overgrown and obstructed the clear path of travel.
Recommendations: Trim foliage to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.017803 -117.955813

STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-1150
Type: Obstruction
Year: 4
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A fire hydrant is obstructing the clear path of travel.
Recommendations: Relocate fire hydrant and plumbing lines to provide a minimum 4 ft unobstructed access width.

GPS: 34.018568 -117.954913

STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-3091
Type: Obstruction
Year: 4
Estimated Costs: $215
Cost with CG (30%): $279.5
Priority: 4
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: Foliage has overgrown and obstructed the clear path of travel.
Recommendations: Trim foliage to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.015919 -117.95354

STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-1614
Type: Obstruction
Year: 4
Estimated Costs: $215
Cost with CG (30%): $279.5
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: Foliage has overgrown and obstructed the clear path of travel.
Recommendations: Trim foliage to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.017227 -117.955239

STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-3084
Type: Obstruction
Year: 4
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 4
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A fire hydrant is obstructing the clear path of travel.
Recommendations: Relocate fire hydrant and plumbing lines to provide a minimum 4 ft unobstructed access width.

GPS: 34.016004 -117.953781

STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-1810
Type: Obstruction
Year: 4
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A fire hydrant is obstructing the clear path of travel.
Recommendations: Relocate fire hydrant and plumbing lines to provide a minimum 4 ft unobstructed access width.

GPS: 34.016711 -117.954544

STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-3108
Type: Obstruction
Year: 4
Estimated Costs: $185
Cost with CG (30%): $240.5
Priority: 4
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A road sign has obstructed the clear path of travel.
Recommendations: Relocate sign to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.

GPS: 34.015601 -117.952941

STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-3100

Year: 4
Estimated Costs: $15,000
Cost with CG (30%): $19,500
Priority: 4
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A fire hydrant is obstructing the clear path of travel.
Recommendations: Relocate fire hydrant and plumbing lines to provide a minimum 4 ft unobstructed access width.
GPS: 34.015685 -117.952889

STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-3102
Type: Obstruction
Year: 4
Estimated Costs: $215
Cost with CG (30%): $279.5
Priority: 4
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: Foliage has overgrown and obstructed the clear path of travel.
Recommendations: Trim foliage to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.015657 -117.953011

STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-3106
Type: Obstruction
Year: 4
Estimated Costs: $185
Cost with CG (30%): $240.5
Priority: 4
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A road sign has obstructed the clear path of travel.
Recommendations: Relocate sign to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.015603 -117.953082

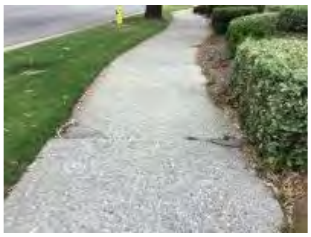
STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-3103
Type: Obstruction
Year: 4
Estimated Costs: $215
Cost with CG (30%): $279.5
Priority: 4
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: Foliage has overgrown and obstructed the clear path of travel.
Recommendations: Trim foliage to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.015636 -117.953125

STREET NAME: Valley Blvd
Between S Stimson Ave and Wilson Way
Barrier ID: B-3107
Type: Obstruction
Year: 4
Estimated Costs: $70,000
Cost with CG (30%): $91,000
Priority: 4
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: A traffic signal has temporarily obstucted the clear path of travel.
Recommendations: Remove/relocate the traffic signal from path to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.015601 -117.953077

STREET NAME: Walnut Hall Rd
Between Keystone St and Castleton St
Barrier ID: B-1286
Type: Obstruction
Year: 4
Estimated Costs: $540
Cost with CG (30%): $702
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

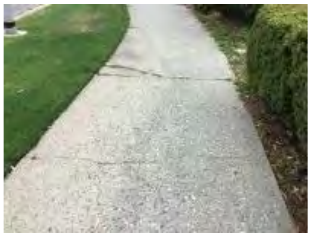


Findings: The clear path of travel is either chipped, cracked or broken; obstructing the pedestrian access route.
Recommendations: Remove and dispose of concrete. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 33.99221 -117.917423

STREET NAME: Workman Mill Rd
Between Crossroads Pkwy and Workman Mill Rd
Barrier ID: B-0650
Type: Obstruction
Year: 10
Estimated Costs: $185
Cost with CG (30%): $240.5
Priority: 2
Precedence: 5c
Sub Section: 8C
Segment ID: S08

Findings: A road sign has obstructed the clear path of travel.
Recommendations: Remove or relocate the obstruction or extend the sidewalk to provide a minimum 48 inch of unobstructed
GPS: 34.028527 -118.026307

STREET NAME: Walnut Hall Rd
Between Keystone St and Castleton St
Barrier ID: B-1271
Type: Obstruction
Year: 9
Estimated Costs: $540
Cost with CG (30%): $702
Priority: 2
Precedence: 4b
Sub Section: 6B
Segment ID: S06



Findings: The clear path of travel is either chipped, cracked or broken; obstructing the pedestrian access route.
Recommendations: Remove and dispose of concrete. Re-grade and replace path to provide a level, smooth and continuous surface for pedestrian right of way.
GPS: 33.992202 -117.917652

STREET NAME: Workman Mill Rd
Between Pellissier Pl and Workman Mill Rd
Barrier ID: B-0664
Type: Obstruction
Year: 17
Estimated Costs: $70,000
Cost with CG (30%): $91,000
Priority: 2
Precedence: 11c
Sub Section: 13C
Segment ID: S13

Findings: A traffic signal has temporarily obstucted the clear path of travel.
Recommendations: Remove or relocate the obstruction or extend the sidewalk to
GPS: 34.028475 -118.02628

STREET NAME: Walnut Hall Rd
Between Keystone St and Colima Rd
Barrier ID: B-1018
Type: Obstruction
Year: 9
Estimated Costs: $890
Cost with CG (30%): $1,157
Priority: 2
Precedence: 4b
Sub Section: 6B
Segment ID: S06

Findings: A Metal utility grate is obstucting the surface of the path of travel.
Recommendations: Replace metal utility grate. Repair cement slab to provide a firm, level and slip resistant surface that is flush with utility grate.
GPS: 33.991516 -117.918291

STREET NAME: Workman Mill Rd
Between Crossroads Pkwy and Workman Mill Rd
Barrier ID: B-0707
Type: Obstruction
Year: 17
Estimated Costs: $70,000
Cost with CG (30%): $91,000
Priority: 2
Precedence: 11c
Sub Section: 13C
Segment ID: S13

Findings: A traffic signal has temporarily obstucted the clear path of travel.
Recommendations: Remove/relocate the traffic signal from path to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.028404 -118.026379

STREET NAME: Workman Mill Rd
Between Crossroads Pkwy and Workman Mill Rd
Barrier ID: B-0735
Type: Obstruction
Year: 17
Estimated Costs: $215
Cost with CG (30%): $279.5
Priority: 2
Precedence: 11c
Sub Section: 13C
Segment ID: S13

Findings: Foliage has overgrown and obstructed the clear path of travel.
Recommendations: Trim foliage to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.029126 -118.025769

STREET NAME: Workman Mill Rd
Between Crossroads Pkwy and Workman Mill Rd
Barrier ID: B-0959
Type: Obstruction
Year: 17
Estimated Costs: $300
Cost with CG (30%): $390
Priority: 2
Precedence: 11c
Sub Section: 13C
Segment ID: S13

Findings: A control box obstructs the minimmum 4 ft of clear width required for pedestrian accessible route.
Recommendations: Create a level, firm and slip resistant passing space so that a minimum width of 4 ft is maintained along the pedestrian access route.
GPS: 34.029439 -118.025161

STREET NAME: Workman Mill Rd
Between Crossroads Pkwy and Workman Mill Rd
Barrier ID: B-0621
Type: Obstruction
Year: 17
Estimated Costs: $185
Cost with CG (30%): $240.5
Priority: 2
Precedence: 11c
Sub Section: 13C
Segment ID: S13

Findings: A road sign has obstructed the clear path of travel.
Recommendations: Remove or relocate the obstruction or extend the sidewalk to provide a minimum 48 inch of unobstructed
GPS: 34.028785 -118.025928

STREET NAME: Workman Mill Rd
Between Crossroads Pkwy and Workman Mill Rd
Barrier ID: B-0888
Type: Obstruction
Year: 17
Estimated Costs: $185
Cost with CG (30%): $240.5
Priority: 2
Precedence: 11c
Sub Section: 13C
Segment ID: S13

Findings: A road sign has obstructed the clear path of travel.
Recommendations: Relocate sign to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.029643 -118.02577

STREET NAME: Workman Mill Rd
Between Crossroads Pkwy and Workman Mill Rd
Barrier ID: B-0842
Type: Obstruction
Year: 17
Estimated Costs: $185
Cost with CG (30%): $240.5
Priority: 2
Precedence: 11c
Sub Section: 13C
Segment ID: S13

Findings: A road sign has obstructed the clear path of travel.
Recommendations: Relocate sign to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.029481 -118.025766

STREET NAME: Workman Mill Rd
Between Crossroads Pkwy and Workman Mill Rd
Barrier ID: B-1358
Type: Obstruction
Year: 17
Estimated Costs: $215
Cost with CG (30%): $279.5
Priority: 2
Precedence: 11d
Sub Section: 13D
Segment ID: S13

Findings: Foliage has overgrown and obstructed the clear path of travel.
Recommendations: Trim foliage to provide minimum 80" clear height above access route and minimum 4 ft of unobstructed sidewalk width.
GPS: 34.031179 -118.026067

APPENDIX N-10: RAIL CROSSING

Cost Summary Table by Year:

	Extimated Costs	Estimated Cost with GC (30%)
Year 1	$0	$0
Year 2	$0	$0
Year 3	$0	$0
Year 4	$0	$0
Year 5	$610	$793
Year 6	$1,270	$1,651
Year 7	$0	$0
Year 8	$5,970	$7,761
Year 9	$0	$0
Year 10	$3,000	$3,900
Year 11	$0	$0
Year 12	$0	$0
Year 13	$0	$0
Year 14	$750	$975
Year 15	$3,490	$4,537
Year 16	$3,480	$4,524
Year 17	$1,360	$1,768
Year 18	$610	$793
Year 19	$750	$975
Year 20	$2,970	$3,861
Total	**$24,260**	**$31,538**

Barrier ID: B-1096
Type: Rail Crossing
Year: 16
Estimated Costs: $480
Cost with CG (30%): $624
Priority: 2
Precedence: 10d
Sub Section: 12D
Segment ID: S12

Findings: The at-grade rail crossing has excessive flangeway gaps and/or uneven surfaces.
Recommendations: Remove pathway surrounding rail tracks. Replace with an at-grade crossing that is level with flange way gaps that do not exceed the allowable 2.5 inches.
GPS: 34.030584 -117.978644

STREET NAME: Brea Canyon Rd
Between Valley Blvd. and Cheryl ln
Barrier ID: B-0861
Type: Rail Crossing
Year: 8
Estimated Costs: $1,270
Cost with CG (30%): $1,651
Priority: 2
Precedence: 3c
Sub Section: 2C
Segment ID: S02

Findings: The at-grade rail crossing has excessive flangeway gaps and/or uneven surfaces.
Recommendations: Remove pathway surrounding rail tracks. Replace with an at-grade crossing that is level with flange way gaps that do not exceed the allowable 2.5 inches.
GPS: 34.019636 -117.840331

STREET NAME: Don Julian Rd
Between Ninth Ave and 7th St
Barrier ID: B-2872
Type: Rail Crossing
Year: 16
Estimated Costs: $750
Cost with CG (30%): $975
Priority: 4
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: The at-grade rail crossing has excessive flangeway gaps and/or uneven surfaces.
Recommendations: Remove pathway surrounding rail tracks. Replace with an at-grade crossing that is level with flange way gaps that do not exceed the allowable 2.5 inches.
GPS: 34.025777 -117.975637

STREET NAME: Don Julian Rd
Between S 9th Ave and S 7th Ave
Barrier ID: B-1238
Type: Rail Crossing
Year: 16
Estimated Costs: $750
Cost with CG (30%): $975
Priority: 2
Precedence: 10c
Sub Section: 12C
Segment ID: S12

Findings: The at-grade rail crossing has excessive flangeway gaps and/or uneven surfaces.
Recommendations: Remove pathway surrounding rail tracks. Replace with an at-grade crossing that is level with flange way gaps that do not exceed the allowable 2.5 inches.
GPS: 34.02782 -117.978863

STREET NAME: Don Julian Rd
Between Ninth Ave and 7th St
Barrier ID: B-1428
Type: Rail Crossing
Year: 5
Estimated Costs: $610
Cost with CG (30%): $793
Priority: 2
Precedence: 1a
Sub Section: 9A
Segment ID: S09

Findings: The at-grade rail crossing has excessive flangeway gaps and/or uneven surfaces.
Recommendations: Remove pathway surrounding rail tracks. Replace with an at-grade crossing that is level with flange way gaps that do not exceed the allowable 2.5 inches.
GPS: 34.028703 -117.97738

STREET NAME: Don Julian Rd
Between S 9th Ave and S 7th Ave

APPENDIX O: GIS MAPS

APPENDIX P: SYNOPSIS OF CITY POLICY ON ACCESSIBILITY

ADMINISTRATIVE REGULATION

SUBJECT	Number	Issue	Page
CITY ADMINISTRATIVE REGULATION REGARDING ACCESSIBILITY FOR INDIVIDUALS WITH DISABILITIES: CITY PROGRAMS AND SERVICES	TBD	1	1 of 11
	Effective Date: TBD		

1. PURPOSE

1.1. To comply with the Americans with Disabilities Act (ADA) and its implementing regulations; the Rehabilitation Act of 1973, as amended; California Government Code sections 11135-11139.5; title 24 of the California Code of Regulations; and any other applicable federal, state, and local laws and regulations protecting the rights of *Qualified Individuals with a Disability*.

2. SCOPE

2.1. This regulation applies to all City departments, boards, commissions, committees, task forces, special benefit districts, and other duly constituted bodies and offices operated by the City, and their respective programs, services and activities. The City's policy related to employment of individuals with *Disabilities* is found in Administrative Regulation 96.21: City Policy for Individuals with Disabilities: Employment.

3. DEFINITIONS

3.1. *Accessible (Architectural/Environmental)* - The combination of various elements in a building, facility, or area that allows entry, circulation, and full use by *Qualified Individuals with a Disability*. Accessibility features may include, but are not limited to ramps, elevators, wide-width doors, maneuvering space, grab bars in restrooms, braille and raised letter signage, and the use of non-toxic building materials or non-scented cleaning products.

3.2. *Accessible (Communication)* - Oral, audio, visual, or tactile communication provided to people with hearing or vision impairments in a manner as effective as communications provided to those without hearing or vision loss. Examples of accessible communication include providing *Qualified/Certified American Sign Language Interpreters*, telecommunication devices for the deaf (*TDD*/*TTY*s), and assistive listening devices at public meetings.

3.3. *Accessible (Programmatic)* - When viewed in its entirety, each service, program, or activity is operated so as to be readily accessible to and usable by *Qualified Individuals with a Disability*. Examples of program access include providing a *Qualified/Certified American Sign Language Interpreter* at a meeting, or moving a program from an architecturally inaccessible location to an *Accessible (Architectural/Environmental)* location. Programs and services must be provided in an integrated setting that enables *Qualified Individuals with a Disability* to interact with non-disabled individuals to the fullest extent possible, unless separate or different measures are necessary to ensure equal opportunity.

CITY MANAGER

3.4. *Auxiliary Aids and Services* - Devices and services that compensate for a disabling condition and enable individuals with impaired sensory, manual, or speaking skills to have an equal opportunity to participate in, and enjoy the benefits of, programs, services, or activities conducted by the City.

ADMINISTRATIVE REGULATION

SUBJECT CITY ADMINISTRATIVE REGULATION REGARDING ACCESSIBILITY FOR INDIVIDUALS WITH DISABILITIES: CITY PROGRAMS AND SERVICES	Number TBD	Issue 1	Page 2 of 11
	Effective Date: TBD		

3.5. *Disability* - A *Disability* is a physical or mental impairment that limits one or more of an individual's major life activities. Categories of *Disabilities* include, but are not limited to, mobility impairment, vision impairment, hearing impairment, cognitive impairment, and multiple chemical sensitivity or environmental illness.

3.6. *Other Power-Driven Mobility Device* - Any mobility device that is used by individuals with mobility *Disabilities* for the purpose of locomotion, whether or not designed primarily for use by individuals with mobility *Disabilities*, including those powered by batteries, fuel, or other engines. This includes golf carts, electronic personal assistance mobility devices such as the Segway® PT, or any mobility device designed to operate in areas without defined pedestrian routes. *Wheelchair*s are not included in this definition.

3.7. *Qualified Individual with a Disability* - A qualified individual with a *Disability* as it pertains to City Services is one who, with or without reasonable modifications to rules, policies, practices, or the removal of architectural, communication, or transportation barriers, or the provision of *Auxiliary Aids and Services*, meets the essential eligibility requirements for the receipt of services or participation in programs or activities provided by the City.

The following people are also qualified individuals protected against discrimination under the ADA:

3.7.1. Individuals with a record of having a *Disability*;

3.7.2. Individuals regarded as having a *Disability*; and

3.7.3. Other individuals associated with an individual with a *Disability*.

3.8. *Qualified/Certified American Sign Language Interpreter* - An interpreter who interprets effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary, and who holds certification from the National Registry of Interpreters for the Deaf (RID), or Level 4 certification or above from the Educational Interpreter Performance Assessment (EIPA). The RID's Code of Professional Conduct specifically prohibits misrepresentation of credentials and requires all interpreters to carry with them their certification cards and personal identification.

3.9. *Service Animal* - Any dog that is individually trained, or in training to do work or perform tasks for the benefit of the individual with a *Disability*, including a physical, sensory, psychiatric, intellectual, or other mental *Disability*. The work or tasks performed by a *Service Animal* must be directly related to its handler's *Disability*. The crime deterrent effect of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purpose of this definition. Service animals are not pets. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purpose of this definition, except miniature horses which are an exception as outlined in section 4.4.7.

3.10. *Speech-To-Speech (STS) Relay Service* - *STS* assists anyone calling a person with a severe speech *Disability*, and allows for people with severe speech *Disabilities* to make phone calls. The service involves the person

ADMINISTRATIVE REGULATION

SUBJECT CITY ADMINISTRATIVE REGULATION REGARDING ACCESSIBILITY FOR INDIVIDUALS WITH DISABILITIES: CITY PROGRAMS AND SERVICES	Number TBD	Issue 1	Page 3 of 11
	Effective Date: TBD		

with unintelligible or otherwise difficult to understand speech, and another individual with whom they are speaking, to communicate through a communications assistant at a relay center. To use this form of relay, dial 711 and ask for "Speech-to-Speech."

3.11. Telecommunication Device for the Deaf (TDD) and Text Telephone (TTY) - TDD equipment uses any telephone or telephone line to allow deaf or hard-of-hearing individuals to communicate over the telephone via an acoustic coupler. TTY is a special device that lets deaf, hard-of-hearing, or speech-impaired individuals to use the telephone to communicate by allowing them to type messages back and forth to one another instead of talking and listening. TTY communication requires that both parties have a TTY device.

3.12. *Undue Burden* - An *Undue Burden* means significant difficulty or expense. An *Undue Burden* can be either financial or administrative in nature. In determining whether an action would result in an undue burden, factors to be considered may include the nature and cost of the action; the overall financial resources of the public entity; the number of individuals employed by the public entity; the effect on expenses and resources; legitimate safety requirements that are necessary for safe operations; and the impact otherwise of the action upon the operations of the public entity

3.13. *Video Relay Interpreting (VRI)* - An interpreting service that uses video conference technology over dedicated lines or wireless technology offering high-speed, wide bandwidth video connection that delivers high quality video images.

3.14. *Video Relay Service (VRS)* - A form of Telecommunications Relay Service (TRS) that allows individuals with hearing *Disabilities* who use American Sign Language to communicate with voice telephone users through video equipment rather than through typed text. Video equipment links the *VRS* user with a TRS operator, enabling the *VRS* user and the TRS operator to see and communicate with each other in signed conversation.

3.15. *Wheelchair* - A manually-operated or power-driven device designed primarily for use by an individual with a mobility *Disability* for the main purpose of indoor and/or outdoor locomotion.

4. POLICY

4.1. *Public Access to Programs, Services, and Activities*

4.1.1. The City is responsible for operating programs, services, and activities that are readily *Accessible (Architectural/Environmental; Communication; Programmatic)* to, and usable by, *Qualified Individual with a Disability*.

4.1.2. The City is responsible for providing equal opportunity to access City programs, services, and activities by:

a. Holding meetings, programs, and other events that are open to the public at *Accessible*

ADMINISTRATIVE REGULATION

SUBJECT CITY ADMINISTRATIVE REGULATION REGARDING ACCESSIBILITY FOR INDIVIDUALS WITH DISABILITIES: CITY PROGRAMS AND SERVICES	Number TBD	Issue 1	Page 4 of 11
	Effective Date: TBD		

(Architectural/Environmental) locations.

b. Providing programs and services in an integrated setting, unless separate or different measures are necessary to ensure equal opportunity.

c. Modifying policies, practices, or procedures, when necessary, feasible, and an *Undue Burden* does not exist, to enable *Qualified Individuals with a Disability* to experience equal access to and use of City programs, services, or activities.

d. Ensuring information placed on the City's website is fully *Accessible (Communication)* to *Qualified Individuals with a Disability*.

e. Providing *Auxiliary Aids and Services* to *Qualified Individuals with a Disability*, whenever required, in order to provide equal opportunity to access City programs, services, and activities. The City shall give primary consideration to the requests of *Qualified Individual with a Disability* in determining what types of *Auxiliary Aids and Services* are necessary. In order to be effective, *Auxiliary Aids and Services* must be provided in *Accessible (Communication)* formats, in a timely manner, and in such a way as to protect the privacy and independence of the *Qualified Individual with a Disability*.

i. Examples of *Auxiliary Aids and Services* for individuals with hearing *Disabilities* include but are not limited to: *Qualified/Certified American Sign Language Interpreter* on-site or through video remote interpreting (*VRI*) services; note takers; real- time computer-aided transcription services; written materials; exchange of written notes; telephone handset amplifiers; assistive listening devices or systems; telephones compatible with hearing aids; closed caption decoders; open and closed captioning, including real-time captioning; voice, text, and video-based telecommunications products and systems, including text telephones (*TTY*s), videophones, and captioned telephones, or equally effective telecommunications devices; videotext displays; accessible electronic and information technology; or other effective methods of making aurally delivered information available to individuals who are deaf or hard of hearing.

1. The City shall not require an individual with a *Disability* to bring an interpreter.

2. The City shall not rely on an adult or minor child accompanying an individual with a *Disability* to interpret or facilitate communication except:

A. In an emergency involving an imminent threat to the safety or welfare of an individual or the public where there is no *Qualified/Certified American Sign Language Interpreter* available; or

B. Where the individual with a *Disability* specifically requests that the accompanying adult (but not a minor child) interpret or facilitate

ADMINISTRATIVE REGULATION

SUBJECT CITY ADMINISTRATIVE REGULATION REGARDING ACCESSIBILITY FOR INDIVIDUALS WITH DISABILITIES: CITY PROGRAMS AND SERVICES	Number TBD	Issue 1	Page 5 of 11
	Effective Date: TBD		

communication, the accompanying adult agrees to provide such assistance, and reliance on that adult for such assistance is appropriate under the circumstances.

ii. Examples of *Auxiliary Aids and Services* for individuals with visual *Disabilities* include but are not limited to: qualified readers; taped texts; audio recordings; braille materials and displays; screen reader software; magnification software; optical readers; secondary auditory programs (SAP); large print materials; accessible electronic and information technology; or other effective methods of making visually delivered materials available to individuals who are blind or have low vision.

f. Including a statement indicating the City's policy on *Access (Communication)* for individuals with *Disabilities* on all informational materials such as announcements, websites, program descriptions, forms, and other information disseminated to the public. The statement should read as follows:

To request this information in an alternative format please contact the issuing department, xxx@xxxxx.gov or (xxx)xxx-xxxx. A minimum of seven business days' notice is requested to ensure availability; attempts will be made to accommodate requests with shorter notice.

g. Providing informational materials such as announcements, websites, program descriptions, forms, and other information disseminated to the public, in an alternative format, when requested. Materials will be provided free of charge and within 5 working days. See Section 5: Responsibility, for who is responsible for this subsection.

h. Eliminating eligibility standards or rules that deny *Qualified Individual with a Disability* physical access or equal opportunity to enjoy programs, services, or activities unless such standards or rules are necessary for the provision of the program, service, or activity due to its inherent nature.

i. Permitting individuals with mobility *Disabilities* to use *Wheelchair*s and manually powered mobility aids, such as walkers, crutches, canes, braces or other similar devices designed for use by individuals with *Disabilities* in any areas open to pedestrian use.

j. Permitting individuals with mobility *Disabilities* to use *Other Power- Driven Mobility Devices*, unless the City can demonstrate that the class of these devices cannot be operated in accordance with legitimate safety requirements. In determining whether a particular *Other Power-Driven Mobility Device* can be allowed in a specific facility as a reasonable modification, the City shall consider:

i. The type, size, weight, dimensions and speed of the device;

ADMINISTRATIVE REGULATION

SUBJECT CITY ADMINISTRATIVE REGULATION REGARDING ACCESSIBILITY FOR INDIVIDUALS WITH DISABILITIES: CITY PROGRAMS AND SERVICES	Number TBD	Issue 1	Page 6 of 11
	Effective Date: TBD		

ii. The facility's volume of pedestrian traffic;

iii. The facility's design and operation characteristics;

iv. Whether legitimate safety requirements can be established to permit the safe operation of the *Other Power-Driven Mobility Device* in the specific facility; and

v. Whether the use of the *Other Power-Driven Mobility Device* creates a substantial risk of serious harm to the immediate environment, natural or cultural resources, or poses a conflict with federal land management laws and regulations.

k. Ensuring non-discrimination on the basis of *Disability* in contracting for the purchase of goods and services or services/programs offered to the public.

l. Ensuring that newly constructed buildings and facilities follow all federal, state, and local rules, regulations, and building codes.

m. Ensuring that alterations to existing buildings and facilities follow all federal, state, and local rules, regulations, and building codes.

n. Ensuring that all space leased out by or leased for the City is *Accessible (Architectural/Environmental)* to and usable by *Qualified Individuals with a Disability.*

4.2. *Legitimate Safety Requirements*

4.2.1. The City may impose legitimate safety requirements necessary for the safe operation of its services, programs, or activities. However, the safety requirements must be based on actual risks, not on mere speculation, stereotypes, or generalizations about individuals with *Disabilities*.

4.3. *Inquiry about Disability*

4.3.1. The City shall not ask questions of a *Qualified Individual with a Disability* using a *Wheelchair* or *Other Power-Driven Mobility Device* about the nature and extent of the individual's *Disability*. The City may ask a person using an *Other Power- Driven Mobility Device* to provide a credible assurance that the mobility device is required because of the person's *Disability*. The City shall accept the presentation of a valid, State-issued *Disability* parking placard or other proof of *Disability*, or verbal representation, not contradicted by observable fact, that the *Other Power- Driven Mobility Device* is being used for a mobility *Disability*.

4.4. *Service Animals*

4.4.1. General - The City shall allow the use of a *Service Animal or Service Animal in Training* (i.e., a dog or miniature horse) by an individual with a *Disability*. Individuals with *Disabilities* shall be permitted to be accompanied by their service animals in all areas of the City open to the public.

ADMINISTRATIVE REGULATION

SUBJECT CITY ADMINISTRATIVE REGULATION REGARDING ACCESSIBILITY FOR INDIVIDUALS WITH DISABILITIES: CITY PROGRAMS AND SERVICES	Number TBD	Issue 1	Page 7 of 11
	Effective Date: TBD		

4.4.2. Inquiries about a *Service Animal* - The City shall not ask about the nature or extent of a person's *Disability* or request or require documentation about the animal, such as proof that the animal has been certified, trained, or licensed.

a. In cases where it is unclear what service an animal is providing, the City may ask two questions in order to determine whether an animal qualifies as a service animal:

i. Is the animal required because of a *Disability*?

ii. What work or task has the animal been trained to perform?

b. The City may not ask the handler to have the *Service Animal* demonstrate the work or task. Examples of work or tasks include but are not limited to: assisting individuals who are blind or have low vision with navigation and other tasks; alerting individuals who are deaf or hard of hearing to the presence of people or sounds; providing non-violent protection or rescue work; pulling a *Wheelchair*; assisting an individual during a seizure; alerting individuals to the presence of allergens; retrieving items such as medicine or the telephone; providing physical support and assistance with balance and stability to individuals with mobility *Disabilities*; and helping individuals with psychiatric and neurological *Disabilities* by preventing or interrupting impulsive or destructive behaviors.

c. Service animals are subject to local dog licensing and vaccination requirements.

4.4.3. Animal under Handler's Control - A *Service Animal* must have a harness, leash, or tether. The *Service Animal* must be otherwise under the handler's control through voice commands, or other effective signals, if the individual with a *Disability* is unable to use a harness, leash, or tether because of a *Disability* or because it would interfere with the service animal's safe, effective performance of work or tasks.

4.4.4. Exclusions - The City may ask an individual with a *Disability* to remove a *Service Animal* from public facilities if:

a. The animal is out of control and the animal's handler does not take effective action to control it;

b. The animal is not housebroken; or

c. The animal is a direct threat to the health or safety of others.

i. If the City properly excludes a *Service Animal* under this regulation, it shall give the individual with a *Disability* the opportunity to participate in the service, program, or activity without having the *Service Animal* on the premises.

4.4.5. Responsibility - The City is not responsible for the care or supervision of a service animal, including

ADMINISTRATIVE REGULATION

SUBJECT CITY ADMINISTRATIVE REGULATION REGARDING ACCESSIBILITY FOR INDIVIDUALS WITH DISABILITIES: CITY PROGRAMS AND SERVICES	Number TBD	Issue 1	Page 8 of 11
	Effective Date: TBD		

situations in which the animal has been excluded from a public facility for any of the above reasons.

4.4.6. Surcharges - The City shall not ask or require an individual with a *Disability* to pay a surcharge or to comply with any requirements generally not applicable to people without pets. Even if people accompanied by pets are required to pay fees for their pets, individuals with service animals are not to be charged a fee for their *Service Animal* to accompany them. However, if the City normally charges individuals for damage caused by their pets, an individual with a *Disability* may be charged for damage caused by his or her service animal.

4.4.7. Miniature Horses - In determining whether reasonable modifications in policies, practices, or procedures can be made to allow a miniature horse into a specific facility, the City shall consider:

a. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;

b. Whether the handler has sufficient control of the miniature horse;

c. Whether the miniature horse is housebroken; and

d. Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

i. Other requirements as specified in sections 4.4.1 through 4.4.6, which apply to service animals, shall also apply to miniature horses.

4.5. Technology

4.5.1. Web Content – Content on all website and web applications created, bought, leased, or otherwise employed by the City for public use shall meet the Web Content Accessibility Guidelines (WCAG) 2.0 Level AA and any successive WCAG guidelines most current at the time of application.

4.5.2. Emergency Services - Telephone emergency services, including 911 and reverse 911 services, shall provide direct access to individuals who use *TDD/TTY*s.

4.6. Public Access to City Meetings and Records

4.6.1. The City Clerk's Office will coordinate the provision of *Qualified/Certified American Sign Language Interpreters* or oral interpreters for City Council meetings when requested by an individual with a hearing impairment.

4.6.2. Requests for auxiliary aids, services, or interpreters require different lead times. The City, and contracting agencies who provide the interpreters, request a minimum notice of seven business days to ensure the availability of an interpreter, though attempts will be made to accommodate requests with shorter notice.

ADMINISTRATIVE REGULATION

SUBJECT CITY ADMINISTRATIVE REGULATION REGARDING ACCESSIBILITY FOR INDIVIDUALS WITH DISABILITIES: CITY PROGRAMS AND SERVICES	Number TBD	Issue 1	Page 9 of 11
	Effective Date: TBD		

4.6.3. The City Clerk's Office will serve as a central location for storage and distribution of the City's Assistive Listening Devices for Council Chambers and the Council Committee Room.

4.6.4. The City Clerk's Office will ensure that the *TTY* number is listed whenever City Clerk office voice phones are listed. The proper format is:

_____ -_____Voice

_____ -_____*TTY*

4.6.5. The City Clerk, upon request, will provide printed materials in alternative formats such as braille, large print, audio tape, or electronic format. The City's ADA Coordinator will assist, as needed, with any of the above requirements.

4.6.6. The City Clerk will include a statement on all City Council meeting agendas. The statement should read as follows:

> *This information will be made available in alternative formats upon request by contacting [NAME] at [(###) ###-####] or mail to: [EMAIL ADDRESS]. To ensure availability, a minimum of seven business days' notice is requested for Disability-related modifications or accommodations required to facilitate meeting participation, including requests for auxiliary aids, services, or interpreters; attempts will be made to accommodate requests with shorter notice.*

4.6.7. The Council Administrator will include a statement on all City Council Committee meeting agendas. The statement should read as follows:

> *This information will be made available in alternative formats upon request by contacting [NAME] at [(###) ###-####] or mail to: [EMAIL ADDRESS]. To ensure availability, a minimum of seven business days' notice is requested for Disability-related modifications or accommodations required to facilitate meeting participation, including requests for auxiliary aids, services, or interpreters; attempts will be made to accommodate requests with shorter notice.*

4.6.8. The City shall not ask or require an individual with a *Disability* to pay a fee for any requests for *Auxiliary Aids and Services*, *Qualified/Certified American Sign Language Interpreters*, assistive listening devices, materials in alternative formats, or any other *Accessible (Programmatic)* accommodation.

5. RESPONSIBILITY

ADMINISTRATIVE REGULATION

SUBJECT CITY ADMINISTRATIVE REGULATION REGARDING ACCESSIBILITY FOR INDIVIDUALS WITH DISABILITIES: CITY PROGRAMS AND SERVICES	Number TBD	Issue 1	Page 10 of 11
	Effective Date: TBD		

5.1. *ADA Coordinator or their Designated Representative(s)*

5.1.1. Monitors and assists all departments to ensure that the City complies with federal, state, and local *Disability* laws and regulations, provides information for ensuring the regulations are met, and is the *designated ADA Coordinator for the City*.

5.2. *City Clerk of their Designated Representative(s)*

5.2.1. Coordinate the provision of *Auxiliary Aids and Services* to the public for all City Council activities and the distribution of all public information related to City Council actions, in addition to responsibilities listed in section 4.6.

5.3. *Department Directors or their Designated Representative(s)*

5.3.1. Ensuring that the regulations stated in this Administrative Regulation are carried out in their department for all programs, services, activities, and meeting. Directors need to plan for ongoing accommodations, such as assistive devices or adaptive equipment needs, in their annual department budgets in order to provide *Access (Architectural/Environmental, Communication, and Programmatic)* to the public and to provide reasonable accommodations for employees with *Disabilities*.

(Supersedes Administrative Regulation 96.20, Issue 2, effective May 13, 2011)

Assumptions & Considerations		
1	Yearly budget for first two fiscal yearsTotal Cost Min. [Year 1-2]	$ 550,000
2	Yearly budget for first two fiscal yearsTotal Cost Max. [Year 1-2]	$ 600,000
3	Yearly budget for remaining 18 years Transition PlanTotal Cost Min. [Year 3-20]	$ 1,800,000
4	Yearly budget for remaining 18 years Transition PlanTotal Cost Max. (30% Increase - GC) [Year 3-20]	$ 2,340,000
5	30% Increase in estimated cost is assumed for GC and Design services	
6	Transit Stop Barriers prioritized for first 5 Transition Plan fiscal years (Year 1-5)	
7	Signalized Intersection (Traffic Signal: 1. Audible Countdown 2. Button Height) and Curb Ramp barriers prioritized between 4 years starting from 2nd year (Year 2-5).	
8	Facilities Exterior Barriers are prioritized ahead of interior barriers (Year 1-3) to meet minimum immediate access improvement requirements. All Facility Barriers (Interior & Exterior) to be completed by Year 3.

CITY COUNCIL

ITEM NO. 6.6

CITY OF INDUSTRY

MEMORANDUM

TO:	Honorable Mayor Moss and Members of the City Council
FROM:	Joshua Nelson, City Manager
STAFF:	Mathew Hudson, Director of Engineering; James Cramsie, Sr. Director of Engineering, CNC Engineering
DATE:	January 23, 2025
SUBJECT:	Consideration of Amendment No. 4 to the Professional Services Agreement with Ninyo & Moore Geotechnical and Environmental Services Consultants, for On-Call Geotechnical Engineering Services, extending the term through December 30, 2027, revising the scope of services, revising the Rate Schedule, and increasing compensation by $200,000.00

BACKGROUND

On February 22, 2018, the City Council approved a Professional Services Agreement ("Agreement") with Ninyo & Moore Geotechnical and Environmental Services Consultants ("Ninyo & Moore") to provide on-call geotechnical engineering services. Ninyo & Moore has provided geotechnical services on projects that include hazardous materials abatement monitoring services at the YAL, Sheriff's Trailer Site Plan Project, asbestos and lead survey for El Encanto improvements, lead survey for the structure at 1135 Hatcher Avenue, and consulting services for the Valley Boulevard and Fullerton Road Resurfacing Projects.

On February 13, 2020, the City Council approved Amendment No. 1 extending the term through February 13, 2021, and increasing compensation by $140,000.00. Additionally, on March 25, 2021, Amendment No. 2 was approved extending the term through December 30, 2022 for the continued on-call geotechnical services, amending the rate schedule, approving a companion increase in compensation of $150,000.00, and including language requiring indemnity specific to independent contractors. On December 12, 2022, the City Council approved Amendment No. 3 extending the term through December 30, 2024, revising the rate schedule, revising the addresses for the City and City Attorney's office, and increasing compensation by $200,000.00.

DISCUSSION

Ninyo & Moore continues to provide on-call geotechnical services on various projects in the City, including the Fullerton Road PCC Project. The Agreement with Ninyo & Moore expired on December 30, 2024, and Amendment No. 4 is recommended to extend the Agreement through December 30, 2027. Additionally, the scope of services are revised to include performing asbestos-containing material and lead-based paint surveys for any potential City-owned buildings, as determined. A Hazardous Building Material Survey report will also be provided upon conclusion of the surveys. The rate schedule is also revised to reflect Ninyo & Moore's current rates through 2027, along with a companion budget increase of $200,000.00.

FISCAL IMPACT

The fiscal impact for Amendment No. 4 is $200,000.00. This on-call contract will be funded by the approved projects in the Capital Improvement Projects budget for the current fiscal year 2024-2025

and budgeted for in future fiscal years.

RECOMMENDATION

Staff recommends that the City Council approve Amendment No. 4 to the Agreement.

Attachments

A. Amendment No. 4 to the Professional Services Agreement with Ninyo & Moore Geotechnical and Environmental Services Consultants dated January 23, 2025

AMENDMENT NO. 4
TO PROFESSIONAL SERVICES AGREEMENT WITH
NINYO & MOORE GEOTECHNICAL & ENVIRONMENTAL SCIENCES CONSULTANTS

This Amendment No. 4 to the Professional Services Agreement ("Agreement") is made and entered into this 23rd day of January, 2025, ("Effective Date") by and between the City of Industry, a California municipal corporation ("City") and Ninyo & Moore Geotechnical & Environmental Sciences Consultants, a California Corporation ("Consultant"). The City and Consultant are hereinafter collectively referred to as the "Parties".

RECITALS

WHEREAS, on or about February 22, 2018, the Agreement was entered into and executed between the City and Consultant for on-call geotechnical engineering services; and

WHEREAS, on or about February 13, 2020, Amendment No. 1 was approved, extending the term through February 13, 2021, allowing the Consultant to continue providing on-call geotechnical services, and increasing compensation by $140,000.00; and

WHEREAS, on or about March 25, 2021, Amendment No. 2 was approved, extending the term through December 30, 2022, to allow Consultant to continue providing on-call geotechnical services to the City for various Capital Improvement Projects. Additionally, the Rate Schedule was amended to reflect the Consultant's then current rates, along with a companion increase in compensation of $150,000.00. It was also necessary to comply with best practices and include indemnity language specific to independent contractors; and

WHEREAS, on or about December 12, 2022, Amendment No. 3 was approved, extending the term through December 30, 2024, to allow Consultant to continue providing on-call geotechnical services to the City for various Capital Improvement Projects. Additionally, the Rate Schedule was amended to reflect the Consultant's then current rates, along with a companion increase in compensation of $200,000.00. It was also necessary to revise the addresses for the City and City Attorney's office; and

WHEREAS, the Agreement expired on December 30, 2024, and an extension is needed through December 30, 2027, to allow Consultant to continue providing on-call geotechnical services to the City for various Capital Improvement Projects. Additionally, the scope of services is revised to include additional services, the Rate Schedule is revised to reflect the Consultant's current rates, and there is a companion increase in compensation of $200,000.00; and

WHEREAS, for the reasons set forth herein, the City and Consultant desire to enter into this Amendment No. 4, as set forth below.

AMENDMENT

NOW, THEREFORE, in consideration of the mutual covenants, promises and agreements set forth herein, it is agreed the aforesaid Agreement, a copy of which is attached hereto as Exhibit A, and incorporated herein by reference, shall remain in full force and effect except as otherwise hereinafter provided:

1. TERM

Section 1, Term, is hereby revised to read in its entirety as follows:

This Agreement shall commence on December 31, 2024, and shall remain and continue in effect until tasks described herein are completed, but in no event later than December 30, 2027, unless sooner terminated pursuant to the provisions of this Agreement.

4. PAYMENT

The second sentence of Section 4. Payment, is hereby revised to read in its entirety as follows:

This amount shall not exceed Eight Hundred Forty Thousand Dollars ($840,000.00), for the total Term of the Agreement, unless additional payment is approved as provided in this Agreement.

EXHIBIT A, SCOPE OF SERVICES

The Scope of Services is hereby revised to include the services set forth in Attachment I, attached hereto and incorporated herein by reference.

EXHIBIT B, RATE SCHEDULE

The Rate Schedule is hereby rescinded in its entirety and replaced with rates set forth in Attachment 2, attached hereto and incorporated herein by reference.

The person or persons executing this Agreement on behalf of Consultant represents and warrants that he/she has the authority to execute this Agreement on behalf of the Consultant and has the authority to bind Consultant to the performance of its obligations hereunder.

IN WITNESS WHEREOF, the Parties have executed this Amendment No. 4 to the Agreement as of the Effective Date.

EXHIBIT A

SCOPE OF SERVICES

Consultant shall provide the following additional services:

Buildings or structures planned for renovation or demolition require an asbestos-containing material ("ACM") survey in accordance with the local South Coast Air Quality Management District Rule 1403 requirements and the United States Environmental Protection Agency National Emission Standards for Hazardous Air Pollutants regulations for asbestos. A lead-based paint ("LBP") survey will be used to evaluate the applicability of the lead in construction standard Title 8 California Code of Regulations Section 1532.1 which applies to all renovation work including where an employee may be occupationally exposed to lead. Other hazardous materials which may be present within the buildings would also require proper clean up, handling, and disposal in accordance with Universal Waste Rules (including local City disposal requirements), prior to renovation or demolition tasks.

Hazardous Building Material Survey ("HBMS")

- A California Division of Occupational Safety and Health ("DOSH") Certified Asbestos Consultant or Certified Site Surveillance Technician will perform an asbestos survey for suspected ACM. The survey will be performed in accordance with local, state, and federal requirements for asbestos surveys. Bulk samples of suspected asbestos-containing materials will be collected and submitted to an independent, sub-contracted laboratory certified by the National Voluntary Laboratories Accreditation Program. Samples will be analyzed using the EPA recommended method of Polarized Light Microscopy (PLM EPA Method 600/R-93-116).

- A lead survey will be performed by evaluating accessible painted surfaces by a California Department of Public Health Lead Related Construction Inspector/Assessor or a Sampling Technician. An X-Ray fluorescence (XRF) analyzer will be operated in accordance with the Performance Characteristics Sheet associated with the instrument. Other non-painted accessible surfaces which often contain lead (e.g. ceramic tile, porcelain fixtures) will also be tested.

- A visual evaluation will be performed to quantify miscellaneous hazardous building materials including Universal Waste Rule materials (if present). This includes but is not limited to, potential mercury-containing switches, PCBs-containing light ballasts and switches, fluorescent and metal vapor lights, Freon-containing refrigeration systems, and tritium containing exit signs which may be potentially affected by the projects.

- An HBMS survey report will be prepared for each specific project. The report will document the project field procedures and results of the survey data, including field drawn sampling locations of ACM and LBP, estimated quantities of hazardous building materials, laboratory reports, findings, and recommendations in preparation for the projects tasks.

EXHIBIT B

RATE SCHEDULE

2025

Professional Staff

Principal Engineer/Geologist/Environmental Scientist/Certified Industrial Hygienist	$ 250
Senior Engineer/Geologist/Environmental Scientist	$ 235
Senior Project Engineer/Geologist/Environmental Scientist	$ 220
Project Engineer/Geologist/Environmental Scientist	$ 210
Senior Staff Engineer/Geologist/Environmental Scientist	$ 200
Staff Engineer/Geologist/Environmental Scientist	$ 180
GIS Analyst	$ 160
Technical Illustrator/CAD Operator	$ 140

Field Staff

Certified Asbestos/Lead Technician	$ 220
Field Operations Manager	$ 150
Nondestructive Examination Technician (UT, MT, LP)	$ 145
Supervisory Technician	$ 140
Special Inspector (Concrete, Masonry, Structural Steel, Welding, and Fireproofing)	$ 135
Senior Technician	$ 135
Technician	$ 130

Administrative Staff

Information Specialist	$ 120
Geotechnical/Environmental/Laboratory Assistant	$ 120
Data Processor	$ 95

Other Charges

Concrete Coring Equipment (includes technician)	$ 190/hr
Anchor Load Test Equipment (includes technician)	$ 190/hr
GPR Equipment	$ 180/hr
Inclinometer	$ 100/hr
Hand Auger Equipment	$ 80/hr
Rebar Locator (Pachometer)	$ 25/hr
Vapor Emission Kit	$ 65/kit
Nuclear Density Gauge	$ 15/hr
X-Ray Fluorescence	$ 70/hr
PID/FID	$ 25/hr
Air Sampling Pump	$ 10/hr
Field Vehicle	$ 15/hr
Equipment	$ 15/hr
Expert Witness Testimony	$ 450/hr
Direct Expenses	At Cost (no markup)

Special equipment charges will be provided upon request.

Notes

Technicians and special inspectors, are charged at a 4-hour minimum, and 8-hour minimum for hours exceeding 4 hours. Overtime rates at 1.5 times the regular rates will be charged for work performed in excess of 8 hours in one day Monday through Friday and all day on Saturday. Rates at twice the regular rates will be charged for all work in excess of 12 hours in one day, all day Sunday and on holidays.

Rates will be adjusted in conjunction with the increase in the Prevailing Wage Determination during the life of the project, as applicable.

2026

Professional Staff

Principal Engineer/Geologist/Environmental Scientist/Certified Industrial Hygienist	$ 258
Senior Engineer/Geologist/Environmental Scientist	$ 243
Senior Project Engineer/Geologist/Environmental Scientist	$ 227
Project Engineer/Geologist/Environmental Scientist	$ 217
Senior Staff Engineer/Geologist/Environmental Scientist	$ 206
Staff Engineer/Geologist/Environmental Scientist	$ 186
GIS Analyst	$ 165
Technical Illustrator/CAD Operator	$ 145

Field Staff

Certified Asbestos/Lead Technician	$ 227
Field Operations Manager	$ 155
Nondestructive Examination Technician (UT, MT, LP)	$ 150
Supervisory Technician	$ 145
Special Inspector (Concrete, Masonry, Structural Steel, Welding, and Fireproofing)	$ 140
Senior Technician	$ 140
Technician	$ 134

Administrative Staff

Information Specialist	$ 124
Geotechnical/Environmental/Laboratory Assistant	$ 124
Data Processor	$ 98

Other Charges

Concrete Coring Equipment (includes technician)	$ 196/hr
Anchor Load Test Equipment (includes technician)	$ 196/hr
GPR Equipment	$ 186/hr
Inclinometer	$ 103/hr
Hand Auger Equipment	$ 83/hr
Rebar Locator (Pachometer)	$ 26/hr
Vapor Emission Kit	$ 67/kit
Nuclear Density Gauge	$ 16/hr
X-Ray Fluorescence	$ 73/hr
PID/FID	$ 26/hr
Air Sampling Pump	$ 11/hr
Field Vehicle	$ 16/hr
Equipment	$ 16/hr
Expert Witness Testimony	$ 464/hr
Direct Expenses	At Cost (No Markups)

Special equipment charges will be provided upon request.

Notes

Technicians and special inspectors, are charged at a 4-hour minimum, and 8-hour minimum for hours exceeding 4 hours. Overtime rates at 1.5 times the regular rates will be charged for work performed in excess of 8 hours in one day Monday through Friday and all day on Saturday. Rates at twice the regular rates will be charged for all work in excess of 12 hours in one day, all day Sunday and on holidays.

Rates will be adjusted in conjunction with the increase in the Prevailing Wage Determination during the life of the project, as applicable.

2027

Professional Staff

Principal Engineer/Geologist/Environmental Scientist/Certified Industrial Hygienist	$ 266
Senior Engineer/Geologist/Environmental Scientist	$ 251
Senior Project Engineer/Geologist/Environmental Scientist	$ 234
Project Engineer/Geologist/Environmental Scientist	$ 224
Senior Staff Engineer/Geologist/Environmental Scientist	$ 213
Staff Engineer/Geologist/Environmental Scientist	$ 192
GIS Analyst	$ 170
Technical Illustrator/CAD Operator	$ 150

Field Staff

Certified Asbestos/Lead Technician	$ 234
Field Operations Manager	$ 160
Nondestructive Examination Technician (UT, MT, LP)	$ 155
Supervisory Technician	$ 150
Special Inspector (Concrete, Masonry, Structural Steel, Welding, and Fireproofing)	$ 145
Senior Technician	$ 145
Technician	$ 139

Administrative Staff

Information Specialist	$ 128
Geotechnical/Environmental/Laboratory Assistant	$ 128
Data Processor	$ 101

Other Charges

Concrete Coring Equipment (includes technician)	$ 202/hr
Anchor Load Test Equipment (includes technician)	$ 202/hr
GPR Equipment	$ 192/hr
Inclinometer	$ 107/hr
Hand Auger Equipment	$ 86/hr
Rebar Locator (Pachometer)	$ 27/hr
Vapor Emission Kit	$ 70/kit
Nuclear Density Gauge	$ 17/hr
X-Ray Fluorescence	$ 76/hr
PID/FID	$ 27/hr
Air Sampling Pump	$ 12/hr
Field Vehicle	$ 17/hr
Equipment	$ 17/hr
Expert Witness Testimony	$ 478/hr
Direct Expenses – At Cost (No Markups)	

Special equipment charges will be provided upon request.

Notes

Technicians and special inspectors, are charged at a 4-hour minimum, and 8-hour minimum for hours exceeding 4 hours. Overtime rates at 1.5 times the regular rates will be charged for work performed in excess of 8 hours in one day Monday through Friday and all day on Saturday. Rates at twice the regular rates will be charged for all work in excess of 12 hours in one day, all day Sunday and on holidays.

Rates will be adjusted in conjunction with the increase in the Prevailing Wage Determination during the life of the project, as applicable.

PROFESSIONAL SERVICES AGREEMENT WITH NINYO & MOORE GEOTECHNICAL & ENVIRONMENTAL SCIENCES CONSULTANTS DATED FEBRUARY 22, 2018

CITY OF INDUSTRY

PROFESSIONAL SERVICES AGREEMENT

This PROFESSIONAL SERVICES AGREEMENT ("Agreement"), is made and effective as of February 22, 2018 ("Effective Date"), between the City of Industry, a municipal corporation ("City") and Ninyo & Moore Geotechnical & Environmental Sciences Consultants, a California Corporation ("Consultant"). The City and Consultant are hereinafter collectively referred to as the "Parties".

RECITALS

WHEREAS, City desires to engage Consultant to perform the services described herein, and Consultant desires to perform such services in accordance with the terms and conditions set forth herein.

NOW, THEREFORE, for and in consideration of the mutual covenants and conditions herein contained, City and Consultant agree as follows:

1. TERM

This Agreement shall commence on the Effective Date, and shall remain and continue in effect until tasks described herein are completed, but in no event later than December 8, 2019, unless sooner terminated pursuant to the provisions of this Agreement.

2. SERVICES

(a) Consultant shall perform the tasks ("Services") described and set forth in Exhibit A, attached hereto and incorporated herein as though set forth in full. ("Scope of Services"). Tasks other than those specifically described in the Scope of Services shall not be performed without prior written approval of the City. The Services shall be performed by Consultant, unless prior written approval is first obtained from the City. In the event of conflict or inconsistency between the terms of this Agreement and Exhibit A, the terms of this Agreement shall prevail.

(b) City shall have the right to request, in writing, changes to the Services. Any such changes mutually agreed upon by the Parties, and any corresponding increase or decrease in compensation, shall be incorporated by written amendment to this Agreement.

(c) Consultant shall perform all Services in a manner reasonably satisfactory to the City and in a first-class manner in conformance with the standards of quality normally observed by an entity providing on-call geotechnical engineering services, serving a municipal agency.

(d) Consultant shall comply with all applicable federal, state, and local laws, regulations and ordinances in the performance of this Agreement, including but not limited to, the conflict of interest provisions of Government Code Section 1090 and the

Political Reform Act (Government Code Section 81000 *et seq.*)). During the term of this Agreement, Consultant shall not perform any work for another person or entity for whom Consultant was not working on the Effective Date if both (i) such work would require Consultant to abstain from a decision under this Agreement pursuant to a conflict of interest statute or law; and (ii) City has not consented in writing to Consultant's performance of such work. No officer or employee of City shall have any financial interest in this Agreement that would violate California Government Code Sections 1090 *et seq.* Consultant hereby warrants that it is not now, nor has it been in the previous twelve (12) months, an employee, agent, appointee, or official of the City. If Consultant was an employee, agent, appointee, or official of the City in the previous twelve (12) months, Consultant warrants that it did not participate in any manner in the forming of this Agreement. Consultant understands that, if this Agreement is made in violation of Government Code §1090 *et. seq.*, the entire Agreement is void and Consultant will not be entitled to any compensation for Services performed pursuant to this Agreement, and Consultant will be required to reimburse the City for any sums paid to the Consultant. Consultant understands that, in addition to the foregoing, it may be subject to criminal prosecution for a violation of Government Code § 1090 and, if applicable, will be disqualified from holding public office in the State of California.

(e) Consultant represents that it has, or will secure at its own expense, all licensed personnel required to perform the Services. All Services shall be performed by Consultant or under its supervision, and all personnel engaged in the Services shall be qualified and licensed to perform such services.

3. MANAGEMENT

City's City Manager or his designee shall represent the City in all matters pertaining to the administration of this Agreement, review and approval of all products submitted by Consultant, but shall have no authority to modify the Services or the compensation due to Consultant.

4. PAYMENT

(a) The City agrees to pay Consultant monthly, in accordance with the payment rates and terms and the schedule of payment as set forth in Exhibit B ("Rate Schedule"), attached hereto and incorporated herein by this reference as though set forth in full, based upon actual time spent on the above tasks. This amount shall not exceed One Hundred and Fifty Thousand Dollars ($150,000.00) for the total Term of the Agreement unless additional payment is approved as provided in this Agreement.

(b) Consultant shall not be compensated for any services rendered in connection with its performance of this Agreement which are in addition to those set forth herein, unless such additional services are authorized in advance and in writing by the City. Consultant shall be compensated for any additional services in the amounts and in the manner as agreed to by City and Consultant at the time City's written authorization is given to Consultant for the performance of said services.

(c) Consultant shall submit invoices monthly for actual services performed. Invoices shall be submitted on or about the first business day of each month, or as soon thereafter as practical, for services provided in the previous month. Payment shall be made within thirty (30) days of receipt of each invoice as to all non-disputed fees. If the City disputes any of Consultant's fees it shall give written notice to Consultant within thirty (30) days of receipt of an invoice of any disputed fees set forth on the invoice. Any final payment under this Agreement shall be made within 45 days of receipt of an invoice therefore.

5. LABOR CODE AND PREVAILING WAGES

(a) Consultant represents and warrants that it is aware of the requirements of California Labor Code Section 1720, *et seq.*, and 1770, *et seq.*, as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "Public Works" and "Maintenance" projects. If the Services are being performed as part of an applicable "Public Works" or "Maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $15,000.00 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and any location where the Services are performed. Consultant shall indemnify, defend and hold harmless, the City, its elected officials, officers, employees and agents, from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including legal counsel fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, Consultant's or by any individual or agency for which Consultant is legally liable, including but not limited to officers, agents, employees or subcontractors of Consultant, failure or alleged failure to comply with Prevailing Wage Laws.

(b) In accordance with the requirements of Labor Code Section 1776, Consultant shall keep accurate payroll records which are either on forms provided by the Division of Labor Standards Enforcement or which contain the same information required by such forms. Consultant shall make all such records available for inspection at all reasonable hours.

(c) To the extent applicable, Consultant shall comply with the provisions of Section 1777.5 of the Labor Code with respect to the employment of properly registered apprentices upon public works.

(d) Consultant shall comply with the legal days work and overtime requirements of Sections 1813 and 1815 of the Labor Code.

(e) If the Services are being performed as part of an applicable Public works or Maintenance project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Consultant and all subconsultants performing such Services must be registered with the Department of Industrial Relations. Consultant shall maintain registration for the duration of the Agreement and require the same of any subconsultants, as applicable. This Services set forth in this Agreement may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements.

6. SUSPENSION OR TERMINATION OF AGREEMENT

(a) The City may at any time, for any reason, with or without cause, suspend or terminate this Agreement, or any portion hereof, by serving upon the Consultant at least ten (10) days prior written notice. Upon receipt of said notice, the Consultant shall immediately cease all work under this Agreement, unless the notice provides otherwise. If the City suspends or terminates a portion of this Agreement such suspension or termination shall not make void or invalidate the remainder of this Agreement.

(b) In the event this Agreement is terminated pursuant to this Section, the City shall pay to Consultant the actual value of the work performed up to the time of termination, provided that the work performed is of value to the City. Upon termination of the Agreement pursuant to this Section, the Consultant shall submit an invoice to the City pursuant to Section 5 of this Agreement.

7. OWNERSHIP OF DOCUMENTS

(a) Consultant shall maintain complete and accurate records with respect to sales, costs, expenses, receipts, and other such information required by City that relate to the performance of services under this Agreement. Consultant shall maintain adequate records of services provided in sufficient detail to permit an evaluation of services. All such records shall be maintained in accordance with generally accepted accounting principles and shall be clearly identified and readily accessible. Consultant shall provide free access to the representatives of City or its designees at reasonable times to review such books and records; shall give City the right to examine and audit said books and records; shall permit City to make transcripts or copies therefrom as necessary; and shall allow inspection of all work, data, documents, proceedings, and activities related to this Agreement. Such records, together with supporting documents, shall be maintained for a period of three (3) years after receipt of final payment.

(b) Upon completion of, or in the event of termination or suspension of this Agreement, all original documents, designs, drawings, maps, models, computer files, surveys, notes, and other documents prepared in the course of providing the services to be performed pursuant to this Agreement shall become the sole property of the City and may be used, reused, or otherwise disposed of by the City without the permission of the Consultant. With respect to computer files, Consultant shall make available to the City, at the Consultant's office, and upon reasonable written request by the City, the necessary computer software and hardware for purposes of accessing, compiling, transferring, copying

and/or printing computer files. Consultant hereby grants to City all right, title, and interest, including any copyright, in and to the documents, designs, drawings, maps, models, computer files, surveys, notes, and other documents prepared by Consultant in the course of providing the services under this Agreement. All reports, documents, or other written material developed by Consultant in the performance of the Services pursuant to this Agreement, shall be and remain the property of the City.

8. INDEMNIFICATION

(a) Indemnity for professional liability

When the law establishes a professional standard of care for Consultant's Services, to the fullest extent permitted by law, Consultant shall indemnify, protect, defend and hold harmless the City and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all losses, liabilities, damages, costs and expenses, including legal counsel's fees and costs caused in whole or in part by any negligent or wrongful act, error or omission of Consultant, its officers, agents, employees or Subconsultants (or any agency or individual that Consultant shall bear the legal liability thereof) in the performance of professional services under this Agreement.

(b) Indemnity for other than professional liability

Other than in the performance of professional services and to the full extent permitted by law, Consultant shall indemnify, defend and hold harmless City, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including legal counsel fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Consultant or by any individual or agency for which Consultant is legally liable, including but not limited to officers, agents, employees or subcontractors of Consultant.

(c) DUTY TO DEFEND. In the event the City, its officers, employees, agents and/or volunteers are made a party to any action, claim, lawsuit, or other adversarial proceeding arising from the performance of the services encompassed by this Agreement, and upon demand by City, Consultant shall have an immediate duty to defend the City at Consultant's cost or at City's option, to reimburse the City for its costs of defense, including reasonable attorney's fees and costs incurred in the defense of such matters.

Payment by City is not a condition precedent to enforcement of this indemnity. In the event of any dispute between Consultant and City, as to whether liability arises from the sole negligence of the City or its officers, employees, or agents, Consultant will be obligated to pay for City's defense until such time as a final judgment has been entered adjudicating the City as solely negligent. Consultant will not be entitled in the absence of such a determination to any reimbursement of defense costs including but not limited to attorney's fees, expert fees and costs of litigation.

9. INSURANCE

Consultant shall maintain prior to the beginning of and for the duration of this Agreement insurance coverage as specified in Exhibit C attached hereto and incorporated herein by reference.

10. INDEPENDENT CONSULTANT

(a) Consultant is and shall at all times remain as to the City a wholly independent consultant and/or independent contractor. The personnel performing the services under this Agreement on behalf of Consultant shall at all times be under Consultants exclusive direction and control. Neither City nor any of its officers, employees, or agents shall have control over the conduct of Consultant or any of Consultant's officers, employees, or agents, except as set forth in this Agreement. Consultant shall not at any time or in any manner represent that it or any of its officers, employees, or agents are in any manner officers, employees, or agents of the City. Consultant shall not incur or have the power to incur any debt, obligation, or liability whatever against the City, or bind the City in any manner.

(b) No employee benefits shall be available to Consultant in connection with the performance of this Agreement. Except for the fees paid to Consultant as provided in the Agreement, City shall not pay salaries, wages, or other compensation to Consultant for performing services hereunder for City. City shall not be liable for compensation or indemnification to Consultant for injury or sickness arising out of performing services hereunder.

11. LEGAL RESPONSIBILITIES

The Consultant shall keep itself informed of State and Federal laws and regulations which in any manner affect those employed by it or in any way affect the performance of its service pursuant to this Agreement. The Consultant shall at all times observe and comply with all such laws and regulations. The City, and its officers and employees, shall not be liable at law or in equity occasioned by failure of the Consultant to comply with this Section.

12. UNDUE INFLUENCE

Consultant declares and warrants that no undue influence or pressure was used against or in concert with any officer or employee of the City in connection with the award, terms or implementation of this Agreement, including any method of coercion, confidential financial arrangement, or financial inducement. No officer or employee of the City has or will receive compensation, directly or indirectly, from Consultant, or from any officer, employee or agent of Consultant, in connection with the award of this Agreement or any work to be conducted as a result of this Agreement. Violation of this Section shall be a material breach of this Agreement entitling the City to any and all remedies at law or in equity.

13. NO BENEFIT TO ARISE TO LOCAL OFFICERS AND EMPLOYEES

No member, officer, or employee of City, or their designees or agents, and no public official who exercises authority over or responsibilities with respect to the Project during his/her tenure or for one year thereafter, shall have any interest, direct or indirect, in any agreement or sub-agreement, or the proceeds thereof, for work to be performed in connection with the Project performed under this Agreement.

14. RELEASE OF INFORMATION/CONFLICTS OF INTEREST

(a) All information gained by Consultant in performance of this Agreement shall be considered confidential and shall not be released by Consultant without City's prior written authorization. Consultant, its officers, employees, agents, or subconsultants, shall not without written authorization from the City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories, or other information concerning the work performed under this Agreement or relating to any project or property located within the City, unless otherwise required by law or court order. (b) Consultant shall promptly notify City should Consultant, its officers, employees, agents, or subconsultants be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions, or other discovery request ("Discovery"), court order, or subpoena from any person or party regarding this Agreement and the work performed there under or with respect to any project or property located within the City, unless Consultant is prohibited by law from informing the City of such Discovery, court order or subpoena. City retains the right, but has no obligation, to represent Consultant and/or be present at any deposition, hearing, or similar proceeding as allowed by law. Unless City is a party to the lawsuit, arbitration, or administrative proceeding and is adverse to Consultant in such proceeding, Consultant agrees to cooperate fully with the City and to provide the opportunity to review any response to discovery requests provided by Consultant. However, City's right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response.

15. NOTICES

Any notices which either party may desire to give to the other party under this Agreement must be in writing and may be given either by (i) personal service, (ii) delivery by a reputable document delivery service, such as but not limited to, Federal Express, which provides a receipt showing date and time of delivery, or (iii) mailing in the United States Mail, certified mail, postage prepaid, return receipt requested, addressed to the address of the party as set forth below or at any other address as that party may later designate by notice:

To City:

City of Industry
15625 E. Stafford, Suite 100
City of Industry, CA 91744
Attention: City Manager

With a Copy To:	Casso & Sparks, LLP James M. Casso, City Attorney 13200 Crossroads Parkway North, Suite 345 City of Industry, CA 91746
To Consultant:	Ninyo & Moore Geotechnical & Environmental Sciences Consultants 475 Goddard, Suite 200 Irvine, CA 92618 Attention: Kurt Yoshii, Principal Engineer

16. ASSIGNMENT

The Consultant shall not assign the performance of this Agreement, nor any part thereof, nor any monies due hereunder, without prior written consent of the City.

Before retaining or contracting with any subconsultant for any services under this Agreement, Consultant shall provide City with the identity of the proposed subconsultant, a copy of the proposed written contract between Consultant and such subconsultant which shall include and indemnity provision similar to the one provided herein and identifying City as an indemnified party, or an incorporation of the indemnity provision provided herein, and proof that such proposed subconsultant carries insurance at least equal to that required by this Agreement or obtain a written waiver from the City for such insurance.

Notwithstanding Consultant's use of any subconsultant, Consultant shall be responsible to the City for the performance of its subconsultant as it would be if Consultant had performed the Services itself. Nothing in this Agreement shall be deemed or construed to create a contractual relationship between the City and any subconsultant employed by Consultant. Consultant shall be solely responsible for payments to any subconsultants. Consultant shall indemnify, defend and hold harmless the Indemnified Parties for any claims arising from, or related to, the services performed by a subconsultant under this Agreement.

17. GOVERNING LAW/ATTORNEYS' FEES

The City and Consultant understand and agree that the laws of the State of California shall govern the rights, obligations, duties, and liabilities of the parties to this Agreement and also govern the interpretation of this Agreement. Any litigation concerning this Agreement shall take place in the municipal, superior, or federal district court in Los Angeles County, California. If any action at law or suit in equity is brought to enforce or interpret the provisions of this Agreement, or arising out of or relating to the Services provided by Consultant under this Agreement, the prevailing party shall be entitled to reasonable attorneys' fees and all related costs, including costs of expert witnesses and consultants, as well as costs on appeal, in addition to any other relief to which it may be entitled.

18. ENTIRE AGREEMENT

This Agreement contains the entire understanding between the Parties relating to the obligations of the Parties described in this Agreement. All prior or contemporaneous agreements, understandings, representations, and statements, oral or written and pertaining to the subject of this Agreement or with respect to the terms and conditions of this Agreement, are merged into this Agreement and shall be of no further force or effect. Each party is entering into this Agreement based solely upon the representations set forth herein and upon each party's own independent investigation of any and all facts such party deems material.

19. SEVERABILITY

If any term or provision of this Agreement or the application thereof to any person or circumstance shall, to any extent, be invalid or unenforceable, then such term or provision shall be amended to, and solely to, the extent necessary to cure such invalidity or unenforceability, and in its amended form shall be enforceable. In such event, the remainder of this Agreement, or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term and provision of this Agreement shall be valid and be enforced to the fullest extent permitted by law.

20. COUNTERPARTS

This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument.

21. CAPTIONS

The captions appearing at the commencement of the sections hereof, and in any paragraph thereof, are descriptive only and shall have no significance in the interpretation of this Agreement.

22. WAIVER

The waiver by City or Consultant of any breach of any term, covenant or condition herein contained shall not be deemed to be a waiver of such term, covenant or condition or of any subsequent breach of the same or any other term, covenant or condition herein contained. No term, covenant or condition of this Agreement shall be deemed to have been waived by City or Consultant unless in writing.

23. REMEDIES

Each right, power and remedy provided for herein or now or hereafter existing at law, in equity, by statute, or otherwise shall be cumulative and shall be in addition to every other right, power, or remedy provided for herein or now or hereafter existing at law, in equity, by statute, or otherwise. The exercise, the commencement of the

exercise, or the forbearance of the exercise by any party of any one or more of such rights, powers or remedies shall not preclude the simultaneous or later exercise by such party of any of all of such other rights, powers or remedies.

24. AUTHORITY TO EXECUTE THIS AGREEMENT

The person or persons executing this Agreement on behalf of Consultant represents and warrants that he/she has the authority to execute this Agreement on behalf of the Consultant and has the authority to bind Consultant to the performance of its obligations hereunder.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed as of the Effective Date.

EXHIBIT A

SCOPE OF SERVICES

For any project requested by the City, the Consultant may provide all aspects of geotechnical engineering services, which includes, but is not limited to:

- Consultant will develop a detailed scope of work, including the number and type of subsurface explorations, laboratory test, as well as the type of analyses. For the materials testing and inspection services, Consultant will review the approved plans and specifications and will develop a detailed scope of services indicating anticipated man-hours by discipline for the required materials testing and inspection services.

- A site-specific comprehensive field sampling program will be developed for each geotechnical design assigned to Consultant. This plan will include exploratory excavations at the site, consisting of small- and/or large-diameter borings, test pits, and/or cone penetrometer tests (CPT) to evaluate the subsurface soil conditions. Samples will be collected at selected intervals and transported to our laboratory for testing. Consultant will utilize the information collected from its subsurface exploration program along with its laboratory test results in its geotechnical analyses to develop our recommendations for the geotechnical design parameters for the project.

- Provide project closeout documentation, as it relates to geotechnical, materials testing and inspection, to the City.

EXHIBIT B

RATE SCHEDULE

Schedule of Fees	
Hourly Charges for Personnel	
Principal Engineer/Geologist/Environmental Scientist	$ 188
Certified Industrial Hygienist	$ 188
Senior Engineer/Geologist/Environmental Scientist	$ 178
Senior Project Engineer/Geologist/Environmental Scientist	$ 173
Certified Asbestos Consultant, Lead Inspector/Assessor, Lead Project Monitor	$ 173
Project Engineer/Geologist/Environmental Scientist	$ 165
Senior Staff Engineer/Geologist/Environmental Scientist	$ 150
Staff Engineer/Geologist/Environmental Scientist	$ 134
Certified Site Surveillance Technician, Lead Sampling Technician*	$ 134
GIS Analyst	$ 123
Field Operations Manager	$ 119
Supervisory Technician*	$ 104
Nondestructive Examination Technician*, UT, MT, LP	$ 104
ACI Concrete Technician*	$ 104
Concrete/Asphalt Batch Plant Inspector*	$ 104
Special Inspector (Concrete, Masonry, Steel, Welding, and Fireproofing)*	$ 104
Senior Field/Laboratory Technician*	$ 98
Field/Laboratory Technician*	$ 98
Technical Illustrator/CAD Operator	$ 98
Information Specialist	$ 83
Geotechnical/Environmental/Laboratory Assistant	$ 81
Data Processing, Technical Editing, or Reproduction	$ 71
Other Charges	
Expert Witness Testimony	$ 400/hr
X-Ray Fluorescence	$ 300/day
PID/FID Usage	$ 150/day
Concrete Coring Equipment (includes one technician)	$ 180/hr
Anchor load test equipment (includes technician)	$ 103/hr
Hand Auger Equipment	$ 69/day
Inclinometer Usage	$ 45/hr
Vapor Emission Kits	$ 45/kit
Level D Personal Protective Equipment (per person per day)	$ 35/p/d
Rebar Locator (Pachometer)	$ 35/hr
Nuclear Density Gauge Usage	$ 20/hr

Laboratory testing, geophysical equipment, and other special equipment provided upon request.

Schedule of Fees for Laboratory Testing

Laboratory Test, Test Designation, and Price Per Test

SOILS	
Atterberg Limits, D 4318, CT 204	$ 160
California Bearing Ratio (CBR), D 1883	$ 485
Chloride and Sulfate Content, CT 417 & CT 422	$ 175
Consolidation, D 2435, CT 219	$ 300
Consolidation – Time Rate, D 2435, CT 219	$ 75
Direct Shear – Remolded, D 3080	$ 325
Direct Shear – Undisturbed, D 3080	$ 275
Durability Index, CT 229	$ 165
Expansion Index, D 4829, IBC 18-3	$ 180

EXHIBIT C

INSURANCE REQUIREMENTS

Without limiting Consultant's indemnification of City, and prior to commencement of the Services, Consultant shall obtain, provide and maintain at its own expense during the term of this Agreement, policies of insurance of the type and amounts described below and in a form satisfactory to the City.

General liability insurance. Consultant shall maintain commercial general liability insurance with coverage at least as broad as Insurance Services Office form CG 00 01, in an amount not less than $1,000,000.00 per occurrence, $2,000,000.00 general aggregate, for bodily injury, personal injury, and property damage. The policy must include contractual liability that has not been amended. Any endorsement restricting standard ISO "insured contract" language will not be accepted.

Automobile liability insurance. Consultant shall maintain automobile insurance at least as broad as Insurance Services Office form CA 00 01 covering bodily injury and property damage for all activities of the Consultant arising out of or in connection with Work to be performed under this Agreement, including coverage for any owned, hired, non-owned or rented vehicles, in an amount not less than $1,000,000.00 combined single limit for each accident.

Professional liability (errors & omissions) insurance. Consultant shall maintain professional liability insurance that covers the Services to be performed in connection with this Agreement, in the minimum amount of $1,000,000 per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this agreement and Consultant agrees to maintain continuous coverage through a period no less than three years after completion of the services required by this agreement.

Workers' compensation insurance. Consultant shall maintain Workers' Compensation Insurance (Statutory Limits) and Employer's Liability Insurance (with limits of at least $1,000,000.00).

Consultant shall submit to City, along with the certificate of insurance, a Waiver of Subrogation endorsement in favor of the City, its officers, agents, employees and volunteers.

Proof of insurance. Consultant shall provide certificates of insurance to City as evidence of the insurance coverage required herein, along with a waiver of subrogation endorsement for workers' compensation. Insurance certificates and endorsement must be approved by City's Risk Manager prior to commencement of performance. Current certification of insurance shall be kept on file with City at all times during the term of this contract. City reserves the right to require complete, certified copies of all required insurance policies, at any time.

Duration of coverage. Consultant shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property, which may

arise from or in connection with the performance of the Services hereunder by Consultant, his agents, representatives, employees or subconsultants.

Primary/noncontributing. Coverage provided by Consultant shall be primary and any insurance or self-insurance procured or maintained by City shall not be required to contribute with it. The limits of insurance required herein may be satisfied by a combination of primary and umbrella or excess insurance. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of City before the City's own insurance or self-insurance shall be called upon to protect it as a named insured.

City's rights of enforcement. In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant, or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

Acceptable insurers. All insurance policies shall be issued by an insurance company currently authorized by the Insurance Commissioner to transact business of insurance in the State of California, with an assigned policyholders' Rating of A- (or higher) and Financial Size Category Class VI (or larger) in accordance with the latest edition of Best's Key Rating Guide, unless otherwise approved by the City's Risk Manager.

Waiver of subrogation. All insurance coverage maintained or procured pursuant to this agreement shall be endorsed to waive subrogation against City, its elected or appointed officers, agents, officials, employees and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

Enforcement of contract provisions (non estoppel). Consultant acknowledges and agrees that any actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligations on the City nor does it waive any rights hereunder.

Requirements not limiting. Requirements of specific coverage features or limits contained in this Section are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage normally provided by any insurance. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue and is not intended by any party or insured to be all inclusive, or to the exclusion of other coverage, or a waiver of any type. If the Consultant maintains higher limits than the minimums shown above, the City requires and shall be entitled to coverage for the higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

Notice of cancellation. Consultant agrees to oblige its insurance agent or broker and insurers to provide to City with a thirty (30) day notice of cancellation (except for nonpayment for which a ten (10) day notice is required) or nonrenewal of coverage for each required coverage.

Additional insured status. General liability policies shall provide or be endorsed to provide that City and its officers, officials, employees, and agents, and volunteers shall be additional insureds under such policies. This provision shall also apply to any excess liability policies.

Prohibition of undisclosed coverage limitations. None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to City and approved of in writing.

Separation of Insureds. A severability of interests provision must apply for all additional insureds ensuring that Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the insurer's limits of liability. The policy(ies) shall not contain any cross-liability exclusions.

Pass Through Clause. Consultant agrees to ensure that its subconsultants, subcontractors, and any other party involved with the project who is brought onto or involved in the project by Consultant, provide the same minimum insurance coverage and endorsements required of Consultant. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Consultant agrees that upon request, all agreements with consultants, subcontractors, and others engaged in the project will be submitted to City for review.

City's right to revise specifications. The City reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving the Consultant ninety (90) days advance written notice of such change. If such change results in substantial additional cost to the Consultant, the City and Consultant may renegotiate Consultant's compensation.

Self-insured retentions. Any self-insured retentions must be declared to and approved by the City. The City reserves the right to require that self-insured retentions be eliminated, lowered, or replaced by a deductible. Self-insurance will not be considered to comply with these specifications unless approved by the City.

Timely notice of claims. Consultant shall give the City prompt and timely notice of claims made or suits instituted that arise out of or result from Consultant's performance under this Agreement, and that involve or may involve coverage under any of the required liability policies.

Additional insurance. Consultant shall also procure and maintain, at its own cost and expense, any additional kinds of insurance, which in its own judgment may be necessary for its proper protection and prosecution of the work.

CITY COUNCIL

ITEM NO. 7.1

CITY OF INDUSTRY

MEMORANDUM

To: Honorable Mayor Moss and Members of the City Council

From: Joshua Nelson, City Manager

Date: January 23, 2025

Subject: Consideration of a Resolution approving Development Plan Application No. 24-04 with conditions of approval, for the demolition of an existing 313,611 square foot industrial building and the construction of a new 294,000 square foot industrial building and associated improvements, located at 16425 Gale Avenue, City of Industry, California, and adopting a Notice of Exemption regarding same, and making findings in support thereof

---

Proposal:

Rexford Industrial – Gale, LLC ("Applicant"), is requesting approval of Development Plan Application ("DP") No. 24-04, on approximately 15 acres of non-vacant land. The Project consists of the demolition of an existing 313,611 square foot industrial building and the construction of a new 294,000 square foot industrial building and associated improvements ("Project"), located at 16425 Gale Avenue, City of Industry, California (APN 8242-028-004) ("Property").

Location and Surroundings:

The Project site is located at 16425 Gale Avenue, further described as Assessor's Parcel Number 8242-028-004. The Property is comprised of one rectangular shaped lot which totals 15-acres.

The Zoning designation for the Property is Industrial (M), and the General Plan land use designation is Employment.

Immediate surroundings are zoned either as Industrial (M) or Institutional (INST) and are located in the City. Specific zoning designations and land uses surrounding the Project site are described below:

North: Utility uses that have an Institutional (INST) zoning designation are located north of the Property and are currently operated by Walnut Creek Energy Park. The Walnut Creek Energy Park is a 500-megawatt natural gas-fired, simple cycle facility located in the City. The project was certified by the California Energy Commission (CEC) on February 27, 2008, and began commercial operation on May 1, 2013.

East: Warehouse and industrial uses that have an Industrial (M) zoning designation are

located east of the Property and are occupied and operated by Alfresco Grills (manufacture and sales of BBQ grills) and Best Spice Inc. (imports spices from around the world) and Superior Equipment (food equipment manufacturer).

South: Warehouse and industrial uses that have an Industrial (M) zoning designation are located south of the Property in the City and currently is operated by B&K Electric (electrical distribution wholesale electrical products), Soho Deco (interior design and construction) and Tre Polymer Inc, (engineer plastic resin solutions provider).

West: Utility uses that have an Institutional (INST) zoning designation are located west of the Property and are currently occupied and operated by Southern California Edison.

Project Background:

City records show that since 1984, Swat Fame has operated as a manufacturer of textiles in a 313,611 square foot industrial building at the Property. The existing building was built in 1975. Swat Fame is a manufacturer of fashion accessories.

Project Entitlements:

Pursuant to Chapter 17.36.020 of the City's Municipal Code ("Code"), a development plan application is required to construct the new building.

This Project involves the following Planning Entitlement application:

1. Development Plan Application – Long Form: In reviewing this Development Plan Application – Long Form, the City Council will evaluate whether the Project complies with the requirements set forth in Chapter 17.36 of the City's Code.

Staff Analysis:

General Plan

The General Plan land use designation of the Property is "Employment." Allowable uses in the Employment land use designation include industrial manufacturing, assembly, printing, machining, milling, welding, research and development, distribution, warehousing, storage, and supporting office uses. The proposed Project is an allowable use in the Employment land use designation in that an industrial building is a permitted use, and the proposed Project is for the construction of a new industrial building for the purpose of manufacturing.

Zoning

The Project site has an Industrial (M) Zoning Designation. The proposed development is consistent with zoning designation because the 294,000 square-foot tilt-up concrete industrial building and associated improvements, is permitted in the Industrial Zone.

The Project is subject to the development standards set forth in Chapter 17.36 of the City's Code.

As provided in Table 1 below, the Project meets or exceeds the Industrial Zone development standards.

Table 1 – Title 17 Zoning Standards

Development Standard	Code Requirement	Proposed	Compliance
Maximum Building Coverage	50% 326,680 sf	45% 294,000 sf	Yes
Maximum Building Height	150-feet	51-feet	Yes
Minimum Landscape Coverage Required	12% 79,403 sf	12% 79,409 sf	Yes
Parking 150 spaces plus one space per 1,000 square - feet of floor area over 100,000 square feet	349 parking spaces	350 parking spaces	Yes
Setbacks	30 feet from the curb line of all streets.	30 feet from Gale Avenue	Yes

Parking and Access:

Pursuant to Chapter 17.36.060.K.1. of the City's Code, the parking requirement for the Project is 150 spaces plus one space per 1,000 square - feet of floor area over 100,000 square feet. This equates to a parking requirement of 349 spaces. The Applicant is proposing a total of 350 parking spaces thereby meeting the City's parking requirement.

The Project is providing two (2) forty foot (40') wide driveways off Gale Avenue. Per the City's Standard of Review and Development Guidelines (Section 17.36.060.N.) access requirements, the required minimum driveway width is 26-feet. The City's required minimum interior drive aisle width is 26-feet. The Applicant is proposing interior drive aisles that are 26 to 40-feet wide throughout the Project site.

Therefore, the configuration, size, design, and access of the proposed Project complies with the City's zoning requirements (Chapter 17.36.060) and the City's congestion management plan (Chapter 17.68).

The City's Engineering Department has found the Project's circulation pattern to be in conformance with local, state, and federal regulations regarding circulation and traffic pattern design. Additionally, there is adequate circulation around the Project site and the parking lot, thereby avoiding any potential traffic impacts such as congestion and/or stacking.

Architecture:

The building elevations are similar in scale and mass to adjacent development and establish

a smooth transition between uses. The overall architecture is simple and modern, and the color scheme is appropriate to the design. The building facade will include decorative elements such as horizontal reveals with variations of gray tones and patterns. The office entrance will have an assortment of architectural treatments creating a statement consisting of a variation of cobalt glass paneling with storefront framing. The entry features are clearly visible, accessible, and designed as a significant aspect of the building's overall composition. The location of the roll-up doors and loading areas are buffered from public view because they are located at the interior of the lot away from Gale Avenue.

Setbacks:

Pursuant to Section 17.32.040 (Building lines) of the City's Code, building setbacks are required to be a minimum of 30-feet from the curb line of any street (Gale Avenue) or highway to the building, whether the street is improved or not. The proposed building is setback 30 feet from Gale Avenue. Therefore, it is meeting the City's minimum required setback distance.

Landscaping:

The Project site will be improved with 79,409 square feet of proposed landscaping, mostly along the perimeter of the Project site and within the parking areas. Section 17.36.060.Q. (Standard of review and development guidelines) of the City's Code requires that a minimum of 12 percent of the Project site be devoted to landscaping. Based on this requirement, a minimum of 79,403 square-feet of landscaping is required for the 15-acre (653,361 square-feet) Project site. The Project meets this requirement by proposing a total of 12 percent or 79,409 square feet of landscaping.

Findings - Chapter 17.36.070

Pursuant to Chapter 17.36.070 of the Municipal Code, the City Council must make the following findings in order to approve an application for development plan.

a. The site is suitable for development in accordance with the development plan.

   The site is suitable for development in accordance with the development plan in that the Project is in conformance with the City's General Plan, Zoning Code and all applicable development standards outlined in Section 17.36.060 of the Zoning Code. This includes setbacks, building height, parking, and landscape standards. Further, pursuant to the provisions of the General Plan, industrial uses are permitted in the Employment land use designation, and the Project does not conflict with the established goals and objectives of the Land Use Element of the General Plan. The Project consists of the demolition of an existing 313,611 square foot industrial building and the construction of a 294,000 square foot industrial building and associated improvements. The Project is in accord with the objectives of the Zoning Code because the Zoning Code designates the Project site as Industrial. The proposed development is consistent with the Industrial land use designation because it is a

speculative industrial building. The overall design of the building is similar in scale and intensity to the neighboring area. The adjacent properties are also located in the Industrial Zone and consist of industrial/storage buildings. The overall design of the building is similar or similar in scale and intensity of the neighboring area.

b. The total development is arranged so as to avoid traffic congestion, ensure the public health, safety, and general welfare, or prevent adverse effects upon neighboring

The total development is arranged to avoid traffic congestion, ensure the public health, safety, and general welfare, or prevent adverse effects upon neighboring properties, because it has been designed to minimize any potential impacts by complying with the City's Code. The City's Code requires all driveways and drive-aisles to be a minimum of 26 feet in width. The Property has two entrances, off Gale Avenue, which have driveway widths of 40 feet. The interior drive aisles are 26-40 feet wide throughout the Project Site. The 40-foot-wide drive aisle starts at Gale Avenue at the west driveway and has over 2,375 feet of length around the building and connects to the 28-foot-wide drive aisle that exits to Gale Avenue at the east driveway with adequate circulation around the Project Site parking lot, thereby avoiding any potential traffic impacts such as congestion, stacking, or spillage onto City streets. Furthermore, conditions of approval are incorporated to prevent the Project from having any adverse effects upon the public health, safety, and general welfare of neighboring properties. Conditions of Approval include a requirement to comply with the Los Angeles County Noise Ordinance regarding hours permitted for construction, compliance with the standards set for in the California Building Code, standards and requirements from the City's Public Works/Engineering Department, Los Angeles County Regional Water Quality Control Board, and South Coast Air Quality Management District.

c. The development is in general accord with all elements of this title.

The development is in general accord with all elements of the City's Zoning Code because the Project complies with all development standards regarding building setbacks, building height, parking, access, screening, and design. The Project meets the minimum setback requirements of 30 feet from the front of the curb line of all streets as the proposed building is setback 30' feet from Gale Avenue. The Project complies with the maximum building height of 150-feet. The proposed building is 51' feet high. The Project complies with the City's minimum parking requirement. In accordance with Section 17.36.060.K.1. of the City's Code, the Project requires 150 spaces plus one space per 1000 square feet of floor area over 100,000 square feet. This equates to a parking requirement of 349 spaces. The Applicant is proposing a total of 350 parking spaces. The Project also meets the City's access requirements by providing two separate driveways used for both entrance and exit of vehicles greater than 26 feet; each driveway is 40 feet wide, with all drive-aisles being 26-40-feet wide within the Property. The Property will be adequately screened. The location of the roll-up doors and loading areas are buffered from public view because they are located at the interior of the lot 585-feet away from Gale Avenue with an 8-foot block wall screening the loading docks from public view. Pursuant to Section 17.36.060.Q. of the City's Code, 12 percent of the subject parcel must be landscaped, which is 79,403

square - feet for the Project Site and the applicant is providing 79,409 square feet of landscaping meeting the requirement. The building will be designed to be similar in scale and massing to adjacent development and will establish a smooth transition between uses.

d. The development is consistent with the provisions of the general plan or any applicable redevelopment plan.

   The development is consistent with the provisions of the General Plan or any applicable redevelopment plan because the proposed building is consistent with the Employment land use designation set forth in the City's General Plan. Permissible land uses in the Employment land use designation include such uses as manufacturing, warehouses, and storage. Additionally, the Project is consistent with General Plan Policy LU5 that states the City should provide "[h]igh quality and well-maintained properties, buildings, and infrastructure that enhance property values and encourage additional public and private investment." The Project will provide a building that is of high architectural design, along with new infrastructure that will enhance the property value due to the improvements. New buildings, additions, and other structures require an appraisal from the LA County Assessor's office. The value of new construction is added to the existing improvement assessed value. Also, the building is consistent with Policy LU2-6, which states the City should "[s]upport the use of energy-saving designs and equipment in all new development and rehabilitation or reconstruction projects" because the new building will be solar ready, it is of an energy saving design.

Environmental Analysis:

The proposed Project is exempt from the California Environmental Quality Act ("CEQA") per Section 15302(b). The Class 2 exemption applies to replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced, including but not limited to (b) replacement of a similar structure with a new structure of substantially the same size, purpose and capacity. The proposed development will replace an existing 313,611 square foot industrial building with a new 294,000 square foot industrial building located on the same lot and will have the same purpose and capacity as the existing structure.

In conclusion, the proposed Project has been reviewed for consistency with the requirements of the CEQA guidelines. Staff has determined that the Project is exempt pursuant to Section 15302 (Replacement or Reconstruction) for the reasons described above.

Fiscal Impact:

The costs associated with processing this application are paid through a deposit provided by the Applicant. As a result, there would be no fiscal impacts to the City's General Fund.

Recommendation:

Because the Project complies with the development standards of the City's Code, does not pose a significant impact on the environment, and satisfies the required findings outlined in Resolution No. CC 2025-04, Staff recommends that the City Council:

1) Adopt Resolution No. CC 2025-04 approving Development Plan No. 24-04, with the Standard Requirements and Conditions of Approval contained in the Resolution and adopt a Notice of Exemption regarding same.

Exhibits:

SITE PLAN & CITY NOTES

NOTES:

- THE PROPERTY IS NOT WITHIN A SPECIFIC PLAN.
- THIS AREA IS NOT SUBJECT TO LIQUIFACTION OR OTHER GEOLOGIC HAZARDS WITHIN A SPECIAL STUDIES ZONE.
- THIS PROPERTY IS NOT SUBJECT TO OVERFLOW, INUNDATION, OR FLOOD HAZARD.
- SUBSURFACE SEPTIC SEWAGE IS NOT INTENDED FOR THIS SITE.
- THE PROPERTY DOES NOT CONTAIN ANY FLAMMABLE/COMBUSTIBLE MATERIALS OR WASTE.
- THE PROPERTY'S WATER QUALITY FEATURES ARE SHOWN AS PART OF THE CIVIL PACKAGE.
- LOADING SPACES WILL BE PAVED WITH CONCRETE.
- SERVICE GATES WILL BE MANUALLY OPERATED W/ KNOX PAD LOCK.
- SIGN PROGRAM WILL BE UNDER SEPARATED PERMIT.
- NO ABOVE/UNDERGROUND TANKS ARE PROVIDED.
- SITE PLAN SHALL MEET ALL ENGINEERING & NPDES REQUIREMENTS.

FIRE DEPARTMENT NOTES:

- FIRE DEPARTMENT ACCESS SHALL COMPLY WITH FIRE DEPARTMENT FIRE PROTECTION STANDARDS.

CALGREEN NOTES:

- PROJECT SITE IS LARGER THAN ONE ACRE – A STORM WATER POLLUTION PLAN IS REQUIRED (CG 5.106.1).
- VISITOR BICYCLE PARKING RACKS SHALL BE PROVIDED WITHIN 200 FEET OF BUILDING ENTRANCES, FOR A MINIMUM OF 5% NEW VISITOR VEHICULAR PARKING (CG 5.106.4.1).
- IN BUILDINGS WITH OVER 10 TENANT-OCCUPANTS, SECURE, LONG-TERM BICYCLE ENCLOSURES OR LOCKERS SHALL BE PROVIDED ON-SITE, FOR A MINIMUM OF 5% NEW TENANT VEHICULAR PARKING (CG 5.106.5.1). COMPLIANCE WITH THIS SECTION WILL BE PROVIDED IN EACH PERMIT FOR TENANT IMPROVEMENT INDOORS IN AMOUNTS PROPORTIONAL TO THE PARKING REQUIRED FOR EACH TENANT IMPROVEMENT.
- "CLEAN AIR" PARKING SPACES SHALL BE PROVIDED ON SITE FOR CARPOOLS & FUEL-EFFICIENT VEHICLES, FOR A MINIMUM NUMBER OF SPACES PROPORTIONAL TO REQUIRED VEHICLE PARKING PER CALGREEN TABLE (CGS.106.5.3).
- LIGHTING DESIGN SHALL LIMIT GLARE AND UPLIGHT AND COMPLY WITH LOCAL CODES AND CALGREEN (CG 5.106.8).
- THIS PROJECT'S PLUMBING FIXTURES SHALL BE 20% WATER-CONSERVING (CG 5.303.3). BEING A SHELL BUILDING, COMPLIANCE WITH THIS SECTION WILL BE PROVIDED IN EACH PERMIT FOR TENANT IMPROVEMENT.
- FOR PROJECTS WITH OVER 1,000 S.F. OF LANDSCAPING, SEPARATE SUBMETERS OR METERING DEVICES SHALL BE INSTALLED FOR OUTDOOR POTABLE WATER USE, AND IRRIGATION SYSTEM SHALL HAVE WEATHER- OR SOIL MOISTURE-BASED AUTOMATIC CONTROLLERS (CG 5.304.3&5).
- A CONSTRUCTION WASTE MANAGEMENT PLAN SHALL BE DEVELOPED, DEMONSTRATING A MINIMUM OF 50% RECYCLING AND/OR SALVAGING OF NON-HAZARDOUS CONSTRUCTION WASTE AND COMPLYING WITH CALGREEN REQUIREMENTS (CG 5.408.1).
- 100% OF LAND-CLEARED SOILS AND VEGETATION SHALL BE REUSED OR RECYCLED (CG 5.408.3).
- PER SECTION 5.410.2, EXCEPTIONS 1 & 2, COMMISSIONING IS NOT REQUIRED FOR DRY STORAGE WAREHOUSES OR AREAS USED FOR OFFICES LESS THAN 10,000 SF IN DRY STORAGE WAREHOUSES. (CG 5.410.2).
- ALL CONSTRUCTION MATERIALS TO COMPLY WITH THE VOC AND TOXIN LIMITS LISTED (CG 5.504).
- SMOKING SHALL BE PROHIBITED WITHIN 25 FEET OF BUILDING ENTRIES, AIR INTAKES, AND OPERABLE WINDOWS (CG 5.504.7).

KEYNOTES

1.0 GENERAL
- 1.1 PROPOSED OFFICE

3.0 CONCRETE
- 3.1 TILT-UP CONCRETE BUILDING WALL
- 3.2 CONCRETE STAIR W/ HANDRAIL & 42" GUARDRAIL
- 3.3 CONCRETE STAIR W/ HANDRAIL

5.0 METALS
- 5.1 CONCRETE-FILLED STEEL PIPE PROTECTION BOLLARD, PAINTED, TYPICAL
- 5.2 STRUCT. STEEL COLUMN, TYPICAL - SHOP PRIMED (FIELD PAINTED)
- 5.3 METAL CANOPY ABOVE

8.0 OPENINGS
- 8.1 EXTRUDED ALUMINUM AND GLASS STOREFRONT
- 8.2 ALUMINUM AND GLASS ENTRY DOOR
- 8.3 HOLLOW METAL MAN DOOR, PAINTED
- 8.4 9'W x 10'H OVERHEAD SECTIONAL DOOR DOOR, PAINTED
- 8.5 12'W x 14'H OVERHEAD SECTIONAL GRADE DOOR, PAINTED

9.0 FINISHES
- 9.1 INTERIOR PARTITION TYP.

11.0 EQUIPMENT
- 11.1 DOCK BUMPERS - COORDINATE W/ MANUFACTURER & STRUCTURAL DRAWINGS

12.0 FURNISHINGS
- 12.1 BICYCLE RACK PER CAL GREEN LONG-TERM REQUIREMENTS

GENERAL NOTES

1. THIS BUILDING IS DESIGNED FOR HIGH-PILE STORAGE. A SEPARATE PERMIT WILL BE REQUIRED FOR ANY RACKING/CONVEYOR SYSTEMS.
2. ALL DIMENSIONS ARE TO FACE OF CONCRETE PANEL WALL, GRIDLINE, OR FACE OF FINISHED WALL (U.N.O.).
3. WAREHOUSE INTERIOR WALLS TO BE PAINTED WHITE; COLUMNS TO BE PRIMED.
4. SLOPE POUR STRIP 1/2" TO EXTERIOR AT ALL PERSONAL EXITS. SEE "S" DRAWINGS FOR POUR STRIP LOCATION.
5. STEEL GIRDERS, TRUSSES AND LEDGERS SHALL BE PRIMED LIGHT GRAY.
6. PROVIDE SIGN ON INSIDE OF EXTERIOR DOORS STATING "EXIT CONTAINS A STAIR" AT ALL REQUIRED AND NON-REQUIRED EXITS THAT ARE NOT ACCESSIBLE BY A RAMP. EXIT ONLY DOORS WHICH ARE NOT ACCESSIBLE TO THE DISABLED SHALL NOT HAVE ENTRY HARDWARE.
7. PROVIDE A "NO SMOKING WITHIN 25 FEET OF BUILDING" SIGN AT BUILDING ENTRIES. OUTDOOR AIR INTAKES AND OPERABLE WINDOWS (EXCEPT EMERGENCY EXIT ONLY AND ELECTRICAL/UTILITY ROOMS).
8. ADEQUATE NUMBER OF PLUMBING FIXTURES SHALL BE PROVIDED TO COMPLY WITH THE CALIFORNIA PLUMBING CODE TABLE 422.1 PRIOR TO CERTIFICATE OF OCCUPANCY OF THE BUILDING OR THE RESPECTIVE TENANT SPACE.
9. BUILDING SIGNAGE UNDER SEPARATE PERMIT.
10. FIRE EXTINGUISHERS SHALL BE PROVIDED PER 2013 CFC.
11. FIRE HOSE LOCATIONS SHALL BE APPROVED PER FIRE DEPARTMENT.
12. REFER TO PLUMBING DRAWINGS FOR FLOOR DRAIN WHERE OCCURS.
13. EXIT SIGNS SHALL BE READILY VISIBLE FROM ANY DIRECTION OF EGRESS TRAVEL. EXIT SIGNS SHALL BE LOCATED AS NECESSARY TO CLEARLY INDICATE THE DIRECTION OF EGRESS TRAVEL.
14. EXIT SIGNS SHALL BE INTERNALLY OR EXTERNALLY ILLUMINATED W/ SECONDARY POWER SOURCE.
15. ANY TIME A BUILDING OR A PORTION OF A BUILDING IS OCCUPIED, THE MEANS OF EGRESS SERVING THE OCCUPIED PORTION SHALL BE ILLUMINATED AT AN INTENSITY OF NOT LESS THAN 1-FOOT-CANDLE (11 LUX) AT THE WALKING SURFACE LEVEL.
16. THE POWER SUPPLY FOR MEANS OF EGRESS ILLUMINATION SHALL BE PROVIDED BY THE PREMISES' ELECTRICAL SUPPLY. IN THE EVENT OF POWER SUPPLY FAILURE, ILLUMINATION SHALL BE AUTOMATICALLY PROVIDED FROM AN EMERGENCY SYSTEM FOR THE FOLLOWING AREAS:
    - A. AISLES AND UNENCLOSED EGRESS STAIRWAYS IN ROOMS AND SPACES THAT REQUIRE TWO OR MORE MEANS OF EGRESS
    - B. EXTERIOR LANDINGS, AS REQUIRED BY SECTION 1008.1.6, FOR EXIT DISCHARGE DOORWAYS IN BUILDINGS REQUIRED TO HAVE TWO OR MORE EXITS
27. EMERGENCY LIGHTING FACILITIES SHALL BE ARRANGED TO PROVIDE INITIAL ILLUMINATION THAT IS AT LEAST AN AVERAGE OF 1-FOOT-CANDLE (11 LUX) AND A MINIMUM AT ANY POINT OF 0.1-FOOT-CANDLE (1 LUX) MEASURED ALONG THE PATH OF EGRESS AT FLOOR LEVEL. A MAXIMUM-TO-MINIMUM ILLUMINATION UNIFORMITY RATIO OF 40 TO 1 SHALL NOT BE EXCEEDED.

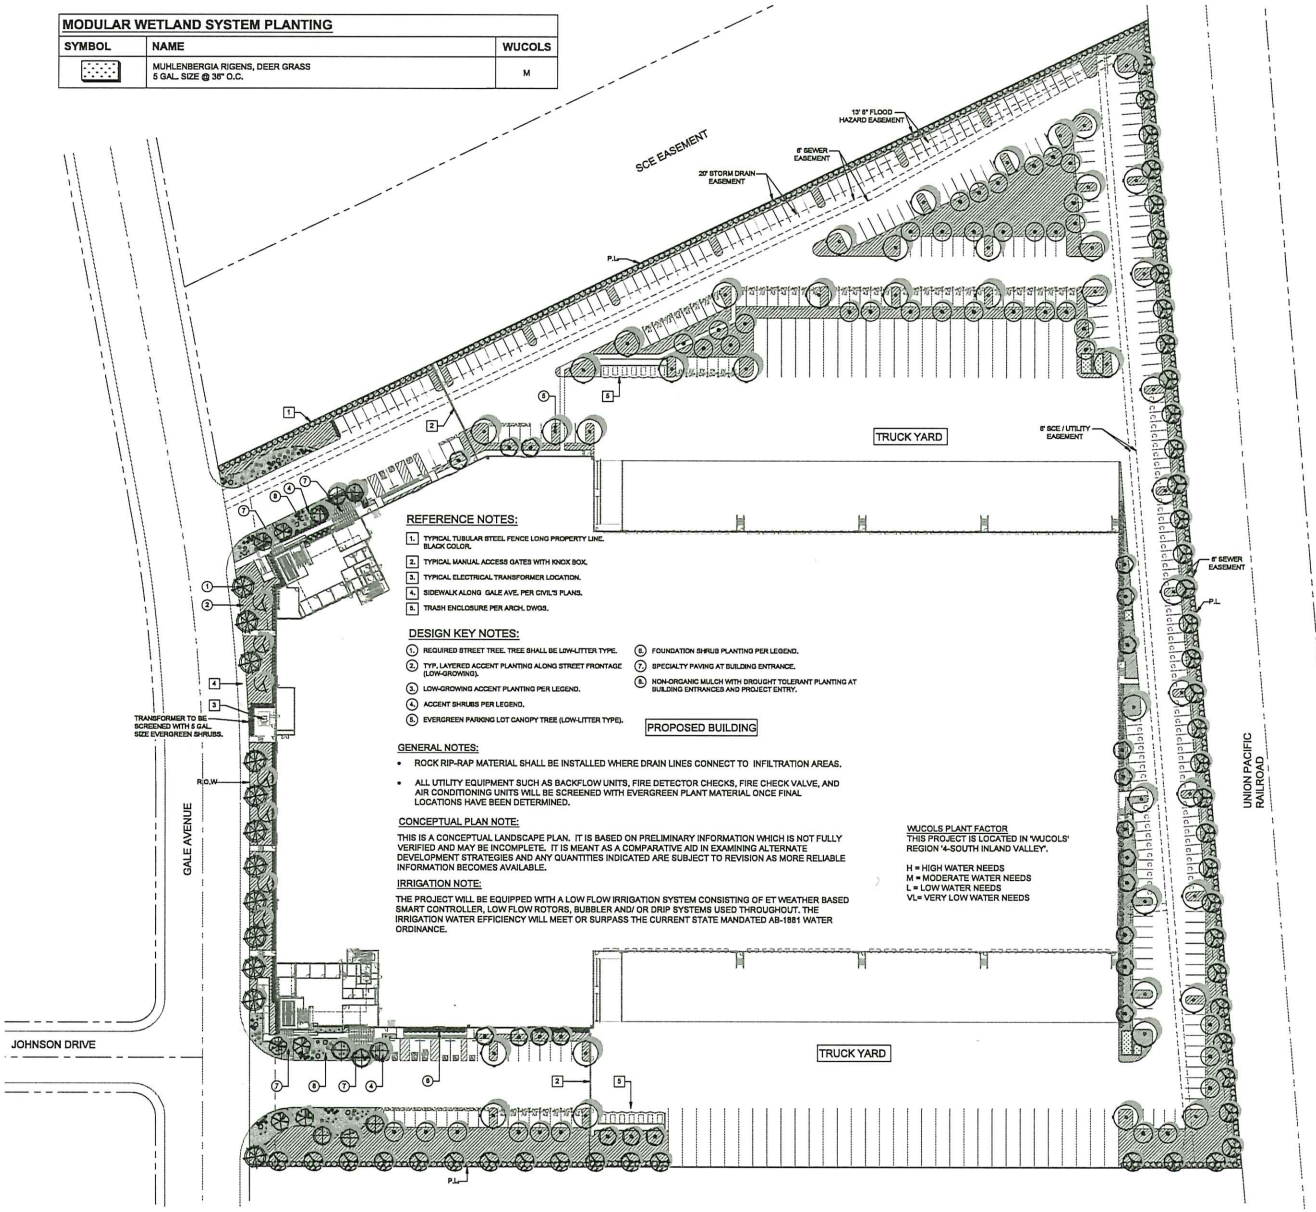
MODULAR WETLAND SYSTEM PLANTING

SYMBOL	NAME	WUCOLS
	MUHLENBERGIA RIGENS, DEER GRASS 5 GAL. SIZE @ 36" O.C.	M



REFERENCE NOTES:

1. TYPICAL TUBULAR STEEL FENCE LONG PROPERTY LINE. BLACK COLOR.
2. TYPICAL MANUAL ACCESS GATES WITH KNOX BOX.
3. TYPICAL ELECTRICAL TRANSFORMER LOCATION.
4. SIDEWALK ALONG GALE AVE. PER CIVIL'S PLANS.
5. TRASH ENCLOSURE PER ARCH. DWGS.

DESIGN KEY NOTES:

1. REQUIRED STREET TREE. TREE SHALL BE LOW-LITTER TYPE.
2. TYP. LAYERED ACCENT PLANTING ALONG STREET FRONTAGE (LOW-GROWING).
3. LOW-GROWING ACCENT PLANTING PER LEGEND.
4. ACCENT SHRUBS PER LEGEND.
5. EVERGREEN PARKING LOT CANOPY TREE (LOW-LITTER TYPE).
6. FOUNDATION SHRUB PLANTING PER LEGEND.
7. SPECIALTY PAVING AT BUILDING ENTRANCE.
8. NON-ORGANIC MULCH WITH DROUGHT TOLERANT PLANTING AT BUILDING ENTRANCES AND PROJECT ENTRY.

PROPOSED BUILDING

GENERAL NOTES:

- ROCK RIP-RAP MATERIAL SHALL BE INSTALLED WHERE DRAIN LINES CONNECT TO INFILTRATION AREAS.
- ALL UTILITY EQUIPMENT SUCH AS BACKFLOW UNITS, FIRE DETECTOR CHECKS, FIRE CHECK VALVE, AND AIR CONDITIONING UNITS WILL BE SCREENED WITH EVERGREEN PLANT MATERIAL ONCE FINAL LOCATIONS HAVE BEEN DETERMINED.

CONCEPTUAL PLAN NOTE:

THIS IS A CONCEPTUAL LANDSCAPE PLAN. IT IS BASED ON PRELIMINARY INFORMATION WHICH IS NOT FULLY VERIFIED AND MAY BE INCOMPLETE. IT IS MEANT AS A COMPARATIVE AID IN EXAMINING ALTERNATE DEVELOPMENT STRATEGIES AND ANY QUANTITIES INDICATED ARE SUBJECT TO REVISION AS MORE RELIABLE INFORMATION BECOMES AVAILABLE.

IRRIGATION NOTE:

THE PROJECT WILL BE EQUIPPED WITH A LOW FLOW IRRIGATION SYSTEM CONSISTING OF ET WEATHER BASED SMART CONTROLLER, LOW FLOW ROTORS, BUBBLER AND/ OR DRIP SYSTEMS USED THROUGHOUT. THE IRRIGATION WATER EFFICIENCY WILL MEET OR SURPASS THE CURRENT STATE MANDATED AB-1881 WATER ORDINANCE.

WUCOLS PLANT FACTOR

THIS PROJECT IS LOCATED IN 'WUCOLS' REGION '4-SOUTH INLAND VALLEY'.

H = HIGH WATER NEEDS
M = MODERATE WATER NEEDS
L = LOW WATER NEEDS
VL= VERY LOW WATER NEEDS

PLANTING LEGEND

Notice of Exemption - DP 24-04

[Attached]

NOTICE OF EXEMPTION

To: County Clerk
County of Los Angeles
Environmental Filings
12400 East Imperial Highway #2001
Norwalk, CA 90650

From: City of Industry
15625 Mayor Dave Way,
City of Industry, CA 91744

Project Title: DP 24-04

Project Location - Specific: 16425 Gale Avenue, City of Industry

Project Location-City: APN 8242-028-004, City of Industry

Project Location-County: Los Angeles

Description of Project: A Resolution approving Development Plan Application No. 24-04 with conditions of approval, for the demolition of an existing 313,611 square foot industrial building and the construction of a new 294,000 square foot industrial building and associated improvements, located at 16425 Gale Avenue, City of Industry, California, and adopting a Notice of Exemption regarding same, and making findings in support thereof

Name of Public Agency Approving Project: City Council, City of Industry

Name of Person or Agency Carrying Out Project: City of Industry

Exempt Status: *(check one)*

☐ Ministerial (Sec. 21080(b)(1); 15268);

☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));

☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));

☑ Categorical Exemption. *State type and section number:* 15302(b)

☐ Statutory Exemptions. *State code number:*

Reasons why project is exempt: This Resolution has been reviewed with respect to the applicability of the California Environmental Quality Act (Public Resources Code Section 21000 et seq.) ("CEQA"). City Staff has determined that the designation of this property as exempt from the California Environmental Quality Act ("CEQA") per Section 15302(b). The Class 2 exemption applies to replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced, including but not limited to (b) replacement of a similar structure with a new structure of substantially the same size, purpose and capacity. The proposed development will replace an existing 313,611 square foot industrial building with a new 294,000 square foot industrial building located on the same lot and will have the same purpose and capacity as the existing structure.
In conclusion, the proposed Project has been reviewed for consistency with the requirements of the CEQA guidelines. Staff have determined that the Project is exempt pursuant to Section 15302 (Replacement or Reconstruction) for the reasons described above.

Resolution No. CC 2025-04

[Attached]

RESOLUTION NO. CC 2025-04

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF INDUSTRY, CALIFORNIA, APPROVING DEVELOPMENT PLAN APPLICATION NO. 24-04, FOR THE DEMOLITION OF AN EXISTING 313,611 SQUARE FOOT INDUSTRIAL BUILDING AND THE CONSTRUCTION OF A NEW 294,000 SQUARE FOOT INDUSTRIAL BUILDING AND ASSOCIATED IMPROVEMENTS, LOCATED AT 16425 GALE AVENUE, CITY OF INDUSTRY, CALIFORNIA, AND ADOPTING A NOTICE OF EXEMPTION REGARDING SAME, AND MAKING FINDINGS IN SUPPORT THEREOF

RECITALS

WHEREAS, Rexford Industrial – Gale, LLC ("Applicant"), is requesting approval of Development Plan Application ("DP") No. 24-04, on approximately 15 acres of non-vacant land. The Project consists of the demolition of an existing 313,611 square foot industrial building and the construction of a new 294,000 square foot industrial building and associated improvements ("Project"), located at 16425 Gale Avenue, City of Industry, California ("Project Site"); and

WHEREAS, the Project Site is located at 16425 Gale Avenue, further described as Assessor's Parcel Number 8242-028-004. The Project Site is comprised of one rectangular shaped lot totaling 15-acres; and

WHEREAS, according to Los Angeles County Building and Safety Records, in 1975, a 313,611 square foot industrial was constructed on the Project Site; and

WHEREAS, since 1984, the Project Site has been occupied by Swat Fame, which operates as a manufacturer of textiles.

WHEREAS, the Project Site has a General Plan Employment land use designation and an Industrial zoning designation. In accordance with Section 17.36.020 of the City's Municipal Code ("Code"), a Development Plan Application is required for construction of a new building; and

WHEREAS, an Environmental Assessment form was submitted by the Applicant and based on Staff's review and assessment, the proposed project is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15302(b) (Replacement or Reconstruction); and

WHEREAS, on January 23, 2025, the City Council of the City of Industry conducted a duly noticed public meeting on the application, and considered all testimony written and oral; and

WHEREAS, all legal prerequisites prior to adoption of this Resolution have occurred.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF INDUSTRY HEREBY FINDS, DETERMINES, AND RESOLVES AS FOLLOWS:

SECTION 1: The above Recitals are true and correct and are incorporated herein by reference.

SECTION 2: All necessary public meetings and opportunities for public testimony and comment have been conducted in compliance with State law and the City's Code.

SECTION 3: The Applicant submitted an Environmental Assessment form pursuant to the City's requirements. Based upon the information received and Staff's review and assessment, the proposed Project is exempt from the California Environmental Quality Act ("CEQA") pursuant to Section 15302 of the CEQA Guidelines (Class 2 Replacement or Reconstruction). Class 2 applies to replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced, including but not limited to (b) replacement of a similar structure with a new structure of substantially the same size, purpose and capacity. The proposed development replaces an existing 313,611 square foot industrial building with a new 294,000 square foot industrial building located on the same lot and will have the same purpose and capacity as the existing structure.

SECTION 4: Based upon substantial evidence presented to the City Council during January 23, 2025, public meeting, including public testimony, and written and oral staff reports, and which includes without limitation, CEQA and the CEQA Guidelines, and the City's Municipal Code, the City Council finds as follows:

a. The site is suitable for development in accordance with the development plan.

   The site is suitable for development in accordance with the development plan in that the Project is in conformance with the City's General Plan, Zoning Code and all applicable development standards outlined in Section 17.36.060 of the Zoning Code. This includes setbacks, building height, parking, and landscape standards. Further, pursuant to the provisions of the General Plan, industrial uses are permitted in the Employment land use designation, and the Project does not conflict with the established goals and objectives of the Land Use Element of the General Plan. The Project consists of the demolition of an existing 313,611 square foot industrial building and the construction of a 294,000 square foot industrial building and associated improvements. The Project is in accord with the objectives of the Zoning Code because the Zoning Code designates the Project site as Industrial. The proposed development is consistent with the Industrial land use designation because it is a speculative industrial building. The overall design of the building is similar in scale and intensity to the neighboring area. The adjacent properties are also located in the Industrial Zone and consist of industrial/storage buildings. The overall design of the building is similar or similar in scale and intensity of the neighboring area.

b. The total development is arranged so as to avoid traffic congestion, ensure the public health, safety, and general welfare, or prevent adverse effects upon neighboring.

   The total development is arranged to avoid traffic congestion, ensure the public health, safety, and general welfare, or prevent adverse effects upon neighboring properties,

because it has been designed to minimize any potential impacts by complying with the City's Code. The City's Code requires all driveways and drive-aisles to be a minimum of 26 feet in width. The Property has two entrances, off Gale Avenue, that have driveway widths of 40 feet. The interior drive aisles are 26-40 feet wide throughout the Project Site. The 40-foot-wide drive aisle starts at Gale Avenue at the west driveway and has over 2,375 feet of length around the building and connects to the 28-foot-wide drive aisle that exits to Gale Avenue at the east driveway with adequate circulation around the Project Site parking lot, thereby avoiding any potential traffic impacts such as congestion, stacking, or spillage onto City streets. Furthermore, conditions of approval are incorporated to prevent the Project from having any adverse effects upon the public health, safety, and general welfare of neighboring properties. Conditions of Approval include a requirement to comply with the Los Angeles County Noise Ordinance regarding hours permitted for construction, compliance with the standards set for in the California Building Code, standards and requirements from the City's Public Works/Engineering Department, Los Angeles County Regional Water Quality Control Board, and South Coast Air Quality Management District.

c. The development is in general accord with all elements of this title.

The development is in general accord with all elements of the City's Zoning Code because the Project complies with all development standards regarding building setbacks, building height, parking, access, screening, and design. The Project meets the minimum setback requirements of 30 feet from the front of the curb line of all streets as the proposed building is setback 30' feet from Gale Avenue. The Project complies with the maximum building height of 150-feet. The proposed building is 51 feet high. The Project complies with the City's minimum parking requirement. In accordance with Section 17.36.060.K.1. of the City's Code, the Project requires 150 spaces plus one space per 1000 square feet of floor area over 100,000 square feet. This equates to a parking requirement of 349 spaces. The Applicant is proposing a total of 350 parking spaces. The Project also meets the City's access requirements by providing two separate driveways used for both entrance and exit of vehicles greater than 26 feet; each driveway is 40 feet wide, with all drive-aisles being 26-40-feet wide within the Property. The Property will be adequately screened. The location of the roll-up doors and loading areas are buffered from public view because they are located at the interior of the lot 585-feet away from Gale Avenue with an 8-foot block wall screening the loading docks from public view. Pursuant to Section 17.36.060.Q. of the City's Code, 12 percent of the subject parcel must be landscaped, which is 79,403 square - feet for the Project Site and the applicant is providing 79,409 square - feet of landscaping meeting the requirement. The building will be designed to be similar in scale and massing to adjacent development and will establish a smooth transition between uses.

d. The development is consistent with the provisions of the general plan or any applicable redevelopment plan.

The development is consistent with the provisions of the General Plan or any applicable redevelopment plan because the proposed building is consistent with the Employment land use designation set forth in the City's General Plan. Permissible land uses in the Employment land use designation include such uses as manufacturing, warehouses, and

storage. Additionally, the Project is consistent with General Plan Policy LU5 that states the City should provide "[h]igh quality and well-maintained properties, buildings, and infrastructure that enhance property values and encourage additional public and private investment." The Project will provide a building that is of high architectural design, along with new infrastructure that will enhance the property value due to the improvements. New buildings, additions, and other structures require an appraisal from the LA County Assessor's office. The value of new construction is added to the existing improvement assessed value. Also, the building is consistent with Policy LU2-6, which states the City should "[s]upport the use of energy-saving designs and equipment in all new development and rehabilitation or reconstruction projects" because the new building will be solar ready, it is of an energy saving design.

SECTION 5: Based on the foregoing, the City Council hereby approves the Notice of Exemption and directs Staff to file same as required by law, and approves Development Plan Application No. 24-04, subject to the Conditions of Approval, attached hereto as Attachment 1, and incorporated herein by reference.

SECTION 6: The provisions of this Resolution are severable and if any provision, clause, sentence, word or part thereof is held illegal, invalid, unconstitutional, or inapplicable to any person or circumstances, such illegality, invalidity, unconstitutionality, or inapplicability shall not affect or impair any of the remaining provisions, clauses, sentences, sections, words or parts thereof of the Resolution or their applicability to other persons or circumstances.

SECTION 7: That the City Clerk shall certify to the adoption of this Resolution and the same shall be in full force and effect.

PASSED, APPROVED AND ADOPTED by the City Council of the City of Industry at a regular meeting held on January 23, 2025, by the following vote:

AYES:	COUNCIL MEMBERS:
NOES:	COUNCIL MEMBERS:
ABSTAIN:	COUNCIL MEMBERS:
ABSENT:	COUNCIL MEMBERS:

Julie Gutierrez-Robles, City Clerk

Attachment 1

Conditions of Approval – DP No. 24-04

[Attached]

CITY OF INDUSTRY

Standard Requirements and Conditions of Approval

Application: **Development Plan No. 24-04**

Applicant: **Rexford Industrial – Gale, LLC**

Location: 16425 Gale Avenue

Conditions of Approval

Conditions of approval are unique provisions, beyond the requirements of law, the municipal code, or standard practices that are applied to a Project by the City Council per Section 17.36.080 of the Zoning Code. Please note that if the design of your Project or site conditions changes, the conditions of approval may also change. If you have any questions regarding these requirements, please contact the City of Industry.

For purposes of these conditions, the term "Property Owner" shall include any party or parties other than the Successor Agency to the Industry Urban-Development Agency, and/or the City of Industry.

PLANNING DIVISION

Development Plan Conditions

1. The Applicant and Property Owner shall file an executed and acknowledged Acceptance of Terms and Conditions of Development Plan No. 24-04 within 10 calendar days after the approval of said entitlements. The Applicant and Property Owner understand and agree that approval of the Resolution for Development Plan No. 24-04 will be of no force or effect unless such written consent is submitted to the City within the stated 10-day period.

2. Failure to comply with any of the conditions set forth herein, or as subsequently amended in writing by the City, may result in failure to obtain a building final and/or a Certificate of Occupancy until full compliance is reached. The City's requirement for full compliance may require minor corrections and/or complete demolition of a noncompliant improvement, regardless of costs incurred, where the Project does not comply with design requirements and approvals that the Applicant agreed to when permits were pulled to construct the Project.

3. Construction plans submitted for Building Permits shall be in substantial compliance with plans approved by this action on January 23, 2025. Any modifications to the use,

building, site, or Project description shall be subject to review and approval by the Planning Department and may require a separate planning entitlement review process.

4. A copy of the conditions of approval provided herein shall be included in the construction documentation package for the Project, which shall be continuously maintained on site during construction.

5. It shall be the responsibility of the Property Owner and Applicant to ensure that any required permits, inspections, and approvals from any regulatory agency shall be obtained from the agency concerned prior to the establishment of the use.

6. The Project uses shall always operate in a manner that is not detrimental to surrounding properties or residents by reason of lights, noise, activities, parking, or other actions.

7. All building corners shall be established by a licensed surveyor prior to construction of the foundation.

8. Prior to issuance of a building permit, the Applicant shall submit a Lighting Plan showing locations and height of all exterior lighting fixtures with arrows showing the direction of light being cast by each fixture for review and approval of the City of Industry Planning Department, the Los Angeles County Building and Safety Department and the Los Angeles County Sheriff's Department.

9. The Lighting Plan shall ensure any exterior night lighting installed on the Project site is of low intensity, low glare design, minimum height, and shall be hooded to direct light downward onto the subject lot and prevent spill-over onto adjacent lots. The fixtures will be reviewed for quality, aesthetics, illumination values, sustainability values such as LED and shall be decoratively and architecturally consistent with the building design. The location, height, style, and design shall be reviewed and approved by the City of Industry Planning Department and the Los Angeles County Building and Safety Department.

10. A complete landscape/irrigation package prepared by a landscape architect licensed by the State of California shall be reviewed and approved by the City of Industry Planning Department prior to issuance of building permit. The plans shall include the following elements: a. Water conservation concept statement. b. Calculation of maximum applied water allowance. c. Calculation of estimated total water use. d. Landscape design plan. e. Irrigation design plan. f. Certificate of substantial completion. g. The landscape plan shall demonstrate compliance with Zoning Ordinance requirements related to minimum dimensions and percentages of landscaping in parking areas, including required front yard setback landscaping.

11. Prior to the issuance of certificates of use and occupancy, the Applicant shall install said landscaping and irrigation system and shall have a licensed landscape architect or licensed landscape contractor, certify in writing that it was installed in accordance with the approved plan. Said written certification shall be submitted to the Planning Department.

12. The landscape irrigation system shall be designed to accept recycled water from future recycled water lines, which are currently being planned to be in the area. The irrigation plan, which is submitted to the City for approval per Chapter 13.18 of the Municipal Code, shall be designed and clearly noted to allow the transition from potable water to recycled water when and if recycled water lines are eventually installed in the immediate vicinity.

13. All irrigation systems shall function properly, and landscaping shall be maintained in a healthy and thriving condition. The maintenance of landscaping and the irrigation system shall be permanently provided for all areas of the Project site, as well as walkways and the portion of public rights-of-way abutting the Project site. Furthermore, the plans shall identify responsibility for the continued maintenance.

14. Trash enclosures shall be provided with three decorative walls, enhanced wall caps, a pedestrian entrance, a gate, and a structural steel cover, in a style compatible with the structure's architecture. The gate shall be maintained in working order and shall remain closed except when it is in use.

15. Storage use and removal of toxic substances, solid waste, and flammable liquids shall conform to all applicable federal, state, and local regulations. All required licensing shall always be maintained.

16. All proposed mechanical units, air conditioning equipment, blowers, make-up air units, ducts, etc. shall be shown on the building permit plans. The Applicant shall effectively screen from view all ducts, blowers, air conditioning equipment, and any other mechanical equipment, whether on the structure, on the ground, or on the roof, with materials architecturally compatible with the building. Screening details shall be shown on the plans submitted for issuance of building permits, the adequacy of which shall be determined by the Planning Department. All required screening shall be provided prior to occupancy. The construction plans shall include appropriate elevations and cross-section drawings demonstrating how such equipment is to be screened from view (include dimensions, materials, colors, etc.).

17. All ground mounted utility structures such as transformers and back flow prevention valves shall be located out of view from a public street or screened using landscaping and/or masonry walls.

18. A bumper guard or wheel stops shall be provided, where necessary, to protect the structure or parked vehicle.

19. The Applicant, and/or Property Owner shall arrange for a final inspection by representatives of the City of Industry Planning Department, the Los Angeles County Building and Safety Department, the City of Industry Public Works Department, and the Los Angeles County Fire Department prior to the release of occupancy. Any discrepancy between the approved plans and the field conditions shall be remedied prior to occupancy such that the field condition is consistent with the approved plans.

20. Pedestrian paths shall be maintained in such manner to allow the safe and convenient passage of people across drive aisles. Pedestrian pathways shall be

clearly marked with paint and/or enhanced paving materials and designated with adequate and appropriate signage. Pedestrian pathways adjacent to the drive aisles shall be separated by a raised curb or other device to ensure a safe and adequate separation between pedestrians and motor vehicles.

21. Prior to any permit issuance, the Applicant shall provide a letter to the Planning Department that certifies that the following will be adhered to during all stages of development:

    - All equipment used on site meets the EPA Tier 4 Interim emissions standards for off-road diesel-powered construction equipment with more than 50 horsepower, unless it can be demonstrated to the City that such equipment is not available. Any emissions control device used by the contractor shall achieve emissions reductions that are no less than what could be achieved by a Level 4 diesel emissions control strategy for a similarly sized engine, as defined by CARB's regulations.

    - All equipment used on site has emission noise control parts in place and has not been altered in any way from their initial condition as delivered from the factory.

    - A list of all operating equipment in use on the construction site including the make, model, and numbers of each piece of equipment.

    - All equipment shall be properly serviced and maintained in accordance with the manufacturer's recommendations.

    - All nonessential idling of construction equipment is limited to no more than five minutes or less in compliance with Section 2449 of the California Code of Regulations, Title 13, Article 4.8, Chapter 9.

22. Prior to issuance of grading permits, Applicant shall identify to the Planning Department a construction relations officer to function as a community liaison concerning on-site activity, including resolution of issues related to dust generation from grading/paving activities.

23. Electronic gates shall be equipped with a Knox electric switch and an alternative energy back-up system, such as a generator or battery, which would allow operation of the security gate(s) during an electrical power outage. Access through the gates shall be provided for both the Los Angeles County Fire and Sheriff Departments. The location of Knox boxes shall be shown on the building plans and approved by both the Los Angeles County Fire Department and the Los Angeles County Sheriff Department.

24. A note shall be added to the building plans stating that the construction contractor shall only use interior and exterior paints with a VOC content of 90 grams per liter (g/L) or less for the building structures to reduce VOC emissions. Prior to issuance of building permits, the construction contractor shall provide documentation to the satisfaction of the Planning Department that verifies use of coatings with a VOC

content of 90 g/L or less.

25. The Applicant/Property Owner shall comply with all surface drainage and driveway requirements set forth in the City's Code.

BUILDING DIVISION

26. The Project shall comply with the adopted California Model Code (California Code of Regulations, Title 24).

27. The Project shall comply with the applicable provisions of the California Green Building Standards Code and provide at least 15% of the rooftop area for solar photovoltaic power.

28. Prior to the issuance of any permit a soils report is required to be submitted to the Building Division for review and approval.

29. The Project shall provide Americans with Disabilities Act (ADA) compliance accessibility to public right-of-way.

30. The Project shall provide Americans with Disabilities Act (ADA) compliance throughout the site.

PUBLIC WORKS AND ENGINEERING

31. The Applicant shall use the City of Industry Benchmark's (NAVD-29) for all construction plans. Contact the City's survey department for benchmark information.

32. The Applicant shall provide drainage and grading plans to be approved by the City Engineer prior to the issuance of a building permit. Such plans shall be in substantial conformity with the development plans.

33. Prior to issuance of building permits, Applicant shall provide a sidewalk easement as required in the design of an ADA Path of Travel that are placed across driveway approaches and that encroaches into private property. Such sidewalk easement shall be approved by the City Engineer.

34. The Applicant shall supply sanitary sewer facilities to serve all buildings to the satisfaction of the City Engineer prior to the final approval of the development and hook-up utilities.

35. Depending upon the nature of the proposed use, the Applicant shall obtain an Industrial Waste Permit or receive Domestic Wastewater Clearance from the City Engineer depending on the building use.

36. The Applicant shall construct curb, gutter, street pave-out for new driveways, necessary drainage facilities, and minimum four feet wide sidewalk along driveway in accordance with City standards and specifications.

37. The Applicant shall construct storm drains and water quality devices to the satisfaction of the City Engineer prior to the final approval of the development and the hook-up of utilities.

38. Prior to the issuance of building permits for any interior improvements that serve to create separate units within the building, the Applicant shall consult with the City Engineer and demonstrate that each separate unit is equipped with its own sewer line and that the sewer lines join together before the connection to the main sewer line. This will allow for the addition of a clarifier or grease interceptor if required to serve future tenants/uses in the building.

39. In conformance with Chapter 13.16 of the Municipal Code, and prior to the start of grading and construction, the Applicant shall provide a Stormwater Pollution Prevention Plan (SWPPP), developed by a Qualified SWPPP Developer (QSD) and consistent with the current National Pollutant Discharge Elimination System (NPDES) construction general permit, along with proof that a Waste Discharger Identification (WDID) Number has been obtained, to the City Engineer for review and approval.

40. In conformance with Chapter 13.16 of the Municipal Code, the Applicant shall provide: 1) a Low Impact Development (LID) plan; and 2) an operations, maintenance, and monitoring plan to the City Engineer for review and approval. Upon approval, the Applicant shall construct storm drains and water quality devices according to the approved plans and the satisfaction of the City Engineer. Prior to building final and/or issuance of the certificate of occupancy, the Applicant shall provide the City Engineer with a signed and recorded covenant and agreement stating that the Property and all structural or treatment control Best Management Practices (BMPs) will be maintained in compliance with the municipal NPDES permit (also sometimes called the MS4 permit) and other applicable regulatory requirements.

41. In conformance with Chapter 13.17 of the Municipal Code, all future owners or successors of a property subject to a requirement for maintenance of structural and treatment control BMPs must either: 1) assume responsibility for maintenance of any existing structural or treatment control BMPs at least once a year and retain proof of maintenance/inspection for review by the City Engineer upon request; or 2) replace an existing structural or treatment control BMP with new control measures or BMPs meeting the then current standards of the City and the municipal NPDES permit. Prior to building final and/or issuance of the certificate of occupancy, this requirement will be included in a recorded restrictive covenant on Property and included in any sale or lease agreement or deed of the Property.

42. Prior to obtaining a Certificate of Occupancy Applicant shall submit digital copies of as-built plans to the City Engineer.

43. Prior to the close out of the grading permit the Applicant shall video via CCTV or any other applicable method all sewer and storm drains on-site and submit to the City Engineer for approval.

CODE REQUIREMENTS AND STANDARDS

The following is a list of general planning conditions, code requirements and standards

deemed applicable to the proposed Project. The list is intended to assist the Applicant by identifying requirements that must be satisfied during the various stages of Project permitting, implementation, and operation. It should be noted that this list is in addition to any "conditions of approval" adopted by the City Council and noted above. Please note that if the design of your Project or site conditions changes, the list may also change. If you have any questions regarding these requirements, please contact the City of Industry.

44. The Applicant and/or successor in interest shall comply with all Federal, State, County, and local laws, rules, and ordinances.

45. The Applicant shall pay off all existing deficit deposit accounts associated with processing this permit. The Applicant shall provide a receipt to the Planning Department, which shows that all discretionary deposit accounts have been paid. No Certificate of Occupancy or Final Planning Division Inspection will be issued/completed if there are deficit deposit accounts.

46. Current and future property owners, business managers, operators, successors, assigns, etc. shall be responsible for ensuring and complying with all conditions of approval contained herein.

47. The Applicant shall abide and continue to comply with all previous City approvals, permits, or requirements relating to the subject property, unless explicitly superseded or revised by this Approval.

48. The Applicant/Property Owner shall construct adequate fire protection facilities to the satisfaction of the Los Angeles County Fire Department.

49. The Applicant/Property Owner shall supply sanitary sewer facilities to serve all buildings to the satisfaction of the City Engineer. One sewer connection per parcel is permitted and, in the case of multiple units or buildings, all sewer lines must join at the connection point.

50. The Applicant/Property Owner shall provide drainage and grading plans to be approved by the City Engineer prior to the issuance of any building permit. Such plans shall be in substantial conformity with the approved development plans.

51. In conformance with Chapter 13.16 of the Municipal Code and prior to the start of grading and construction, the Applicant/Property Owner shall provide a Storm Water Pollution Prevention Plan (SWPPP), developed by a Qualified SWPPP Developer (QSD) and consistent with the current National Pollutant Discharge Elimination System (NPDES) construction general permit, along with proof that a Waste Discharger Identification (WDID) Number has been obtained, to the City Engineer for review and approval.

52. Demolition and construction operations shall be limited to the hours prescribed by the Los Angeles County Noise Ordinance (Los Angeles County Code, Section 12.08.390). Hours of construction are limited to 7:00 am to 7:00 pm Monday through Saturday with no construction on Sundays.

53. Should archeological resources be uncovered during site preparation, grading, or excavation, work shall be stopped for a period not to exceed 14 days. The finding shall be immediately evaluated for significance by a county-certified archaeologist. If the archaeological resources are found to be significant, the archaeologist shall perform data recovery, professional identification, radiocarbon dates as applicable, and other special studies; submit resources to the California State University Fullerton; and provide a comprehensive final report including appropriate records for the California Department of Parks and Recreation (Building, Structure, and Object Record; Archaeological Site Record; or District Record, as applicable).

INTERPRETATION AND ENFORCEMENT

54. The City of Industry Planning Department, the Los Angeles County Building and Safety Department, the City of Industry Public Works Department, and the Los Angeles County Fire Department shall be responsible for ensuring compliance with all applicable code requirements and conditions of approval.

55. The Planning Department may interpret the implementation of each condition of approval and, with advanced notice, grant minor amendments to approved plans and/or conditions of approval based on changed circumstances, latest information, and/or relevant factors if the spirit and intent of the approved condition of approval is satisfied. Permits shall not be issued until the proposed minor amendment has been reviewed and approved for conformance with the intent of the approved condition of approval. If the proposed changes are substantial in nature, an amendment to the original entitlement may be required pursuant to the provisions of Industry Municipal Code.

INDEMNIFICATION

56. The Applicant and any of its heirs, successors and assigns, shall defend, indemnify, and hold harmless the City and its elected officials, officers, employees, agents and volunteers ("City Indemnitees") from any claim, action or proceedings, liability cost, including attorneys' fees and costs against the City Indemnitees, caused or alleged to have been caused by reason of the Applicant's activities in connection with Development Plan No. 24-04. This indemnity provision applies to all damages and claims for damages, as described above, regardless of whether the City prepared, supplied, or approved the plans, specifications, or other documents for Development Plan No. 24-04.

57. In the event of any legal action challenging the validity, applicability, or interpretation of any provision of this approval, including the environmental review, or any other supporting document relating to Development Plan 24-04, the Applicant and its successors and assigns, shall indemnify, defend and hold harmless the City Indemnitees, and each of them, with respect to all liability, costs and expenses incurred by, and/or awarded against, the City Indemnitees in relation to such action. The City shall have the right to select counsel of its choice. The City shall promptly notify Applicant of any claim, action or proceeding, and shall cooperate fully in the defense thereof.

END OF CONDITIONS

CITY COUNCIL

ITEM NO. 8.1

CITY OF INDUSTRY

MEMORANDUM

To: Honorable Mayor Moss and Members of the City Council

From: Joshua Nelson, City Manager

Date: January 23, 2025

Subject: Consideration of Resolutions approving Development Plan Application No. 23-02, and Conditional Use Permit 23-09, to allow Costco to enlarge its existing gasoline pump canopy from 3,818 square feet to 9,418 square feet, increase the number of multi-fuel dispensers from 8 to 15, and make associated site improvements at 17550 Castleton Street, City of Industry, California, and adopt a Notice of Exemption regarding same, and make findings in support thereof

---

Proposal:

Charles Mosely, on behalf of Costco Wholesale Corporation ("Applicant"), is requesting to enlarge the existing gasoline pump canopy from 3,818 square feet to 9,418 square feet and increase the number of multi-fuel dispensers from 8 to 15, and make associated site improvements such as new asphalt, directional arrows, concrete curbs, and landscaping ("Project"). The existing underground gasoline tanks will remain.

Location and Surroundings:

The Costco warehouse retail building sits on a 14.743-acre parcel (Assessor's Parcel Number 8265-068-010) within the 26.44 acre Puente Hills East commercial center, located at 17550 Castleton Street. Although the commercial center has an overall site comprised of 26.44 acres, the gasoline station is contained within an approximate one (1) acre portion of the site within the 14.473 acre Costco parcel, more specifically at the eastern portion of the existing commercial center. The gasoline station is developed as an accessory use to the existing Costco.

In addition to the Costco warehouse retail building and gasoline station site, the 26,44 acre Puente Hills East commercial center is also developed with other commercial businesses. The Puente Hills East commercial center is situated such that State Route 60 is located directly to the north, and commercial uses are located to the south, east, and west.

Project Background:

On August 8, 2000, the City Council approved Development Plan No. 00-26 to allow the construction of the existing Costco warehouse retail building, the gasoline pump canopy, and associated multi-fuel dispensers. Currently, Municipal Code Section 17.12.025.8 requires the approval of a Conditional Use Permit ("CUP") for a gasoline service station. Therefore, because the Applicant is proposing to expand the existing gasoline station use, the City requires a Conditional Use Permit application to be submitted to bring the gasoline station into conformance with the Municipal Code.

Project Entitlements:

The following planning entitlement applications are required to process the Applicant's proposed project.

1. Development Plan Application – Long Form: Pursuant to Section 17.36.020 of the City's Code, a development plan is required to construct the Project.

2. Conditional Use Permit: Pursuant to Industry Municipal Code Section 17.12.025.8. a CUP is required to permit a gasoline service station in the Commercial zone.

On December 10, 2024, the Planning Commission conducted a duly noticed public hearing on the Project and adopted Resolution Nos. PC 2024-21 and PC 2024-22, recommending that the City Council approve DP No. 23-02 and CUP No. 23-09.

Staff Analysis:

Conditional Use Permit:

Costco facilities are operated on a membership-only basis. There will be five covered fueling islands, with a total of 15 two-sided fuel dispensers to provide for the fueling of 30 vehicles. The gasoline station will also have 9 stacking lanes, allowing approximately 40 vehicles to wait for pumps at any given time in addition to the 30 vehicles at the dispensers. The dispensers will be fully automated and self-service. An attendant will be present at all times of operation to oversee operations and assist members. Lights will be recessed into the canopy to provide both lighting during business hours and a lower level of security lighting after hours. The current hours/days of operation are 5:30am – 9:30pm Monday through Thursday, 6:00am – 8:00pm on Saturday, and 6:00am – 7:30pm on Sunday.

Surrounding Land Uses

In reviewing this Conditional Use Permit Application, the City Council will evaluate whether the Project is compatible with the adjacent uses and businesses located within the Commercial Zoning District, subject to conditions of approval.

The Project vicinity is developed with a mix of commercial uses, including:

North	To the north of the Project Site across Castleton Street are two restaurants known as Original Tommy's World Famous Hamburgers (17573 Castleton Street) and Olive Garden Italian Restaurant (17585 Castleton Street) with a zoning designation of C – Commercial.
South	To the south is a vacant commercial building that was previously a gym (1545 Hanover Road) with a zoning designation of C – Commercial.
East	To the east is a commercial building that currently operates as UFC Gym (17638 Castleton Street) with a zoning designation of C – Commercial.
West	To the west across Albatross Road is a mall, known as the Puente Hills Mall, with several restaurants and retail stores (1600 South Azusa Avenue).

General Plan Consistency

The proposed use is consistent with the General Plan Commercial land use designation which allows a mixture of commercial retail, service, tourist-serving, medical, professional office, entertainment,

fitness, and dining uses, and specifically, gasoline service stations with approval of a Conditional Use Permit.

The Project is consistent with the objectives, policies, general land uses, and programs of the General Plan. The Project addresses Land Use Goal LU2, which encourages a competitive business climate and blend of businesses that best serve the long-term economic future of the City. The Project also is consistent with General Plan Policy LU2-2, which states the City should "[a]ttract the establishment and continuation of businesses that bring new jobs and improve sales tax revenue, particularly those that increase the City's share or growing sectors of the regional and global economy. Also, to encourage businesses that contribute to a professional environment and enhance the overall value of the City of Industry as a place to conduct business."

The Project includes the expansion of the existing Costco fueling facility to accommodate seven new fuel dispensers, a canopy expansion, modifications to the site circulation, parking, and landscaping. The additional pumps would allow Costco, a region-serving center, to remain competitive by reducing queue and wait times similar to other Costco fueling station expansion projects in the San Gabriel Valley, therefore, providing a more efficient fuel purchasing experience for its members.

Also, Costco members periodically experience long wait times at the existing fueling station. The Project would allow Costco, a region-serving center, to adapt to the market by providing additional fuel pumps within the boundaries of the existing Costco site to meet the needs of its members.

Zoning Consistency

The proposed development is allowed within the subject Commercial Zoning District with approval of a Development Plan to expand the fueling canopy, and a Conditional Use Permit for the continued operation of the gasoline station. The Project complies with all applicable provisions of Title 17 (Zoning) of Industry Municipal Code, including height, setbacks, parking, landscaping, and land use. There are no known Municipal Code violations on the property. Discussion regarding compliance with City's required development are further discussed in the analysis section of this Staff Report pertaining to the Development Plan Application.

Development Plan:

Commercial Development Standards - The Project complies with the standards for commercial zones (Chapters 17.12.050 and 17.36.060). The following table summarizes the requirements and the Project's compliance with minimum standards.

Development Standard	Permitted/Required	Proposed	Compliance
Maximum Building Coverage	50% of 642,226 sf 321,113 sf	Proposed Fuel Canopy = 9,418 sf Total including Existing Costco Retail Store = 159,158 sf Building coverage = 49.56%	Yes
Maximum Building Height	50-feet	14 feet, 6-inches	Yes
Minimum Landscape Coverage Required	12% 77,067 sf	20.9% 134,408 sf	Yes
Parking	1,277 parking spaces	1,375 parking spaces	

			Yes
Setbacks	All buildings and structures shall be set back a minimum of 30 feet from the curb line of all streets.	113-feet from Hanover Road	Yes

Parking

The Puente Hills East commercial center provides shared parking. The commercial center consists of 319,373 square feet of commercial uses, which requires a total of 1,277 parking spaces. Pursuant Municipal Code Section 17.36.060.K.1.b., if a building is to be used for uses permitted in the commercial zone, then the number of parking provided is a minimum of four spaces per one thousand square feet of floor area (one space per two hundred fifty square feet of floor area).Overall, the commercial center provides a total of 1,375 parking spaces, thereby exceeding the minimum required parking stalls.

Access

The Project does not require additional ingress or egress and would not change the overall circulation pattern throughout the site. Vehicles will exit the fueling facility in a one-way, counterclockwise direction as currently configured. New directional striping will be painted on the pavement to accommodate the fuel facility expansion and provide safe and clear directions to motorists and pedestrians.

Architecture

The project includes a 9,418 square foot canopy over the proposed fueling stations which will support concrete masonry unit columns which will have an exterior treatment of split and smooth face to match the existing warehouse building. The canopy will be painted gray, and an area towards the center of the canopy (on each side) is designated for future signage.

Setbacks

Pursuant to Chapter 17.25.050.E. of the City's Code all buildings and structures must be set back a minimum of thirty feet from the curb line of all streets. The proposed fuel canopy is setback 113-feet from Hanover Road. Therefore, it is in compliance with the City's minimum required setback distance.

Landscaping

The existing landscaped areas adjacent to the fueling facility will be modified to accommodate the expansion and changes to the site and circulation, parking lot, and pedestrian path of travel. Pursuant to Section 17.36.060.Q of the City's Code, a minimum of 12 percent of the Project site must be devoted to landscaping. Based on this requirement, a minimum of 77,067 square-feet of landscaping is required for the 14.743-acre (642,226 square-feet) Project site. The Project complies with this requirement by proposing a total of 20.9 percent or 134,408 square feet of landscaping. The proposed landscaping is located primarily around the perimeter of the site. The Project is designed to have minimal impact and to retain the existing landscaping.

Environmental Analysis:

In accordance with the provisions of the California Environmental Quality Act ("CEQA") Guidelines, this project is Categorically Exempt pursuant to Section 15332 (Class 32 In-fill development Projects). Class 32 consists of projects characterized as in-fill development meeting the conditions described below.

(a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.

The Project is consistent with the general plan designation, all applicable general plan policies, and with the applicable zoning designation and regulations. The permissible land uses in the Commercial land use designation include a mixture of commercial (retail, service, tourist-serving) uses, and specifically, gasoline service stations, with approval of a conditional use permit. Additionally, the proposed expansion is consistent with the General Plan in that it complies with General Plan Goal LU2, which encourages a competitive business climate and blend of businesses that best serve the long-term economic future of the City. Additionally, the Project is consistent with General Plan Policy LU2-2, which states the City should "[a]ttract the establishment and continuation of businesses that bring new jobs and improve sales tax revenue, particularly those that increase the City's share or growing sectors of the regional and global economy. Also, to encourage businesses that contribute to a professional environment and enhance the overall value of the City of Industry as a place to conduct business."

The Project includes the expansion of the existing Costco fueling facility to accommodate seven new fuel dispensers, a canopy expansion, modifications to the site circulation, parking, and landscaping. The additional pumps would allow Costco, a region-serving center, to remain competitive by reducing queue and wait times similar to other Costco fueling station expansion projects in the San Gabriel Valley, therefore, providing a more efficient fuel purchasing experience for its members.

(b) The proposed development occurs within city limits on a project site of no more than five acres surrounded by urban uses.

The Project occurs within City limits on a Project site that is 0.618 acres and is surrounded by urban uses to the north, south, east, and west. The Property is oddly shaped and is south of Castleton Street and west of Hanover Road. While the project is located on a 14.743-acre property, the actual construction will occur on 0.618 acres of the total site. The Project consists of an expansion to the existing fuel canopy, which will only disturb 0.618 acres of the Property, and therefore the infill exemption may be utilized.

(c) The project site has no value as habitat for endangered, rare, or threatened species.

The Project site has no value as habitat for endangered, rare, or threatened species since the site was originally disturbed in 2000. The site does not contain any endangered habitat because it is a developed lot that has existing commercial buildings, and the land was disturbed when the original buildings were built.

(d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

Traffic –Less than significant traffic impacts are anticipated because the proposed development

does not exceed the City's adopted VMT baseline and thresholds of significance and was screened out from further traffic analysis.

Noise – The location of the proposed use is surrounded by an existing retail commercial area and is not located immediately adjacent to any sensitive uses. The nearest residential area is 1,000 feet to the south (across Colima Road). As conditioned, any noise generated by the proposed gasoline station, including any construction, would adhere to the LA County Noise Ordinance. The proposed gasoline station would be compatible with surrounding uses in that scope of operations would be compatible with other uses in the area.

Air Quality- The construction and operation of the gas station will operate within the ministerial requirements of the South Coast Air Quality Management District and the Project has been conditioned with the Applicant obtaining approval from the South Coast Air Quality Management District prior to issuance of either building or grading permits.

The Project will require the issuance of an Authority to Construct (ATC) and Permit to Operate (PTO) based on the South Coast Air Quality Management District's review of the Project and will utilize the latest technology to meet all local, state, and federal regulations. All tanks and dispensers are equipped with latest Phase I and Phase II Enhanced Vapor Recovery (EVR) vapor recovery air pollution control equipment technology per GARB regulations and associated Executive Orders. The Phase I EVR equipment controls the vapors in the return path from the tanks back to the tanker truck during offloading filling operations. The Stage I EVR systems are 98 percent effective in controlling fugitive emissions from escaping into the environment. The Phase II EVR equipment controls the vapors in the return path from the vehicles back to the tanks and are 95 percent effective in controlling fugitive emissions from escaping into the environment.

Water Quality –There will be less than significant impacts to water quality because the Project will comply with all requirements set forth by the Los Angeles County Regional Water Quality Control Board and Best Management Practices (BMPs). Also, the Project is required to have an approved Low impact Development (LID) Plan and Water Quality Management Plan approved by the Engineering Department to construct.

(e) The site can be adequately served by all required utilities and public services.

The Project site is located in an urban area and is currently served by existing utilities, including water, sanitary sewer, storm drainage, electricity, and telecommunications infrastructure, which are located along the Hanover Road frontage.

In conclusion, the proposed Project has been reviewed for consistency with the requirements of the CEQA guidelines. Staff has determined that the Project is exempt pursuant to Section 15332 (In-fill Development Projects) for the reasons described above.

Public Hearing:

The required Public Hearing Notice (Exhibit D) was posted on the site, Fire Station 118, City Hall, Council Chambers, distributed to surrounding property owners within 300 feet of the site, the City's webpage and published in the *San Gabriel Valley Tribune* on January 10, 2025, pursuant to Government Code Section 65091.

Fiscal Impact:

The costs associated with processing this application are paid through a deposit provided by the Applicant. As a result, there would be no fiscal impacts to the City's General Fund.

Summary/Recommendation:

Based on the information set forth in this Staff Report, Staff recommends that the City Council:

1) Adopt Resolution No. CC 2025-01 (Exhibit F), approving Development Plan No. 23-02, with the Standard Requirements and Conditions of Approval; and
2) Adopt Resolution No. CC 2025-02 (Exhibit G), approving Conditional Use Permit No. 23-09; and
3) Adopt Resolution No. CC 2025-03 (Exhibit H), approving a Notice of Exemption for the Project

CITY OF INDUSTRY

NOTICE OF PUBLIC HEARING

Development Plan No. 23-02 & Conditional Use Permit No. 23-09

On January 10, 2024, notice has been given that the City Council of the City of Industry will hold a public hearing to consider an application from Charles Mosely, on behalf of Costco Wholesale Corporation, for consideration of Resolutions of the City Council of the City of Industry, California, approving Development Plan Application No. 23-02 ("DP No. 23-02") and Conditional Use Permit No. 23-09 ("CUP No. 23-09").

Project Location: The property is located at 17550 Castleton Street, further described as Assessor's Parcel Number 8265-068-010 ("Property"). The project site has a zoning designation of "C" Commercial.

Project Description: Consideration of Resolutions approving Development Plan Application No. 23-02 and Conditional Use Permit 23-09, to allow Costco to enlarge its existing gasoline pump canopy from 3,818 square feet to 9,418 square feet, increase the number of multi-fuel dispensers from 8 to 15, and make associated site improvements at 17550 Castleton Street, City of Industry, California.

Planning Commission Determination: On December 10, 2024, the Planning Commission conducted a duly noticed public hearing on the Project and adopted Resolution No. PC 2024-21 and Resolution No. PC 2024-22, recommending that the City Council approve Development Plan No. 23-02 and Conditional Use Permit No. 23-09

A copy of all relevant material, including the Conditional Use Permit application, Development Plan application, and Notice of Exemption are on file in the City Administrative Offices, 15625 Mayor Dave Way, City of Industry, California 91744 or via the City of Industry's website at www.cityofindustry.org. Please contact Eduardo Manriquez, Contract Associate Planner, at the City of Industry at 626-333-2211 extension 144 or by email at emanriquez@cityofindustry.org if you have questions.

The time, date and place of such hearing shall be as follows:

Time:	9:00 a.m.
Date:	January 23, 2025
Place:	City Council Chamber 15651 Mayor Dave Way City of Industry, CA 91744

Any person wishing to be heard regarding this matter may appear at the above time, date and place. Written comments may be sent via U.S. Mail or by hand delivery to the City of Industry, at 15625 Mayor Dave Way, City of Industry, CA 91744 or via email to the email address listed above. All comments must be received at, or prior to, the date and time of the hearing listed above.

If you challenge the project in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City Council of the City of Industry at, or prior to, the public hearing.

Julie Gutierrez-Robles, City Clerk

Project Title: Development Plan Application No. 23-02, and Conditional Use Permit 23-09

Project Location - Specific: 17550 Castleton Street

Project Location-City: City of Industry **Project Location-County:** Los Angeles

Description of Project: Consideration of Resolutions that the City Council approve Development Plan Application No. 23-02, and Conditional Use Permit 23-09 to allow Costco to enlarge its existing gasoline pump canopy from 3,818 square feet to 9,418 square feet, increase the number of multi-fuel dispensers from 8 to 15, and make associated site improvements at 17550 Castleton Street, City of Industry, California, and adopt a Notice of Exemption regarding same, and make findings in support thereof

Name of Public Agency Approving Project: City Council, City of Industry

Name of Person or Agency Carrying Out Project: Charles Mosely, on behalf of Costco Wholesale Corporation

Exempt Status: *(check one)*

☐ Ministerial (Sec. 21080(b)(1); 15268);
☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
☑ Categorical Exemption. *State type and section number:* 15332 (Class 32)
☐ Statutory Exemptions. *State code number:*

Reasons why project is exempt: The proposed project is Categorically Exempt from the requirements to prepare additional environmental documentation per California Environmental Quality Act (CEQA) Guidelines, Section 15332, Class 32 (In-fill development Projects). The Class 32 consists of projects characterized as in-fill development meeting the conditions described below.

(a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.

The Project is consistent with the general plan designation, all applicable general plan policies, and with the applicable zoning designation and regulations. The permissible land uses in the Commercial land use designation include a mixture of commercial (retail, service, tourist-serving) uses, and specifically, gasoline service stations, with approval of a conditional use permit. Additionally, the proposed expansion is consistent with the General Plan in that it complies with General Plan Goal LU2, which encourages a competitive business climate and blend of businesses that best serve the long-term economic future of the City. Additionally, the Project is consistent with General Plan Policy LU2-2, which states the City should "[a]ttract the establishment

and continuation of businesses that bring new jobs and improve sales tax revenue, particularly those that increase the City's share or growing sectors of the regional and global economy. Also, to encourage businesses that contribute to a professional environment and enhance the overall value of the City of Industry as a place to conduct business."

The Project includes the expansion of the existing Costco fueling facility to accommodate seven new fuel dispensers, a canopy expansion, modifications to the site circulation, parking, and landscaping. The additional pumps would allow Costco, a region-serving center, to remain competitive by reducing queue and wait times similar to other Costco fueling station expansion projects in the San Gabriel Valley, therefore, providing a more efficient fuel purchasing experience for its members.

(b) The proposed development occurs within city limits on a project site of no more than five acres surrounded by urban uses.

The Project occurs within City limits on a Project site that is 0.618 acres and is surrounded by urban uses to the north, south, east, and west. The Property is oddly shaped and is south of Castleton Street and west of Hanover Road. While the project is located on a 14.743-acre property, the actual construction will occur on 0.618 acres of the total site. The Project consists of an expansion to the existing fuel canopy, which will only disturb 0.618 acres of the Property, and therefore the infill exemption may be utilized.

(c) The project site has no value as habitat for endangered, rare, or threatened species.

The Project site has no value as habitat for endangered, rare, or threatened species since the site was originally disturbed in 2000. The site does not contain any endangered habitat because it is a developed lot that has existing commercial buildings, and the land was disturbed when the original buildings were built.

(d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

Traffic –Less than significant traffic impacts are anticipated because the proposed development does not exceed the City's adopted VMT baseline and thresholds of significance and was screened out from further traffic analysis.

Noise – The location of the proposed use is surrounded by an existing retail commercial area and is not located immediately adjacent to any sensitive uses. The nearest residential area is 1,000 feet to the south (across Colima Road). As conditioned, any noise generated by the proposed gasoline station, including any construction, would adhere to the LA County Noise Ordinance. The proposed gasoline station would be compatible with surrounding uses in that scope of operations would be compatible with other uses in the area.

Air Quality- The construction and operation of the gas station will operate within the ministerial requirements of the South Coast Air Quality Management District and the Project has been conditioned with the Applicant obtaining approval from the South Coast Air Quality Management District prior to issuance of either building or grading permits.
The Project will require the issuance of an Authority to Construct (ATC) and Permit to Operate (PTO) based on the South Coast Air Quality Management District's review of the Project and will utilize the latest technology to meet all local, state, and federal regulations. All tanks and dispensers are equipped with the latest Phase I and Phase II Enhanced Vapor Recovery (EVR) vapor recovery air pollution control equipment technology per GARB regulations and associated Executive Orders. The Phase I EVR equipment controls the vapors in the return path from the tanks back to the tanker truck during offloading filling operations. The Stage I EVR systems are 98 percent effective in controlling fugitive emissions from escaping into the environment. The Phase II EVR equipment controls the vapors in the return path from the vehicles back to the tanks and are 95 percent effective in controlling fugitive emissions from escaping into the environment.

Water Quality –There will be less than significant impacts to water quality because the Project will comply with all requirements set forth by the Los Angeles County Regional Water Quality Control Board and Best Management Practices (BMPs). Also, the Project is required to have an approved Low impact Development (LID) Plan and Water Quality Management Plan approved by the Engineering Department to construct.

(e) The site can be adequately served by all required utilities and public services.

The Project site is located in an urban area and is currently served by existing utilities, including water, sanitary sewer, storm drainage, electricity, and telecommunications infrastructure, which are located along the Hanover Road frontage.

In conclusion, the proposed Project has been reviewed for consistency with the requirements of the CEQA guidelines. Staff has determined that the Project is exempt pursuant to Section 15332 (In-fill Development Projects) for the reasons described above.

Exhibit F

Resolution No. CC 2025-01
(DP 23-02)

[Attached]

RESOLUTION NO. CC 2025-01

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF INDUSTRY, CALIFORNIA, APPROVING DEVELOPMENT PLAN APPLICATION NO. 23-02, FOR THE EXPANSION OF A GASOLINE SERVICE STATION, AT THE PROPERTY LOCATED AT 17550 CASTLETON STREET, CITY OF INDUSTRY, CALIFORNIA, AND MAKING FINDINGS IN SUPPORT THEREOF

RECITALS

WHEREAS, Charles Mosely, on behalf of Costco Wholesale Corporation ("Applicant"), is requesting approval of Development Plan Application No. 23-02,and Conditional Use Permit No. 23-09, to allow Costco to enlarge its existing gasoline pump canopy from 3,818 square feet to 9,418 square feet and to increase the number of multi-fuel dispensers from 8 to 15, along with associated site improvements ("Project"), for the property located at 17550 Castleton Street, City of Industry, California, further described as Assessor's Parcel Number 8265-068-010 ("Property"); and

WHEREAS, the Project is located on a developed 14.743 acre site, which is currently developed with a self-serve gasoline station, and a Costco warehouse retail building within the 26,44 acre Puente Hills East commercial center. In addition to the warehouse retail building, Costco also has an 8 dispenser (16 fuel pumps) gasoline station with a 3,818 square foot square-foot canopy that is located east of the warehouse retail building, south of Castleton Street, and west of Hanover Road; and

WHEREAS, the Applicant proposes to enlarge the existing gasoline pump canopy from 3,818 square feet to 9,418 square feet, and to increase the number of multi-fuel dispensers from 8 to 15, along with associated site improvements; and

WHEREAS, the Property has a General Plan Land Use designation and zoning designation of Commercial. In accordance with Section 17.36.020 of the City's Municipal Code ("Code"), a Development Plan Application is required for the Project; and

WHEREAS, an Environmental Assessment form was submitted by the Applicant and based on Staff's review and assessment, the proposed Project is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15332 (Class 32 In-fill development projects); and

WHEREAS, on December 10, 2024, the Planning Commission of the City of Industry conducted a duly noticed public hearing on the Project, and considered all testimony written and oral, and adopted Resolution Nos. PC 2024-21 and PC 2024-22, recommending that the City Council approve Development Plan Application No. 23-02, and Conditional Use Permit No. 23-09, and adopt a notice of exemption regarding same; and

WHEREAS, on January 10, 2025, notice of the City Council's January 23, 2025, public hearing on the Project was published in the San Gabriel Valley Tribune, in compliance with the City's Code and Government Code Section 65091, and was posted at the Property, City Hall, the City's Council Chambers, Fire Station 118, and on the City's website; and

WHEREAS, on January 10, 2025, notice of the City Council's January 23, 2025, public hearing on the application was also mailed to each property owner within 300 feet of the Property; and

WHEREAS, on January 23, 2025, the City Council of the City of Industry conducted a duly noticed public hearing on the Project, and considered all testimony written and oral; and

WHEREAS, on January 23, 2025, the City Council of the City of Industry conducted a duly noticed public hearing on the Project, and adopted Resolution No. CC 2025-03, adopting a Notice of Exemption for the Project; and

WHEREAS, all legal prerequisites prior to adoption of this Resolution have occurred.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF INDUSTRY DOES HEREBY FIND, DETERMINE AND RESOLVE AS FOLLOWS:

SECTION 1: The above Recitals are true and correct and are incorporated herein by reference.

SECTION 2: All necessary public meetings and opportunities for public testimony and comment have been conducted in compliance with State law and the City's Code.

SECTION 3: Based upon substantial evidence presented to the City Council during the January 23, 2025, public hearing, including public testimony, and written and oral staff reports, and which includes without limitation, CEQA, the CEQA Guidelines, and the City's Municipal Code, the City Council finds as follows:

(a) The site is suitable for development in accordance with the development plan.

The proposed use is situated on a parcel that is physically suitable in terms of location, size, topography, and access, and that is adequately served by public services and utilities. The Engineering Division has reviewed the site design to ensure proper onsite circulation. The site can be adequately served by public services and utilities. Additionally, the Project complies with the City's applicable development standards, requirements, and regulations of the Commercial zone in which it is located.

(b) The total development is arranged to avoid traffic congestion, ensure the public health, safety, and general welfare, or prevent adverse effects upon neighboring properties, because it has been designed to minimize any potential impacts by complying with the City's Code.

The Project does not require additional ingress or egress and would not change the overall circulation pattern throughout the site. Vehicles will exit the fueling facility in a one-way, counterclockwise direction as currently configured. New directional striping will be painted on the pavement to accommodate the fuel facility expansion and provide safe and clear directions to motorists and pedestrians.

(c) The development is in general accord with all elements of the City's Zoning Code because the Project complies with all development standards regarding building setbacks, building height, parking, access, screening, and design. The Project meets the minimum setback requirements of 30 feet from the front of the curb line by having a setback of 113 feet from Hanover Road. Further, while the maximum building height in the Commercial Zone is 50 feet, the proposed building is only approximately 14 feet 6 inches. The Project complies with the City's minimum parking requirement, as set forth in Section 17.12.050.C. of the City's Code. Pursuant to the provisions of the Code, 1,375 parking spaces are required for the overall commercial center, and 1,539 are proposed. The Project also meets the City's access requirements in that the distance between the gas pump islands is proposed at 30 feet, exceeding the City's minimum drive aisle requirement of 26 feet. There are eight driveways for vehicles entering and existing the site which comply with the City's minimum driveway width standard. These driveways are from Hanover Road, Castleton Street, Albatross Road, Almahurst Road. The driveways range in width from 30-64 feet. Two driveways off Hanover Road of 30 feet, two driveways off Castleton Street of 40 feet and 32 feet, three driveways off Albatross Road of 64 feet, 30 feet, 32 feet, and one off of Almahurst Road of 40 feet. All proposed drive aisles are a minimum of 26 feet in width, which complies with the City's minimum development standard of 26 feet. The Project complies with the minimum 12 percent landscape requirement by proposing a total of 20.9 percent or 134,408 square feet of landscaping. The proposed landscaping is located primarily around the perimeter of the site. The design of the expansion of the fuel canopy will match the design of the existing canopy area. The expansion is designed to tie into the existing architecture, utilizing similar materials, scale, and mass in order to deliver a completely unified design.

(d) The Project is consistent with the provisions of the general plan or any applicable redevelopment plan.

The Project is consistent with the general plan designation, all applicable general plan policies, and with the applicable zoning designation and regulations. The permissible land uses in the Commercial land use designation include a mixture of commercial (retail, service, tourist-serving) uses, and specifically, gasoline service stations, with approval of a conditional use permit. Additionally, the proposed expansion is consistent with the General Plan in that it complies with General Plan Goal LU2, which encourages a competitive business climate and blend of businesses that best serve the long-term economic future of the City. Additionally, the Project is consistent with General Plan Policy LU2-2, which states the City should "[a]ttract the establishment and continuation of businesses that bring new jobs and improve sales tax revenue, particularly those that increase the City's share or growing sectors of the regional and global economy. Also, to encourage businesses that contribute to a professional environment and enhance the overall value of the City of Industry as a place to conduct business."

The Project includes the expansion of the existing Costco fueling facility to accommodate seven new fuel dispensers, a canopy expansion, modifications to the site circulation, parking, and landscaping. The additional pumps would allow Costco, a region-serving center, to remain competitive by reducing queue and wait times similar to other Costco fueling station expansion projects in the San Gabriel Valley, therefore, providing a more efficient fuel purchasing experience for its members.

SECTION 5: Based on the foregoing, the City Council approves Development Plan Application No. 23-02 subject to the Conditions of Approval, attached hereto as Attachment 1, and incorporated herein by reference.

SECTION 6: The provisions of this Resolution are severable and if any provision, clause, sentence, word, or part thereof is held illegal, invalid, unconstitutional, or inapplicable to any person or circumstances, such illegality, invalidity, unconstitutionality, or inapplicability shall not affect or impair any of the remaining provisions, clauses, sentences, sections, words or parts thereof of the Resolution or their applicability to other persons or circumstances.

SECTION 7: That the City Clerk shall certify to the adoption of this Resolution and the same shall be in full force and effect.

PASSED, APPROVED AND ADOPTED by the City Council of the City of Industry at a regular meeting held on January 23, 2025, by the following vote:

AYES:	COUNCIL MEMBERS
NOES:	COUNCIL MEMBERS
ABSTAIN:	COUNCIL MEMBERS
ABSENT:	COUNCIL MEMBERS

Conditions of Approval – DP 23-02

[Attached]

CITY OF INDUSTRY

Standard Requirements and Conditions of Approval

Application: **Development Plan No. 23-02**

Applicant: **Costco Wholesale Corporation**

Location: **17550 Castleton Street, (APN 8265-068-010) City of Industry**

Proposed Use: **The construction of a 5,600 square foot fuel canopy expansion to an existing 3,818 square foot fuel canopy, and associated site improvements.**

PLANNING DIVISION

Development Plan Conditions

1. The Applicant and Property Owner shall file an executed and acknowledged Acceptance of Terms and Conditions of Development Plan No. 23-02 within 10 calendar days after the approval of said entitlements by the City Council. The Applicant and Property Owner understand and agree that approval of the Resolution for Development Plan No. 23-02 will be of no force or effect unless such written consent is submitted to the City within the stated 10-day period.

2. Failure to comply with any of the conditions set forth herein, or as subsequently amended in writing by the City, may result in failure to obtain a building final and/or a Certificate of Occupancy until full compliance is reached. The City's requirement for full compliance may require minor corrections and/or complete demolition of a noncompliant improvement, regardless of costs incurred, where the Project does not comply with design requirements and approvals that the Applicant agreed to when permits were pulled to construct the Project.

3. Construction plans submitted for Building Permits shall be in substantial compliance with plans approved by this action by the City Council. Any modifications to the use, building, site, or Project description shall be subject to review and approval by the Planning Department and may require a separate planning entitlement review process.

4. A copy of the conditions of approval provided herein shall be included in the construction documentation package for the Project, which shall be maintained on site during construction.

5. It shall be the responsibility of the Property Owner and Applicant to ensure that any required permits, inspections, and approvals from any regulatory agency shall be

obtained from the agency concerned prior to the establishment of the use.

6. Prior to issuance of either building or grading permits, the applicant shall obtain approval from the South Coast Air Quality Management District.

7. The Project uses shall always operate in a manner that is not detrimental to surrounding properties or residents by reason of lights, noise, activities, parking, or other actions.

8. All building corners shall be established by a licensed surveyor prior to construction of the foundation.

9. A complete landscape/irrigation package prepared by a landscape architect licensed by the State of California shall be reviewed and approved by the City of Industry Planning Department prior to issuance of building permits. The plans shall include the following elements: a. Water conservation concept statement. b. Calculation of maximum applied water allowance. c. Calculation of estimated total water use. d. Landscape design plan. e. Irrigation design plan. f. Certificate of substantial completion. g. The landscape plan shall demonstrate compliance with Zoning Ordinance requirements related to minimum dimensions and percentages of landscaping in parking areas, including required front yard setback landscaping.

10. Prior to the issuance of certificates of use and occupancy, the Applicant shall install said landscaping and irrigation system and shall have a licensed landscape architect or licensed landscape contractor, certify in writing that it was installed in accordance with the approved plan. Said written certification shall be submitted to the Planning Department.

11. The landscape irrigation system shall be designed to accept recycled water from future recycled water lines, which are currently being planned to be in the area. The irrigation plan, which is submitted to the City for approval per Chapter 13.18 of the Municipal Code, shall be designed and clearly noted to allow the transition from potable water to recycled water when and if recycled water lines are eventually installed in the immediate vicinity.

12. All irrigation systems shall function properly, and landscaping shall be maintained in a healthy and thriving condition. The maintenance of landscaping and the irrigation system shall be permanently provided for all areas of the Project site, as well as walkways and the portion of public rights-of-way abutting the Project site. Furthermore, the plans shall identify responsibility for the continued maintenance.

13. Trash enclosures shall be provided with three decorative walls, enhanced wall caps, a pedestrian entrance, a gate, and a structural steel cover, in a style compatible with the structure's architecture. The gate shall be maintained in working order and shall remain closed except when it is in use.

14. Storage use and removal of toxic substances, solid waste, and flammable liquids shall conform to all applicable federal, state, and local regulations. All required licensing shall always be maintained in good order.

15. All proposed mechanical units, air conditioning equipment, blowers, make-up air units, ducts, etc. shall be shown on the building permit plans. The Applicant shall effectively screen from view all ducts, blowers, air conditioning equipment, and any other mechanical equipment, whether on the structure, on the ground, or on the roof, with materials architecturally compatible with the building. Screening details shall be shown on the plans submitted for issuance of building permits, the adequacy of which shall be determined by the Planning Department. All required screenings shall be provided prior to occupancy. The construction plans shall include appropriate elevations and cross-section drawings demonstrating how such equipment is to be screened from view (include dimensions, materials, colors, etc.).

16. All ground mounted utility structures such as transformers and back flow prevention valves shall be located out of view from a public street or screened using landscaping and/or masonry walls.

17. Bumper guard or wheel stops shall be provided, where necessary, to protect the structure or parked vehicle.

18. The Applicant, and/or Property Owner shall arrange for a final inspection by representatives of the City of Industry Planning Department, the Los Angeles County Building and Safety Department, the City of Industry Public Works Department, and the Los Angeles County Fire Department prior to the release of certificate of occupancy. Any discrepancy between the approved plans and the field conditions shall be remedied prior to occupancy such that the field condition is consistent with the approved plans.

19. Pedestrian paths shall be maintained in such manner to allow the safe and convenient passage of people across drive aisles. Pedestrian pathways shall be clearly marked with paint and/or enhanced paving materials and designated with adequate and appropriate signage. Pedestrian pathways adjacent to drive aisles shall be separated by a raised curb or other device to ensure a safe and adequate separation between pedestrians and motor vehicles.

20. Prior to any permit issuance, the Applicant shall provide a letter to the Planning Department that certifies that the following will be adhere to during all stages of development:

    - All equipment used on site meets the EPA Tier 4 Interim emissions standards for off-road diesel-powered construction equipment with more than 50 horsepower, unless it can be demonstrated to the City that such equipment is not available. Any emissions control device used by the contractor shall achieve emissions reductions that are no less than what could be achieved by a Level 4 diesel emissions control strategy for a similarly sized engine, as defined by CARB's regulations.

    - All equipment used on site has emission noise control parts in place and have not been altered in any way from their initial condition as delivered from the

factory.

- A list of all operating equipment in use on the construction site including the make, model, and numbers of each piece of equipment.

- All equipment shall be properly serviced and maintained in accordance with the manufacturer's recommendations.

- All nonessential idling of construction equipment is limited to no more than five minutes or less in compliance with Section 2449 of the California Code of Regulations, Title 13, Article 4.8, Chapter 9.

21. Prior to issuance of a grading permit, the Applicant shall provide the name and telephone number to the Planning Department of an assigned construction relations officer to function as a community liaison concerning on-site activity, including resolution of issues related to dust generation from grading/paving activities.

22. A note shall be added to the building plans stating that the construction contractor shall only use interior and exterior paints with a VOC content of 90 grams per liter (g/L) or less for the building structures to reduce VOC emissions. Prior to issuance of building permits, the construction contractor shall provide documentation to the satisfaction of the Planning Department that verifies use of coatings with a VOC content of 90 g/L or less.

23. The Applicant/Property Owner shall comply with all surface drainage and driveway requirements set forth in the City's Code.

BUILDING DIVISION

24. The Project shall comply with the adopted California Model Code (California Code of Regulations, Title 24).

25. The Project shall comply with the applicable provisions of the California Green Building Standards Code and provide at least 15% of the rooftop area for solar photovoltaic power.

26. Prior to the issuance of any permit, a soils report is required to be submitted to the Building Division for review and approval.

27. The Project shall provide Americans with Disabilities Act (ADA) compliance accessibility to public right-of-way.

28. The Project shall provide Americans with Disabilities Act (ADA) compliance throughout the site.

PUBLIC WORKS AND ENGINEERING

29. The Applicant shall provide drainage and grading plans to be approved by the City

Engineer prior to the issuance of a building permit. Such plans shall be in substantial conformity with the development plans.

30. The Applicant shall construct curb, gutter, pave-out, necessary drainage facilities, in accordance with City standards and specifications.

31. The Applicant shall construct storm drains and water quality devices to the satisfaction of the City Engineer prior to the final approval of the development and the hook-up of utilities.

32. In conformance with Chapter 13.16 of the Municipal Code and prior to the start of grading and construction, the Applicant will implement an effective combination of erosion and sediment control BMPs consistent with the NPDES construction general permit to prevent erosion and sediment loss and the discharge of construction wastes, to the satisfaction of the City Engineer, which shall be in the form of a storm water soil loss prevention plan (also called an erosion control plan or a water pollution control plan).

33. In conformance with Chapter 13.16 of the Municipal Code, the Applicant shall provide: 1) a Low Impact Development (LID) plan; and 2) an operations, maintenance, and monitoring plan to the City Engineer for review and approval. Upon approval, the Applicant shall construct storm drains and water quality devices according to the approved plans and the satisfaction of the City Engineer. Prior to building final and/or issuance of the certificate of occupancy, the Applicant shall provide the City Engineer with a signed and recorded covenant and agreement stating that the Property and all structural or treatment control Best Management Practices (BMPs) will be maintained in compliance with the municipal NPDES permit (also sometimes called the MS4 permit) and other applicable regulatory requirements.

34. In conformance with Chapter 13.16 of the Municipal Code, all future owners or successors of a property subject to a requirement for maintenance of structural and treatment control BMPs must either: 1) assume responsibility for maintenance of any existing structural or treatment control BMPs at least once a year and retain proof of maintenance/inspection for review by the City Engineer upon request; or 2) replace an existing structural or treatment control BMP with new control measures or BMPs meeting the then current standards of the City and the municipal NPDES permit. Prior to building final and/or issuance of the certificate of occupancy, this requirement will be included in a recorded restrictive covenant on Property and included in any sale or lease agreement or deed of the Property.

35. Prior to obtaining a Certificate of Occupancy Applicant shall submit digital copies of as-built plans to the City Engineer.

CODE REQUIREMENTS AND STANDARDS

The following is a list of general planning conditions, code requirements and standards deemed applicable to the proposed Project. The list is intended to assist the Applicant by identifying requirements that must be satisfied during the various stages of Project permitting, implementation, and operation. It should be noted that this list is in addition to any "conditions of approval" adopted by the City Council and noted above. Please note that if the design of your Project or site conditions changes, the list may also change. If you have any questions regarding these requirements, please contact the City of Industry.

36. The Applicant and/or successor in interest shall comply with all Federal, State, County, and local laws, rules, and ordinances.

37. The Applicant shall pay off all existing deficit deposit accounts associated with processing this permit. The Applicant shall provide a receipt to the Planning Department, which shows that all discretionary deposit accounts have been paid. No Certificate of Occupancy or Final Planning Division Inspection can be issued/completed if there are deficit deposit accounts.

38. Current and future property owners, business managers, operators, successors, assigns, etc. are responsible for ensuring and complying with all conditions of approval contained herein.

39. The Applicant shall abide and continue to comply with all previous City approvals, permits, or requirements relating to the subject property, unless explicitly superseded or revised by this approval.

40. The Applicant/Property Owner shall construct adequate fire protection facilities to the satisfaction of the Los Angeles County Fire Department.

41. The Applicant/Property Owner shall supply sanitary sewer facilities to serve all buildings to the satisfaction of the City Engineer. One sewer connection per parcel is permitted and, in the case of multiple units or buildings, all sewer lines must join at the connection point.

42. The Applicant/Property Owner shall provide drainage and grading plans to be approved by the City Engineer prior to the issuance of any building permit. Such plans shall be in substantial conformity with the approved development plans.

43. In conformance with Chapter 13.16 of the Municipal Code and prior to the start of grading and construction, the Applicant/Property Owner shall provide a Storm Water Pollution Prevention Plan (SWPPP), developed by a Qualified SWPPP Developer (QSD) and consistent with the current National Pollutant Discharge Elimination System (NPDES) construction general permit, along with proof that a Waste Discharger Identification (WDID) Number has been obtained, to the City Engineer for review and approval.

44. Demolition and construction operations shall be limited to the hours prescribed by the Los Angeles County Noise Ordinance (Los Angeles County Code, Section 12.08.390).

45. Should archeological resources be uncovered during site preparation, grading, or excavation, work shall be stopped for a period not to exceed 14 days. The find shall be immediately evaluated for significance by a county-certified archaeologist. If the archaeological resources are found to be significant, the archaeologist shall perform data recovery, professional identification, radiocarbon dates as applicable, and other special studies; submit resources to the California State University Fullerton; and

provide a comprehensive final report including appropriate records for the California Department of Parks and Recreation (Building, Structure, and Object Record; Archaeological Site Record; or District Record, as applicable).

46. Hours of construction are limited to 7:00 am to 7:00 pm Monday through Saturday with no construction work on Sundays.

INTERPRETATION AND ENFORCEMENT

47. The City of Industry Planning Department, the Los Angeles County Building and Safety Department, the City of Industry Public Works Department, and the Los Angeles County Fire Department shall be responsible for ensuring compliance with all applicable code requirements and conditions of approval.

48. The Planning Department may interpret the implementation of each condition of approval and, with advanced notice, grant minor amendments to approved plans and/or conditions of approval based on changed circumstances, latest information, and/or relevant factors if the spirit and intent of the approved condition of approval is satisfied. Permits shall not be issued until the proposed minor amendment has been reviewed and approved for conformance with the intent of the approved condition of approval. If the proposed changes are substantial in nature, an amendment to the original entitlement may be required pursuant to the provisions of Industry Municipal Code.

INDEMNIFICATION

49. The Applicant and any of its heirs, successors and assigns, shall defend, indemnify, and hold harmless the City and its elected officials, officers, employees, agents and volunteers ("City Indemnitees") from any claim, action or proceedings, liability cost, including attorneys' fees and costs against the City Indemnitees, caused or alleged to have been caused by reason of the Applicant's activities in connection with and Development Plan No. 23-02. This indemnity provision applies to all damages and claims for damages, as described above, regardless of whether the City prepared, supplied, or approved the plans, specifications, or other documents for and Development Plan No. 23-02.

    In the event of any legal action challenging the validity, applicability, or interpretation of any provision of this approval, including the environmental review, or any other supporting document relating to Development Plan 23-02, the Applicant and its successors and assigns, shall indemnify, defend and hold harmless the City Indemnitees, and each of them, with respect to all liability, costs and expenses incurred by, and/or awarded against, the City Indemnitees in relation to such action. The City shall have the right to select counsel of its choice.

    The City shall promptly notify Applicant of any claim, action or proceeding, and shall cooperate fully in the defense thereof.

Exhibit G

Resolution No. CC 2025-02
(CUP 23-09)

[Attached]

RESOLUTION NO. CC 2025-02

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF INDUSTRY, CALIFORNIA, APPROVING CONDITIONAL USE PERMIT NO. 23-09, TO ALLOW FOR THE EXPANSION AND OPERATION OF A GASOLINE SERVICE STATION, AT THE PROPERTY LOCATED AT 17550 CASTLETON STREET, CITY OF INDUSTRY, CALIFORNIA, AND MAKING FINDINGS IN SUPPORT THEREOF

RECITALS

WHEREAS, Charles Mosely, on behalf of Costco Wholesale Corporation ("Applicant"), is requesting approval of Development Plan Application No. 23-02, and Conditional Use Permit No. 23-09, to allow Costco to enlarge its existing gasoline pump canopy from 3,818 square feet to 9,418 square feet, and increase the number of multi-fuel dispensers from 8 to 15, along with associated site improvements ("Project"), for the property located at 17550 Castleton Street, City of Industry, California, further described as Assessor's Parcel Number 8265-068-010 ("Property"); and

WHEREAS, the Project is located on a developed 14.743 acre site, which is currently developed with a self-serve gasoline station, and a Costco warehouse retail building within the 26,44 acre Puente Hills East commercial center. In addition to the warehouse retail building, Costco also has an 8 dispenser (16 fuel pumps) gasoline station with a 3,818 square foot square-foot canopy that is located east of the warehouse retail building, south of Castleton Street, and west of Hanover Road; and

WHEREAS, the Applicant proposes to enlarge the existing gasoline pump canopy from 3,818 square feet to 9,418 square feet, and to increase the number of multi-fuel dispensers from 8 to 15, along with associated site improvements; and

WHEREAS, the Property has a General Plan Land Use designation and zoning designation of Commercial. In accordance with Section 17.12.025.8 of the City's Municipal Code ("Code"), a Conditional Use Permit is required to permit a gasoline service station in the Commercial zone; and

WHEREAS, an Environmental Assessment form was submitted by the Applicant and based on Staff's review and assessment, the proposed Project is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15332 (Class 32 In-fill development projects); and

WHEREAS, on December 10, 2024, the Planning Commission of the City of Industry conducted a duly noticed public hearing on the Project, and considered all testimony written and oral, and adopted Resolution Nos. PC 2024-21 and PC 2024-22, recommending that the City Council approve Development Plan Application No. 23-02, and Conditional Use Permit No. 23-09, and adopt a notice of exemption regarding same; and

WHEREAS, on January 10, 2025, notice of the City Council's January 23, 2025, public hearing on the Project was published in the San Gabriel Valley Tribune, in compliance with the City's Code and Government Code Section 65091, and was posted at the Property, City Hall, the City's Council Chambers, Fire Station 118, and on the City's website; and

WHEREAS, on January 10, 2025, notice of the City Council's January 23, 2025, public hearing on the application was also mailed to each property owner within 300 feet of the Property; and

WHEREAS, on January 23, 2025, the City Council of the City of Industry conducted a duly noticed public hearing on the Project, and considered all testimony written and oral; and

WHEREAS, on January 23, 2025, the City Council of the City of Industry conducted a duly noticed public hearing on the Project, and adopted Resolution No. CC 2025-03, adopting a Notice of Exemption for the Project; and

WHEREAS, all legal prerequisites prior to adoption of this Resolution have occurred.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF INDUSTRY DOES HEREBY FIND, DETERMINE AND RESOLVE AS FOLLOWS:

SECTION 1: The above Recitals are true and correct and are incorporated herein by reference.

SECTION 2: All necessary public meetings and opportunities for public testimony and comment have been conducted in compliance with State law and the City's Code.

SECTION 3: Based upon substantial evidence presented to the City Council during the January 23, 2025, public hearing, including public testimony and written and oral staff reports, and which includes without limitation, CEQA, the CEQA Guidelines, and the City's Municipal Code, the City Council finds as follows:

(a) The proposed use is consistent with the goals and objectives of the general plan and any applicable redevelopment plan.

The Project is consistent with the general plan designation, all applicable general plan policies, and with the applicable zoning designation and regulations. The permissible land uses in the Commercial land use designation include a mixture of commercial (retail, service, tourist-serving) uses, and specifically, gasoline service stations, with approval of a conditional use permit. Additionally, the proposed expansion is consistent with the General Plan in that it complies with General Plan Goal LU2, which encourages a competitive business climate and blend of businesses that best serve the long-term economic future of the City. Additionally, the Project is consistent with General Plan Policy LU2-2, which states the City should "[a]ttract the establishment and continuation of businesses that bring new jobs and improve sales tax revenue, particularly those that increase the City's share or growing sectors of the regional and global economy. Also, to encourage businesses that contribute to a professional environment and enhance the overall value of the City of Industry as a place to conduct business."

The Project includes the expansion of the existing Costco fueling facility to accommodate

seven new fuel dispensers, a canopy expansion, modifications to the site circulation, parking, and landscaping. The additional pumps would allow Costco, a region-serving center, to remain competitive by reducing queue and wait times similar to other Costco fueling station expansion projects in the San Gabriel Valley, therefore, providing a more efficient fuel purchasing experience for its members.

(b) The site is adequate in size, shape, topography and location for the proposed use and there will be adequate utilities to accommodate the proposed use.

The site is adequate in size, shape, topography and location for the proposed use and there will be adequate utilities to accommodate the proposed use. The fuel canopy expansion and proposed site improvements occurs on 0.618-acres of the 14.743 acre site which is adequate for the continued use of the site as a gasoline station. The expansion complies with the City's applicable development standards relating to building height, setbacks, lot coverage, landscaping, and circulation. The site is served by all necessary utilities, including water, sewer, gas, and electric services, which will continue to adequately supply the gasoline station. There are no physical constraints on the site that would impact the continued use of the service station.

(c) There will be adequate street access, traffic circulation and parking capacity for the proposed use.

There will be adequate street access, traffic circulation and parking capacity for the proposed use. Castleton Street and Hanover Road are existing improved streets with pedestrian access from the sidewalk. Castleton Street and Hanover Road are adequate in width and pavement type to carry the traffic generated by the proposed use. Pursuant to Section 17.36.060 k(1)(b). of the City's Code, parking spaces must provide at a minimum ratio of one space per two hundred fifty square feet of floor area within the structures served by such spaces. The Project site Applicant is proposing a total of 1,375 parking spaces, thereby complying with the City's parking requirement.

The Project does not require additional ingress or egress and would not change the overall circulation pattern throughout the site. Vehicles will exit the fueling facility in a one-way, counterclockwise direction as currently configured. New directional striping will be painted on the pavement to accommodate the fuel facility expansion and provide safe and clear directions to motorists and pedestrians

(d) The proposed use is compatible with the surrounding properties and uses; in making this finding, consideration shall be given to the potential for changes in the uses of surrounding properties.

The Project is the expansion of the existing gasoline fueling station, which has existed on the site since 2000. The project site is suited for a commercial use. The proposed use is considered suitable based on the current commercial uses of nearby properties, and it also takes into account the possibility that those surrounding uses might change in the future, ensuring the proposed use would still be appropriate even with potential neighborhood developments. The Project site is surrounded by like uses to the north, west, east, and

south. As conditioned, the use will be compatible with surrounding properties and is consistent with applicable requirements regulating such use.

(e) The proposed use will not be detrimental to the public health, safety, or general welfare.

Granting the CUP would not be detrimental to the public health, safety, or welfare of people residing or working in the neighborhood because the Project would expand an existing use that is consistent with the General Plan and allowed by zoning. The Project is also compatible with commercial uses in the vicinity, including auto-related services and gas stations. Moreover, the proposed improvements are set back from neighboring properties and thus will not be materially injurious to nearby properties or improvements.

SECTION 5: Based on the foregoing, the City Council hereby approves Conditional Use Permit No. 23-09 subject to the Conditions of Approval, attached hereto as Attachment 1, and incorporated herein by reference.

SECTION 6: The provisions of this Resolution are severable and if any provision, clause, sentence, word, or part thereof is held illegal, invalid, unconstitutional, or inapplicable to any person or circumstances, such illegality, invalidity, unconstitutionality, or inapplicability shall not affect or impair any of the remaining provisions, clauses, sentences, sections, words, or parts thereof of the Resolution or their applicability to other persons or circumstances.

SECTION 7: The City Clerk shall certify the adoption of this Resolution and the same shall be in full force and effect.

PASSED, APPROVED AND ADOPTED by the City Council of the City of Industry at a regular meeting held on January 23, 2025, by the following vote:

Conditions of Approval – CUP 23-09

[Attached]

CITY OF INDUSTRY

ATTACHMENT 1

Standard Requirements and Conditions of Approval

Application: **Conditional Use Permit 23-09**

Applicant: **Costco Wholesale Corporation**

Location: **17550 Castleton Street, (APN 8265-068-010) City of Industry**

Proposed Use: **A self-serve gasoline station**

PLANNING DIVISION

Conditional Use Permit Conditions

1. The approved use is a gas station and for no other use.

2. The Applicant and Property Owner shall file an executed and acknowledged Acceptance of Terms and Conditions of the Conditional Use Permit within 10 days after the approval of said entitlement. The Applicant and Property Owner understand and agree that approval of the Resolution and Conditional Use Permit will be of no force or effect unless such written consent is submitted to the City within the stated 10-day period.

3. Pursuant to Section 17.04.100 of the City's Code, if the use for which this CUP was granted is discontinued for a period of 180 days or more, such use shall not be re-established, and the matter may be referred to the Planning Commission to initiate the proceedings for the revocation of this CUP.

4. Noncompliance with any Condition of Approval shall constitute a violation of the City's Code. Violations may be enforced in accordance with the provisions of Title 17 of the City's Code, and any other applicable ordinance, rule, or law.

5. Current and future property owners, business managers, operators, successors, assigns, etc. shall be responsible for ensuring and complying with all conditions of approval contained herein.

6. The Applicant and/or successor in interest shall comply with all Federal, State, County, and local laws, rules, and ordinances.

7. The Applicant shall operate in accordance with approved plans and specifications on file with the City of Industry Planning Department and shall be in compliance with all conditions of approval of Conditional Use Permit No. CUP-23-09, as approved by the City Council.

8. Prior to operation of the use/business approved by the CUP, the Applicant shall contact the Planning Department and schedule a final inspection. The Planning Department will inspect the premises to ensure compliance with all approved conditions of approval and requirements.

9. These conditions of approval shall be posted on-site and acknowledged by all management of the business and the property owner. It shall be the applicant/business owner's responsibility to provide these records to the City of Industry Planning Department upon request.

10. Upon the one (1) year anniversary of approval of the CUP, staff shall bring back the CUP for review and evaluation by the Planning Commission of the Applicant/Owner's operation of the facility, which may include the modification of any existing condition of approval and/or the incorporation of any new conditions.

Business Operations

11. All current and future business owners shall have a valid business license to operate the gasoline station.

12. Expansion of use beyond the scope and nature described in this Conditional Use Permit No. 23-09, which would increase the projected scale of operations, shall not be permitted except upon application for and approval of modification to this Conditional Use Permit.

13. All uses allowed by the conditional use permit shall be within the approved space. No storage shall take place outdoors.

14. The Applicant and successors shall always operate the Property in a safe and sanitary manner, including compliance with curfew and daytime loitering regulations pursuant to the provisions of Title 17 of the City's Code. Continued or repeated violations of any municipal or health code, or other violation, as determined by the City of Industry, the Los Angeles County Sheriff's Department, the Los Angeles County Health Services Department, ABC, or Los Angeles County Fire Department, may be grounds for initiation of proceedings for the revocation of this CUP.

15. Adequate litter receptacles shall be provided. All litter shall be removed from the exterior areas as required and no less frequently than once each day this business is open.

16. The hours of operation shall be 5:30am – 9:30pm Monday through Thursday, 6:00am – 8:00pm on Saturday, and 6:00am – 7:30pm on Sunday.

17. The parking lot of the premises shall be equipped with lighting of sufficient power to illuminate and easily make the appearance and conduct of all the people on or around the parking lot discernible.

18. The use of any amplifying systems, outdoor sound system and paging system or any other such device is prohibited on the licensed premises.

Code Requirements and Standards

The following is a list of Municipal Code requirements and standards deemed applicable to the proposed project. The list is intended to assist the applicant by identifying requirements that must be satisfied during the various stages of project permitting, implementation, and operation. It should be noted that this list is in addition to any "conditions of approval" adopted by the Planning Commission and noted above. Please note that if the design of your project or site conditions changes, the list may also change. If you have any questions regarding these requirements, please contact the City of Industry.

19. The entire property is subject to inspection by the Los Angeles County Sheriff's Department and/or City representative at any reasonable time without prior notification.

20. Off-street parking shall always be provided in accordance with the originally approved site plan and shall be maintained in a clean and attractive manner (trash, litter, or other materials shall be removed regularly).

21. All landscaped areas shall be maintained in accordance with the originally approved landscaping plan, in a healthy and well-kept condition, and kept weed free.

22. All trash containers shall be kept inside a building or in a designated trash enclosure.

23. Emergency fire facilities (hydrants) shall always be kept free and unobstructed.

24. No outside storage of any private property, building materials, or other property not permanently affixed to the real property shall be allowed, unless approved by the Planning Department.

25. No outside display of goods, wares, or merchandise shall be permitted, unless approved by the Planning Department.

26. Any graffiti painted or marked upon the premises or any adjacent area under the control of the permittee shall be removed or painted over within 72 hours of being applied.

27. Adequate lighting will always be provided in the parking areas in accordance with the originally approved site plan.

28. The City must approve all signs, banners, pennants, flags or other outside advertising materials or structures.

29. The Applicant is responsible for acquainting all employees with these rules and all local, county, state, or federal laws.

30. Any violation of these conditions or any local, county, state or federal laws may constitute grounds for revocation or suspension of the CUP.

31. The Property Owner shall maintain all perimeter walls, fencing, and public areas.

Interpretation and Enforcement

32. The Applicant shall comply with all applicable Code requirements, conditions of approval, laws, rules, and regulations applicable to the development of the project.

33. The Planning Department may interpret the implementation of each condition of approval and, with advanced notice, grant minor amendments to approved plans and/or conditions of approval based on changed circumstances, added information, and/or relevant factors if the spirit and intent of the approved condition of approval is satisfied. Permits shall not be issued until the proposed minor amendment has been reviewed and approved for conformance with the intent of the approved condition of approval. If the proposed changes are substantial in nature, an amendment to the original entitlement may be required pursuant to the provisions of the Industry Municipal Code.

34. The Planning Department, Engineering Department, and contract agencies (Los Angeles County Fire Department, Los Angeles Department of Building and Safety) shall be responsible for ensuring compliance with all applicable code requirements and conditions of approval.

35. If the Planning Department finds evidence that conditions of approval have not been fulfilled or the use has resulted in a substantial adverse effect on the health and/or general welfare of uses of adjacent or proximate property or have a substantial adverse impact on public facilities or services, the Planning Department may refer CUP No. 23-09 back to the Planning Commission for review. If, upon review of the matter, the Planning Commission finds that any of the results above have occurred, the Planning Commission may modify or revoke CUP No. 23-09.

Indemnification

36. The Applicant and any of its heirs, successors and assigns, shall defend, indemnify, and hold harmless the City and its elected officials, officers, employees, agents and volunteers ("City Indemnitees") from any claim, action or proceedings, liability cost, including attorneys' fees and costs against the City Indemnitees, caused or alleged to have been caused by reason of the Applicant's activities in connection with CUP No. 23-09. This indemnity provision applies to all damages and claims for damages, as described above, regardless of whether the City prepared, supplied, or approved the plans, specifications, or other documents for CUP No. 23-09.

In the event of any legal action challenging the validity, applicability, or interpretation of any provision of this approval, including the environmental review, or any other supporting document relating to CUP No. 23-09, the Applicant and its successors and assigns, shall indemnify, defend and hold harmless the City Indemnitees, and each of them, with respect to all liability, costs and expenses incurred by, and/or awarded against, the City Indemnitees in relation to such action. The City shall have the right to select counsel of its choice.

The City shall promptly notify Applicant of any claim, action or proceeding, and shall cooperate fully in the defense thereof.

RESOLUTION NO. CC 2025-03

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF INDUSTRY ADOPTING A NOTICE OF EXEMPTION PURSUANT TO SECTION 15332 OF TITLE 14 OF THE CALIFORNIA CODE OF REGULATIONS, FOR DEVELOPMENT PLAN APPLICATION NO. 23-02, AND CONDITIONAL USE PERMIT 23-09 TO ALLOW COSTCO TO ENLARGE ITS EXISTING GASOLINE PUMP CANOPY FROM 3,818 SQUARE FEET TO 9,418 SQUARE FEET, INCREASE THE NUMBER OF MULTI-FUEL DISPENSERS FROM 8 TO 15, AND MAKE ASSOCIATED SITE IMPROVEMENTS AT 17550 CASTLETON STREET, CITY OF INDUSTRY, CALIFORNIA

RECITALS

WHEREAS, Charles Mosely, on behalf of Costco Wholesale Corporation ("Applicant"), is requesting approval of Development Plan Application No. 23-02,and Conditional Use Permit No. 23-09, to allow Costco to enlarge its existing gasoline pump canopy from 3,818 square feet to 9,418 square feet and to increase the number of multi-fuel dispensers from 8 to 15, along with associated site improvements ("Project"), for the property located at 17550 Castleton Street, City of Industry, California, further described as Assessor's Parcel Number 8265-068-010 ("Property"); and

WHEREAS, the Project is located on a developed 14.743 acre site, which is currently developed with a self-serve gasoline station, and a Costco warehouse retail building within the 26,44 acre Puente Hills East commercial center. In addition to the warehouse retail building, Costco also has an 8 dispenser (16 fuel pumps) gasoline station with a 3,818 square foot square-foot canopy that is located east of the warehouse retail building, south of Castleton Street, and west of Hanover Road; and

WHEREAS, the Applicant proposes to enlarge the existing gasoline pump canopy from 3,818 square feet to 9,418 square feet, and to increase the number of multi-fuel dispensers from 8 to 15, along with associated site improvements; and

WHEREAS, the Land Use Element of the General Plan designates the Project as Commercial. The Project is consistent with the General Plan because the Commercial designation allows for commercial uses, including gas stations; and

WHEREAS, in accordance with Section 17.36.020 of the City's Municipal Code ("Code"), a Development Plan Application is required for the Project in order to construct and building or structure; and

WHEREAS, based upon the information received and Staff's review and assessment, the Project was determined not to have a significant impact on the environment and is categorically exempt from the California Environmental Quality Act ("CEQA") pursuant to Section 15332 Class 32 (In-Fill Development) of CEQA; and

WHEREAS, a duly noted public hearing on the Development Plan and Conditional Use Permit applications was held before the Planning Commission on December 10, 2024; and

WHEREAS, the Planning Commission recommended that the City Council approve the Development Plan and Conditional Use Permit, and adopt a Notice of Exemption for the Project, pursuant to Section 15332 of the CEQA Guidelines (Class 32 In-fill development projects); and

WHEREAS, on January 10, 2025, notice of the City Council's January 23, 2025, public hearing on the Project was published in the San Gabriel Valley Tribune, in compliance with the City's Code and Government Code Section 65091, and was posted at the Property, City Hall, the City's Council Chambers, Fire Station 118, and on the City's website; and

WHEREAS, on January 10, 2025, notice of the City Council's January 23, 2025, public hearing on the Project was also mailed to each property owner within 300 feet of the Property; and

WHEREAS, on January 23, 2025, the City Council of the City of Industry conducted a duly noticed public hearing on the Project, and considered all testimony written and oral; and

WHEREAS, all legal prerequisites to the adoption of this Resolution have occurred.

NOW THEREFORE, the City Council of the City of Industry hereby finds, determines, and resolves as follows:

SECTION 1: The City Council finds that all of the facts set forth in the Recitals are true and correct and are incorporated herein by reference.

SECTION 2: All necessary public hearings and opportunities for public testimony and comments have been conducted in compliance with State law and the Industry Municipal Code.

SECTION 3: Based on substantial evidence presented to the City Council during the January 23, 2025, public hearing, including public testimony and written and oral staff reports, and without limitation, CEQA, the CEQA Guidelines, the Notice of Exemption, and the City's Code the City Council makes the following findings:

(a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.

The Project is consistent with the general plan designation, all applicable general plan policies, and with the applicable zoning designation and regulations. The permissible land uses in the Commercial land use designation include a mixture of commercial (retail, service, tourist-serving) uses, and specifically, gasoline service stations, with approval of a conditional use permit. Additionally, the proposed expansion is consistent with the General Plan in that it complies with General Plan Goal LU2, which encourages a competitive business climate and blend of businesses that best serve the long-term economic future of the City. Additionally, the Project is consistent with General Plan Policy LU2-2, which states the City should "[a]ttract the establishment and continuation of businesses that bring new jobs and improve sales tax revenue, particularly those that increase the City's share or growing sectors of the regional and

global economy. Also, to encourage businesses that contribute to a professional environment and enhance the overall value of the City of Industry as a place to conduct business."

The Project includes the expansion of the existing Costco fueling facility to accommodate seven new fuel dispensers, a canopy expansion, modifications to the site circulation, parking, and landscaping. The additional pumps would allow Costco, a region-serving center, to remain competitive by reducing queue and wait times similar to other Costco fueling station expansion projects in the San Gabriel Valley, therefore, providing a more efficient fuel purchasing experience for its members.

(b) The proposed development occurs within city limits on a project site of no more than five acres surrounded by urban uses.

The Project occurs within City limits on a Project site that is 0.618 acres and is surrounded by urban uses to the north, south, east, and west. The Property is oddly shaped and is south of Castleton Street and west of Hanover Road. While the project is located on a 14.743-acre property, the actual construction will occur on 0.618 acres of the total site. The Project consists of an expansion to the existing fuel canopy, which will only disturb 0.618 acres of the Property, and therefore the infill exemption may be utilized.

(c) The project site has no value as habitat for endangered, rare, or threatened species.

The Project site has no value as habitat for endangered, rare, or threatened species since the site was originally disturbed in 2000. The site does not contain any endangered habitat because it is a developed lot that has existing commercial buildings, and the land was disturbed when the original buildings were built.

(d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

Traffic –Less than significant traffic impacts are anticipated because the proposed development does not exceed the City's adopted VMT baseline and thresholds of significance and was screened out from further traffic analysis.

Noise – The location of the proposed use is surrounded by an existing retail commercial area and is not located immediately adjacent to any sensitive uses. The nearest residential area is 1,000 feet to the south (across Colima Road). As conditioned, any noise generated by the proposed gasoline station, including any construction, would adhere to the LA County Noise Ordinance. The proposed gasoline station would be compatible with surrounding uses in that scope of operations would be compatible with other uses in the area.

Air Quality- The construction and operation of the gas station will operate within the ministerial requirements of the South Coast Air Quality Management District and the Project has been conditioned with the Applicant obtaining approval from the South Coast Air Quality Management District prior to issuance of either building or grading permits.

The Project will require the issuance of an Authority to Construct (ATC) and Permit to Operate (PTO) based on the South Coast Air Quality Management District's review of the Project and will utilize the latest technology to meet all local, state, and federal regulations. All tanks and dispensers are equipped with latest Phase I and Phase II Enhanced Vapor Recovery (EVR) vapor recovery air pollution control equipment technology per GARB regulations and associated Executive Orders. The Phase I EVR equipment controls the vapors in the return path from the tanks back to the tanker truck during offloading filling operations. The Stage I EVR systems are 98 percent effective in controlling fugitive emissions from escaping into the environment. The Phase II EVR equipment controls the vapors in the return path from the vehicles back to the tanks and are 95 percent effective in controlling fugitive emissions from escaping into the environment.

Water Quality –There will be less than significant impacts to water quality because the Project will comply with all requirements set forth by the Los Angeles County Regional Water Quality Control Board and Best Management Practices (BMPs). Also, the Project is required to have an approved Low impact Development (LID) Plan and Water Quality Management Plan approved by the Engineering Department to construct.

(e) The site can be adequately served by all required utilities and public services.

The Project site is located in an urban area and is currently served by existing utilities, including water, sanitary sewer, storm drainage, electricity, and telecommunications infrastructure, which are located along the Hanover Road frontage.

SECTION 4: Based on the foregoing, the City Council hereby adopts a Notice of Exemption for the Project, pursuant to Section 15332 of the CEQA Guidelines (Class 32 In-fill development projects), and directs Staff to file same as required by law.

SECTION 5: The provisions of this Resolution are severable and if any provision, clause, sentence, word, or part thereof is held illegal, invalid, unconstitutional, or inapplicable to any person or circumstances, such illegality, invalidity, unconstitutionality, or inapplicability shall not affect or impair any of the remaining provisions, clauses, sentences, sections, words, or parts thereof of the Resolution or their applicability to other persons or circumstances.

SECTION 6: The City Clerk shall certify the adoption of this Resolution and the same shall be in full force and effect.

PASSED, APPROVED AND ADOPTED by the City Council of the City of Industry at a regular meeting held on January 23, 2025, by the following vote:

AYES:	COUNCIL MEMBERS:
NOES:	COUNCIL MEMBERS:
ABSTAIN:	COUNCIL MEMBERS:
ABSENT:	COUNCIL MEMBERS:

Cory C. Moss, Mayor
