City of Industry, Los Angeles County, California 91745
Terracon Project No. LA237559A

Dear Mr. Forner:

Terracon Consultants, Inc. (Terracon) is pleased to submit the enclosed Phase I Environmental Site Assessment (ESA) report for the above-referenced subject property (hereinafter known as the "site"). This assessment was performed in accordance with our Master Services Agreement, dated September 15, 2022, Terracon Task Order, dated August 5, 2024 and Work Authorization, dated August 5, 2024.

We appreciate the opportunity to be of service to you on this project. In addition to Phase I services, our professionals provide other environmental, geotechnical, construction materials, and facilities services on a wide variety of projects locally, regionally, and nationally. For more detailed information on all of Terracon's services please visit our website at www.terracon.com. If there are any questions regarding this report or if we may be of further assistance, please do not hesitate to contact us.

Sincerely,

Terracon Consultants, Inc.

Laura S. Hedman

Executive Summary

This Phase I Environmental Site Assessment (ESA) was performed in accordance with our Master Services Agreement, dated September 15, 2022, Terracon Task Order, dated August 5, 2024 and Work Authorization, dated August 5, 2024, and was conducted consistent with the procedures included in ASTM E1527-21, *Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process*. The purpose of this ESA was to assist the client in developing information to identify recognized environmental conditions (RECs) in connection with the site as reflected by the scope of this report. The ESA was conducted under the supervision or responsible charge of Laura S. Hedman, Environmental Professional. Dean Mantelzak performed the site reconnaissance on August 21, 2024.

Findings and Opinions

A summary of findings is provided below. It should be recognized that details were not included or fully developed in this section, and the report must be read in its entirety for a comprehensive understanding of the items contained herein.

Site Description and Use

The site is located at 16253-16293 Gale Avenue in the City of Industry, Los Angeles County, California 91745, and consists of an approximately 124,282-square-foot, single-story (with mezzanines), multi-tenant logistical fulfillment center (constructed in 2000), on an approximately 6.39-acre parcel of land, identified by Los Angeles County Assessor Identification Number (AIN): 8242-016-061. The site is further improved with asphalt-paved parking areas and driveways, concrete-paved loading docks, landscaping, and utilities. At the time of the visual reconnaissance, the site was observed to be occupied by Sierra Electronic & MBA Trading (16253 Gale Avenue); MBA Trading (16257, 16269, and 16293 Gale Avenue); Miles Supply Chain, Inc.; Yashilite Lighting (16261 and 16265 Gale Avenue); Tangerine Peel Village/ (16273 Gale Avenue); Skystars International (16277 Gale Avenue); Efield (USA), Inc. (16281 Gale Avenue); Metropolitan International Corp. (with operation under Honya International) (16289 Gale Avenue); and a vacant unit (16285 Gale Avenue). On-site operations consisted of administrative business activities and product warehousing, distribution, and transportation services.

Historical Information

Based on review of the historical information, the site consisted of undeveloped and/or agricultural land from as early as 1894. By 1970, the site appeared as a Christmas tree farm with small structures/sheds in the east-central portion of the site. By 2000, the site was developed with the existing multi-tenant logistical warehousing and fulfillment facility.

The surrounding properties consisted of undeveloped and/or agricultural land from as early as 1894, with the San Jose Creek to the north and Gale Avenue to the south of the site. By 1927, Union Pacific Railroad appeared developed north of the site. By 1964, the Southern California Edison Walnut Substation appeared developed east of the site; residential neighborhoods appeared developed south of the site; and the existing industrial building (Metal Cutting Service by 1976), appeared developed west of the site. The adjoining properties configuration have remained consistent through the present.

Historically, the site has been used for agricultural activities from at least 1928 to 1964. In Terracon's experience, the application of herbicides and pesticides to agricultural fields can leave trace amounts of the compounds in the shallow soil and/or groundwater; however, these residual amounts are generally below risk-based screening levels. Indication of pesticide and/or herbicide misuse or vegetative stress were not observed on the site during the site reconnaissance. The site was redeveloped as a logistical fulfillment facility in 2000, which would have involved the grading and mixing of shallow soils. The site is mostly covered with the building and associated paved parking area. Based on the development of the site, the historical agricultural use of the site does not represent a REC to the site.

Previous Reports

The Terracon November 2023 Phase I ESA identified the site as consisting of an approximately 124,282-square-foot, single-story (with mezzanines), multi-tenant logistical fulfillment center (constructed in 2000), on an approximately 6.39-acre parcel of land, and further improved with asphalt-paved parking areas and driveways, concrete-paved loading docks, landscaping, and utilities. At the time of the 2023 visual reconnaissance, the site was observed to be occupied by Sierra Electronic & MBA Trading (16253 Gale Avenue); MBA Trading (16257, 16269, and 16293 Gale Avenue); Miles Supply Chain, Inc.; Yashilite Lighting (16261 and 16265 Gale Avenue); Tangerine Peel Village/ (16273 Gale Avenue); Skystars International (16277 Gale Avenue); Efield (USA), Inc. (16281 Gale Avenue); Metropolitan International Corp. (with operation under Honya International) (16289 Gale Avenue); and a vacant unit (16285 Gale Avenue). Based on review of the findings and conclusions, Terracon identified the site to be located within an area with trichloroethylene (TCE) and perchloroethylene (PCE) impacted groundwater above applicable regulatory screening levels (San Gabriel Valley, Area 4), which represents a REC and pVEC to the site. Based on review of the EPA and Regional Water Board records, the site was not reported as a contributor to the plume. Additionally, based on review of the regulatory databases and the generated waste streams identified (including halogenated solvents), the absence of analytical data for the presence of halogenated solvents, the longevity of operations, the close proximity to the site, and the shallow depth to groundwater (approximately 18 feet bgs, at that time), Terracon identified the potential for halogenated solvent impact to the site, from the offsite adjoining SCE Walnut Substation.

Based on the San Gabriel Valley Area 4 being under regulatory oversight and active monitoring and remediation, further investigation of groundwater was not recommended at that time; however, Terracon recommended a soils and groundwater management plan to assist in the proper handling and disposal of impacted materials, if on-site soils or groundwater are to be disturbed. In addition, Terracon indicated additional evaluation of the identified vapor encroachment conditions (VECs) may be warranted, if planned future development is to include structures designed for human occupancy.

At the time of this report, the findings from the Terracon 2023 report is consistent with the current conditions: the San Gabriel Valley (Area 4) represents a REC and pVEC, and the offsite SCE Walnut Substation represents a REC to the site (further discussed in Section 4.1).

The Terracon 2023 report included review of the following client-provided report:

Partner Engineering and Science, Inc. (Partner) completed a Phase I ESA in December 2017. The area assessed consisted of the same general area as the current site. According to the Partner report, the site was occupied by Sierra Electronics and MBA Trading (16253, 16257, and 16269 East Gale Avenue), Yashilite Lighting (16261 East Gale Avenue), ACE Visual (16265 East Gale Avenue), Ollieroo (16273 East Gale Avenue), The Brainstorm Group (16277 East Gale Avenue), Nono Cosmetics (16281 East Gale Avenue), Janco & Winnex (16285 East Gale Avenue), US Honya (16289 and 16293 East Gale Avenue) for commercial office, logistics, storage, and distribution use. Based on a review of the findings and conclusions, Partner did not identify RECs, HRECs and/or CRECs associated with the site; however, Partner identified the site as a Business Environmental Risk (BER), for being located within the San Gabriel Valley, Puente Valley Operable Unit (Area 4) Superfund site. According to Partner, the site was not listed as a potential responsible party (PRP). Partner identified the known impacts beneath the site as a REC, but based on the regulatory oversight, low concentrations of contaminants of concerns, and lack of indication of the site contributing to the groundwater plume, Partner concluded that the San Gabriel Valley (Area 4) was a BER and not a REC. Partner did not recommend additional investigation

Records Review

Selected federal and state environmental regulatory databases as well as responses from state and local regulatory agencies were reviewed. The site was listed in the regulatory databases under the following businesses:

Hensim USA dba Tierra Motorsports (a warehousing and product fulfillment business), was listed in the Facility Index System/Facility Registry System (FINDS), regulatory database, with Registry ID No. 110033194763, dated from 2008 through 2023. No indication of violations were reported in the FINDS database records. No waste manifest or waste streams were reported in the databases. Based on visual observations on the day of the site reconnaissance, indication of storage of chemicals or materials indicative

of a potential release, was not observed. Based on review of the regulatory databases and visual observations on the day of the site reconnaissance, indicating the absence of storage of chemicals or materials indicative of a potential release, the Hensim database listing does not represent a REC.

White & Blue Lion, Inc. (a warehousing and product fulfillment business), was listed in the Facility and Manifest Data (HAZNET), and Hazardous Waste Tracking System (HWTS), regulatory databases, with an inactive EPA ID No. CAC002791091, and waste streams that consisted of "Other organic solids" and "Unspecified aqueous solution". No indication of violations or releases were reported in the HAZNET and HWTS databases. Based on review of the regulatory databases and absence of reported violations and releases, the White & Blue Lion, Inc. database listings do not represent a REC.

The San Gabriel Valley (Area 4), identified as encompassing the site and surrounding areas, was identified in the FINDS, ECHO, Integrated Compliance Information System (ICIS), National Priorities List (NPL), Comprehensive Environmental Response, Compensation, & Liability Information System/Superfund Enterprise Management System (CERCLIS/SEMS), US Engineering Control (EC), Records of Decision (ROD), Potentially Reliable Party (PRP), and Area of Concern (AOCONCERN) regulatory databases. The NPL database indicates that the San Gabriel Valley (Area 4) is an area where VOC contamination in groundwater is at or above the maximum contaminant level (MCL) as designated by Region 9 EPA office (EPA ID No. CAD980817985).

Based on documents reviewed from the California Department of Water Resources (Cleanup Program Site: Global ID No. T0603700149; Remedial Progress Report First Quarter 2024 Former BDP Carrier Facility, dated April 30, 2024) the contaminants of concern (COCs) include trichloroethylene (TCE) and tetrachloroethylene (PCE). The closet groundwater monitoring well (Field Point MW-23) is located approximately 800 feet east of the site, and depth to groundwater was measured at 19 feet below grade surface (bgs), last measured on November 7, 2023. Based on the elevated concentrations of TCE and PCE, the San Gabriel Valley (Area 4) represents a REC and potential vapor encroachment condition (VEC) to the site. The San Gabriel Valley (Area 4) is further detailed in Section 4.1.

The SCE Walnut Substation, located to the adjoining east of the site, and in a topographic up-gradient position relative to the site, was listed in the Aboveground Storage Tank Facilities (AST), California Environmental Reporting System (CERS) Tanks, CERS HAZ Waste, Facility Inventory Database (CA FID UST), "Cortese" Hazardous Waste & Substances Site List (Cortese), Hazardous Waste Electronic Manifest System (E Manifest), Hazardous Substance Storage Container Database (HIST UST), Leaking Underground Storage Tanks (LUST), Statewide Environmental Evaluation Planning System Underground Storage Tank (SWEEPS UST), UST, UST Finder Databases (UST FINDER), UST Finder Releases Databases (UST FINDER RELEASE), and RCRA-Large Quantity Generator (RCRA-LQG) regulatory databases. The facility was identified as a

soil only impact, LUST Cleanup Site (Global ID No: T0603708568; closed), for a gasoline release on May 9, 2002, identified during the removal of diesel USTs. Based on soil only impact, case closure with agency oversight, and distance from the former tank hold to the site, the LUST/UST case listings do not represent a REC to the site.

Additionally. the SCE facility was identified as a facility with waste streams that consisted of "Other inorganic solids"; "Polychlorinated biphenals and material containing PCBs"; "Other organic solids"; "Unspecified oil-containing waste"; Asbestos containing waste"; Halogenated solvents"; "Off-specification, aged or surplus organics"; "Waste oil and mixed oil"; "Unspecified solvent mixture"; "Pesticides/Pesticide Production Waste"; Tank Bottom Waste"; "Liquids with PCBs" (greater than or equal to 50 milligrams per liter); and "Liquids with halogenated organic compounds (greater than or equal to 1000 milligrams per liter); "Hydrocarbon solvents"; "Polymeric resin waste"; "Detergent and soap"; "Ignitable"; "Corrosives"; Endrin"; Chlordane"; "Chloroform"; "Lead"; "Mercury"; "Benzene"; "Tetrachloroethylene"; Trichloroethylene" and "Non-halogenated solvents" (dated from 1987 through 2024). Based on review of the regulatory databases and the generated waste streams identified (including halogenated solvents), the absence of analytical data for the presence of halogenated solvents, the longevity of operations, the close proximity to the site, and the shallow depth to groundwater (approximately 19 feet bgs), the potential exists for halogenated solvent impact to the site; therefore, the SCE database listings represents a REC to the site. The SCE Walnut Substation is further discussed in Section 4.1.

The remaining listed facilities do not constitute RECs based upon facility characteristics, distance, and/or topographic gradient in relation to the site.

Site Reconnaissance

During the visual reconnaissance, Terracon observed an air compressor during the site reconnaissance, located in the Tangerine Peel Village unit (16273 Gale Avenue) and a mobile air compressor located in the Metropolitan International Corp. Unit (16289 Gale Avenue); electric forklifts and associated battery charging stations and pallet jacks throughout the site, within the various unit warehouses; two stormwater curb inlets were observed on the northern perimeter of the site, and sumps/pumps were observed in the loading dock areas; solid waste disposal/recycling bins were observed on the northeastern, southwestern, and west-central exterior of the site; and a pad-mounted transformer was observed on the west-central exterior of the site. Additionally, Terracon observed approximately five patched geotechnical exploratory soil borings, associated with geotechnical work, performed on site by Terracon in 2023 (issued as a separate report under Terracon Project No. LA235125). RECs were not identified.

Adjoining Properties

The property to the adjoining north and northeast consists of SCE power line transmission corridor and Union Pacific railroad, followed by the San Jose Creek

Diversion Channel, and then by Venus Foods, Inc., a manufacturer of Chinese foods (770 South Stimpson Avenue). The property to the adjoining east consists of SCE Walnut Substation (16333 Gale Avenue). Gale Avenue abuts the site to the south, followed by residential neighborhoods. The property to the adjoining west consists of Metal Cutting Service, a metal fabricator company (16233 Gale Avenue), and Ardmore Home Design Warehouse and Essendant Wholesaler to the west-northwest (918 South Stimson Avenue). The SCE Walnut Substation is further discussed in Section 4.1. RECs were not identified with the remaining adjoining properties.

Significant Data Gaps

No significant data gaps were identified.

Additional Services

Per the agreed scope of services, additional services as outlined in the proposal, including items described in Section 13.0 (Non-Scope Considerations) of ASTM E1527-21, were not conducted.

Conclusions

We have performed a Phase I ESA consistent with the procedures included in ASTM Practice E1527-21 of the City of Industry BESS, located at 16253-16293 Gale Avenue in the City of Industry, Los Angeles County, California 91745, the site. The following RECs, Controlled RECs (CRECs) and/or Significant Data Gaps (SDGs) was identified in connection with the site.

- Based on a review of available records, the site is located within an area with TCE and PCE impacted groundwater above MCL; therefore, the San Gabriel Valley (Area 4) represents a REC and pVEC to the site. Based on review of the EPA and Regional Water Board records, the site was not reported as a contributor to the plume.
- Based on review of the regulatory databases and the generated waste streams identified (including halogenated solvents), the absence of analytical data for the presence of halogenated solvents, the longevity of operations, the close proximity to the site, and the shallow depth to groundwater (approximately 19 feet bgs), the potential exists for halogenated solvent impact to the site; therefore, the SCE database listings represents a REC to the site.

Recommendations

Terracon understands that the San Gabriel Valley Area 4 is under regulatory oversight and active monitoring and remediation. Additionally, the SCE facility, located to the adjacent-east and in an upgradient position from the site, is a potential source of petroleum

hydrocarbon and chlorinated solvents, and may have impacted groundwater. Based on review of regulatory database and historical information, the site does not appear to be a contributor to the impacted groundwater plume. Therefore, further investigation of groundwater does not appear warranted at this time; however, if on-site soils or groundwater are to be disturbed, Terracon recommends preparing a soils and groundwater management plan to assist in the proper handling and disposal of impacted materials. In addition, if planned future development is to include structures designed for human occupancy, additional evaluation of the identified vapor encroachment conditions (VECs) may be warranted.

1.0 Introduction

1.1 Site Description

Site Name	Marici – City of Industry BESS
Site Location/Address	16253-16293 Gale Avenue in the City of Industry, Los Angeles County, California 91745; Los Angeles County Assessor Identification Number (AIN): 8242-016-061
Land Area	Approximately 6.39-acres
Site Improvements	The site is improved with an approximately 124,282-square-foot, single-story (with mezzanines), multi-tenant logistical fulfillment center (constructed in 2000), with asphalt-paved parking areas and driveways, concrete-paved loading docks, landscaping, and utilities.
Anticipated Future Site Use	Development of on-site Battery Energy Storage System (BESS)
Reason for the ESA	Acquisition for BESS development

The location of the site is depicted on Exhibit 1 of Appendix A, which was reproduced from a portion of the Baldwin Park and La Habra, California, USGS 7.5-minute series topographic maps (2018). The site and adjoining properties are depicted on the Site Diagram, which is included as Exhibit 2 of Appendix A.

1.2 Scope of Services

This Phase I ESA was performed in accordance with our Master Services Agreement, dated September 15, 2022, Terracon Task Order, dated August 5, 2024 and Work Authorization, dated August 5, 2024, and was conducted consistent with the procedures included in ASTM E1527-21, *Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process*. The purpose of this ESA was to assist the client in developing information to identify RECs in connection with the site as reflected by the scope of this report. Recognized environmental conditions are defined by ASTM E1527-21 as "(1) the presence of hazardous substances or petroleum products in, on, or at the subject property due to a release to the environment; (2) the likely presence of hazardous substances or petroleum products in, on, or at the subject property due to a release or likely release to the environment; or (3) the presence of hazardous substances or petroleum products in, on, or at the subject property under conditions that pose a material threat of a future release to the environment." This ESA includes consideration of the movement of hazardous substances and petroleum products in any form, including migration of vapor in the subsurface. A de minimis condition is not a recognized environmental condition.

This purpose was undertaken through user-provided information, a regulatory database review, historical and physical records review, interviews (including local government inquiries, as applicable), and a visual noninvasive reconnaissance of the site and adjoining properties. Limitations, ASTM deviations, and significant data gaps (if identified) are noted in the applicable sections of the report.

PFAS are a family of compounds which are considered emerging contaminants of concern due to their mobility and longevity in the environment. PFAS has been used in many products, including but not limited to fire-fighting foam, anti-stick coatings, stain and water-repellent coatings, electroplating, and paper products, among others. On July 8, 2024, US EPA designated two PFAS compounds, perfluorooctanoic acid (PFOA) and perfluorooctanesulfonic acid (PFOS), including their salts and structural isomers, as hazardous substances under CERCLA; accordingly, PFOA and PFOS will be evaluated within the scope of E1527-21. Please note that PFAS compounds are ubiquitous in the environment and this limited review is not to be construed as confirmation that PFAS compounds are not present in, at or under the site.

1.3 Standard of Care

This ESA was performed in accordance with generally accepted practices of this profession, undertaken in similar studies at the same time and in the same geographical area. We have endeavored to meet this standard of care, but may be limited by conditions encountered during performance, a client-driven scope of work, or inability to review information not received by the report date. Where appropriate, these limitations are discussed in the text of the report, and an evaluation of their significance with respect to our findings has been conducted.

Phase I ESAs, such as the one performed at this site, are of limited scope, are noninvasive, and cannot eliminate the potential that hazardous, toxic, or petroleum substances are present or have been released at the site beyond what is identified by the limited scope of this ESA. In conducting the limited scope of services described herein, certain sources of information and public records were not reviewed. It should be recognized that environmental concerns may be documented in public records that were not reviewed. No ESA can wholly eliminate uncertainty regarding the potential for RECs in connection with a property. Performance of this practice is intended to reduce, but not eliminate, uncertainty regarding the potential for RECs. No warranties, express or implied, are intended or made. The limitations herein must be considered when the user of this report formulates opinions as to risks associated with the site or otherwise uses the report for any other purpose. These risks may be further evaluated – but not eliminated – through additional research or assessment. We will, upon request, advise you of additional research or assessment options that may be available and associated costs.

1.4 Additional Scope Limitations, ASTM Deviations, and Data Gaps

Based upon the agreed-on scope of services, this ESA did not include subsurface or other invasive assessments, vapor intrusion assessments or indoor air quality assessments (i.e., evaluation of the presence of vapors within a building structure), business environmental risk evaluations, or other services not particularly identified and discussed herein. Credentials of the company (Statement of Qualifications) have not been included in this report but are available upon request. Pertinent documents are referred to in the text of this report, and a separate reference section has not been included. Reasonable attempts were made to obtain information within the scope and time constraints set forth by the client; however, in some instances, information requested is not, or was not, received by the issuance date of the report. Information obtained for this ESA was received from several sources that we believe to be reliable; nonetheless, the authenticity or reliability of these sources cannot and is not warranted hereunder. This ESA was further limited by the following:

- The client did not provide the requested User's information as of the issuance date of the report, which represents a data gap. Terracon assumes the client is evaluating the questionnaire information outside the context of Terracon's Phase I ESA scope of work and report. Based on the historical and environmental regulatory database reviews, the absence of a user questionnaire does not appear to represent a significant data gap.

An evaluation of the significance of limitations and missing information with respect to our findings has been conducted, and where appropriate, significant data gaps are identified and discussed in the text of the report. However, it should be recognized that an evaluation of significant data gaps is based on the information available at the time of report issuance, and an evaluation of information received after the report issuance date may result in an alteration of our conclusions, recommendations, or opinions. We have no obligation to provide information obtained or discovered by us after the issuance date of the report, or to perform any additional services, regardless of whether the information would affect any conclusions, recommendations, or opinions in the report. This disclaimer specifically applies to any information that has not been provided by the client.

This report represents our service to you as of the report date and constitutes our final document; its text may not be altered after final issuance. Findings in this report are based upon the site's current utilization, information derived from the most recent reconnaissance and from other activities described herein; such information is subject to change. Certain indicators of the presence of hazardous substances, petroleum products or PFAS compounds may have been latent, inaccessible, unobservable, or not present during the most recent reconnaissance and may subsequently become observable (such as after site renovation or development). Further, these services are not to be construed as legal interpretation or advice.

1.5 Reliance

This ESA report is prepared for the exclusive use and reliance of Aypa Power Development, LLC. Use or reliance by any other party is prohibited without the written authorization of Aypa Power Development, LLC and Terracon Consultants, Inc. (Terracon).

Reliance on the ESA by the client and all authorized parties will be subject to the terms, conditions and limitations stated in the proposal, ESA report, and Terracon's Agreement. The limitation of liability defined in the Agreement is the aggregate limit of Terracon's liability to the client and all relying parties.

Continued viability of this report is subject to ASTM E1527-21 Section 4.6. If the ESA will be used by a different user (third party) than the user for whom the ESA was originally prepared, the third party must also satisfy the user's responsibilities in Section 6 of ASTM E1527-21.

1.6 Client Provided Information

Prior to the site visit, Mr. Geoff Forner, client's representative, was asked to provide the following user questionnaire information as described in ASTM E1527-21 Section 6.

Client Questionnaire Responses

Client Questionnaire Item	Client Did Not Respond	Client's Response		
		N/A	Yes	No
Actual Knowledge of Environmental Liens or Activity Use Limitations (AULs) that may encumber the site.	X			
Actual Knowledge of Activity Use Limitations (AULs) that may encumber the site.	X			
Specialized Knowledge or Experience that is material to a REC in connection with the site.	X			
Actual Knowledge of a Lower Purchase Price because contamination is known or believed to be present at the site.	X			
Commonly Known or Reasonably Ascertainable Information that is material to a REC in connection with the site.	X			
Obvious Indicators of Releases at the site.	X			

N/A = Not Applicable

The client did not provide the requested User's information as of the issuance date of the report, which represents a data gap. Terracon assumes the client is evaluating the

questionnaire information outside the context of Terracon's Phase I ESA scope of work and report.

2.0 Physical Setting

Physical Setting Information		Source
Topography		
Site Elevation	Approximately 350 feet above mean sea level (msl).	USGS Topographic Maps, Baldwin Park and La Habra, California, California Quadrangle, dated 2018 (Appendix A)
Topographic Gradient	Sloping toward the north-northwest.	
Closest Surface Water	The San Jose Creek Diversion Channel (concrete-lined) is located approximately 375 feet northeast of the site.	
Soil Characteristics		
Soil Type	Urban Land, Ballona-Typic Xerorthents	Soil Survey of Los Angeles, California, Southeastern Part (CA696); United States Department of Agriculture (USDA) Natural Resource Conservation Service (NRCS); Issued September 2023. https://websoilsurvey.sc.egov.usda.gov
Description	Xerorthents, fine substratum complex soils, are well drained with high runoff, and 0 to 5 percent slopes. The soil profile consists of 0 to 13 inches below ground surface (bgs) loam, 13 to 47 inches bgs clay loam, 47 to 57 inches bgs clay, and 57 to 79 inches bgs clay loam. Ballona soils are well drained with medium runoff, and 0 to 5 percent slopes. The soil profile consists of 0 to 18 inches bgs loam, 18 to 31 inches bgs clay loam, and 31 to 79 inches bgs clay. Parent material consists of human-transported material over young alluvium derived from sedimentary rock.	
Geology/Hydrogeology		
Formation	Quaternary alluvial deposits (Qyf)	Geologic map of the Baldwin Park 7.5 quadrangle, Los Angeles County, California Division of Mines and Geology (Tan, S.S., 2000); https://ngmdb.usgs.gov/mapview
Description	Unconsolidated, younger (Holocene) undivided alluvial fan and valley deposits.	

Physical Setting Information		Source
Estimated Depth to First Occurrence of Groundwater	Groundwater was encountered at a depth of approximately 21 to 26 feet bgs, measured in on-site geotechnical exploratory soil borings (measured on October 26, 2023).	Revised Preliminary Geotechnical Engineering Report (Terracon Project No. LA235125, December 5, 2023).
*Hydrogeologic Gradient	Northwest	Water Quality Control Board GeoTracker: Cleanup Program Site (Global ID No. T0603700149) B.D.P.-Carrier Corporation; 855 Anaheim-Puente Road, Industry, California 91746; First Quarter 2024 Remedial Progress report- (CAO 88-11); January-March 2024. GeoTracker (ca.gov)

* The groundwater flow direction and the depth to shallow, unconfined groundwater, if present, would likely vary depending upon seasonal variations in rainfall and other hydrogeological features. Without the benefit of on-site groundwater monitoring wells surveyed to a datum, groundwater depth and flow direction beneath the site cannot be directly ascertained.

3.0 Historical Use Information

Terracon reviewed the following historical sources to develop a history of the previous uses of the site and surrounding area, in order to help identify RECs associated with past uses. Copies of selected historical documents are included in Appendix C.

3.1 Historical Topographic Maps, Aerial Photographs, and Sanborn Maps

Readily available historical USGS topographic maps, selected historical aerial photographs (at approximately 10-to-15-year intervals) and historical fire insurance maps produced by the Sanborn Map Company were reviewed to evaluate land development and obtain information concerning the history of development on and near the site. Reviewed historical topographic maps and aerial photographs are summarized below.

Historical fire insurance maps produced by the Sanborn Map Company were requested from Environmental Data Resources, Inc. (EDR) to evaluate past uses and relevant characteristics of the site and surrounding properties. Based upon inquiries to the above-listed Sanborn provider, Sanborn maps were not available for the site.

- Topographic maps:
  - Pomona, California; published in **1894**, **1897**, **1898**, and **1904** (1:62,500)
  - Anaheim, California; published in **1896**, **1898**, and **1901** (1:62,500)
  - Corona, California; published in **1902** (1:125,000)

Historical Maps and Aerial Photographs

Direction	Description
Site	Undeveloped land (1894-1927); agricultural land (1928-1964); Christmas tree farm with small structures/sheds in the east-central portion (1970-1995); multi-tenant industrial building (2000-Present).

Direction	Description
North	San Jose Creek with undeveloped land beyond (1894-1904); Union Pacific Railroad, beyond which are San Jose Creek and undeveloped or agricultural land (1927-1983); Union Pacific Railroad, beyond which are San Jose Creek and an industrial building (1990-Present).
East	Undeveloped land (1894-1927); agricultural land (1928-1952); Southern California Edison Walnut Substation (1964-Present).
South	Gale Avenue, beyond which is undeveloped land (1894-1952); Gale Avenue, beyond which are residences (1964-Present).
West	Undeveloped land (1894-1927); agricultural land (1928-1952); developed with existing industrial building (Metal Cutting Service by 1976) (1964-Present).

Historically, the site has been used for agricultural activities from at least 1928 to 1964. In Terracon's experience, the application of herbicides and pesticides to agricultural fields can leave trace amounts of the compounds in the shallow soil and/or groundwater; however, these residual amounts are generally below risk-based screening levels. Indications of pesticide and/or herbicide misuse or vegetative stress were not observed on the site during the site reconnaissance. The site was redeveloped as a logistical fulfillment facility in 2000, which would have involved the grading and mixing of shallow soils. The site is mostly covered with the building and associated paved parking area. Based on the development of the site, the historical agricultural use of the site does not represent a REC to the site.

3.2 Historical City Directories

The EDR Digital Archive, Cole Information, Haines & Company, Inc., Pacific Bell, Pacific Telephones, R. L. Polk & Co., GTE, The Pacific Telephone & Telegraph Company, Los Angeles Directory Co., and Southern California Telephone Co. city directories used in this study were made available through EDR (selected years reviewed: 1920-2020) and were reviewed at approximate five-year intervals, if readily available. Gale Avenue listings were not available prior to 1971. The current street address for the site was identified as 16253, 16257, 16261, 16265, 16269, 16273, 16277, 16281, 16285, 16289, and 16293 Gale Avenue.

Historical City Directories

Direction	Description
Site	**16243 Gale Avenue:** No listings (1920-1970); Holiday Tree Co. (1971); Lyon Holiday Tree (1992-1995); No listings (1996-2020). **16253 Gale Avenue:** No listings (1920-2006); Sierra Electronics (2010-2014); MBA Trading Group Inc. (2014-2020). ***16257 Gale Avenue:*** No listings (1920-2004); Nexvision America, Inc., Westinghouse Digital Electronics LLC (2005); Fieldy's (2010); No listings (2014-2020). **16261 Gale Avenue:** No listings (1920-2001); RJM Trading/Manufacturing Co. (2003-2005); No listings (2006-2020). ***16265 Gale Avenue:*** No listings (1920-2001); Systor Systems, Inc. (2003); No listings (2004-2006); Unigrace Corp (2010); No listings (2014-2020); Industry Maytag Repair (2020). **16269 Gale Avenue:** No listings (1920-2004); Aquarium Industrial, Inc. (2005); No listings (2006-2020). **16273 Gale Avenue:** No listings (1920-2001); ZR Racing Products (2003); CP Products, Checkpoint (2005); No listings (2006-2017); Menehune Basketball (2020). **16277 Gale Avenue:** No listings (1920-2001); Yihua International Group (2003); No listings (2004-2010); Brainstorm Marketing (2014-2020). **16281 Gale Avenue:** No listings (1920-2001); Unitech Management Group (2003); Richmax Inc. (2005); No listings (2006-2010); Nono Cosmetics, Inc. (2014-2020). **16285 Gale Avenue:** No listings (1920-2004); TM Mau Enterprise Inc. (2005-2010); Eshopps Inc. (2014); No listings (2017); RJ Marketing, Janco & Winnex Inc. (2020). **16289 Gale Avenue:** No listings (1920-2001); KTI Incorporated (2003); No listings (2004-2006); South Ocean Wood Inc. (2010); No listings (2014-2017); Global Fulfillment (2020). **16293 Gale Avenue:** No listings (1920-2001); International Inc., Tenwood (2003); Cybersys Integration Technology, Inc. (2005); no listings (2006-2010); ELT Systems (2014-2020); Dalian Chamber of Commerce (2020).
North	**770 South Stimson Avenue:** No listings (1920-1992); Venus Foods (1995-2003); No listings (2004-2020).
East	***16333 Gale Avenue:*** No listings (1920-2020).
South	**16215-16251 Folger Street:** No listings (1920-1965); Residents (1966-2020).
West	***16233 Gale Avenue:*** No listings (1920-1975); *Metal Cutting Service* (1976-2020). ***16235 Gale Avenue:*** No listings (1920-2020). **918 South Stimson Avenue:** No listings (1920-2020).

The above underlined and italicized addresses and facilities were listed in the regulatory databases.

3.3 Site Ownership

Based on information obtained from EDR and local agencies, the current owner is ABI Properties Inc.

3.4 Title Search

At the direction of the client, a title search was not included as part of the scope of services. Unless notified otherwise, we assume that the client is evaluating this information outside the scope of this report.

3.5 Environmental Liens and Activity and Use Limitations

The EDR regulatory database report included a review of both Federal and State Engineering Control (EC) and Institutional Control (IC) databases. Based on a review of the database report, the site is not listed on the EC or IC databases; however, the site is located within the San Gabriel Valley (Area 4), identified as encompassing the site and surrounding areas, which is identified in the regulatory databases as having an EC (further discussed in Section 4.1). Please note that in addition to these federal and state listings, AULs can be recorded at the county and municipal level that may not be listed in the regulatory database report. Environmental lien and activity and use limitation records recorded against the site were not provided by the client. At the direction of the client, performance of a review of these records was not included as part of the scope of services and unless notified otherwise, we assume that the client is evaluating this information outside the scope of this report.

3.6 Interviews Regarding Current and Historical Site Uses

The following individuals were interviewed regarding the current and historical use of the site.

Interviews

Interviewer	Name / Contact Method	Title	Date
Dean Mantelzak	Brent Haskell / (562) 762-3112 - - - George Isho / (909) 856-3517	Property Manager - - - Business Owner	August 21, 2024 / During the site visit

Terracon interviewed Mr. Brent Haskell, GM Properties, during the site visit. Mr. Haskell stated that he has been the Property Manager for the site since 2011, and during that time, the site has operated as a multi-tenant, logistical fulfillment and warehousing center. Mr. Haskell indicated that he was not aware of any on-site supply water wells, monitoring wells, USTs, contaminated soil or water, or sub-grade features. Mr. Haskell reported no on-site issues, and further indicated that he was not aware of pending environmental litigation; threatened environmental litigation; past environmental litigation; possible violations of environmental laws; possible environmental liability; and any potential environmental concerns, associated with the site, with the exception of the possible inclusion in the San Gabriel Valley (Area 4) SEM study area.

Terracon also interviewed George Isho, who has owned multiple businesses/units on-site since 2005, and noted that the current site building was constructed in 2000. Mr. Isho indicated that to his knowledge, no remodeling has occurred during his ownership of the site. Mr. Isho also noted that the previous owners of the site were Metropolitan USA (a textile production company), and Southern California Edison. Mr. Isho reported no on-site issues, and further indicated that he was not aware of pending environmental litigation; threatened environmental litigation; past environmental litigation; possible violations of environmental laws; possible environmental liability; and any potential environmental concerns, associated with the site.

3.7 Prior Report Review

Terracon requested the client provide any previous environmental reports, permits, registrations, and geotechnical reports they are aware of for the site. Previous reports were not provided by the client to Terracon for review; however, Terracon conducted the following prior report:

- Phase I Environmental Site Assessment
  City of Industry BESS
  16253-16293 Gale Avenue
  City of Industry, California 91745
  Dated: November 1, 2023 (Revised November 21, 2023)
  Prepared by: Terracon Consultants, Partner Engineering and Science, Inc.
  For: Aypa Power Development, LLC

The Terracon November 2023 Phase I ESA identified the site as consisting of an approximately 124,282-square-foot, single-story (with mezzanines), multi-tenant logistical fulfillment center (constructed in 2000), on an approximately 6.39-acre parcel of land, and further improved with asphalt-paved parking areas and driveways, concrete-paved loading docks, landscaping, and utilities. At the time of the 2023 visual reconnaissance, the site was observed to be occupied by Sierra Electronic & MBA Trading (16253 Gale Avenue); MBA Trading (16257, 16269, and 16293 Gale Avenue); Miles Supply Chain, Inc.; Yashilite Lighting (16261 and 16265 Gale Avenue); Tangerine Peel

Village/ (16273 Gale Avenue); Skystars International (16277 Gale Avenue); Efield (USA), Inc. (16281 Gale Avenue); Metropolitan International Corp. (with operation under Honya International) (16289 Gale Avenue); and a vacant unit (16285 Gale Avenue). Based on review of the findings and conclusions, Terracon identified the site to be located within an area with TCE and PCE impacted groundwater above MCL (San Gabriel Valley, Area 4), which represents a REC and pVEC to the site. Based on review of the EPA and Regional Water Board records, the site was not reported as a contributor to the plume. Additionally, based on review of the regulatory databases and the generated waste streams identified (including halogenated solvents), the absence of analytical data for the presence of halogenated solvents, the longevity of operations, the close proximity to the site, and the shallow depth to groundwater (approximately 18 feet bgs, at that time), Terracon identified the potential for halogenated solvent impact to the site, from the offsite adjoining SCE Walnut Substation.

Based on the San Gabriel Valley Area 4 being under regulatory oversight and active monitoring and remediation, further investigation of groundwater was not recommended at that time; however, Terracon recommended a soils and groundwater management plan to assist in the proper handling and disposal of impacted materials, if on-site soils or groundwater are to be disturbed. In addition, Terracon indicated additional evaluation of the identified vapor encroachment conditions (VECs) may be warranted, if planned future development is to include structures designed for human occupancy.

At the time of this report, the findings from the Terracon 2023 report is consistent with the current conditions: the San Gabriel Valley (Area 4) represents a REC and pVEC, and the offsite SCE Walnut Substation represents a REC to the site (further discussed in Section 4.1).

The Terracon 2023 report included review of the following client-provided report:

- Phase I Environmental Site Assessment
  16253-16293 East Gale Avenue
  Industry, California 91745
  Dated: December 12, 2017
  Prepared by: Partner Engineering and Science, Inc.
  For: Morgan Stanley Mortgage Capital Holdings LLC

Partner Engineering and Science, Inc. (Partner) completed a Phase I ESA in December 2017. The area assessed consisted of the same general area as the current site. According to the Partner report, the site was occupied by Sierra Electronics and MBA Trading (16253, 16257, and 16269 East Gale Avenue), Yashilite Lighting (16261 East Gale Avenue), ACE Visual (16265 East Gale Avenue), Ollieroo (16273 East Gale Avenue), The Brainstorm Group (16277 East Gale Avenue), Nono Cosmetics (16281 East Gale Avenue), Janco & Winnex (16285 East Gale Avenue), US Honya (16289 and 16293 East Gale Avenue) for commercial office, logistics, storage, and distribution use. Based on a review of the

findings and conclusions, Partner did not identify RECs, HRECs and/or CRECs associated with the site; however, Partner identified the site as a Business Environmental Risk (BER), for being located within the San Gabriel Valley, Puente Valley Operable Unit (Area 4) Superfund site. According to Partner, the site was not listed as a potential responsible party (PRP). Partner identified the known impacts beneath the site as a REC, but based on the regulatory oversight, low concentrations of contaminants of concerns, and lack of indication of the site contributing to the groundwater plume, Partner concluded that the San Gabriel Valley (Area 4) was a BER and not a REC. Partner did not recommend additional investigation.

4.0 Records Review

Regulatory database information was provided by EDR, a contract information services company in a report dated August 9, 2024. The purpose of the records review was to identify RECs in connection with the site. Information in this section is subject to the accuracy of the data provided by the information services company and the date at which the information is updated. The scope herein did not include confirmation of facilities listed as "unmappable" by regulatory databases.

In some of the following subsections, the words up-gradient, cross-gradient, and down-gradient refer to the topographic gradient in relation to the site. As stated previously, the groundwater flow direction and the depth to shallow groundwater, if present, would likely vary depending upon seasonal variations in rainfall and the depth to the soil/bedrock interface. Without the benefit of on-site groundwater monitoring wells surveyed to a datum, groundwater depth and flow direction beneath the site cannot be directly ascertained.

4.1 Federal and State/Tribal Databases

Terracon reviewed standard federal, state, and tribal environmental record sources within the approximate minimum search distances as required by ASTM E1527-21 and presented in Table 2 of Section 8.0 of the Standard (Types of Government Records to be Reviewed). Further, to enhance and supplement the standard environmental record sources, Terracon reviewed additional federal, state, tribal, local, and proprietary environmental record sources, provided by the database firm, if potentially useful and reasonably ascertainable. Please refer to Appendix D (the environmental regulatory database report) for the number of listings within each database reviewed and database definitions and descriptions.

Due to conversion of address data to location coordinates and the accuracy of government records, the facility locations depicted in the environmental regulatory database report may not match actual physical locations. As such, Terracon attempted to field-verify the actual distances of facilities of concern from the site.

The site was listed in the regulatory databases.

The following table summarizes the site-specific information provided by the database and/or gathered by this office for identified facilities. Facilities within 500 feet of the site, are listed in order of proximity to the site. Additional discussion for the site follows the summary table.

Listed Facilities

Facility Name and Location	Estimated Distance/ Direction/Gradient	Database Listings	Findings Summary
Hensim USA dba Tierra Motorsports 16257 Gale Avenue	Site	FINDS	Not a REC, discussed below.
White & Blue Lion, Inc. 16265 Gale Avenue		HAZNET, HWTS	Not a REC, discussed below.
San Gabriel Valley (Area 4) Stimpson Avenue & Old Valley Road)	*Encompasses the site*	AOCONCERN, NPL, SEMS, US ENG Controls, ROD, FINDS, ECHO, ICIS, PRP	REC, discussed below.
Southern California Edison (SCE) Walnut Substation 16333 Gale Avenue	Adjoining / East / Up-gradient	AST, CA FID UST, CERS HAZ Waste, CERS Tanks, Cortese, E Manifest, HIST UST, LUST, UST, UST Finder Release, RCRA-LQG, SWEEPS UST	REC, discussed below.
Ceromet Inc. (DEST) 16233 Gale Avenue	Adjoining / West / Down-gradient	CERS HAZ Waste	Not a REC, discussed below.
Metal Cutting Service 16233 East Gale Avenue & 16235 East Gale Avenue		CPS-SLIC, E Manifest, WIP, RCRA NonGen/NLR	Not a REC, discussed below.
United Stationers 918 South Stimson Avenue	Adjoining / West-northwest / Down- gradient	WIP	Not a REC, discussed below.

Facility Name and Location	Estimated Distance/ Direction/Gradient	Database Listings	Findings Summary
Challenger Enterprises, Inc. 918 South Stimson Avenue		CPS-SLIC	
Peter Vallejo 16257 Folger Street	Adjoining (130 feet across Gale Avenue) / Southeast / Up-gradient	RCRA NonGen/NLR	Not a REC based on EDR file review, regulatory status, and distance from the site.
Buccola Manufacturing, Inc. 16213 East Gale Avenue	150 feet / West / Down-gradient	Drycleaners	Not a REC, discussed below.
Crown City Furniture Manufacturing 16213 East Gale Avenue		CPS-SLIC, WIP	Not a REC, discussed below.
Lennar Homes of California LLC 16234 Folger Street	230 feet / South / Up-gradient	E Manifest, RCRA NonGen/NLR	Not a REC based on EDR file review and distance from the site.
Orbis Industries, Inc., dba Diato 16205 Ward Way	350 feet / West / Down-gradient	CPS-SLIC, WIP	Not a REC, discussed below.
Krall Cast, Inc. 16205 Ward Way		E Manifest, RCRA NonGen/NLR	
DPS Diesel Parts & Service 16205 Ward Way		RCRA NonGen/NLR	
Future Hitech Planning 16207 Ward Way	350 feet / West / Down-gradient	RCRA NonGen/NLR	Not a REC, discussed below.
L.V.I.-Paul Taylor Ent., Inc. 16207 Ward Way		CPS-SLIC, WIP	

Hensim USA dba Tierra Motorsports (16257 Gale Avenue)

Hensim USA dba Tierra Motorsports, identified as the site (a warehousing and product fulfillment business), was listed in the Facility Index System/Facility Registry System (FINDS), regulatory database. The FINDS database identified the facility with Registry ID No. 110033194763, dated from 2008 through 2023. No indication of violations were

reported in the FINDS database records. No waste manifest or waste streams were reported in the databases. Based on visual observations on the day of the site reconnaissance, indication of storage of chemicals or materials indicative of a potential release, was not observed. Based on review of the regulatory databases, absence of waste stream generation, and visual observations on the day of the site reconnaissance, indicating the absence of storage of chemicals or materials indicative of a potential release, the Hensim database listing does not represent a REC.

White & Blue Lion, Inc. (16265 Gale Avenue)

White & Blue Lion, Inc., identified as the site (a warehousing and product fulfillment business), was listed in the Facility and Manifest Data (HAZNET), and Hazardous Waste Tracking System (HWTS), regulatory databases. The facility was identified with North American Industry Classification System (NAICS) Code: 99999, as "Not Otherwise Specified" business. Based on review of the HWTS and HAZNET databases, dated from 2014 through 2015, the business was identified with an inactive EPA ID No. CAC002791091, as facility with waste streams that consisted of "Other organic solids" and "Unspecified aqueous solution". No indication of violations or releases were reported in the HAZNET and HWTS databases. Based on review of the regulatory databases the White & Blue Lion, Inc. database listings do not represent a REC.

San Gabriel Valley (Area 4) (Stimson Avenue and Old Valley Boulevard)

The San Gabriel Valley (Area 4), also known as Puente Valley Operable Unit, identified as encompassing the site and surrounding areas, was identified in the FINDS, ECHO, Integrated Compliance Information System (ICIS), National Priorities List (NPL), Comprehensive Environmental Response, Compensation, & Liability Information System/Superfund Enterprise Management System (CERCLIS/SEMS), US Engineering Control (EC), Records of Decision (ROD), Potentially Reliable Party (PRP), and Area of Concern (AOCONCERN) regulatory databases. The NPL database indicates that the San Gabriel Valley (Area 4) is an area where VOC contamination in groundwater is at or above the maximum contaminant level (MCL) as designated by Region 9 EPA office (EPA ID No. CAD980817985).

Based on a review of the NPL listing, the San Gabriel Valley (Area 4) is a groundwater plume that runs along the axis of the San Jose Creek in the San Gabriel ground water basin in the La Puente area of Los Angeles County, California. The plume is approximately one mile long and one mile wide. According to sampling and analyses conducted by State agencies and local water supply companies, groundwater within the site area is contaminated with perchloroethylene (PCE), carbon tetrachloride and trichloroethylene (TCE). Multiple public water wells in the area exceed the EPA Suggested No Adverse Response Levels (SNARL) for TCE and PCE. Cities and public water companies in the area have tested to ensure that their water supplies contain less than 5 parts per billion (ppb) of TCE, a level considered safe for human consumption. When alternative methods of

reducing the TCE level below 5 ppb are not effective, wells are removed from service. This area, along with three other San Gabriel Valley areas, was added to the NPL in May 1984. In 1985, the California Regional Water Quality Control Board began its Well Investigation Program (WIP) to identify potential sources of groundwater contamination detected in water supply wells. In 1989, the EPA entered into a cooperative agreement to expand the WIP program to evaluate the nature and extent of contamination in the San Gabriel Valley. As part of this effort, numerus facilities in the area were evaluated with regard to their potential to be a contributor of the regional groundwater impacts. In September 1998, the Record of Decision (ROD) document was signed.

Based on documents reviewed from the California Department of Water Resources (Cleanup Program Site: Global ID No. T0603700149; Remedial Progress Report First Quarter 2024 Former BDP Carrier Facility, dated April 30, 2024), the contaminants of concern (COCs) include TCE and PCE. The closet groundwater monitoring well (Field Point MW-23) is located approximately 800 feet east of the site, and depth to groundwater was measured at approximately 19 feet bgs (last measured on Nov 7, 2023). TCE and PCE were identified in the following monitoring wells:

Well ID	Approximate Location	TCE (µg/L)	PCE (µg/L)
MW-23	800 feet east / Cross-gradient	1.5	25
Concentration Trend		Increased from Second Quarter monitoring event (1.1 µg/L)	Increased from Second Quarter monitoring event (21 µg/L)
MW-42	1,080 feet northeast / Down-gradient	1.1	23
Concentration Trend		Decreased from Second Quarter monitoring event (1.3 µg/L)	Decreased from Second Quarter monitoring event (29 µg/L)
OW-07	1,200 feet east-southeast / Up-gradient	2.1	3.2
Concentration Trend		Decreased from Second Quarter monitoring	Decreased from Second Quarter monitoring

Well ID	Approximate Location	TCE (µg/L)	PCE (µg/L)
		event (7.4 µg/L)	event (22 µg/L)
MCL		5.0	5.0
ESL – Tier 1		1.2	0.64

ESLs = Environmental Screening Levels (ESLs), Summary of Soil ESLs: Direct Exposure Human Health Risk Levels (Table S-1), San Francisco Bay Regional Water Quality Control Board, January 2019 (Rev. 2)
MCLs = Maximum Contaminant Levels
RAO = Remedial Action Objective
MDL = Method Detection Level

Based on a review of available records, the site appears to be within an area with impacted groundwater above MCL; therefore, the San Gabriel Valley (Area 4) represents a REC and potential vapor encroachment condition (VEC) to the site.

Southern California Edison (SCE) Walnut Substation (16333 Gale Avenue)

The SCE Walnut Substation, located to the adjoining east of the site, and in a topographic up-gradient position relative to the site, was listed in the Aboveground Storage Tank Facilities (AST), California Environmental Reporting System (CERS) Tanks, CERS HAZ Waste, Facility Inventory Database (CA FID UST), "Cortese" Hazardous Waste & Substances Site List (Cortese), Hazardous Waste Electronic Manifest System (E Manifest), Hazardous Substance Storage Container Database (HIST UST), Leaking Underground Storage Tanks (LUST), Statewide Environmental Evaluation Planning System Underground Storage Tank (SWEEPS UST), UST, UST Finder Databases (UST FINDER), UST Finder Releases Databases (UST FINDER RELEASE), and RCRA-Large Quantity Generator (RCRA-LQG) regulatory databases. The facility was identified with NAICS Code: 2211, as an "Electric Power Generation, Transmission and Distribution"" facility; NAICS Code: 22112, as a "Fossil Fuel Electric Power Generation" facility; and NAICS Code: 221121, as an "Electric Bulk Power Transmission and Control"; and as a soil only impact, LUST Cleanup Site (Global ID No: T0603708568), for a gasoline release on May 9, 2002, identified during the removal of two USTs (one 2,500-gallon capacity gasoline and one 2,500-gallon capacity diesel UST; identified approximately 95 feet east of the site). In 2002, soil samples from beneath the USTs and dispensers were collected and analyzed for total petroleum hydrocarbons gasoline and diesel range (TPH-G and TPH-D), benzene, toluene, ethyl benzene, total xylenes, methyl tert-butyl ether (MTBE), diisopropyl ether (DIPE), tert-Amyl methyl ether (TAME), ethyl tert-butyl ether (ETBE), and tertiary butyl alcohol (TBA). Based on the analytical data, the samples were non-detect (ND) above laboratory reporting limits, with the exception of MTBE and TBA, which had elevated concentration in the amounts of 11 micrograms per kilograms (µ/Kg) and 130 µ/Kg, respectively. Based on the analytical data, case closure was granted on dated October 15, 2019, with No Further Action (NFA) letter. The AST database indicated the facility operates a 3,702-gallon capacity AST; CERS ID No. 10159863; permitted by

the Los Angeles County; Facility ID No: LACoFA0011844, under SCE. Based on soil only impact, case closure with agency oversight, and distance from the former tank hold to the site, the LUST/UST case listings do not represent a REC to the site.

Additionally. the SCE facility was identified with EPA ID No: CAD981694128 and CAR000203133 (dated from 1987 through 2024); as a facility with waste streams that consisted of "Other inorganic solids"; "Polychlorinated biphenals and material containing PCBs"; "Other organic solids"; "Unspecified oil-containing waste"; Asbestos containing waste"; Halogenated solvents"; "Off-specification, aged or surplus organics"; "Waste oil and mixed oil"; "Unspecified solvent mixture"; "Pesticides/Pesticide Production Waste"; Tank Bottom Waste"; "Liquids with PCBs" (greater than or equal to 50 milligrams per liter); and "Liquids with halogenated organic compounds (greater than or equal to 1000 milligrams per liter); "Hydrocarbon solvents"; "Polymeric resin waste"; "Detergent and soap"; "Ignitable"; "Corrosives"; Endrin"; Chlordane"; "Chloroform"; "Lead"; "Mercury"; "Benzene"; "Tetrachloroethylene (PCE)"; Trichloroethylene (TCE)"; and "Non-halogenated solvents". Based on review of the regulatory databases and the generated waste streams identified (including halogenated solvents), the absence of analytical data for the presence of halogenated solvents, the longevity of operations, the close proximity to the site, and the shallow depth to groundwater (approximately 19 feet bgs), the potential exists for halogenated solvent impact to the site; therefore, the SCE database listings represents a REC to the site.

Metal Cutting Service and Ceromet Inc. (DEST) (16233 East Gale Avenue & 16235 East Gale Avenue (16233 East Gale Avenue & 16235 East Gale Avenue)

Metal Cutting Service and Ceromet Inc., located to the adjoining west of the site, and in a topographic down-gradient position relative to the site, were listed in the CERS HAZ Waste, Statewide SLIC Cases (GEOTRACKER) (CPS-SLIC), Well Investigation Program (WIP), E Manifest, and Resource Conservation and Recovery Act Non-Generators/No Longer Regulated (RCRA NonGen/NLR) regulatory databases. According to the regulatory databases and a review of GeoTracker online databases, the facility was identified with CPS-SLIC Case No. T10000015653 and WIP Case List (File No. 105.0174), associated with the San Gabriel Valley (Area 4), listed above. However, based on review of the databases, the constituents of concern (PCE and TCE) were not identified; the facility was not reported as a contributor to the San Gabriel Valley (Area 4) groundwater plume; and the case was closed on May 1, 1989. Additionally, the facility was identified with CERS ID No: 10268503; Site ID No: 397476; Los Angeles County Permitted Facility; Facility ID No: 004829-105105; and active EPA ID No. CAL000028617 (under Metal Cutting Service), dated from 1990 and last updated in 2023, as a hazardous waste generating facility with on-site waste treatment, and waste steams identified as "universal waste"; "unspecified aqueous solution"; "waste oil and mixed oil"; "oil/water separation sludge"; and "other organic solids". Based on review of the regulatory databases and GeoTracker database, clean-up case closure with regulatory oversight, topographic down-gradient position relative to the site, and absence of PCE and TCE

reported use or release, indication of RECs were not identified with the Metal Cutting Service and Ceromet Inc. listings.

Challenger Enterprises, Inc. and United Stationers (918 South Stimson Avenue)

Challenger Enterprises, Inc. and United Stationers, identified to the adjoining west-northwest of the site, and in a topographic down-gradient position relative to the site, were listed in the CPS-SLIC and WIP regulatory databases. According to the regulatory databases and a review of GeoTracker online databases, the facility was identified with CPS-SLIC Case No. T10000015752 and WIP Case List (File No. 105.0292), associated with the San Gabriel Valley (Area 4), listed above. However, based on review of the databases, the constituents of concern (PCE and TCE) were not identified; the facility was not reported as a contributor to the San Gabriel Valley (Area 4) groundwater plume; and the case was closed on August 27, 1991. Based on review of the regulatory databases and GeoTracker database, clean-up case closure with regulatory oversight, and topographic down-gradient position relative to the site, indication of RECs were not identified with Challenger Enterprises, Inc. and United Stationers.

Buccola Manufacturing, Inc. and Crown City Furniture Manufacturing (16213 East Gale Avenue)

Buccola Manufacturing, Inc. and Crown City Furniture Manufacturing, located approximately 150 feet west of the site, and in a topographic down-gradient position relative to the site, were listed in the Drycleaners, CPS-SLIC, and WIP regulatory databases. According to the regulatory databases and a review of GeoTracker online databases, Buccola Manufacturing, Inc was identified with CPS-SLIC Case No. T10000015544 and WIP Case List (File No. 105.0046); and Crown City Furniture Manufacturing was identified with CPS-SLIC Case No. T10000015562 and WIP Case List (File No. 105.0071), associated with the San Gabriel Valley (Area 4), listed above. However, based on review of the databases, the constituents of concern (PCE and TCE) were not identified; the business were not reported as a contributor to the San Gabriel Valley (Area 4) groundwater plume. The Buccola Manufacturing, Inc. case was closed on June 29, 1995, and the Crown City Furniture Manufacturing case was closed on March 17, 1997.

Additionally, Buccola Manufacturing, Inc. was identified as a drycleaning facility, with NAICS Code: 7211, as a “Power Laundries, Family and Commercial” business; NAICS Code: 81232 as a “Drycleaning and Laundry Services (except Coin-Operated)” business; and NAICS Code: 337121 as a “Upholstered Household Furniture Manufacturing” business. Based on review of the HWTS and HAZNET databases, 1990 through June 30, 2017, the business was identified with EPA ID No. CAL000028441, as facility with Non RCRA waste streams that consisted of “Unspecified organic liquid mixture”; “Off-specification, aged or surplus organics”; and “Unspecified solvent mixture”; and RCRA waste streams that consisted of “Waste flammable liquids N.O.S.”. Waste manifests

obtained from the HWTS online database reported the flammable as "Enamel paint, Petroleum Distillates" in the quantity of 330-gallons in 2011; 55-gallons in 2006 and 2007, and 165-gallons in 2004. No indication of compliance violations were reported in the HAZNET and HWTS databases. Based on review of the regulatory databases and GeoTracker database, clean-up case closure with regulatory oversight, topographic down-gradient position relative to the site, absence of PCE and TCE reported use or release, and the distance from the site, indication of RECs were not identified with Buccola Manufacturing, Inc. and Crown City Furniture Manufacturing.

Orbis Industries, Inc., dba Diato; Krall Cast, Inc.; and DPS Diesel Parts & Service (16205 Ward Way)

Orbis Industries, Inc., dba Diato; Krall Cast, Inc.; and DPS Diesel Parts & Service, located approximately 350 feet west of the site, and in a topographic down-gradient position relative to the site, were listed in the RCRA NonGen/NLR, CPS-SLIC, and WIP regulatory databases. According to the regulatory databases and a review of GeoTracker online databases, the facility was identified with CPS-SLIC Case No. T10000015666 and WIP Case List (File No. 105.0193), associated with the San Gabriel Valley (Area 4), listed above. However, based on review of the databases, the constituents of concern (PCE and TCE) were not identified; the facility was not reported as a contributor to the San Gabriel Valley (Area 4) groundwater plume; and the case was closed on January 1, 1996. Based on review of the regulatory databases and GeoTracker database, clean-up case closure with regulatory oversight, topographic down-gradient position relative to the site, and the distance from the site, indication of RECs were not identified with Orbis Industries, Inc., dba Diato and Krall Cast, Inc.

L.V.I.-Paul Taylor Ent., Inc. and Future Hitech Planning (16207 Ward Way)

L.V.I.-Paul Taylor Ent., Inc. and Future Hitech Planning, located approximately 350 feet west of the site, and in a topographic down-gradient position relative to the site, were listed in the RCRA NonGen/NLR, CPS-SLIC, and WIP regulatory databases. According to the regulatory databases and a review of GeoTracker online databases, the facility was identified with CPS-SLIC Case No. T10000015636 and WIP Case List (File No. 105.0151), associated with the San Gabriel Valley (Area 4), listed above. However, based on review of the databases, the constituents of concern (PCE and TCE) were not identified; the facility was not reported as a contributor to the San Gabriel Valley (Area 4) groundwater plume; and the case was closed on October 18, 1996. Based on review of the regulatory databases and GeoTracker database, clean-up case closure with regulatory oversight, topographic down-gradient position relative to the site, and the distance from the site, indication of RECs were not identified with L.V.I.-Paul Taylor Ent., Inc. and Future Hitech Planning.

The remaining facilities listed in the database report do not appear to represent RECs to the site at this time based upon regulatory status, apparent topographic gradient, and/or distance from the site.

Unmapped facilities are those that do not contain sufficient address or location information to evaluate the facility listing locations relative to the site. The report listed six facilities in the unmapped section. Determining the location of unmapped facilities is beyond the scope of this assessment; however, the facility was not identified as the site or adjoining properties.

4.2 Local Agency Inquiries

Agency Contacted/ Contact Method	Response
South Coast Air Quality Management District (SCAQMD) / Online portal: https://www.aqmd.gov/nav/online-services/public-records Facility Information Detail (F.I.N.D.) / Online portal: F.I.N.D. (aqmd.gov)	On August 23, the SCAQMD responded that no records were found associated with the site. pending. On August 9, 2024, an online records search of the F.I.N.D. database, indicated that no records were found associated with the site.
LA County Public Works Department/ Online portal: https://dpw.lacounty.gov/epd/CleanLA/OpenFileReview.aspx	On August 9, 2024, an online search of the Public Works Department indicated that no records were found associated with the site.
Los Angeles County of Public Works Bureau of Sanitation, Industrial Waste (LACSD) / E-mail online form: records_administrator@lacsd.org	On August 12, 2024, Katia Ramirez with the LACSD responded that no records were found associated with the site.
Los Angeles County Health Hazardous Materials Division (Fire Dept) / Online portal: https://www.fire.lacounty.gov/hhmd/public-records-requests	On August 12, 2024, the Los Angeles County Fire department responded that no records were found associated with the site.
County of LA Public Health Department / Email Form: phicor@ph.lacounty.gov	On August 12, 2024, the Los Angeles County Health department responded that no records were found associated with the site.

Agency Contacted/ Contact Method	Response
Los Angeles Regional Water Quality Control Board (RWQCB) / E-mail: rb4-publicrecords@waterboards.ca.gov	On August 16, 2024, Ms. Andrea Schmid with the RWQCB responded that no records were found associated with the site, with the exception of storm water records, consisting of a Notice of Intent (NOI) form and a Letter of Receipt for the NOI, and referred Terracon to the California Storm Water Multiple Application & Report Tracking System (SMART) online database (discussed below). Indication of RECs were not identified with the listing.
State Water Resources Control Board; GeoTracker / Online portal: http://geotracker.waterboards.ca.gov and California Storm Water Multiple Application & Report Tracking System (SMART) / Online portal: https://smarts.waterboards.ca.gov/smarts/PublicDataAccess	On August 8, 2024, an online records search of the GeoTracker database indicated that no records were found specifically on the site addresses; however, the site was identified as being located within the San Gabriel Valley (Area 4) Superfund site (also known as Puente Valley Operable Unit. The San Gabriel Valley (Area 4) is further addressed in Section 4.1. On August 19, 2024, an online records search of the SMART databases, identified records that consisted of a Notice of Intent (NOI) form and a Letter of Receipt for the NOI, identifying the facility with Waste Discharge Identification (WDID) No. 4 19C312169, dated 1999, for a general permit to discharge storm water associated with construction activity (between December 1999 and May 2000).

Agency Contacted/ Contact Method	Response
Department of Toxic Substances Control (DTSC) / E-mail: pubreqact@dtsc.ca.gov DTSC Chatsworth Office / E-mail: ChatsworthFileRoom@dtsc.ca.gov DTSC EnviroStor Database / Online portal: www.envirostor.dtsc.ca.gov DTSC-HWTS / Online portal: https://hwts.dtsc.ca.gov	On August 13, 2024, Mr. Simon Vang, with the State DTSC, responded that no records were found associated with the site; however, Mr. Vang indicated that records may exist for 16265 Gale Avenue, in the HWTS online database (discussed below). On August 13, 2024, Mr. Joseph von Teichert, with the DTSC-Chatsworth office, responded that no records were found associated with the site; however, Mr. von Teichert indicated that records may exist for 16265 Gale Avenue, in the HWTS online database (discussed). On August 9, 2024, an online records search of the EnviroStor database indicated that no records were found specifically on the site addresses; however, the site was identified as being located within the San Gabriel Valley (Area 4) Superfund site (also known as Puente Valley Operable Unit. The San Gabriel Valley (Area 4) is further addressed in Section 4.1. On August 9, 2024, an online search of the DTSC-HWTS database identified the following records associated with the site: ○ 16265 Gale Avenue: Identified under business name “White & Blue Lion Inc.”; EPA ID No. CAC002791091; inactive status; dated from 2014; waste streams identified consisted of “Unspecified aqueous solution” and “Other organic solids”. Indication of RECs were not identified with the listing.

Agency Contacted/ Contact Method	Response
City of Industry / Online portal: City of Industry, CA | Home	On August 20, 2024, the City of Industry responded with records that consisted of the following: ○ Building permits associated with the development of a new building, dated 2000. ○ Building permits for various tenant improvements, dated from 2001 through 2019. RECs were not identified.

4.3 Local Area Knowledge

Based on a review of the California Department of Conservation, Geologic Energy Management Division well finder website (CalGEM GIS), the site is not identified within an oil field and there are no active or plugged oil production wells located at the site or adjoining properties.

Terracon researched on-line at the State Resources Water Control Board (SRWCB) GeoTracker database – Land Disposal Sites and landfills were not identified on-site or in the site vicinity.

5.0 Site Reconnaissance

5.1 General Site Information

Information contained in this section is based on a visual reconnaissance conducted while walking through the site and the accessible interior areas of structures, if any, located on the site. The site and adjoining properties are depicted on the Site Diagram, which is included in Exhibit 2 of Appendix A. Photo documentation of the site at the time of the visual reconnaissance is provided in Appendix B. Credentials of the individuals planning and conducting the site visit are included in Appendix E.

General Site Information

Site Reconnaissance	
Field Personnel	Dean Mantelzak
Reconnaissance Date	August 21, 2024

Site Reconnaissance				
Weather Conditions	Sunny and clear / 85° F			
Site Contact/Title	Brent Haskell / Property Manager			
Building Description				
Building Identification	**Building Use**	**Approx. Construction Date**	**Number of Stories**	**Approx. Size (ft²)**
16253-16293 Gale Avenue	Office, product warehousing, distribution, and transportation services	2000	1 plus mezzanines	124,282
Site Utilities				
Drinking Water	Industry Public Utilities			
Wastewater	Industry Public Utilities			
Electric	Southern California Edison (SCE)			
Natural Gas	Southern California Gas Company (SoCalGas)			

5.2 Overview of Current Site Occupants

At the time of the visual reconnaissance, the site was observed to be occupied by Sierra Electronic & MBA Trading (16253 Gale Avenue); MBA Trading (16257, 16269) vacant unit (16261 Gale Avenue); Yashilite (16265 Gale Avenue); Tread Fusion (16273 Gale Avenue); PlumbingSell.com (16277 Gale Avenue); Efield (USA), Inc. (16281 Gale Avenue); Metropolitan International Corp. (with operation under Honya International) (16289 Gale Avenue); a vacant unit (16285 Gale Avenue); and Hytech Power Inc. (16293 Gale Avenue).

5.3 Overview of Current Site Operations

On-site operations consisted of administrative business activities and product warehousing, distribution, and transportation services.

5.4 Site Observations

The following table summarizes site observations and interviews. Affirmative responses (designated by an "X") are discussed in more detail following the table.

Site Characteristics

Category	Item or Feature	Observed or Identified
Site Operations, Processes, and Equipment	Emergency generators	
	Elevators	
	Air compressors	X
	Hydraulic lifts	
	Dry cleaning	
	Photo processing	
	Ventilation hoods and/or incinerators	
	Waste treatment systems and/or water treatment systems	
	Heating and/or cooling systems	X
	Paint booths	
	Sub-grade mechanic pits	
	Wash-down areas or carwashes	
	Pesticide/herbicide production or storage	
	Printing operations	
	Metal finishing (electroplating, chrome plating, galvanizing, etc.)	
	Salvage operations	
	Oil, gas, or mineral production	
	Other processes or equipment	X
Aboveground Chemical or Waste Storage	Aboveground storage tanks	
	Drums, barrels, and/or containers ≥ 5 gallons	X
	MSDS or SDS	
Underground Chemical or Waste Storage, Drainage or Collection Systems	Underground storage tanks or ancillary UST equipment	
	Sumps, cisterns, French drains, catch basins, and/or dry wells	X
	Grease traps	
	Septic tanks and/or leach fields	
	Oil/water separators, clarifiers, sand traps, triple traps, interceptors	
	Pipeline markers	
	Interior floor drains	X
Electrical	Transformers and/or capacitors	X

Category	Item or Feature	Observed or Identified
Transformers/ PCBs	Other equipment	
Releases or Potential Releases	Stressed vegetation	
	Stained soil	
	Stained pavement or similar surface	X
	Leachate and/or waste seeps	
	Trash, debris, and/or other waste materials	
	Dumping or disposal areas	X
	Construction/demolition debris and/or dumped fill dirt	
	Surface water discoloration, odor, sheen, and/or free-floating product	
	Strong, pungent, or noxious odors	
	Exterior pipe discharges and/or other effluent discharges	
Other Notable Site Features	Surface water bodies	
	Quarries or pits	
	Wastewater lagoons	
	Wells	
	Soil Borings	X

Site Operations, Processes, and Equipment

Air compressors

Terracon observed an air compressor during the site reconnaissance, located in the Tangerine Peel Village unit (16273 Gale Avenue) and a mobile air compressor located in the same unit. No evidence of staining or release was observed on the unit or in the vicinity of the unit. Based on visual site observations and absence of staining, the air compressors do not represent a REC to the site.

Heating and/or cooling systems

During the site reconnaissance, the building was observed equipped with roof-mounted heating, ventilation, and air/conditioning (HVAC) systems. Indications of RECs were not observed.

Other processes or equipment

During the visual reconnaissance, Terracon observed electric forklifts and associated battery charging stations and pallet jacks throughout the site, within the various unit warehouses. Based on visual observations, RECs were not observed.

Aboveground Chemical or Waste Storage

Drums, barrels, and/or containers ≥ 5 gallons

At the time of the site reconnaissance, two empty five-gallon plastic containers of gasoline, and an empty 55-gallon gasoline drum were observed in the warehouse storage area in Hytec Power Inc. (16293 Gale Avenue). In addition, multiple 5-gallon propane tanks were observed within the MBA Trading Group, Inc. warehouse (16253 Gale Avenue). The containers were not stored within secondary containment. No floor drains or sumps were observed in the vicinity of the containers, and no surficial staining was observed in the vicinity of the containers. Based on site observations, the on-site containers do not constitute RECs.

Underground Chemical or Waste Storage, Drainage or Collection Systems

Sumps, cisterns, French drains, catch basins, and/or dry wells

Two stormwater curb inlets were observed on the northern perimeter of the site, and sumps/pumps were observed in the loading dock areas, during the visual reconnaissance. No evidence of chemical waste disposal, noxious odors, or other indications of releases were observed in the vicinity of the stormwater inlets or sumps/pumps. Based on site observations, the stormwater inlets and sumps/pumps do not represent a REC to the site.

Interior floor drains

Interior floor drains were observed in the restrooms, in the vicinity of one of the warehousing areas. No evidence of chemical waste disposal, noxious odors or other indications of releases were observed around the floor drains during the site reconnaissance. Potentially hazardous materials did not appear to be stored in the vicinity of the floor drains. Based on site observations, the interior floor drains do not represent a REC to the site.

Electrical Transformers/ PCBs

Transformers and/or capacitors

During Terracon's site visit, one pad-mounted transformer, owned and serviced by SCE was observed on the western exterior of the site; however, no information with regard

to PCB content of the transformer fluids was observed. Some transformers contain mineral oil which may contain PCBs.

SCE maintains responsibility for the transformer, and if the transformer was "PCB contaminated," SCE is not required to replace the transformer fluids until a release is identified. However, evidence of current or prior releases was not observed in the vicinity of the electrical equipment during the site reconnaissance.

Additionally, Terracon observed "dry-type" transformers, located within the warehousing areas, of the various units. Based on the dry-type nature of the equipment, the dry-type transformers do not represent a REC to the site.

Releases or Potential Releases

Stained pavement or similar surface

De minimis surface staining was observed on the concrete flooring in the vicinity of the loading dock area of the vacant unit (16261 Gale Avenue). Based on visual observations and the *de minimis* nature of the staining, RECs were not observed.

Dumping or disposal areas

Solid waste disposal/recycling bins were observed on the northeastern, southwestern, and west-central exterior of the site, and within the western portion of the Tread Fusion warehouse. Additionally, a solid waste disposal area enclosure (empty) was observed on the western perimeter of the site. No evidence of chemical waste disposal, noxious odors, or other indications of releases were observed in the vicinity of the disposal/recycling bins. Based on site observations, the solid waste disposal/recycling bins do not represent a REC to the site.

Other Notable Features

Soil Borings

At the time of the site reconnaissance, approximately five patched geotechnical exploratory soil borings were observed at the site. The patched soil boring locations were associated with geotechnical work that had been performed on the site by Terracon in 2023. The geotechnical report was issued as a separate document (Terracon Project No. LA235125). No evidence of noxious odors, or other indications of releases were observed in the vicinity of the patched borings. Based on site observations, the patched borings do not represent a REC to the site.

6.0 Adjoining Property Reconnaissance

Visual observations of adjoining properties (from site boundaries) are summarized below.

Adjoining Properties

Direction	Description
North	The property to the adjoining north and northeast consists of SCE power line transmission corridor and Union Pacific railroad, followed by the San Jose Creek Diversion Channel, and then by Venus Foods, Inc., a manufacturer of Chinese foods (770 South Stimpson Avenue).
East	The property to the adjoining east consists of SCE Walnut Substation (16333 Gale Avenue).
South	Gale Avenue abuts the site to the south, followed by residential neighborhoods.
West	The property to the adjoining west consists of Metal Cutting Service, a metal fabricator company (16233 Gale Avenue), and Ardmore Home Design Warehouse and Made Goods to the west-northwest (918 South Stimson Avenue).

The SCE Walnut Substation is further discussed in Section 4.1. RECs were not identified with the remaining adjoining properties.

7.0 Additional Services

Per the agreed scope of services specified in the proposal, additional services (asbestos sampling, lead-based paint sampling, wetlands evaluation, lead in drinking water testing, radon testing, vapor encroachment screening, etc.) were not conducted.

8.0 DECLARATION

I, Laura S. Hedman, declare that, to the best of my professional knowledge and belief, I meet the definition of Environmental Professional as defined in Section 312.10 of 40 CFR 312; and I have the specific qualifications based on education, training, and experience to assess a property of the nature, history, and setting of the site. I have developed and performed the All Appropriate Inquiries in conformance with the standards and practices set forth in 40 CFR Part 312.

Laura S. Hedman
Staff Geologist

EDR Topographic Map Library has been searched by EDR and maps covering the target property location as provided by Terracon were identified for the years listed below. EDR's Historical Topo Map Report is designed to assist professionals in evaluating potential liability on a target property resulting from past activities. EDRs Historical Topo Map Report includes a search of a collection of public and private color historical topographic maps, dating back to the late 1800s.

Environmental Data Resources, Inc. (EDR) Aerial Photo Decade Package is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's professional researchers provide digitally reproduced historical aerial photographs, and when available, provide one photo per decade.

Certified Sanborn® Map Report

Site Name:	Client Name:
City of Industry BESS	Terracon
16253-16293 Gale Avenue	23041 Avenida De La Carlota Ste 350
City of Industry, CA 91745	Laguna Hills, CA 92653
EDR Inquiry # 7465511.3	Contact: Sarah Vosovic

The Sanborn Library has been searched by EDR and maps covering the target property location as provided by Terracon were identified for the years listed below. The Sanborn Library is the largest, most complete collection of fire insurance maps. The collection includes maps from Sanborn, Bromley, Perris & Browne, Hopkins, Barlow, and others. Only Environmental Data Resources Inc. (EDR) is authorized to grant rights for commercial reproduction of maps by the Sanborn Library LLC, the copyright holder for the collection. Results can be authenticated by visiting www.edrnet.com/sanborn.

The Sanborn Library is continually enhanced with newly identified map archives. This report accesses all maps in the collection as of the day this report was generated.

Certified Sanborn Results:

Certification # AD7F-4EDD-8AC4

PO # NA

Project LA237559

UNMAPPED PROPERTY

This report certifies that the complete holdings of the Sanborn Library, LLC collection have been searched based on client supplied target property information, and fire insurance maps covering the target property were not found.

Sanborn® Library search results

Certification #: AD7F-4EDD-8AC4

The Sanborn Library includes more than 1.2 million fire insurance maps from Sanborn, Bromley, Perris & Browne, Hopkins, Barlow and others which track historical property usage in approximately 12,000 American cities and towns. Collections searched:

- ☑ Library of Congress
- ☑ University Publications of America
- ☑ EDR Private Collection

The Sanborn Library LLC Since 1866™

Limited Permission To Make Copies

Terracon (the client) is permitted to make up to FIVE photocopies of this Sanborn Map transmittal and each fire insurance map accompanying this report solely for the limited use of its customer. No one other than the client is authorized to make copies. Upon request made directly to an EDR Account Executive, the client may be permitted to make a limited number of additional photocopies. This permission is conditioned upon compliance by the client, its customer and their agents with EDR's copyright policy; a copy of which is available upon request.

EXECUTIVE SUMMARY

DESCRIPTION

Environmental Data Resources, Inc.'s (EDR) City Directory Abstract is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's City Directory Abstract includes a search and abstract of available city directory data. For each address, the directory lists the name of the corresponding occupant at approximately five year intervals.

Business directories including city, cross reference and telephone directories were reviewed, if available, at approximately five year intervals for the years spanning 1920 through current. This report compiles information gathered in this review by geocoding the latitude and longitude of properties identified and gathering information about properties within 660 feet of the target property.

Summary information obtained is provided in the text of this report.

RECORD SOURCES

The EDR City Directory Report accesses a variety of business directory sources, including Haines, InfoUSA, Polk, Cole, Bresser, and Stewart. Listings marked as EDR Digital Archive access Cole and InfoUSA records. The various directory sources enhance and complement each other to provide a more thorough and accurate report.

EDR is licensed to reproduce certain City Directory works by the copyright holders of those works. The purchaser of this EDR City Directory Report may include it in report(s) delivered to a customer.

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class A Lic. No. 629455

Contractor's Signature _____ Date 5/2/01

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I am exempt under Sec. _____ , B & P.C. for this reason:

_____

_____

[Electrical, Plumbing & Sewer Permits Only]

☐ I, as owner of the property, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

[All Other Permits]

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.).

Owner Signature _____ Date _____

WORKER'S COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

☐ I have and will maintain a certificate of consent to self-insure for worker's compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☐ I have and will maintain worker's compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My worker's compensation insurance carrier and policy number are:

Carrier State Fund

Policy Number 161369X-00

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the worker's compensation laws of California, and agree that if I should become subject to the worker's compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Applicant Signature _____ Date 5/2/01

WARNING: FAILURE TO SECURE WORKER'S COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

LOBBYIST ORDINANCE CERTIFICATION

[Complete this section for permits in unincorporated Los Angeles County only]

This is to certify that I, as permit applicant, am familiar with the requirements of Los Angeles County Code Chapter 2.160 et seq., (relating to the Los Angeles County Lobbyist Ordinance) and that all persons acting on behalf of myself complied and will continue to comply therewith through the application process.

Applicant (Print Name) _____ Applicant Signature _____

Company Name (if employed by an entity/agency) _____ Date _____

JOB ADDRESS

LOCALITY

HAZARDOUS MATERIAL DECLARATION

Will the applicant or future building occupant handle a hazardous material or a mixture containing a hazardous material equal to or greater than the amount specified on the hazardous materials information guide?

Yes ☐ No ☐

Will the intended use of the building by the applicant or future building occupant require a permit for construction or modification from the South Coast Air Quality Management District (SCAQMD)? See permitting checklist for guidelines.

Yes ☐ No ☐

I have read the hazardous materials information guide and the SCAQMD permitting checklist, I understand my requirements under the Los Angeles County Code Title 2, Chapter 220 Sections 220.100 through 220.140 concerning hazardous material reporting and for obtaining a permit from the SCAQMD.

ASBESTOS NOTIFICATION

☐ Notification letter sent to SCAQMD or EPA

☐ I declare that notification of asbestos removal is not applicable to addressed project.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civ.C.).

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state under the penalty of perjury that the above information is correct. I agree to comply with all City and County ordinances and State laws relating to building construction, and hereby authorize representatives of this County to enter upon the above-mentioned property for inspection purposes.

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class A Lic. No. 659435

Contractor's Signature _____ Date _____

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I am exempt under Sec. _____ , B.& P.C. for this reason:

_____

_____

[Electrical, Plumbing & Sewer Permits Only]

☐ I, as owner of the property, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

[All Other Permits]

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.).

Owner Signature _____ Date _____

WORKER'S COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

☐ I have and will maintain a certificate of consent to self-insure for worker's compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☐ I have and will maintain worker's compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My worker's compensation insurance carrier and policy number are:

Carrier State Fund

Policy Number 1613654-00

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the worker's compensation laws of California, and agree that if I should become subject to the worker's compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Applicant Signature _____ Date 5/2/01

WARNING: FAILURE TO SECURE WORKER'S COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

LOBBYIST ORDINANCE CERTIFICATION

[Complete this section for permits in unincorporated Los Angeles County only]

This is to certify that I, as permit applicant, am familiar with the requirements of Los Angeles County Code Chapter 2.160 et seq., (relating to the Los Angeles County Lobbyist Ordinance) and that all persons acting on behalf of myself complied and will continue to comply therewith through the application process.

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class B Lic. No. 637966

Contractor's Signature _____ Date 7/24/01

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I am exempt under Sec. _____ , B.& P.C. for this reason:

_____

_____

[Electrical, Plumbing & Sewer Permits Only]

☐ I, as owner of the property, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

[All Other Permits]

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.).

WORKER'S COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

☐ I have and will maintain a certificate of consent to self-insure for worker's compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☐ I have and will maintain worker's compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My worker's compensation insurance carrier and policy number are:

Carrier STATE FUND

Policy Number 91-2001

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the worker's compensation laws of California, and agree that if I should become subject to the worker's compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Applicant Signature _____ Date 7/24/01

WARNING: FAILURE TO SECURE WORKER'S COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

LOBBYIST ORDINANCE CERTIFICATION

[Complete this section for permits in unincorporated Los Angeles County only]

This is to certify that I, as permit applicant, am familiar with the requirements of Los Angeles County Code Chapter 2.160 et seq., (relating to the Los Angeles County Lobbyist Ordinance) and that all persons acting on behalf of myself complied and will continue to comply therewith through the application process.

WORKER'S COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

☐ I have and will maintain a certificate of consent to self-insure for worker's compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☐ I have and will maintain worker's compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My worker's compensation insurance carrier and policy number are:

Carrier Clarke Marine

Policy Number CLS 514330

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the worker's compensation laws of California, and agree that if I should become subject to the worker's compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Applicant Signature Date

WARNING: FAILURE TO SECURE WORKER'S COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

LOBBYIST ORDINANCE CERTIFICATION

[Complete this section for permits in unincorporated Los Angeles County only]

This is to certify that I, as permit applicant, am familiar with the requirements of Los Angeles County Code Chapter 2.160 et seq., (relating to the Los Angeles County Lobbyist Ordinance) and that all persons acting on behalf of myself complied and will continue to comply therewith through the application process.

Applicant (Print Name) Applicant Signature

Company Name (if employed by an entity/agency) Date

(Letter No. 1)

Mr. Steve Wright
Office Manager
La Puente District
County Engineering Office
16005 East Central Avenue
La Puente, CA 91744

Dear Mr. Wright:

The drainage and grading plan for the proposed development located on the north side of Gale Avenue, east of Ward Way, known as Hunsaker Development, is satisfactory to the City of Industry. Also, the building setback is within ordinance limitation and sewer facilities are available.

Sincerely,

CITY OF INDUSTRY

If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

[All Other Permits]

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.).

Owner Signature _____ Date _____

WORKER'S COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

☐ I have and will maintain a certificate of consent to self-insure for worker's compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☐ I have and will maintain worker's compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My worker's compensation insurance carrier and policy number are:

Carrier _____

Policy Number _____

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the worker's compensation laws of California, and agree that if I should become subject to the worker's compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Applicant Signature _____ Date _____

WARNING: FAILURE TO SECURE WORKER'S COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

LOBBYIST ORDINANCE CERTIFICATION

[Complete this section for permits in unincorporated Los Angeles County only]

This is to certify that I, as permit applicant, am familiar with the requirements of Los Angeles County Code Chapter 2.160 et seq., (relating to the Los Angeles County Lobbyist Ordinance) and that all persons acting on behalf of myself complied and will continue to comply therewith through the application process.

Applicant (Print Name) _____ Applicant Signature _____

Company Name (if employed by an entity/agency) _____ Date _____

JOB ADDRESS
LOCALITY

HAZARDOUS MATERIAL DECLARATION

Will the applicant or future building occupant handle a hazardous material or a mixture containing a hazardous material equal to or greater than the amount specified on the hazardous materials information guide?

Yes ☐ No ☐

Will the intended use of the building by the applicant or future building occupant require a permit for construction or modification from the South Coast Air Quality Management District (SCAQMD)? See permitting checklist for guidelines.

Yes ☐ No ☐

I have read the hazardous materials information guide and the SCAQMD permitting checklist, I understand my requirements under the Los Angeles County Code Title 2, Chapter 220 Sections 220.100 through 220.140 concerning hazardous material reporting and for obtaining a permit from the SCAQMD.

ASBESTOS NOTIFICATION

☐ Notification letter sent to SCAQMD or EPA

☐ I declare that notification of asbestos removal is not applicable to addressed project.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civ.C.).

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state under the penalty of perjury that the above information is correct. I agree to comply with all City and County ordinances and State laws relating to building construction, and hereby authorize representatives of this County to enter upon the above-mentioned property for inspection purposes.

January 4, 2000

(Letter No. 1)

Mr. Steve Wright
Office Manager
La Puente District
County Engineering Office
16005 East Central Avenue
La Puente, CA 91744

16253-93 Gale

Dear Mr. Wright:

The drainage and grading plan for the proposed development located on the north side of Gale Avenue, east of Ward Way, known as Hunsaker Development, is satisfactory to the City of Industry. Also, the building setback is within ordinance limitation and sewer facilities are available.

Sincerely,

CITY OF INDUSTRY

Mike Kissell
Planning Director

TABLE 7-C—MINIMUM PROTECTION FOR FLOOR AND ROOF SYSTEMS[a,1]—(Continued)

FLOOR OR ROOF CONSTRUCTION	ITEM NUMBER	CEILING CONSTRUCTION	THICKNESS OF FLOOR OR ROOF SLAB (Inches) × 25.4 for mm				MINIMUM THICKNESS OF CEILING (Inches)			
			4 Hr.	3 Hr.	2 Hr.	1 Hr.	4 Hr.	3 Hr.	2 Hr.	1 Hr.
21. Wood joist, floor trusses and roof trusses spaced 24″ (610 mm) o.c. with $^1/_2$″ (12.7 mm) wood structural panels with exterior glue applied at right angles to top of joist or truss with 8d nails. The wood structural panel thickness shall not be less than $^1/_2$″ (12.7 mm) nor less than required by Chapter 23.	21-1.1	Base layer $^5/_8$″ (15.9 mm) Type X gypsum wallboard applied at right angles to joist or truss 24″ (610 mm) o.c. with $1^1/_4$″ (32 mm) Type S or Type W drywall screws 24″ (610 mm) o.c. Face layer $^5/_8$″ (15.9 mm) Type X gypsum wallboard or veneer base applied at right angles to joist or truss through base layer with $1^7/_8$″ (48 mm) Type S or Type W drywall screws 12″ (305 mm) o.c. at joints and intermediate joist or truss. Face layer joints offset 24″ (610 mm) from base layer joints, $1^1/_2$″ (38 mm) Type G drywall screws placed 2″ (51 mm) back on either side of face layer end joints, 12″ (305 mm) o.c.				Varies				$1^1/_4$

[a]Generic fire-resistance ratings (those not designated as PROPRIETARY* in the listing) in the *Fire-Resistance Design Manual,* Fourteenth Edition, dated April 1994, as published by the Gypsum Association, may be accepted as if herein listed.

[1]Staples with equivalent holding power and penetration may be used as alternate fasteners to nails for attachment to wood framing.

[2]When the slab is in an unrestrained condition, minimum reinforcement cover shall not be less than $1^5/_8$ inches (41 mm) for four-hour (siliceous aggregate only); $1^1/_4$ inches (32 mm) for four- and three-hour; 1 inch (25 mm) for two-hour (siliceous aggregate only); and $^3/_4$ inch (19.1 mm) for all other restrained and unrestrained conditions.

[3]For all of the construction with gypsum wallboard described in this table, gypsum base for veneer plaster of the same size, thickness and core type may be substituted for gypsum wallboard, provided attachment is identical to that specified for the wallboard, and the joints on the face layer are reinforced and the entire surface is covered with a minimum of $^1/_{16}$-inch (1.6 mm) gypsum veneer plaster.

[4]Slab thickness over steel joists measured at the joists for metal lath form and at the top of the form for steel form units.

[5](a) The maximum allowable stress level for H-Series joists shall not exceed 22,000 psi (152 MPa).

(b) The allowable stress for K-Series joists shall not exceed 26,000 psi (179 MPa), the nominal depth of such joist shall not be less than 10 inches (254 mm) and the nominal joist weight shall not be less than 5 pounds per lineal foot (7.4 kg/m).

[6]Cement plaster with 15 pounds (6.8 kg) of hydrated lime and 3 pounds (1.4 kg) of approved additives or admixtures per bag of cement.

[7]Gypsum wallboard ceilings attached to steel framing may be suspended with $1^1/_2$-inch (38 mm) cold-formed carrying channels spaced 48 inches (1219 mm) on center, which are suspended with No. 8 SWG galvanized wire hangers spaced 48 inches (1219 mm) on center. Cross-furring channels are tied to the carrying channels with No. 18 SWG galvanized wire (double strand) and spaced as required for direct attachment to the framing. This alternative is also applicable to those steel framing assemblies recognized under Footnote a.

[8]Six-inch (152 mm) hollow clay tile with 2-inch (51 mm) concrete slab above.

[9]Four-inch (102 mm) hollow clay tile with $1^1/_2$-inch (38 mm) concrete slab above.

[10]Thickness measured to bottom of steel form units.

[11]Five-eighths inch (15.9 mm) of vermiculite gypsum plaster plus $^1/_2$ inch (12.7 mm) of approved vermiculite acoustical plastic.

[12]Furring channels spaced 12 inches (305 mm) on center.

[13]Double wood floor may be either of the following:

(a) Subfloor of 1-inch (25 mm) nominal boarding, a layer of asbestos paper weighing not less than 14 pounds per 100 square feet (0.7 kg/m^2) and a layer of 1-inch (25 mm) nominal tongue-and-groove finish flooring; or

(b) Subfloor of 1-inch (25 mm) nominal tongue-and-groove boarding or $^{15}/_{32}$-inch (11.9 mm) wood structural panels with exterior glue and a layer of 1-inch (25 mm) nominal tongue-and-groove finish flooring or $^{19}/_{32}$-inch (15.1 mm) wood structural panel finish flooring or a layer of Type I Grade M-1 particleboard not less than $^5/_8$ inch (15.9 mm) thick.

[14]The ceiling may be omitted over unusable space, and flooring may be omitted where unusable space occurs above.

[15]For properties of cooler or wallboard nails, see approved nationally recognized standards.

[16]Thickness measured on top of steel deck unit.

Contractor's Signature _____ Date 3/3/06

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury, that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I am exempt under Sec. _____ , B.& P.C. for this reason:

_____

_____

[Electrical, Plumbing & Sewer Permits Only]

☐ I, as owner of the property, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

[All Other Permits]

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code; The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.).

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code): Any city or county that requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

(_) I, as owner of the property, or my employees with wages as their sole compensation, will do (✓) all of or (_) portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built or improved for the purpose of sale.).

(_) I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law).

(_) I am exempt from licensure under the Contractors' State License Law for the following reason:

_____

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following Web site: http://www.leginfo.ca.gov/calaw.html.

1. Name and location of proposed/existing building: Hunsaker Warehouse (Spec)
   16253-93 Gale Ave - City of Industry, CA (owner/tenant)
2. Owner of proposed business: Hunsaker Development Company LLC
   Present address: 17761 Mitchell North - Irvine, CA 92614
   Person to contact: Brian Hunsaker Telephone: (949) 863-1390
3. Property owner of record: Hunsaker Development Company LLC
   Address: 17761 Mitchell North - Irvine, CA 92614 Telephone: (949) 863-1390
4. Detailed description of work: 11 unit spec warehouse 119,563 s.f.

5. If the site has any, or will have any, of the following wastewater pretreatment systems, please check those that apply:

____ Interceptor, clarifier, sump or trap	____ Chemical coagulation or precipitation
____ Screen or filter	____ Cyanide destruction
____ Centrifuge	____ Chromium reduction
____ Cyclone	____ Spill protection
____ Grit removal	____ Rainwater diversion or storage system
____ Grease or oil removal	____ Grinder over 2 horsepower
____ Solvent separation	____ Air flotation
____ Acid or base neutralization	____ Other _____

6. Type of business/product produced: None - WAREHOUSE
7. Valuation of development: $ 2,500,000-
8. Architect - Engineer or Builder: Himes - Peters - Jepson Architects Inc
   Address: 3002 Dow Ave - Ste 140 - Tustin, CA 92780 Telephone: (714) 508-1868
9. Attached hereto and made a part of this application are:

- ☑ Three (3) sets of site plans indicating sewer location
- ☑ Three (3) sets plumbing plans
- ☑ Three (3) sets floor plans (b & c may be combined)
- ☑ Completed County Sanitation Districts Sewer Connection Fee Form

I hereby affirm that we are discharging domestic wastewater only and that all information furnished is true and correct to the best of my knowledge. Furthermore, it will remain our responsibility to adhere to the appropriate policies and procedures of the County Sanitation Districts if, at any time in the future, we intend to discharge industrial wastewater.

Approved for Domestic Use Only

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class C-10 Lic. No. 687160

Contractor's Signature _____ Date 2-08-00

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I am exempt under Sec. _____ , B.& P.C. for this reason:

_____

_____

[Electrical, Plumbing & Sewer Permits Only]

☐ I, as owner of the property, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

[All Other Permits]

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.).

[All Other Permits]

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.).

Owner Signature Date

WORKER'S COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

☐ I have and will maintain a certificate of consent to self-insure for worker's compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☐ I have and will maintain worker's compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My worker's compensation insurance carrier and policy number are:

Carrier _____

Policy Number _____

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the worker's compensation laws of California, and agree that if I should become subject to the worker's compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Applicant Signature 3/3/06 Date

WARNING: FAILURE TO SECURE WORKER'S COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

LOBBYIST ORDINANCE CERTIFICATION

[Complete this section for permits in unincorporated Los Angeles County only]

This is to certify that I, as permit applicant, am familiar with the requirements of Los Angeles County Code Chapter 2.160 et seq., (relating to the Los Angeles County Lobbyist Ordinance) and that all persons acting on behalf of myself complied and will continue to comply therewith through the application process.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code): Any city or county that requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

(_) I, as owner of the property, or my employees with wages as their sole compensation, will do (✓) all of or (_) portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built or improved for the purpose of sale.).

(_) I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law).

(_) I am exempt from licensure under the Contractors' State License Law for the following reason:

_____

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following Web site: http://www.leginfo.ca.gov/calaw.html.

Engineer Hansen Hokama

Description of work observed

Provided special inspection for the following:

Inspected the proper drilling for 5/8" Hilti Kwik-Bolt TZ anchors @ 24 oc 3 1/2" embed for HSS column and base plate.

Observed that all holes were drilled to proper depth and diameter.

Observed that the contractor used proper cleaning and installation techniques.

Material was used per manufacturer specifications and in good condition (not expired)

All work was performed at column to panel delivery door repair

Reviewed approved plans, specifications, notes and engineer written approvals

I hereby certify that, at the time of this inspection, I have observed all of the above reported work, unless otherwise noted. To the best of my knowledge and belief, I have found this work to comply with the approved plans, specifications, and applicable section(s) of the governing Building Code, as applicable to the municipality where this project is located. This report cannot be construed to be a recommendation of work of any nature to be performed.

Environmental Interest/Information System:
The Integrated Compliance Information System (ICIS) provides a database that, when complete, will contain integrated enforcement and compliance information across most of EPA's programs. The vision for ICIS is to replace EPA's independent databases that contain enforcement data with a single repository for that information. Currently, ICIS contains all Federal Administrative and Judicial enforcement actions and a subset of the Permit Compliance System (PCS), which supports the National Pollutant Discharge Elimination System (NPDES). This information is maintained in ICIS by EPA in the Regional offices and it at Headquarters. A future release of ICIS will completely replace PCS and will integrate that information with Federal actions already in the system. ICIS also has the capability to track other activities that support compliance and enforcement programs, including incident tracking, compliance assistance, and compliance monitoring.

SAN GABRIEL VALLEY (AREA 4) (Continued) **1000114960**

CAS Number: 79-01-6
Substance: TRICHLOROETHYLENE (TCE)
Pathway: GROUND WATER PATHWAY
Scoring: 4

Summary Details:

Conditions at listing September 1983): San Gabriel Valley Area 4) is a ground water plume that runs along the axis of the San Jose Creek in the San Gabriel ground water basin in La Puenta, Los Angeles County, California. The plume is about1 mile long and 1 mile wide. Ground water is contaminated with trichloroethylene TCE) and perchloroethylene PCE), according to analyses by State agencies and local water companies. Many public wells in the area exceed the EPA SuggestedNo Adverse Response Levels SNARL) for TCE and PCE. Approximately 100,000 people are affected. Cities and public water companies in the area have tested to ensure that their water supplies contain less than 5 parts per billion ppb) of TCE, alevel considered safe for human consumption. When alternative methods of reducing the TCE level below 5 ppb are not effective, wells are removed from service. Status June 1984):
A supplemental sampling program of contaminated wells will begin soon to get a snapshot view of the degree of contamination. The State Department of Health Services and EPA are preparing to initiate a remedial investigation/ feasibility study to determine the aerial and vertical extent of contamination and to develop alternatives for treatment and management of the problem. EPA continues its investigation to identify sources of the contamination.
This site, along with the three other San Gabriel Valley sites, was added tothe NPL in May 1984 because it involves a serious problem that required taking immediate remedial action.

Category as of 08/2019:
NPL Status: Currently on the Final NPL
Category Description: Depth To Aquifer-<= 10 Feet
Category Value: 1

NPL Status: Currently on the Final NPL
Category Description: Distance To Nearest Population-> 0 And <= 1/4 Mile
Category Value: 10

Environmental Interest/Information System:
The Integrated Compliance Information System (ICIS) provides a database that, when complete, will contain integrated enforcement and compliance information across most of EPA's programs. The vision for ICIS is to replace EPA's independent databases that contain enforcement data with a single repository for that information. Currently, ICIS contains all Federal Administrative and Judicial enforcement actions and a subset of the Permit Compliance System (PCS), which supports the National Pollutant Discharge Elimination System (NPDES). This information is maintained in ICIS by EPA in the Regional offices and it at Headquarters. A future release of ICIS will completely replace PCS and will integrate that information with Federal actions already in the system. ICIS also has the capability to track other activities that support compliance and enforcement programs, including incident tracking, compliance assistance, and compliance monitoring.
THE SUPERFUND ENTERPRISE MANAGEMENT SYSTEM (SEMS) INTEGRATES MULTIPLE LEGACY SYSTEMS INTO A COMPREHENSIVE TRACKING AND REPORTING TOOL, PROVIDING DATA ON THE INVENTORY OF ACTIVE AND ARCHIVED HAZARDOUS WASTE SITES EVALUATED BY THE SUPERFUND PROGRAM. IT CONTAINS SITES THAT ARE EITHER PROPOSED TO BE OR ARE ON THE NATIONAL PRIORITIES LIST (NPL) AS WELL AS SITES THAT ARE IN THE SCREENING AND ASSESSMENT PHASE FOR POSSIBLE INCLUSION ON THE NPL.

FINDS:
Registry ID: 110002424305

Click Here for FRS Facility Detail Report:

Environmental Interest/Information System:
THE EMISSION INVENTORY SYSTEM (EIS) MAINTAINS AN INVENTORY OF LARGE STATIONARY SOURCES AND VOLUNTARILY-REPORTED SMALLER SOURCES OF AIR POINT POLLUTANT EMITTERS. IT CONTAINS INFORMATION ABOUT FACILITY SITES AND THEIR PHYSICAL LOCATION, EMISSIONS UNITS, EMISSIONS PROCESSES, RELEASE POINTS, CONTROL APPROACHES, AND REGULATIONS. FACILITY INVENTORY DATA ARE KEPT SEPARATE FROM THE EMISSIONS DATA AND HAVE STABLE IDENTIFIERS TO IMPROVE CONTINUITY FROM YEAR TO YEAR AND TO HELP IDENTIFY DUPLICATE OR MISSING FACILITIES
CEDRI is a web application used by EPA programs and various stakeholders to manage environmental data transmitted to EPA in order to meet EPA's reporting requirements.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Order Number:	97-03-DWQ
Regulatory Measure Type:	Enrollee
WDID:	4 19NEC003946
Program Type:	Industrial
Effective Date Of Regulatory Measure:	01/22/2018
Discharge Name:	Hacienda CNC Inc
Discharge Address:	16207 Ward Way
Discharge City:	City Of Industry
Discharge State:	California
Discharge Zip:	91745

WIP:

Name:	L.V.I. - PAUL TAYLOR ENT. INC
Address:	16207 Ward Way
City,State,Zip:	CITY OF INDUSTRY (CORPORATE NAME INDUSTRY), CA 91745
Region:	4
File Number:	105.0151
File Status:	**Historical**
Staff:	RSK
Facility Suite:	Not reported

CERS:

Name:	FUTURE HITECH PLANNING
Address:	16207 WARD WAY
City,State,Zip:	INDUSTRY, CA 91745
Site ID:	102842
CERS ID:	871366
CERS Description:	Industrial Facility Storm Water

L.V.I. - PAUL TAYLOR ENT. INC (Continued) **S106764876**

Evaluation:
Eval General Type: Compliance Evaluation Inspection
Eval Date: 05-07-2019
Violations Found: No
Eval Type: Industrial Storm Water Compliance Evaluation
Eval Notes: Facility was inspected for NEC requirements. during the inspection, minor issues issues were, now resolved. For details see attached report.
Eval Division: Water Boards
Eval Program: INDSTW
Eval Source: SMARTS,

Eval General Type: Compliance Evaluation Inspection
Eval Date: 05-12-2021
Violations Found: No
Eval Type: Industrial Storm Water Compliance Evaluation
Eval Notes: Outdoor storage of racking equipment, plastic drums, and other miscellaneous items and evidence of painting activities were observed by the southeast end of the drainage swale, do not meet the NEC requirements. Between July 9, and July 12, 2021, Mr. Duong emailed information about removal of outdoor storage and prohibitions of outdoor painting activities to meet NEC requirements. Review of the changes were made to determine the NEC requirements were met. See attached correspondence/photos.

Environmental Interest/Information System:
The California Environmental Reporting System (CERS) is a statewide

SOUTHERN CALIFORNIA GAS CO (Continued) **1000167605**

web-based user and information exchange system to support over 140,000 regulated businesses and over 130 local agencies in electronically collecting and reporting significant hazardous materials, hazardous waste and compliance and enforcement data as mandated by California law. Under oversight by Cal/EPA, certified local governing agencies (Unified Program Agencies - UPAs) consolidate, coordinate and provide consistent regulatory activities for six state and federal environmental programs.
The California Environmental Protection Agency (CalEPA) has recently implemented a new data warehouse system (nSite). This data warehouse combines and merges facility and site information from five different systems managed within CalEPA. The five systems are: California Environmental Reporting System (CERS),EnviroStor, GeoTracker, California Integrated Water Quality System (CIWQS), andToxic Release Inventory (TRI).

Environmental Interest/Information System:
The California Environmental Reporting System (CERS) is a statewide web-based user and information exchange system to support over 140,000 regulated businesses and over 130 local agencies in electronically collecting and reporting significant hazardous materials, hazardous waste and compliance and enforcement data as mandated by California law. Under oversight by Cal/EPA, certified local governing agencies (Unified Program Agencies - UPAs) consolidate, coordinate and provide consistent regulatory activities for six state and federal environmental programs.
The California Environmental Protection Agency (CalEPA) has recently implemented a new data warehouse system (nSite). This data warehouse combines and merges facility and site information from five different systems managed within CalEPA. The five systems are: California Environmental Reporting System (CERS),EnviroStor, GeoTracker, California Integrated Water Quality System (CIWQS), andToxic Release Inventory (TRI).
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.

WDS:

Name:	LANSCO DIE CASTING INC.
Address:	711 S Stimson Ave
City:	CITY OF INDUSTRY (CORPORATE NAME INDUSTRY)
Facility ID:	4 19I004092
Facility Type:	Other - Does not fall into the category of Municipal/Domestic, Industrial, Agricultural or Solid Waste (Class I, II or III)
Facility Status:	Active - Any facility with a continuous or seasonal discharge that is under Waste Discharge Requirements.
NPDES Number:	CAS000001 The 1st 2 characters designate the state. The remaining 7 are assigned by the Regional Board
Subregion:	4
Facility Telephone:	6269613441
Facility Contact:	Jim Williams
Agency Name:	LANSCO DIE CASTING INC.

LANSCO DIE CASTING (Continued) **U001569699**

Agency Address:	711 S. Stimson Ave
Agency City,St,Zip:	Industry 9174
Agency Contact:	Ron Garland
Agency Telephone:	6269613441
Agency Type:	Private
SIC Code:	3363
SIC Code 2:	3364
Primary Waste Type:	Designated/Influent or Solid Wastes that pose a significant threat to water quality because of their high concentrations (E.G., BOD, Hardness, TRF, Chloride). 'Manageable' hazardous wastes (E.G., inorganic salts and heavy metals) are included in this category.
Primary Waste:	STORMS
Waste2:	Stormwater Runoff
Primary Waste Type:	Designated/Influent or Solid Wastes that pose a significant threat to water quality because of their high concentrations (E.G., BOD, Hardness, TRF, Chloride). 'Manageable' hazardous wastes (E.G., inorganic salts and heavy metals) are included in this category.
Design Flow:	0
Baseline Flow:	0
Reclamation:	No reclamation requirements associated with this facility.
POTW:	The facility is not a POTW.
Treat To Water:	Minor Threat to Water Quality. A violation of a regional board order should cause a relatively minor impairment of beneficial uses compared to a major or minor threat. Not: All nurds without a TTWQ will be considered a minor threat to water quality unless coded at a higher Level. A Zero (0) may be used to code those NURDS that are found to represent no threat to water quality.
Complexity:	Category C - Facilities having no waste treatment systems, such as cooling water dischargers or thosewho must comply through best management practices, facilities with passive waste treatment and disposal systems, such as septic systems with subsurface disposal, or dischargers having waste storage systems with land disposal such as dairy waste ponds.

Environmental Interest/Information System:
The California Environmental Reporting System (CERS) is a statewide web-based user and information exchange system to support over 140,000 regulated businesses and over 130 local agencies in electronically collecting and reporting significant hazardous materials, hazardous waste and compliance and enforcement data as mandated by California law. Under oversight by Cal/EPA, certified local governing agencies (Unified Program Agencies - UPAs) consolidate, coordinate and provide consistent regulatory activities for six state and federal environmental programs.
The California Environmental Protection Agency (CalEPA) has recently implemented a new data warehouse system (nSite). This data warehouse combines and merges facility and site information from five different systems managed within CalEPA. The five systems are: California Environmental Reporting System (CERS),EnviroStor, GeoTracker, California Integrated Water Quality System (CIWQS), andToxic Release Inventory (TRI).

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Citation:	HSC 6.95 25508(a)(1) - California Health and Safety Code, Chapter 6.95, Section(s) 25508(a)(1)
Violation Description:	Failure to establish and electronically submit an adequate emergency response plan and procedures for a release or threatened release of a hazardous material.
Violation Notes:	Returned to compliance on 09/18/2018. Observation: Owner/Operator failed to provide an emergency action plan that addresses the emergency action and notification procedures for hazardous material releases. There is only an emergency action plan for earthquake. Corrective Action: Revise the emergency action plan to include emergency response procedures for the release of hazardous material, including notification and evacuation procedures.

Citation:	HSC 6.95 25505(a)(4) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(a)(4)
Violation Description:	Failure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training

LANGER JUICE CO INC (Continued) **S113119245**

records for a minimum of three years.

Violation Notes: Returned to compliance on 09/18/2018. Observation: Owner/operator failed to provide training to employees on emergency action procedures for the release of hazardous materials. Corrective Action: Ensure training is provided to employees in the safety procedures in the event of a release or threatened release of hazardous materials. This training should be properly documented to show that employees are familiar with how to respond to emergencies including a release of hazardous materials and how to safely evacuate the site. Employee training is critical due to the large inventory of various hazardous materials handled/stored at this site.

Citation:	HSC 6.5 25123.3(h)(1) - California Health and Safety Code, Chapter 6.5, Section(s) 25123.3(h)(1)
Violation Description:	Failure to send hazardous waste offsite for treatment, storage, or disposal within 180 days (or 270 days if waste is transported over 200 miles) for a generator who generates less than 1000 kilogram per month if all of the following conditions are met: (1) The quantity of hazardous waste accumulated onsite never exceeds 6,000 kilograms. (2) The generator complies with the requirements of 40 Code of Federal Regulations section 262.34(d), (e) and (f). (3) The generator does not hold acutely hazardous waste or extremely hazardous waste in an amount greater than one kilogram for more than 90 days.
Violation Notes:	Returned to compliance on 11/16/2021. OBSERVATION: Owner/Operator is a small quantity generator and failed to send hazardous waste offsite for treatment, storage, or disposal within 180 days (or 270 days if waste is transported over 200 miles), or has failed to comply with the conditions of CCR 66262.34(d) and has stored hazardous waste over 90 days. Observed 110 gallon mini-tote of used oil 100% filled at back pallet storage area. Manager stated that waste oil is periodically generated from machinery every few months and stored in the waste bins, could not produce records or manifest indicating a waste oil pick-up in the last year. CORRECTIVE ACTION: Dispose of hazardous waste that has been stored over the applicable time limit and provide documentation (manifest records) that the violation has been corrected.
Violation Division:	Los Angeles County Fire Department
Violation Program:	HW
Violation Source:	CERS,
Site ID:	396274
Site Name:	LANGER JUICE CO INC
Violation Date:	10-21-2021
Citation:	40 CFR 1 265.173 - U.S. Code of Federal Regulations, Title 40, Chapter 1, Section(s) 265.173
Violation Description:	Failure to meet the following container management requirements: (a) A container holding hazardous waste must always be closed during storage, except when it is necessary to add or remove waste. (b) A container holding hazardous waste must not be opened, handled, or stored in a manner which may rupture the container or cause it to leak.
Violation Notes:	Returned to compliance on 11/16/2021. OBSERVATION:110 gallon mini-tote of waste oil located in the back pallet storage area was observed left open. Maintain all hazardous waste containers closed with a tight-fitting lid whenever they are not being actively filled. CORRECTIVE ACTION: Submit photos to the CUPA demonstrating that the container listed above has been properly closed.
Violation Division:	Los Angeles County Fire Department
Violation Program:	HW
Violation Source:	CERS,
Site ID:	396274
Site Name:	LANGER JUICE CO INC

Citation:	HSC 6.95 25508(a)(1) - California Health and Safety Code, Chapter 6.95, Section(s) 25508(a)(1)
Violation Description:	Failure to complete and electronically submit hazardous material inventory information for all reportable hazardous materials on site at or above reportable quantities.

LANGER JUICE CO INC (Continued) **S113119245**

Violation Notes: Returned to compliance on 09/18/2018. Observation: Owner/operator failed to accurately submit hazardous materials inventory to the California Environmental Reporting System (CERS). Corrective Action: Log onto the California Environmental Reporting System (CERS) to correct the deficiencies in the HAZARDOUS MATERIALS INVENTORY section, as discussed in details with Mr. Terrill, including the following: a. The reporting unit for the propane should be in gallon, 2. The field for "MAXIMUM DAILY AMOUNT" should reflect the maximum daily amount that are stored on site for each chemical , NOT the amount used, for example, the "MAX. DAILY" field for "SODIUM HYDROXIDE" should show 900 gallons, not 35 gallons.

Unit Names: Unit1
Event Description: Closure Administrative - ISSUE CLOSURE VERIFICATION
Actual Date: 12/20/2016

WDS:
Name: KIM LIGHTING
Address: 16555 E Gale Ave
City: CITY OF INDUSTRY
Facility ID: 4 19I004395
Facility Type: Industrial - Facility that treats and/or disposes of liquid or semisolid wastes from any servicing, producing, manufacturing or processing operation of whatever nature, including mining, gravel washing, geothermal operations, air conditioning, ship building and repairing, oil production, storage and disposal operations, water pumping.
Facility Status: Active - Any facility with a continuous or seasonal discharge that is under Waste Discharge Requirements.
NPDES Number: CAS000001 The 1st 2 characters designate the state. The remaining 7 are assigned by the Regional Board
Subregion: 4
Agency Name: KIIM LIGHTING
Agency Address: 16555 E. Gale Ave.
Agency City,St,Zip: City of Industry 91745
Agency Type: Private
SIC Code: 0
Design Flow: 0

KIM LIGHTING (Continued) **1006816084**

Baseline Flow: 0
POTW: The facility is not a POTW.
Treat To Water: Minor Threat to Water Quality. A violation of a regional board order should cause a relatively minor impairment of beneficial uses compared to a major or minor threat. Not: All nurds without a TTWQ will be considered a minor threat to water quality unless coded at a higher Level. A Zero (0) may be used to code those NURDS that are found to represent no threat to water quality.
Complexity: Category C - Facilities having no waste treatment systems, such as cooling water dischargers or thosewho must comply through best management practices, facilities with passive waste treatment and disposal systems, such as septic systems with subsurface disposal, or dischargers having waste storage systems with land disposal such as dairy waste ponds.

Site ID:	412190
Site Name:	RUDYS AUTO REPAIR
Violation Date:	07-09-2019
Citation:	HSC 6.5 25123.3(h)(1) - California Health and Safety Code, Chapter 6.5, Section(s) 25123.3(h)(1)
Violation Description:	Failure to send hazardous waste offsite for treatment, storage, or

L C COX OIL CO INC (Continued) **S101618903**

disposal within 180 days (or 270 days if waste is transported over 200 miles) for a generator who generates less than 1000 kilogram per month if all of the following conditions are met: (1) The quantity of hazardous waste accumulated onsite never exceeds 6,000 kilograms. (2) The generator complies with the requirements of 40 Code of Federal Regulations section 262.34(d), (e) and (f). (3) The generator does not hold acutely hazardous waste or extremely hazardous waste in an amount greater than one kilogram for more than 90 days.

Violation Notes: Returned to compliance on 08/16/2019. OBSERVATION: Owner/Operator is a small quantity generator and failed to send hazardous waste offsite for treatment, storage, or disposal within 180 days (or 270 days if waste is transported over 200 miles), or has failed to comply with the conditions of CCR 66262.34(d) and has stored hazardous waste over 90 days. CORRECTIVE ACTION: Dispose of unknown 5 gallon bucket of hazardous waste that has been stored in the hazardous waste area over the applicable time limit and provide documentation that the violation has been corrected.

Violation Date:	07-09-2019
Citation:	22 CCR 12 66262.34(f) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(f)
Violation Description:	Failure to properly label hazardous waste accumulation containers and portable tanks with the following requirements: "Hazardous Waste", name and address of the generator, physical and chemical characteristics of the Hazardous Waste, and starting accumulation date.
Violation Notes:	Returned to compliance on 09/13/2019. OBSERVATION: Used 55 gallon drum waste coolant; 55 gallon drum of used oil located in the hazardous waste area was observed without a hazardous waste label. CORRECTIVE ACTION: Submit a photo to the CUPA demonstrating that the container listed above has been properly labeled.
Violation Division:	Los Angeles County Fire Department
Violation Program:	HW
Violation Source:	CERS,
Site ID:	412190
Site Name:	RUDYS AUTO REPAIR
Violation Date:	05-25-2016
Citation:	HSC 6.95 25508(d) - California Health and Safety Code, Chapter 6.95, Section(s) 25508(d)
Violation Description:	Failure to complete and/or electronically submit a business plan when storing/handling a hazardous material at or above reportable quantities.
Violation Notes:	Returned to compliance on 04/13/2017. OBSERVATION: A business plan has not been received by the CUPA. The facility was previously sent a notice/request from the CUPA for the submittal of a business plan. CORRECTIVE ACTION: Submit the business plan electronically in the California Environmental Reporting System (CERS) and implement immediately.
Violation Division:	Los Angeles County Fire Department
Violation Program:	HMRRP
Violation Source:	CERS,
Site ID:	412190
Site Name:	RUDYS AUTO REPAIR
Violation Date:	05-25-2016
Citation:	HSC 6.11 25404.1 - California Health and Safety Code, Chapter 6.11, Section(s) 25404.1
Violation Description:	Failure to obtain and/or maintain an active hazardous waste generator permit.
Violation Notes:	Returned to compliance on 05/25/2016. OBSERVATION: The Owner/Operator failed to obtain or no longer has an active hazardous waste generator permit. CORRECTIVE ACTION: The Owner/Operator shall immediately apply to receive a new or renewed hazardous waste generator permit and maintain that permit as active as long as the facility is in operation and continues to generate hazardous waste. Every person, business, or business concern within the jurisdiction of the LACoCUPA and subject to the requirements of one or more of the program elements shall be required to pay the applicable annual fees and any applicable late payment penalty and apply for and obtain from the LACoCUPA a unified program facility permit for the program elements applicable to such facility prior to the commencement of any business or activity related to any of the program elements. Upon receipt of full payment from a unified program facility for all the annual fees, including previous unpaid annual fees, any late payment penalties and [Truncated]

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.
The California Environmental Protection Agency (CalEPA) has recently implemented a new data warehouse system (nSite). This data warehouse combines and merges facility and site information from five different

NUSIGN SUPPLY INC (Continued) **1000148668**

systems managed within CalEPA. The five systems are: California Environmental Reporting System (CERS),EnviroStor, GeoTracker, California Integrated Water Quality System (CIWQS), andToxic Release Inventory (TRI).

UNIS TRANSPORTATION (Continued) **S124668744**

	1, Section(s) 265.31
Violation Description:	Failure to maintain and operate the facility to minimize the possibility of a fire, explosion, or any unplanned sudden or non-sudden release of hazardous waste or hazardous waste constituents to air, soil, or surface water which could threaten human health or the environment.
Violation Notes:	Returned to compliance on 06/13/2018. OBSERVATION: Perform housekeeping throughout. Accumulation of oil and absorbent was observed in the hazardous waste storage area. A 55 gallon drum against fence in hazardous waste storage area was labeled as Non-RCRA hazardous waste (used oil) was observed without bung cap and lid contained a substantial amount of oily water. Many other drums were observed not properly closed (bung caps open and ring tops not bolted) and would not be spill proof if the container were to be tipped over in an accident. CORRECTIVE ACTION: Submit photos/documentation to the CUPA demonstrating the spill has been properly removed and managed.

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.

SIC Code:	0
Design Flow:	0
Baseline Flow:	0
Treat To Water:	Minor Threat to Water Quality. A violation of a regional board order should cause a relatively minor impairment of beneficial uses compared to a major or minor threat. Not: All nurds without a TTWQ will be considered a minor threat to water quality unless coded at a higher Level. A Zero (0) may be used to code those NURDS that are found to represent no threat to water quality.
Complexity:	Category C - Facilities having no waste treatment systems, such as cooling water dischargers or thosewho must comply through best management practices, facilities with passive waste treatment and disposal systems, such as septic systems with subsurface disposal, or dischargers having waste storage systems with land disposal such as dairy waste ponds.

Version Date:	2022

EDR's GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principle investigative components:

1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

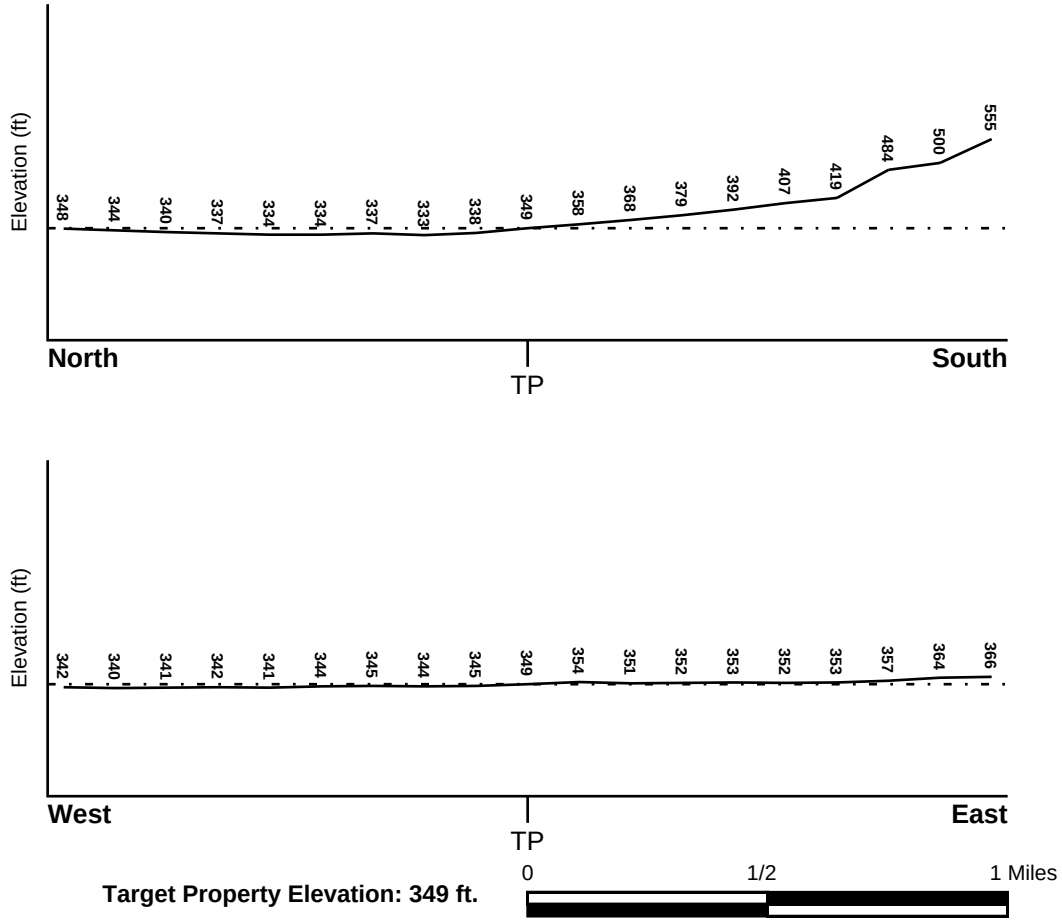
TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General North

SURROUNDING TOPOGRAPHY: ELEVATION PROFILES



Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

FEMA FLOOD ZONE

Flood Plain Panel at Target Property	FEMA Source Type
06037C1700F	FEMA FIRM Flood data

Additional Panels in search area:	FEMA Source Type
06037C1695F	FEMA FIRM Flood data
06037C1875F	FEMA FIRM Flood data

NATIONAL WETLAND INVENTORY

NWI Quad at Target Property	NWI Electronic Data Coverage
BALDWIN PARK	YES - refer to the Overview Map and Detail Map

HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Site-Specific Hydrogeological Data*:

Search Radius:	1.25 miles
Location Relative to TP:	1/4 - 1/2 Mile NNW
Site Name:	San Gabriel Valley (Area 4)
Site EPA ID Number:	CAD980817985
Groundwater Flow Direction:	CONSISTENT WITH TOPOGRAPHICAL CONDITIONS IN THE ABSENCE OF PUMPING OF WELLS.
Measured Depth to Water:	15 feet at the northeastern end of the site and 50 feet at the southwestern end of the site.
Hydraulic Connection:	Information is not available about the hydraulic connection between aquifer(s) underlying the site.
Sole Source Aquifer:	No information about a sole source aquifer is available
Data Quality:	Information based on site-specific subsurface investigations is documented in the CERCLIS investigation report(s)

AQUIFLOW®

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

MAP ID	LOCATION FROM TP	GENERAL DIRECTION GROUNDWATER FLOW
Not Reported		

* ©1996 Site--specific hydrogeological data gathered by CERCLIS Alerts, Inc., Bainbridge Island, WA. All rights reserved. All of the information and opinions presented are those of the cited EPA report(s), which were completed under a Comprehensive Environmental Response Compensation and Liability Information System (CERCLIS) investigation.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

ROCK STRATIGRAPHIC UNIT

Era:	Cenozoic
System:	Tertiary
Series:	Miocene
Code:	Tm *(decoded above as Era, System & Series)*

GEOLOGIC AGE IDENTIFICATION

Category: Stratified Sequence

Geologic Age and Rock Stratigraphic Unit Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - a digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps. The following information is based on Soil Conservation Service STATSGO data.

Soil Component Name: URBAN LAND

Soil Surface Texture: variable

Hydrologic Group: Not reported

Soil Drainage Class: Not reported

Hydric Status: Soil does not meet the requirements for a hydric soil.

Corrosion Potential - Uncoated Steel: Not Reported

Depth to Bedrock Min: > 10 inches

Depth to Bedrock Max: > 10 inches

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

Soil Layer Information							
	Boundary			Classification			
Layer	Upper	Lower	Soil Texture Class	AASHTO Group	Unified Soil	Permeability Rate (in/hr)	Soil Reaction (pH)
1	0 inches	6 inches	variable	Not reported	Not reported	Max: 0.00 Min: 0.00	Max: 0.00 Min: 0.00

OTHER SOIL TYPES IN AREA

Based on Soil Conservation Service STATSGO data, the following additional subordinant soil types may appear within the general area of target property.

Soil Surface Textures:
loam
clay
silt loam
loamy sand
sandy loam
fine sand
clay loam
gravelly - sandy loam
coarse sand
gravelly - sand
sand

Surficial Soil Types:
loam
clay
silt loam
loamy sand
sandy loam
fine sand
clay loam
gravelly - sandy loam
coarse sand
gravelly - sand
sand

Shallow Soil Types:
fine sandy loam
gravelly - loam
sand
silty clay

Deeper Soil Types:
stratified
clay loam
silty clay loam
gravelly - sandy loam
coarse sand
sand
weathered bedrock
very fine sandy loam

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

LOCAL / REGIONAL WATER AGENCY RECORDS

EDR Local/Regional Water Agency records provide water well information to assist the environmental professional in assessing sources that may impact ground water flow direction, and in forming an opinion about the impact of contaminant migration on nearby drinking water wells.

PHYSICAL SETTING SOURCE RECORDS SEARCHED

TOPOGRAPHIC INFORMATION

USGS 7.5' Digital Elevation Model (DEM)
Source: United States Geologic Survey
EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

Current USGS 7.5 Minute Topographic Map
Source: U.S. Geological Survey

HYDROLOGIC INFORMATION

Flood Zone Data: This data was obtained from the Federal Emergency Management Agency (FEMA). It depicts 100-year and 500-year flood zones as defined by FEMA. It includes the National Flood Hazard Layer (NFHL) which incorporates Flood Insurance Rate Map (FIRM) data and Q3 data from FEMA in areas not covered by NFHL.
Source: FEMA
Telephone: 877-336-2627
Date of Government Version: 2003, 2015

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002, 2005, 2010 and 2015 from the U.S. Fish and Wildlife Service.

State Wetlands Data: Wetland Inventory
Source: Department of Fish and Wildlife
Telephone: 916-445-0411

HYDROGEOLOGIC INFORMATION

AQUIFLOW^{R} Information System
Source: EDR proprietary database of groundwater flow information
EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

GEOLOGIC INFORMATION

Geologic Age and Rock Stratigraphic Unit
Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - A digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

STATSGO: State Soil Geographic Database
Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)
The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database
Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)
Telephone: 800-672-5559
SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Service, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

PHYSICAL SETTING SOURCE RECORDS SEARCHED

LOCAL / REGIONAL WATER AGENCY RECORDS

FEDERAL WATER WELLS

PWS: Public Water Systems
Source: EPA/Office of Drinking Water
Telephone: 202-564-3750
Public Water System data from the Federal Reporting Data System. A PWS is any water system which provides water to at least 25 people for at least 60 days annually. PWSs provide water from wells, rivers and other sources.

PWS ENF: Public Water Systems Violation and Enforcement Data
Source: EPA/Office of Drinking Water
Telephone: 202-564-3750
Violation and Enforcement data for Public Water Systems from the Safe Drinking Water Information System (SDWIS) after August 1995. Prior to August 1995, the data came from the Federal Reporting Data System (FRDS).

USGS Water Wells: USGS National Water Inventory System (NWIS)
This database contains descriptive information on sites where the USGS collects or has collected data on surface water and/or groundwater. The groundwater data includes information on wells, springs, and other sources of groundwater.

OTHER STATE DATABASE INFORMATION

Groundwater Ambient Monitoring & Assessment Program
State Water Resources Control Board
Telephone: 916-341-5577
The GAMA Program is Californias comprehensive groundwater quality monitoring program. GAMA collects data by testing the untreated, raw water in different types of wells for naturally-occurring and man-made chemicals. The GAMA data includes Domestic, Monitoring and Municipal well types from the following sources, Department of Water Resources, Department of Heath Services, EDF, Agricultural Lands, Lawrence Livermore National Laboratory, Department of Pesticide Regulation, United States Geological Survey, Groundwater Ambient Monitoring and Assessment Program and Local Groundwater Projects.

Water Well Database
Source: Department of Water Resources
Telephone: 916-651-9648

California Drinking Water Quality Database
Source: Department of Public Health
Telephone: 916-324-2319
The database includes all drinking water compliance and special studies monitoring for the state of California since 1984. It consists of over 3,200,000 individual analyses along with well and water system information.

Geothermal Wells Listing
Department of Conservation
Telephone: 916-445-9686
Geothermal well means a well constructed to extract or return water to the ground after it has been used for heating or cooling purposes. Geothermal wells in California (except for wells on federal leases which are administered by the Bureau of Land Management) are permitted, drilled, operated, and permanently sealed and closed (plugged and abandoned) under requirements and procedures administered by the Geothermal Section of the Department of Conservations Geologic Energy Management Division (CalGEM, formerly DOGGR).

California Oil and Gas Well Locations

APPENDIX E

CREDENTIALS

Dean Mantelzak

ENVIRONMENTAL ASSISTANT SCIENTIST

PROFESSIONAL EXPERIENCE

Mr. Mantelzak is an Environmental Assistant Scientist in Terracon's Los Angeles, California Office. In this office, Mr. Mantelzak prepares Phase I Environmental Site Assessments (ESA) reports. He manages all aspects of the project and engages with the Authorized Project Reviewer to ensure that it is completed within scope, and on time. Additionally, Mr. Mantelzak oversees field surveys, interviews with property owners, Environmental Data Resource reports, and file reviews at local county and city regulatory offices. As required, each ESA is prepared and finalized in accordance with the current ASTM 1527-21 Standard. His experience ranges from small scale buildings to large scale industrial and commercial properties.

PROJECT EXPERIENCE

Dean has conducted Phase I ESA for properties in California in the United States, evaluating present and past land use to locate potential sources of hazardous materials/wastes. Tasks involved consist of reviewing environmental data/records, including aerial photographs, fire insurance maps, topographic maps, historical city directories, environmental database reports, site reconnaissance, personnel interviews, state, and local agencies file reviews. Assessed properties span commercial, industrial, vacant, and retail buildings, restaurants, offices, and agricultural/undeveloped land ranging up to 12 acres.

PROFESSIONAL EXPERIENCE

Ms. Hedman is a staff geologist in Terracon's Colton, CA office, Environmental Department. Ms. Hedman's professional experience includes Environmental Services, Phase I Environmental Site Assessments (ESAs), Limited Environmental Compliance Assessments (LECAs), Limited Site Investigations (LSIs), soil and groundwater sampling, and groundwater monitoring projects. She has conducted site assessments on office facilities, warehouses, manufacturing facilities, automotive dealerships, restaurants, hospitals, medical offices, telecommunication towers, vacant, and agricultural land. She prepares environmental site assessment reports; researching city directories and regulatory agency files; and reviews aerial photographs and topographic maps. In addition, she assists the Senior Project Manager in Phase I Environmental Site Assessments.

PROJECT EXPERIENCE

Office Buildings/Medical Office Building – California

Project Manager and Environmental Site Assessments on office properties, which includes multi-story financial, educational, medical office buildings, and a 95,000-square-foot community hospital.

Warehouse Buildings/Logistical Centers – California

Project Manager and Environmental Site Assessment on warehouses and logistical centers, which includes commercial facilities with 1.2 million-square-foot warehousing space.

Restaurants/Retail Buildings – California

Project Manager and Environmental Site Assessment on family-style restaurants, and retail lease spaces.

Auto Dealership/Automotive Service– California

Project Manager and Environmental Site Assessment on automotive dealerships, automotive maintenance facilities, and automotive collision repair centers.

Undeveloped/Vacant/Agricultural – California

Project Manager and Environmental Site Assessments on undeveloped, vacant, and agricultural land; from less than one-acre- to over 200-acre parcel of land.

Carl A. Parten, P.G

CONTRACT MANAGER, SENIOR PRINCIPAL

EDUCATION

Bachelor of Science, Geology, Sul Ross State University, Alpine, Texas, 1994

REGISTRATIONS

Licensed Professional Geoscientist (P.G.), I.D. # 221, Texas Board of Professional Geoscientists 2003 (current)

40 Hour OSHA Hazardous Waste Site & Waste Management Training

PROFESSIONAL EXPERIENCE

Mr. Parten has over 30 years of experience in environmental consulting in multiple regional regulatory districts throughout the United States. His professional experience includes comprehensive site investigations and remediation studies for Industrial and Hazardous Waste sites, municipal solid waste landfill sites and underground storage tank (UST) facilities.

He has successfully managed and obtained regulatory closure of over 30 Voluntary Cleanup Program (VCP) sites and leaking underground storage tank (LUST) facilities, and coordinated UST removal and closure for numerous facilities in multiple states throughout the United States. Mr. Parten continues to serve as a technical lead with Terracon and he possesses extensive experience in the installation of monitor wells, aquifer characterization, sensitive receptor surveys, risk-based assessments, vapor intrusion (VI) evaluations, and soil-gas assessments. Additionally, he has extensive experience in comprehensive soil and groundwater investigations on industrial facilities and municipal solid waste (MSW) landfill facilities, including evaluation of landfill gas/methane impacts. He has prepared and implemented corrective action work plans for remediation of chlorinated hydrocarbons at dry cleaner facilities and petroleum hydrocarbons at LUST facilities, MSW landfill facilities, and managed and implemented groundwater pump and treat, non-aqueous phase liquid (NAPL) recovery, and duel-phase vapor extraction systems for the recovery of petroleum hydrocarbons. Additionally, Mr. Parten developed work plans and implemented the remediation of heavy metals and poly-nuclear aromatic hydrocarbons (PAHs).

PROJECT EXPERIENCE

Federal

- Edwards Air Force Base – Mojave, CA

Transportation

- Hanford Site – Hanford/Shirley CA, CA
- Stanfield Cutoff Road – Big Bear, CA
- Sabre Building – Victorville, CA
- Mt Vernon Viaduct Design Build – San Bernardino, CA
- Euclid Ave Monument & Tree Installation – Ontario, CA
- ODFL- Sultana Project – Fontana, CA
- FedEx Freight - Central Freight Lines – Perris, CA

Healthcare and Assisted Living

- Kaiser- San Jose, CA – San Jose, CA

TONY P. MIKACICH

DEPARTMENT MANAGER I | ENVIRONMENTAL SERVICES

PROFESSIONAL EXPERIENCE

Mr. Mikacich is a Professional Geologist in California and Environmental Department Manager in the firm with over 24 years experience managing complex environmental investigations and remediation programs for a variety of industrial, utility and energy-related facilities, military bases, petroleum retailers, and landfill sites in California, and Nevada. Mr. Mikacich's areas of specialty include site characterization, remediation, construction and treatment system oversight, delineation of groundwater contaminant plumes, solid waste characterization, hazardous materials decontamination, and the preparation of technical reports.

Mr. Mikacich also has significant experience in site remediation projects including commercial and retail projects of various sizes in different markets. Mr. Mikacich routinely interacts with state, federal and local regulatory agencies on behalf of clients in obtaining regulatory resolutions to environmental issues and compliance matters.

Mr. Mikacich also has experience in completing regulatory compliance permitting and providing environmental permitting assistance for numerous facilities.

Education
Bachelor of Science in Geology, California State University, Chico, 2000

Licenses
Professional Geologist – California #9918

Certifications
Nevada Certified Environmental Manager- #EM1859

OSHA HAZWOPER 40-hour certified (1999)

OSHA HAZWOPER 8-hour (current)

Work History
Terracon Consultants, Inc. Senior Geologist and Department Manager, March 2019-Present

Environmental Compliance Assessments and Monitoring:

Mr. Mikacich has managed numerous compliance assessment and monitoring projects for private, federal, and utility and energy-related clients. The scope of assessments performed includes assessments of such issues as air quality, groundwater, soil, wastewater generation, hazardous waste generation, and aboveground/underground storage tanks. The scope of compliance monitoring projects include groundwater, air quality, surface water quality, and soil. Mr. Mikacich has worked with industries including utility and energy-related facilities, commercial and industrial facilities, chemical manufacturing, petroleum retailers, and commercial real estate construction/development.

Gasoline Retailer – Multiple Sites in California and Nevada

Mr. Mikacich managed approximately 10 sites with an annual budget in excess of $500,000 located in both California and Nevada for a private client with a portfolio of more than 100 retail gasoline stations. Mr. Mikacich's key responsibilities included managing the groundwater monitoring and sampling, assessment, and remediation of site contaminants including BTEX and MTBE. Remedial designs included; dual-phase extraction, vapor extraction, air sparge, and groundwater pump and treat. Additional remedial actions have included Underground Injection Permits for the application of peroxide. Mr. Mikacich's responsibilities also included authoring conceptual site models, work plans, feasibility studies, CAP's, remedial design, treatment system installation, and O&M of remediation systems.

Former Gasoline Retailer – Isleton California

Mr. Mikacich is currently managing project activities that include the preparation of the scope of work and budget to perform a Limited Site Investigation (LSI) for a former gasoline retailer with a reported release from past operations. Mr. Mikacich was responsible for the preparation and application submittal to the California

Ophan Site Cleanup Fund to request financial support for future site assessment and potential remedial action.

Former Gasoline Retailer and Automotive Repair Shop – Stockton California

Mr. Mikacich is currently managing a project that included the preparation of the scope of work and budget to investigate an offsite LUST case and a former onsite automotive repair shop for TPH, VOCs, and metals contaminants in soil and groundwater. A Limited Site Investigation (LSI) was performed at the site to investigate past site use and future redevelopment for a new convenience store and fuel station.

Former Dry Cleaners – Las Vegas, Nevada

Mr. Mikacich managed a former dry cleaner site which had an unauthorized release of tetrachloroethene (PCE) and trichloroethene (TCE) into the subsurface soil and groundwater. Mr. Mikacich's role included submitting a Corrective Action Plan (CAP) to the Nevada Division of Environmental Protection (NDEP) to address on-site contamination, which included expanding the current Dual-Phase Extraction (DPE) system, and a separate CAP and DPE system to address contaminants which migrated off-site and more than 1,800 feet down-gradient in groundwater. This project which had an annual budget of $300,000 involved the characterization of PCE and TCE, a feasibility study, pilot testing, design and installation of two remedial systems for the clean-up of on- and off-site contaminants. Mr. Mikacich was the primary point of contact to the client and regulatory agencies and was responsible for the implementation of the two CAPs. Mr. Mikacich's responsibilities included providing technical oversight and management of all on-going remediation and monitoring activities to ensure reporting was completed in accordance with all permits and regulatory requirements.

Site Assessment and Hazardous Materials Decontamination Program - Northern California Utility

Mr. Mikacich managed a program that focused on site assessment and decontamination and management of hazardous materials for the Utility to reduce environmental risk and insure worker safety. I was responsible for managing the assessment of approximately 50 sites which resulted in the hazardous materials decontamination of 20 of those sites from across all lines of business. Mr. Mikacich's key roles and responsibilities included managing; program-level cost proposals, budgets and invoicing, quality and work products, schedules, staffing, program team update meetings, and communications with the prime contractor and client. The program had an annual budget as high as $650,000.

Environmental Site Assessments:

Mr. Mikacich has managed due diligence investigations on property types ranging from commercial retail to manufacturing facilities. The investigations include identification of a variety of environmental hazards including hazardous substance and petroleum impacted soils and groundwater, chlorinated solvents, asbestos, PCBs, USTs and other regulatory concerns. Mr. Mikacich has performed or managed due diligence activities at sites in conformance with ASTM and USEPA guidelines and standards.

Mr. Mikacich has coordinated remedial investigation activities including work plan preparation, implementation and generation of final reports. He has been involved with the development of conceptual site models and corrective action designs to successfully remediate impacted sites. Managed Phase I & II investigative projects. These projects included a wide variety of compliance issues and required familiarity with state and local hazardous waste management, water wells, fuel storage tanks, and groundwater and soil impact guidelines and regulations.
