From: Troy Helling, Executive Director *TH*

Staff: Elise Calvo, Treasurer

Date: September 5, 2018

Subject: Statement of Investment Policy

OVERVIEW

Section 53646 (a)(2) of the California Government Code, states that the Treasurer or chief fiscal officer of any other local agency may annually render to his/her legislative body and any oversight committee an investment policy, that the legislative body shall consider at a public meeting.

This Agenda Item includes the Statement of Investment Policy for the Industry Public Facilities Authority dated September 5, 2018, for all future investments, pursuant to Section 53601 and Section 53635 of the California Government Code.

This investment Policy serves as the foundation of the IPFA's investment goals and priorities. This policy will be reviewed regularly or at least annually to assure that it continues to meet the IPFA's portfolio goals/priorities, with the intent to protect the assets of the Industry Public Facilities Authority. The existence of an approved investment policy demonstrates that the governing body is performing its fiduciary responsibilities, thereby, inspiring trust and confidence among the public that it serves.

CITY OF INDUSTRY

STATEMENT OF INVESTMENT POLICY

Effective July 26, 2018

(Supersedes All Previous Investment Policies)

1.0 Introduction. The purpose of this document is to identify various policies and procedures that enhance opportunities for a prudent and systematic investment policy and to organize and formalize investment-related activities. Related activities which comprise good cash management include accurate cash projections, the expeditious collection of revenue, the control of disbursements, cost-effective banking relations, and arranging for a short-term borrowing program which coordinates working capital requirements and investment opportunities.

2.0 Policy. It is the policy of the City of Industry to invest public funds not required for immediate day-to-day operations in safe, liquid and medium term investments. These investments shall yield an acceptable return while conforming to all California statutes and the City's Investment Policy.

3.0 Scope. It is intended that this policy cover the investment activities of all contingency reserves and inactive cash under the direct authority of the City.

3.1 Pooled Investments. Investments for the City and its component units will be made on a pooled basis including, but not limited to, the City of Industry, the Successor Agency to the Industry Urban-Development Agency, the Civic-Recreational-Industrial Authority, the Industry Public Utilities Commission, the Industry Public Facilities Authority and the Industry Property and Housing Management Authority. The City identifies the fund types involved as follows:

- General Fund
- Special Revenue Funds
- Debt Service Funds
- Capital Project Funds
- Enterprise Funds
- Trust Funds
- Miscellaneous Special Funds
- Any new funds created by the applicable governing board, unless specifically exempted

3.2 Investments held separately. Investment of bond proceeds will be held separately when required by the bond indentures. Bond proceeds will be invested in accordance with the requirements stated in the bond indentures. This policy does not apply to deferred compensation plans.

CITY OF INDUSTRY

STATEMENT OF INVESTMENT POLICY

4.0 Objectives. Section 53600.5 of the California Government Code outlines the primary objectives of a trustee investing public money. The primary objectives, in order of priority, of the City's investment activities shall be:

4.1. Safety. Safety of principal is the foremost objective of the investment program. Investments of the City shall be undertaken in a manner that seeks to ensure preservation of capital in the overall portfolio.

4.2 Liquidity. The City's investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements which might be reasonably anticipated.

4.3 Return on investment. Investment return becomes a consideration only after the basic requirements of safety and liquidity have been met. The City Treasurer shall attempt to realize a yield on investments consistent with California statutes and the City's Investment Policy.

The City Treasurer should strive to maintain the level of investment of all contingency reserves and inactive funds as close to one hundred percent (100%) as possible. While the objectives of safety and liquidity must first be met, it is recognized that portfolio assets represent a potential source of significant revenues. It is to the benefit of the City that these assets be managed to realize a yield on investments consistent with California statutes and the City's Investment Policy.

A buy and hold strategy will generally be followed; that is, investments once made will usually be held until maturity. A buy and hold strategy will result in unrealized gains or losses as market interest rates fall or rise from the coupon rate of the investment. Unrealized gains or losses, however, will diminish as the maturity dates of the investments are approached or as market interest rates move closer to the coupon rate of the investment. A buy and hold strategy requires that the portfolio be kept sufficiently liquid to preclude the undesired sale of investments prior to maturity. Occasionally, the City Treasurer may find it advantageous to sell an investment prior to maturity, but this should only be on an exception basis and only when it is in the best interest of the City.

CITY OF INDUSTRY

STATEMENT OF INVESTMENT POLICY

(Reverse Repurchase Agreements shall be permitted if they are assets of the Local Agency Investment Fund).			

CITY OF INDUSTRY

STATEMENT OF INVESTMENT POLICY
